DIRECTORS' REPORT

The directors present their report together with the consolidated Financial Report of Cue Energy Resources Limited ("Cue") for the half-year ended 31 December 2008.

DIRECTORS

The directors of the Company in office during and since the half-year are as follows:

RG Tweedie

L Musca

EG Albers

RESULT

The consolidated loss after tax of the economic entity for the half-year ended 31 December 2008 amounted to \$16.7 (2007: profit \$5.1).

The net (loss) was primarily as a result of impairment write downs of exploration expenditure in the Sampang PSC, Indonesia of \$11M and in PPL190, Papua New Guinea of \$17.6M.

DIVIDENDS

No dividends were paid or declared during the half year.

REVIEW OF OPERATIONS

Papua New Guinea

Cue's net share of oil production from the SE Gobe field for the half year was 30,064 barrels.

The average oil production rate for calendar year 2008 was approximately 5400 barrels of oil per day (Cue's share was approximately 177 barrels of oil per day). Cue did not have any hedging arrangement in place during the half year.

The Cobra -1A well was suspended as a gas and condensate discovery after encountering a 34 metre hydrocarbon column. Due to the significant decline in oil prices and reserve uncertainty, the Directors have made the decision that it is uneconomic at this time to produce Cobra and the Bilip and Iehi discoveries, and therefore recorded an impairment write down of \$17.6M of capitalised expenditure within the license.

Indonesia

Cue's net share of oil production from the Oyong field for the half year was 128,742 barrels.

The Oyong phase 2 gas development progressed steadily, with offshore pipeline laying and construction of the onshore facilities underway.

Due to the significant decline in oil prices and the lack of ongoing planned exploration within the Sampang PSC, the Directors have decided to record an impairment write down of \$11M.

New Zealand

During the half year, the ENSCO 107 jack up drilling rig was positioned alongside the Maari well head platform after a lengthy weather related delay and development drilling operations began. Surface conductors and casings were installed and the first oil development well successfully drilled.

DIRECTORS' REPORT (continued)

Australia

In WA-389-P, 350 square km of 3D seismic data and 117 km of 2D seismic data were acquired.

In WA-361-P, Cue elected to reduce its equity to 15% and contributed no costs towards the drilling of the Zeus -1 well, which was plugged and abandoned as a dry hole in February 2009.

In WA-359-P and WA-360-P, Cue agreed to extend the MEO drill or drop options to January 1st, 2010 in return for MEO acquiring at least 175 square km of 3D seismic in WA-360-P, and reprocessing existing 3D seismic in WA-359-P contingent on success in Zeus -1. Cue will contribute 5% of the cost of the new 3D seismic.

On behalf of the Board of Directors.

Richard Tweedie
Chairman

Dated at Melbourne this 27th day of February 2009

TO THE MEMBERS OF CUE ENERGY RESOURCES LIMITED**Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial report of Cue Energy Resources Limited, which comprises the balance sheet as at 31 December 2008, and the income statement, statement of changes in equity and cash flow statement for the half-year ended on that date, a statement or description of accounting policies, other selected explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at 31 December 2008 or from time to time during the half year ended on that date.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2008 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Cue Energy Resources Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Cue Energy Resources Limited is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2008 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
