CHAIRMAN & CEO'S SPEECH

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

Estina Ang Suan Hong
Chairman & CEO

Dear shareholders, customers, board members, employees and stakeholders,

We are living in a world of change in our retail industry, which is now characterized by disruptive transformation that leads to things made possible by technology. Our customers have seen the power of technology create new ways of serving the consumers through online e-commerce platforms, besides using their existing brick-and-mortar stores model. Also, we see such disruptions creating compelling ways for our customers to focus on saving time and gaining easy access to products and services to serve consumers. Our customers are time-sensitive where there is an imperative need to optimize the supply chain process to achieve speed, meaning sharp reduction in lead times. We are also seeing shifts in our customers' preferences, from reduction in order quantities to requesting more design/styling and greater flexibility in their procurement practices.

Against this backdrop, in this year's letter, I want to share with you our strategic focus to drive our company to the next level of excellence, specifically in three areas: SPEED, PRODUCTIVITY & VERTICAL INTEGRATION.

SPEED EMPHASIS

The changes in the industry especially emphasizing on speed have changed the way we work, making us focus on using more digital tools, becoming more productive with efficient internal processes and have more real-time information, supported by advanced analytics. In response, we will employ new technology in creating a digitalized supply chain that will help us to anticipate future requirements. With the use of digital tools that can offer predictive data analytics, we can help our customers to make better decisions and allow us to act with speed to help our customers increase their speed effectiveness and productivity.

In our business, one key area is the design, product development and sampling process for our customers, which consumes a lot of time, but with the use of digital tools like 3D, we will be able to reduce the cycle time and improve the adoption rate much faster, besides eliminating the need for physical samples, wastage and saving costs.

PRODUCTIVITY DRIVE

In our quest to achieve efficiency improvements, we have ambitious plans to improve our factory productivity, via streamlining of internal processes

and restructuring. We have started our efforts to restructure our pre-order processes in Singapore Headquarters (HQ), eliminating duplication of activities between HQ and factories which will help us to be more customer-centric, besides improving cycle time. In the area of post-order activities, we plan to expand our factories' involvement, correspondingly reduce HQ processes, to achieve higher efficiencies and reduce costs.

Our journey to improve garment production processes has taken us to strategic investment in RFID technology, using smart labels to provide track and trace information to achieve benefits like QC improvement, real-time production capacity planning, waste elimination, etc. At the end of the fiscal year, we added more in-house apparel production capacity by acquiring from our outsourced partner, a factory in Malaysia, which is another landmark in our strategic journey. This acquisition will enhance our manufacturing presence in the region as we continue to transform ourselves from a "Trading Agent" model to become a "One-Stop Solutions Provider".

VERTICAL INTEGRATION PROGRESS

In December 2016, we completed our acquisition of fabric mill (called Maxim) in Malaysia as another milestone in our vertical integration journey, to improve time-to-market and value proposition for our customers. We are delighted with the progress we are making in Maxim, most notably the increase in volume production of the factory to support our in-house needs, resulting in less reliance on external fabric suppliers. As a next step, we are targeting the fabric mill to improve its lead time in production, in addition to stocking up yarn inventory to support shorter lead time demand.

We have allocated more investment capital in the fabric mill, not only for enhancing manufacturing capacity but also to build R&D lab for material innovation in products like "tough cotton" to enhance market penetration. We will continue to invest in this core business with technology, ultimately allowing us to expand our product portfolio which will then include fabric material as one of our end-products besides knitted garments.

STRATEGY TO WIN**SPEED****PRODUCTIVITY****VERTICAL INTEGRATION****CHALLENGES AHEAD**

We believe that the road ahead is still going to be tough, as we will continue to face the trend of lowering prices. We will strive to become better at what we do best and constantly innovate to save time and money. Throughout our history, we operate from a strong foundation built with actions aimed at strengthening our core competencies and delivering business results. We will treat our challenges as opportunities for us to change and adapt whilst we continue to implement our strategy to achieve sustainable growth, strong balance sheet and shareholder returns. In this new era of retail, we know that changes of rapid growth in e-commerce and digital capabilities for the consumer, will continue to accelerate further but our efforts will stay focus on emerging as a strong supplier of our products and services to our customers.

Let me conclude by extending my thanks to you all. I am honoured to serve you and confident that we will serve customers more effectively and continue to deliver value through price, quality and speed-to-market.

Yours truly,

Estina Ang
Chairman & CEO

AUDIT COMMITTEE REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

Christopher Chong
**Chairman, Audit Committee &
Lead Independent Director**

Dear Shareholders,

On behalf of the Audit Committee, in the interest of greater shareholder communications, I am pleased to present the Audit Committee Report for the year ended 30 June 2017.

Our Audit Committee is mandated by ASX Listing Rule 12.7. Except where highlighted, it follows the recommendations set out by the ASX Corporate Governance Council on the composition, operation and responsibility of Audit Committees.

AUDIT COMMITTEE MEMBERSHIPS DURING THE YEAR

Shane Hartwig and I were the only members of the Audit Committee (the "Committee"). We are Independent Non-Executive Directors. There are only two of us, as the Board is small given the size,

nature of the business and the need for strict cost control. Whilst there may only be the two of us, Shane and I have significant financial knowledge and Audit Committee experience. Given this, the Board believes that Audit Committee is capable of independently verifying and safeguarding the integrity of the Group's financial statements.

