OPERATIONS RESUME AT PAULSENS GOLD MINE

Northern Star Resources Limited (ASX: NST) advises that operations have resumed today at its Paulsens Gold Mine in WA.

Operations were stopped on Monday, 16 November 2015 following the death of a contract worker at Paulsens (see ASX release dated 16 November 2015).

Northern Star is assisting the authorities with their ongoing investigation.

The Company again expresses its deepest sympathy and condolences to the man's family, friends and colleagues.
