COMPLETION OF SHARE PURCHASE PLAN

Webjet Limited's Share Purchase Plan (Plan) offer closed at 5pm (AEST) on 18 January 2013.

The response and request for allocations has been overwhelming with applications being received from eligible shareholders for approximately \$26 million. As the Plan was capped at a maximum of \$5m we have unfortunately had no alternative but to instigate a scale back of approximately 19% of the total value of applications received

In accordance with the terms and conditions of the Plan, each applicant was treated equally and scaled back on a pro rata basis based on the dollar value of the application.

The difference between the application monies received and the price payable for shares allotted will be refunded by cheque to all applicants as soon as practicable. Shares issued by Webjet under the Plan will be allotted today and holding statements are expected to be dispatched by 7 February 2013.

If you applied for shares under the Plan, you should confirm your holding before trading any new shares you believe you have acquired under the Plan.

The Zuji project is very exciting for Webjet and of course for our management team led by Managing Director, John Guscic. There is a significant amount of reorganisation to undertake against a clear strategic and integration plan.

We expect to provide the market with an update on progress by the time of our full year filing.

The Board wishes to thank its shareholders for their strong support.