KEY ACTIVITIES OF THE AUDIT COMMITTEE DURING THE YEAR

We are of the opinion that we operated in accordance with our Charter.

In FY2017, we met formally two times but also had informal telephone calls and exchanged emails on selected issues. I also inspected the new Vietnam factory and Shane inspected the Malaysian factories. I also held private conversations with our Auditors without the presence of management.

AUDIT COMMITTEE REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

The other main areas dealt by the Committee included:

- Review of the half yearly and full-yearly financial statements of the Group and whether what was being reported was: consistent with the information we had; in line with rules and regulations; and adequate for shareholders.
- Review of significant items included in the FY2017 financial statement including (but not exclusive to): client sales list; shipping list; stock & inventory movements; receivables and their aging; acquisition of our new subsidiaries; capital expenditure; and actual vs FY2017 budget.
- Review significant accounting policies, the notes to the accounts and significant judgements applied in the preparation of the financial statements.
- Review of the FY2018 budget and forward forecast.
- Review of proposed key management hirings and HR related forecasts.
- Review and comment on potential investment areas, notably the possible opening of a factory in Cambodia.
- Review of related party transactions.
- Approval of the audit plans and strategies received from external auditors.
- Review report of audit issues, audit report and management letter points by the external auditors.
- Review of significant operating, financial, social and environmental risks.
- Review the need for new policies and approved exploration with a view of producing a sustainability report.
- Review of the Group's website and approved monies for its revamp to make it more useful and accessible.

THE AUDIT COMMITTEE IS CAPABLE OF INDEPENDENTLY VERIFYING AND SAFEGUARDING THE INTEGRITY OF THE GROUP'S FINANCIAL STATEMENTS.

- Review of the Annual Report to ensure it is fair, balanced and readable.

ENGAGEMENT OF THE EXTERNAL AUDITOR

The external auditor is engaged to express an opinion on the Group's financial statements. The auditor's responsibilities for the audit of the Group's financial statements are set out on Page 50 of the Independent Auditor's Report.

The external auditor was selected on an invited tender basis. The Committee and management invited seven audit firms to tender, and shortlisted to three firms for final selection. The Committee and management ensured that all firms invited had access to all the information they requested. The Committee recommended BDO East Coast Partnership ("BDO") to the Board as the selected auditor on the basis of:

- a. their knowledge of the textile and garment industry;
- b. their partner/staff strength and reputation in Australia, Singapore and Vietnam; and
- c. cost efficiency.

In accordance with Listing Rule 3.16.3, the Group appointed BDO as our auditor with effect from

AUDIT COMMITTEE REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

16th January 2017. This appointment follows the resignation of Deloitte Touche Tohmatsu ("Deloitte") and the consent of ASIC (Australian Securities and Investments Commission) to Deloitte's resignation, in accordance with s329(5) of the Corporations Act 2001. Deloitte has been the auditor of the Group over a period of 11 years since 2005. The Committee had recommended to the Board that there is a need to rotate its auditor after a certain period of time, as part of its Corporate Governance process.

BDO has provided the Committee with the relevant reports and advice throughout the year. BDO confirms that it intends to adhere to a partner rotation policy based on best practices. FY2017 is the current partner's first year of audit engagement since its appointment.

Since its appointment, BDO was formally assessed by the Committee in conjunction with the senior management team. In making this assessment, the Committee focused on the robustness of the audit and the quality of the delivery of audit services. The Committee is satisfied that the audit is effective and provides an appropriate, independent value-add audit service to the Group's directors and senior management. The Committee reviewed and is satisfied with the objectivity and independence of BDO.

KEY AUDIT MATTERS

During the year, the Committee reviewed the key areas of management's estimates and judgment applied for key financial issues. This included the type of business combination to be applied to the acquisition of the two Maxim entities and the valuation of the GLIT Receivables.

With respect to the type of business combination to be applied to the acquisition of Maxim, the Committee: reviewed management's logic and the auditor's comments; read the relevant sections of the accountant standards; sought third party advice; and reviewed and approved the proposed disclosures. The Committee agreed that as both acquirer and acquiree were under the common control of the Ghim Li Group Pte Ltd, the pooling of interest methodology should be used. As such

THE COMMITTEE REVIEWED THE KEY AUDIT MATTERS TO PROVIDE COMMENTARIES AND EXPLANATIONS, IN ADDITION TO COMPLEMENTING THE AUDITOR'S AUDIT APPROACH TO THESE MATTERS.

the prior year comparatives of the Maxim entities' financial statements were restated to reflect the acquisition from the earliest reported period. The Committee reviewed the Key Audit Matters which significantly impact the financial statements to provide commentaries and explanations, in addition to complementing the auditor's audit approach to these matters.

With respect to the GLIT Receivables, the Committee: reviewed the transactional history; reviewed the commercial logic; followed management's trace of cash flow; and reviewed the quantum of the trust receipts and available guarantees. The Committee agreed with management that the GLIT Receivable was expected due to the commercial nature of the Group's business. The Committee agreed with management on the quantum of trust receipts and the availability of collateral for the GLIT Receivable.

We thank you for your attention

Christopher Chong

BOARD RESPONSIBILITIES

As the Board acts on behalf of the shareholders and is accountable to the shareholders, the Board seeks to identify the expectations of the shareholders as well as other regulatory and ethical expectations and obligations. In addition, the Board is responsible for identifying areas of significant business risk and ensuring arrangements are in place to adequately manage those risks. The Board, through the Audit Committee, receives reports from management on an on-going basis as to the material risks associated with the company's operations and the recommended risk mitigation process that they undertake. The Board has established a Code of Conduct which in summary, requires that at all times Directors and employees act with the integrity, objectivity and in compliance with the letter and spirit of the law and company policies. GLG has established a written policy designed to ensure compliance with ASX listing rule disclosure and accountability as senior executive level for compliance.

