**iiNet Limited**  
**Financial Report for the Half-Year Ended**  
**31 December 2008**

**Notes to the Financial Report**

**1. Basis of preparation of half-year report**

This general purpose condensed financial report for the half-year reporting period ended 31 December 2008 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The half-year consolidated financial statements comprise the financial statements of iiNet Limited and its subsidiaries as at 31 December 2008. The half-year financial report is prepared on a historical cost basis, except for derivative financial instruments which have been measured at fair value. The half-year report is presented in Australian dollars and all values are rounded to the nearest thousand dollars unless otherwise stated under the option available to the company under ASIC Class Order 98/0100. This company is an entity to which the Class Order applies.

The accounting policies adopted, other than derivative financial instruments, are consistent with those of the previous financial year and the corresponding interim reporting period. The adoption of new and amending Standards and Interpretations mandatory for annual periods beginning on or after 1 July 2008 does not have a significant impact on the financial performance and position of the Group.

The half-year financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2008 and any public announcements made by iiNet Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *ASX Listing Rules*.

The Group has applied hedge accounting during the current half-year reporting period ended 31 December 2008 and the policy applied is as follows:

**Derivative Financial Instruments and Hedging**

The Group uses derivative financial instruments such as forward currency contracts and interest rate swaps to manage its risks associated with foreign currency and interest rate fluctuations. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured to fair value.

Derivatives are carried as assets when their fair value is positive and as liabilities when their fair value is negative. Any gains or losses arising from changes in the fair value of derivatives, except for those that qualify for hedge accounting, are taken to the profit and loss. The fair values of forward currency contracts are calculated by reference to current forward exchange rates for contracts with similar maturity profiles. The fair values of interest rate swaps are determined by reference to market values for similar instruments.

**Notes to the Financial Report (continued)**

**1. Basis of Preparation of the half-year report (continued)**

Hedges that meet the strict criteria for hedge accounting are accounted for as follows:

Cash flow hedges

Cash flow hedges are hedges of the Group's exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment. The effective portion of the gain or loss on the hedging instrument is recognised directly in equity, while the ineffective portion is recognised in profit or loss. Amounts taken to equity are transferred to the income statement when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised, or when a forecast transaction occurs. Where the hedged item is the cost of a non-financial asset or non-financial liability, the amounts taken to equity are transferred to the initial carrying amount of the non-financial asset or liability.

The Group tests the designated cash flow hedge for effectiveness and ineffectiveness at each reporting date both retrospectively and prospectively. If the hedge testing falls within the 80-125% range, the hedge is considered highly effective and continues to be designated as a cash flow hedge. If the forecast transaction or firm commitment is no longer expected to occur, amounts recognised in equity are transferred to the income statement. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover, or if its designation as a hedge is revoked (due to it being ineffective), amounts previously recognised in equity remain in equity until the forecast transaction occurs.

## Report on the Condensed Half-Year Financial Report

We have reviewed the accompanying half-year financial report of iiNet Limited, which comprises the balance sheet as at 31 December 2008, and the income statement, statement of changes in equity and cash flow statement for the half-year ended on that date, other selected explanatory notes, other information as set out in the Appendix 4D to the Australian Stock Exchange ("ASX") Listing Rules and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

### Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations), the *Corporations Act 2001* and the ASX Listing Rules as they relate to the Appendix 4D. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2008 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting*, the *Corporations Regulations 2001* and the ASX Listing Rules as they relate to the Appendix 4D. As the auditor of iiNet Limited and the entities it controlled during the half-year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

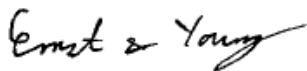

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of iiNet Limited is not in accordance with:

- a. the Corporations Act 2001, including:
  - i. giving a true and fair view of the consolidated entity's financial position as at 31 December 2008 and of its performance for the half-year ended on that date; and
  - ii. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*; and
- b. the ASX Listing Rules as they relate to Appendix 4D.
