### Standard & Poor's Announces March Quarterly Rebalance to the S&P/ASX Indices

**Sydney, Mar. 6, 2009**—Standard & Poor's Index Services, the leading provider of equity indices in Australia, announced today that the following constituent additions and deletions will take place in the S&P/ASX indices, effective from the close of trade on Mar. 20, 2009.

At this quarterly review the entire S&P/ASX index suite is rebalanced, which includes the All Ordinaries Index.

“Industrials, Healthcare and Consumer Staples stocks have featured as inclusions into the key indices,” said Simon Karaban, associate director at Standard & Poor's Index Services. “Resource stocks typically had a strong showing in the past rebalances, however, we now see more of a diversified range of stocks eligible for inclusion.”