Under the guidance of the ASX's Corporate Governance Principles and Recommendations (3rd edition), the Board has established a Nomination and Remuneration Committee and an Audit Committee. The name of members of each committee and their attendance at meetings is contained on page 40 of the Annual Report.

The Nomination and Remuneration Committee has established a policy prohibiting transactions in associated products which limit the economic risk of participating in unvested entitlements under equity-based remuneration scheme.

A copy of the Company's Code of Conduct, Audit Committee charter, Nomination and Remuneration Committee charter and the terms and conditions of the continuous disclosure and shareholder communication policy is made publically available on the Company's website.

DIVERSITY

The Company has implemented a Diversity Policy. This policy sets as a target 25% of all Board seats and management positions to be held by women. The Board is also considering other means to encourage diversity. The Company recognises the benefits of a diverse workforce and is committed to providing an environment that encourages diversity. The Board monitors the diversity profile of its workforce. As the Company already has gender diversity as evidenced by the proportion of women reported below, the Board has not set any measurable objectives.

At 30 June 2017, the proportion of women employed by GLG Corp Ltd was:

- Board of Directors 50%
- Senior Executives 57%
- Total Workforce 75%

DEALING IN GLG CORPORATION'S SECURITIES BY DIRECTORS AND EMPLOYEES

Directors, officers and employees of the Company are prohibited from trading in GLG securities apart from the period 15 days commencing the day after GLG announces its half-yearly, preliminary final reports and full year accounts. A full outline of the Company's securities trading policy has been made available on the Company website.

CORPORATE GOVERNANCE STATEMENT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

RISK MANAGEMENT POLICY

Risk is an inherent part of GLG Corp's business, which operates in a highly competitive market sector. GLG Corp is committed to the management of risk as an integral part of its business, focusing on strategies to minimise risk which are regarded as threats to its achievement of objectives and goals.

The objectives of this policy are to:

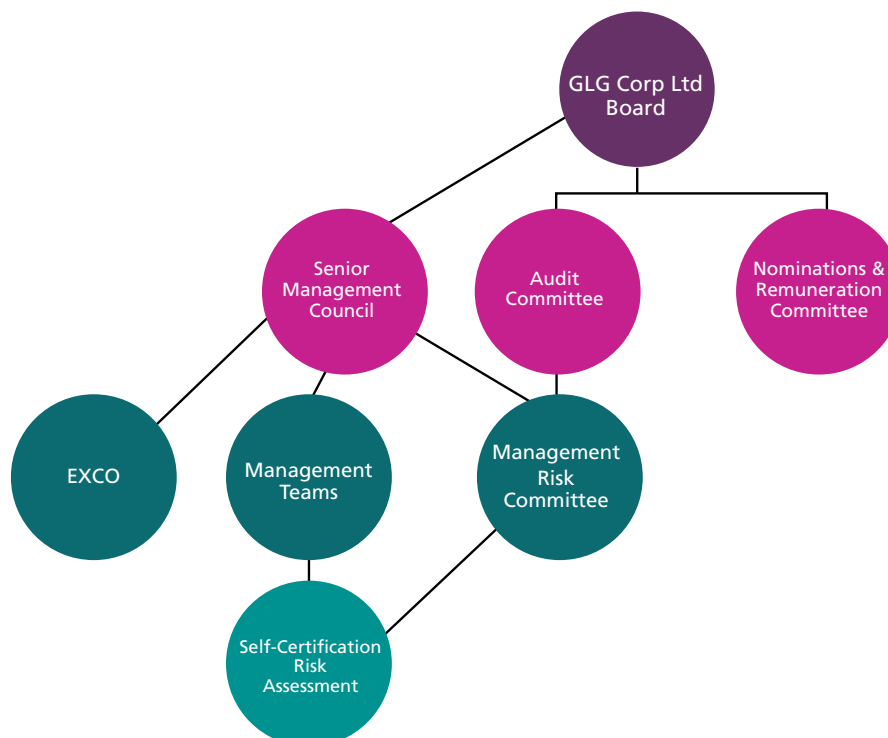

- Outline the company's approach to risk management;
- Improve decision-making, accountability and outcomes through the effective use of risk management;
- Integrate risk management into daily operations of the company and its outsourced business partners;
- Consider risk appetite in protecting staff and business assets and strategy execution

GLG Corp is committed to managing risk in order to benefit the company and manage the cost of risk. To meet this commitment, risk is every employee's business. All employees are required to be responsible and accountable for managing risk in so far as reasonably practicable within their area of responsibility.

Sound risk management principles and practices must become part of the normal management strategy for all business units within GLC Corp including its outsourcing business partners.

The management of risk is to be integrated into GLG Corp's existing planning and operational processes and fully recognised in GLG Corp's reporting processes.

CORPORATE GOVERNANCE STRUCTURE

CORPORATE GOVERNANCE STATEMENT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

The management of GLG Corp is responsible to the Board of GLG Corp for the following:

- Approving GLG Corp's risk management policy and its effective implementation;
- Endorsement of any changes to the GLG Corp's risk management framework, including key policies and procedures to reflect new developments;
- Monitoring compliance with the endorsed risk management framework through management reporting to the Board of GLG Corp in Board meetings; and
- Delegating authority to staff, where appropriate

The Board regularly reviews business risks applicable to the business and ongoing operations. Additionally, the Board considers risk profiles as part of the annual strategy review and budget planning review. The effectiveness of risk management is unavoidably linked to management competence, commitment and integrity, all of which forms the basis of sound Corporate Governance.

The following table summarised the roles and responsibilities of each level in discharging their duties on risk management:

Board	Provides policy, oversight and review of risk management
Audit Committee	Oversees regular review of risk management activities
Chief Executive Officer	Drives culture of risk management and accountable for protecting the company from unacceptable costs or losses associated with its operations
Risk Committee	Develop and implement systems for effectively managing the risks that affect the achievement of objectives and operational outcomes. Continuously improving risk management policy, strategy and supporting framework
Senior Management	Ensure staff in their business or functional units comply with the risk management policy and foster a culture where risks can be identified and escalated
Staff, Business Partners and Contractors	Comply with risk management policies and procedures

AUDIT COMMITTEE

The Audit Committee reviewed the statement of financial position of the consolidated financial statements of the Group for the financial year ended 30 June 2017, as well as the Independent Auditor's Report thereon before submitting them to the Board for its approval. The Audit Committee discussed with Management the accounting principles that were applied and also considered the appropriateness of the critical accounting estimates and judgments made in preparing the financial statements.

The following significant matters impacting the financial statements were discussed with Management and the external auditor and were reviewed by the Audit Committee:

Key Audit Matters

Acquisition of the Maxim entities during the year ended 30 June 2017

Valuation of GLIT Receivable in the Balance Sheet as of 30 June 2017

How the Audit Committee reviewed these matters and what decisions were made

The Audit Committee considered the approach and methodology applied to the business acquisition of the two Maxim entities, including the assessment of the contingent consideration which is eliminated on consolidation.

As both acquirer and acquiree are under the common control of Ghim Li Group Pte Ltd, the pooling of interest methodology was used. As such, the prior year comparatives of the Maxim entities financial statements were restated to reflect the acquisition from the earliest reported period. The Audit Committee and Board of directors applied judgement to ensure that the excess of the purchase consideration over the equity acquired was reflected as a merger reserve within equity.

This acquisition, by virtue of its materiality and its accounting complexities under common control was also an area of focus for the external auditor. The external auditor has included this item as a key audit matter in its audit report for the financial year ended 30 June 2017

The Audit Committee assessed the valuation of the GLIT Receivable and evaluated that the receivable is recoverable at the reporting date, based on assumptions specifically on the accessibility of trust receipts available for offset, and the amount of available guarantees in place.

We considered that this GLIT Receivable is expected due to the commercial nature of the Group's business, but will see a decrease, with lesser reliance on GLIT in the future. The acquisition of Ghim Li Fashion (M) Sdn Bhd by the Group on 30 June 2017 resulted in the decrease in GLIT Receivables by US\$5m for the purchase consideration of this acquisition.

The valuation of GLIT Receivable was also an area of focus for the external auditor. The external auditor has included this item as a key audit matter in its audit report for the financial year ended 30 June 2017

DIRECTOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

The Directors of GLG Corp Ltd ("GLG" or "the Company") submit herewith the annual financial report of the Company for the financial year ended 30 June 2017. In order to comply with the provisions of the Corporations Act 2001, the Directors report as follows:

INFORMATION ABOUT THE DIRECTORS AND SENIOR MANAGEMENT

The names and particulars of the Directors of the Company during and since the end of the financial year are:

ESTINA ANG SUAN HONG

Founder and Executive Chairman of GLG Corp Ltd and parent company, Ghim Li Group Pte Ltd and a member of its Nomination and Remuneration Committee. Armed with 40 years of experience, Estina Ang has led the company to become a global supplier of quality apparel to major retailers in the U.S and Europe.

She started this business back in 1977 as a sole-proprietor entrepreneur with six sewing machines by operating as an apparel subcontractor in Singapore.

In 1983, she incorporated her first limited liability company and expanded her charter by exporting apparel mainly to retailers in the U.S. Recognising the need to stay competitive by achieving higher productivity and low operating costs, she moved garment production offshore by setting up garment factories in countries like Malaysia (1985), Thailand (1987), Brunei (1988) and Mexico (1999). She continued this manufacturing offshoring process with other countries like Guatemala (2001), China (2002), Fiji (2003), Sri Lanka and Indonesia (2005) using Singapore as the operational headquarters. Her next major milestone was achieved when she took this home-grown company, without the manufacturing network, by incorporating GLG Corp Ltd in Australia to go public in late 2005. Since then, this public-listed company has adapted constantly, under her leadership, by offering a wide suite of services ranging from fabric innovation and production (with the acquisition of Maxim fabric mill), product design, garment manufacturing (in Vietnam and Malaysia), technical support, supply chain solutions, etc.

Estina Ang graduated from Nanyang University in Singapore in 1974 with a Bachelor of Arts degree. She is a member of the Singapore Institute of Directors and Textile & Fashion Federation in Singapore. Subsequent to receiving the award as "Entrepreneur of the Year" in 2001, she was listed as one of the Top 300 prestigious Singaporeans by Singapore Tatler in 2016/17.

FELICIA GAN PEILING

Ms Gan joined the Board on 15 September 2015. Ms Gan joined the Company in 2006 as a legal officer responsible for the legal compliance office. Ms Gan is currently responsible for the overall management of Business Development, Sales & Marketing Teams including Outsourced Manufacturing and Product, Development and Design departments. Ms Gan builds, direct and drives the annual strategic sales and marketing plan and implements marketing strategies to identify and develop new customers and business opportunities on a global scale.

Ms Gan graduated with a Bachelor of Laws (Honours) from University of Nottingham in 2003 and was admitted to the Singapore Bar in May 2005. She is a member of the Singapore Academy of Law and a management committee member of the Textile Apparel Fashion Federation Singapore.

PRINCIPAL ACTIVITIES

The consolidated entity's principal activities in the course of the financial year were being a global supplier of knitwear/apparel and supply chain management operations.

REVIEW OF OPERATIONS

For the current fiscal year in 2017, the Company has seen continued progress in its implementation of the strategic plan to become a vertical-integrated and textile manufacturing, supply chain business from its original state of being just a trading agent. To achieve this goal, in early 2015, the company built its maiden garment factory in Vietnam (which started production in March 2017), and in late 2016 completed the acquisition of a fabric mill in Malaysia. This has enhanced the capability of the Company in providing design, innovation services and producing all kinds of knitted fabric. In June 2017, GLG added its in-house manufacturing capacity by acquiring another garment factory, again in Malaysia.

Besides embarking on non-organic growth, to improve its competitiveness in the market, GLG has differentiated itself with its process innovation of securing self-inspection and lab approval for its end-product with its key customers. Also, this fiscal year saw the incremental innovation in enhancing its existing product portfolio by selling directly to end-customers on Landed Duty Paid (LDP) basis. This new LDP business represents another step towards adding more value to our customers, using a total supply-chain solutions approach by bringing the final product from door-to-door, i.e. from our fabric mill through to final production in garment factories, and ultimate delivery to the receiving dock of our customers.

DIRECTOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

This entire value chain ranging from product design, process innovation through knitted fabric manufacturing to last-mile delivery of knitted garments to our customers' doorstep is now embedded into our current financial results ended 30 June 2017.

Comparison of Consolidated Statement of Profit or Loss and Comprehensive Income for the financial year ended 30 June 2017 with that of 30 June 2016.

GLG's sales decreased by US\$14,991 thousand, or 8.8% to US\$156,041 thousand compared to sales of US\$171,032 thousand in the previous year.

Sales from FOB business decreased by US\$25,291 thousand, or 14.8% to US\$145,506 thousand compared to US\$170,797 thousand in the previous year. The decline in sales was mainly attributed to continued weakness in our end-customers' retail apparel market. These end-customers have been facing intense competition and losing market share to on-line retailers.

LDP business contributed US\$10,115 thousand, or 6.5% to GLG's sales with gross profit margin of 31%. When GLG increases its LDP business, the sales and gross profit margin will continue to improve. It is worthy to note that LDP revenues include logistics and customs duty cost which are then deducted below the gross profit level.

Gross profit margin for the Textile (Fabric) segment increased to 10.8% compared to 9.0% in the previous year. The increase was largely attributable to improved production efficiency and lower yarn cost.

Despite the higher gross profit margin generated from garment and Textile segment, the group reported only a slight increase in gross profit margin from 13.4% in the previous year to 13.8% for the current year ended 30 June 2017. This was due to lower gross profit margin recorded for FOB business of 9.8% compared to 11.5% in the previous year.

Selling and distribution cost increased by 28.8% to US\$3,410 thousand compared to US\$2,648 thousand in the previous year. The increase in expenses was mainly due to the customs duties and freight costs incurred on outbound shipments to LDP customer from door-to-door, compared with the mainstream FOB business, where our delivery obligation terminates at the Port of Departure.

Administration expense decreased by 6.2% to US\$10,244 thousand compared to US\$10,924 thousand in the previous year. This reduction in expenses was achieved through a streamlining of processes and internal restructuring.

Finance cost decreased by 8.4% to US\$1,215 thousand compared to US\$1,327 thousand in the previous year, as the company did not have to incur financing cost associated with a previous customer for export trade financing.

GLG's profit after tax decreased by 13.1% to US\$4,193 thousand, compared with US\$4,827 thousand in the previous year. The reduction in profit after tax was mainly due to lower sales and pre-production costs incurred at the Vietnam garment factory.

Comparison of the Consolidated Statement of Financial Position as at 30 June 2017 with that of 30 June 2016.

Trade and other receivables increased by 13.9% to US\$68,534 thousand as at 30 June 2017 compared to US\$60,190 thousand as at 30 June 2016. The increase was primarily due to extended credit given to core customers in the current year.

Inventory increased by 6.8% to US\$12,515 thousand as at 30 June 2017 compared to US\$11,715 thousand as at 30 June 2016, because of an increase in the Maxim's fabric mill inventory for raw materials and work-in-process.

DIRECTOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

Non-current other assets increased by 88% to US\$2,615 thousand as at 30 June 2017 compared to US\$1,391 thousand as at 30 June 2016, the increase was primarily due to the payment of infrastructure costs in Vietnam on an operating lease to an external party for the usage of land.

Property, plant and equipment increased by 29.3% to US\$34,047 thousand as at 30 June 2017 compared to US\$26,337 thousand as at 30 June 2016, the increase was due to the cost of investment in new machinery for the Vietnam garment factory and Maxim fabric mill. Correspondingly, this led to the current and long-term borrowings increased by 27.2%, to US\$64,702 thousand as at 30 June 2017 compared to US\$50,866 thousand as at 30 June 2016.

Comparison of the Consolidated Statement of Cash Flows for the financial year ended 30 June 2017 with that of 30 June 2016.

GLG's cash from operating activities decreased by 57.4% to US\$1,378 thousand as at 30 June 2017 compared to US\$3,237 thousand as at 30 June 2016. The decrease was due to the decline in lower sales for the financial year.

We believe the cash flows from operations of GLG remains sufficient to meet our working capital requirements, capital expenditures, debt servicing and other funding requirements for the foreseeable future.

CHANGES IN STATE OF AFFAIRS

On 12 December 2016, Ghim Li International (S) Pte Ltd, a subsidiary of GLG Corp Ltd, acquired 100% of the ordinary shares of Maxim Textile Technology Pte Ltd, a company incorporated in Singapore and Maxim Textile Technology Sdn Bhd, a fabric company in Malaysia for total consideration of US\$20,000,000.

As the Maxim group was acquired under common control, the prior comparatives were restated to reflect the acquisition from the earliest reported period, being 1 July 2015, in accordance with the pooling of interest method of accounting.

On 30 June 2017, Ghim Li International (S) Pte Ltd, a subsidiary of GLG Corp Ltd, acquired 100% of the ordinary share of Ghim Li Fashion (M) Sdn Bhd, a company incorporated in Malaysia. This is a business which engages in the manufacturing of garments for a total consideration of US\$5,000,000.

There were no other significant changes in the state of affairs of the consolidated entity during the financial year.

DIVIDENDS

In respect of the financial year ended 30 June 2017, the Directors do not recommend the payment of a final dividend and no interim dividend was paid. In respect of the financial year ended 30 June 2016, no dividend was declared.

SUBSEQUENT EVENTS

There have been no subsequent events after the year ended 30 June 2017 to the date of this report.

FUTURE DEVELOPMENTS

The consolidated entity is expanding fabric suppliers to include fashion novelty and also to increase the amount of work with outsourced factories. The performance depends on many economic and industry factors. In the opinion of the Directors, it is not possible or appropriate to make a prediction on the future course of markets, performance of the Consolidated Entity's or the forecast of the likely result of the Consolidated Entity's activities.

DIRECTOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

ENVIRONMENTAL REGULATION

The consolidated Entity is not subject to any particular or significant environmental regulation.

SHARES UNDER OPTION OR ISSUED ON EXERCISE OF OPTIONS

There are no shares under option or issues on exercise of options during the year (2016: Nil).

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

The company was not a party to any such proceedings during the year.

INDEMNIFICATION OF OFFICERS AND AUDITORS

During the financial year, the Company paid a premium in respect of a contract insuring the directors of the company (as named above), the company secretary, and all executive officers of the company and of any related body corporate against a liability incurred as such a director, secretary or executive officer to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The company has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the company or of any related body corporate against a liability incurred as such an officer or auditor.

DIRECTOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

Non-audit services

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in Note 33 of the financial report.

The Directors are satisfied that the provision of non-audit services, during the year, by the auditor (or by another person or firm on the auditor's behalf) is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The Directors are of the opinion that the services as disclosed in Note 33 to the full financial statements do not compromise the external auditors' independence, based on advice received from the Audit Committee, for the following reasons:

- all non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor, and
- none of the services undermine the general principles relating to auditor independence as set out in Code of Conduct APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional & Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the Company, acting as advocate for the Company or jointly sharing economic risks and rewards.

AUDITOR'S INDEPENDENCE DECLARATION

The auditor's independence declaration is included on page 49 of this report.

GLG Corp Ltd employees may be entitled to receive a discretionary bonus, as set and agreed by senior management and / or the Nomination and Remuneration Committee. These bonuses are accrued prior to year-end based on the expected bonuses to be paid, however the amounts may not be finalized or paid until a future date that is not necessarily within 12 months of balance sheet date. As a result, there is a difference in timing of the accrual of the bonus and the timing of the payment of the bonus.

Each executive director of the Company has entered into an Executive Service Agreement with Ghim Li Global Pte Ltd, a major subsidiary of GLG. They are not remunerated separately for being a director or executive of the Company or other operating entities. Under their respective terms of engagement, all executives:

- commenced their terms as an executive of Ghim Li Global Pte Ltd for a 3-year term, and thereafter their engagement automatically continues from year to year, unless their Executive Service Agreement is terminated;
- are covenanted to not compete against GLG's operations for a period of 12 months after cessation of employment with GLG;
- agree that either party may terminate their Executive Service Agreement by giving 3 months written notice. In addition, Ghim Li Global Pte Ltd may without prior notice terminate their Service Agreements under certain conditions, for example, if the executive commits a serious breach of his or her obligations, or is guilty of grave misconduct in the discharge of his or her duties, or becomes bankrupt.

The service agreements contain otherwise standard terms, including with regard to each executive's duties, GLG owns any intellectual property created by its executives, confidentiality, entitlements to minor benefits in addition to their remuneration, and devoting substantially the whole of their time and attention during business hours to the discharge of their duties.

Each executive director receives a salary per month. They may also be entitled to an annual bonus determined by the Nomination and Remuneration Committee, in its absolute discretion.

DIRECTOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

Each of the key managers have entered into a service agreement with Ghim Li Global Pte Ltd, the general terms of which are not materially different to those of the executive directors described above.

Each key manager receives a salary per month, reviewed by the Chief Executive Officer annually with reference to the progress of GLG. Each may also be entitled to an annual bonus determined by the Chief Executive Officer, reviewed by the Nomination and Remuneration Committee, and approved by the Board taking into account overall management performance and the Company's profit for the year.

INDEPENDENT AUDITOR'S REPORT

To the members of GLG Corp Ltd

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of GLG Corp Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2017, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies and the directors' declaration.

In our opinion the accompanying financial report of the Group, is in accordance with the *Corporations Act 2001*, including:

- (i) Giving a true and fair view of the Group's financial position as at 30 June 2017 and of its financial performance for the year ended on that date; and
- (ii) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Accounting for the acquisition of the Maxim Group

Key audit matter	How the matter was addressed in our audit
<p>As disclosed in note 35, the Group acquired the Maxim Group during the year ended 30 June 2017. This transaction is significant to our audit because the material acquisition was one under common control as both the acquirer and the acquiree are controlled by Ghim Li Group Pte Ltd (the ultimate parent entity).</p> <p>Given the complexities associated with accounting for a transaction under common control, the Group applied judgements to ensure the excess of the purchase consideration over the equity acquired was properly reflected within equity as a merger reserve.</p>	<p>To determine whether the transaction was properly accounted for and disclosed in accordance with accounting standards, our audit procedures included, amongst others, the following procedures:</p> <ul style="list-style-type: none"> • Agreed that the details of the purchase agreement have been correctly reflected in the acquisition accounting entries and assessed the accuracy of the related merger reserve calculations. • Ensured comparatives of the Maxim Group within the financial statements and notes were restated to reflect the acquisition from the earliest comparatives presented.

Valuation of the GLIT receivable

Key audit matter	How the matter was addressed in our audit
<p>The valuation of the GLIT receivable as disclosed in note 11 and 12, is significant to our audit because as at 30 June 2017 the balance was \$46,309,000, which is material.</p> <p>The valuation process used by the Group to assess recoverability is judgemental and is based on assumptions, specifically those in relation to trust receipts and amounts of available guarantees.</p>	<p>To determine whether the receivable was recoverable at the reporting date, our audit procedures included, amongst others, the following procedures:</p> <ul style="list-style-type: none"> • Assessed managements' evaluation of the recoverability of the receivable and considered the accessibility of trust receipts available for offset against the GLIT receivable. We also assessed the rationale and suitability of guarantees in place that are able to serve as collateral for the receivable.

- Analysed average turnover of the receivable balance during the year in order to ascertain whether the recoverability of the receivable would occur within a reasonable timeframe.

Other information

The directors are responsible for the other information. The other information comprises the information in the Directors' Report (excluding the audited Remuneration report section) and the Corporate Governance Report for the year ended 30 June 2017, but does not include the financial report and the auditor's report thereon, which we obtained prior to the date of this auditor's report and the Annual Report to Shareholders (including the Chairperson's/ CEO's Speech and Financial Highlights, Operational Highlights and People Highlights for the year), which is expected to be made available to us after that date.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

For personal use only

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at:

http://www.auasb.gov.au/auditors_responsibilities/ar1.pdf

This description forms part of our auditor's report.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2017.

In our opinion, the Remuneration Report of GLG Corp Ltd, for the year ended 30 June 2017, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

1. GENERAL INFORMATION

GLG Corp Ltd (the Company) is a public company listed on the Australian Securities Exchange (ASX: GLE), incorporated in Australia and operating in Asia.

GLG Corp Ltd.'s registered office and principal place of business are as follows:

Registered office

L40 100 Miller St
North Sydney NSW 2060
Australia

Principal place of business

21 Jalan Mesin,
Singapore 368819

The entity's principal activities are the global supply of knitwear/apparel and supply chain management operations.

2. SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

The financial report is a general purpose financial report which has been prepared in accordance with the Corporations Act 2001, Accounting Standards and Interpretations, and complies with other requirements of the law. The financial report comprises the consolidated financial statements of the Group. For the purposes of preparing the consolidated financial statement, the company is a for-profit entity.

Accounting Standards include Australian Accounting Standards. Compliance with the Australian Accounting Standards ensures that the financial statements and notes of the Group comply with International Financial Reporting Standards ('IFRS').

The financial statements were authorised for issue by the Directors on 20th September 2017.

Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in United States dollars, unless otherwise noted.

The consolidated entity satisfies the requirements of ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 issued by the Australian Securities and Investments Commission in relation to rounding of amounts in the directors' report and the financial statements to the nearest thousand dollars. Amounts have been rounded off in the financial statements in accordance with that Legislative Instrument.

Comparative figures

Comparative figures have been adjusted to conform to changes in presentation for the current financial year as a result of the common control acquisition (Refer to Note 35).

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed at each reporting date and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

Fair value hierarchy

The following details the consolidated entity's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

Assets and liabilities measured at fair value include:

- Freehold and leasehold land and buildings - Level 3 – refer to Note 15 for further details
- Investment properties - Level 3 – refer to Note 17 for further details
- Contingent consideration - Level 3 – refer to Note 35 for further details.

Adoption of new and revised Accounting Standards

In the current year, the Company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current annual reporting period.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Standards and Interpretations issued not yet effective

At the date of authorisation of the financial report, a number of Standards and Interpretations were in issue but not yet effective.

Standard/Interpretation	Effective for annual reporting periods beginning on or after	Expected to be initially applied in the financial year ending
<i>AASB 9 Financial Instruments, and the relevant amending standards</i>	1 January 2018	30 June 2019
<i>AASB 15 'Revenue from Contracts with Customers', AASB 2014-5 'Amendments to Australian Accounting Standards arising from AASB 15, AASB 2016-8 'Amendments to Australian Accounting Standards – Effective date of AASB 15'</i>	1 January 2018	30 June 2019
<i>AASB 16 Leases</i>	1 January 2019	30 June 2020
<i>AASB 2017-2 'Amendments to Australian Accounting Standards – Disclosure Initiative; Amendments to AASB 107'</i>	1 January 2017	30 June 2018
<i>AASB 2017-3 'Amendments to Australian Accounting Standards – Clarifications to AASB 15'</i>	1 January 2018	30 June 2019

As at the date of the report management are quantifying the impact, if any, on the adoption of the above accounting standards. However, management do note that *AASB 16* is expected to impact GLG as the operating leases entered into by the company will be brought onto the statement of financial position as a right to use asset and liability.

(a) Basis of consolidation

The consolidated financial statements include the information and results of each subsidiary from the date on which the Company obtains control and until such time as the Company ceases to control such entity. Control is achieved when the company:

- has power over the investee;
- is exposed, or has the rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

Total comprehensive income of subsidiaries is attributed to the owners of the Company.

In preparing the consolidated financial statements, all intercompany balances and transactions, and unrealised profits arising within the consolidated entity are eliminated in full.

A list of subsidiaries appears in note 27 to the financial statements. Consistent accounting policies are employed in the preparation and presentation of the consolidated financial statements.

Refer further to Note 35 in respect of the common control acquisition during the year.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(b) *Foreign currency*

The individual financial statements of each group entity are presented in its functional currency being the currency of the primary economic environment in which the entity operates. For the purpose of the consolidated financial statements, the results and financial position of each entity are expressed in United States dollars, which is the functional currency of GLG Corp Ltd and the presentation currency for the consolidated financial statements. All subsidiaries of GLG Corp Ltd have functional currency of United States dollars.

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of each reporting period.

Exchange differences are recognised in profit or loss in the period in which they arise except that:

- (i) exchange differences which relate to assets under construction for future productive use, which are included in the cost of those assets where they are regarded as an adjustment to interest costs on foreign currency borrowings;
- (ii) exchange differences on transactions entered into in order to hedge certain foreign currency risks; and
- (iii) exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned or likely to occur, which form part of the net investment in a foreign operation, and which are recognised in the foreign currency translation reserve and recognised in profit or loss on disposal of the net investment.

(c) *Goods and services tax*

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- (i) where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- (ii) for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified within operating cash flows.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)**(d) Financial assets**

Investments are recognised and derecognised on trade date where the purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value, net of transaction costs except for those financial assets classified as at fair value through profit or loss which are initially measured at fair value.

Subsequent to initial recognition, investments in subsidiaries are measured at cost less impairment, if any, in the Company's financial statements. Subsequent to initial recognition, investments in associates are accounted for under the equity method in the consolidated financial statements and the cost method in the Company's financial statements.

Other financial assets are classified into the following specified categories: financial assets 'at fair value through profit or loss', financial assets, and 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or, where appropriate, a shorter period.

Interest income is recognised on an effective interest rate basis for debt instruments other than those financial assets 'at fair value through profit or loss'.

Loans and receivables

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method less impairment.

Impairment of financial assets

Financial assets, other than those at fair value through profit or loss, are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that as a result of one or more events that occurred after the initial recognition of the financial asset the estimated future cash flows of the investment have been impacted.

The carrying amount of financial assets including uncollectible trade receivables is reduced by the impairment loss through the use of an allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognized through profit and loss.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(d) *Financial assets (cont'd)*

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial assets and also recognises collateralised borrowings for the proceeds received.

(e) *Impairment of tangible and intangible assets*

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

(f) *Employee benefits*

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave, and sick leave when it is probable that settlement will be required and they are capable of being measured reliably.

Provisions made in respect of short term employee benefits are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Provisions made in respect of long term employee benefits are measured as the present value of the estimated future cash outflows to be made by the consolidated entity in respect of services provided by employees up to reporting date.

Defined contribution plans

Contributions to defined contribution superannuation plans are expensed when employees have rendered service entitling them to the contributions.

For personal use only

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)**(g) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that the Company will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(h) Financial instruments issued by the Company**Other financial liabilities**

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 2, management is required to make judgments, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates. Impairment of receivables and impairment of goodwill are two key areas of estimates and judgements. Refer to Notes 11 and 18 for further details. Additionally, the estimates related to the revaluation of property plant and equipment and investment property are also key areas of estimates and judgements. Refer to Notes 15 and 17 for further details.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

4. SEGMENT INFORMATION

Identification of reportable operating segments

The consolidated entity is organised into two operating segments: fabric and garments. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments and management do not review information by geographic segment nor do they review segment assets or liabilities

Revenues of US\$48,736 thousand (2016: US\$53,684 thousand), US\$48,146 thousand (2016: US\$51,810 thousand) and US\$31,151 thousand (2016: US\$29,106) are derived from three single customers of the Company. Each of these separate revenues amount to more than 10% of the Company's revenues from external customers.

The directors' review EBIT (earnings before interest and tax). The accounting policies adopted for internal reporting to the directors are consistent with those adopted in the financial statements.

The information reported to the directors is on at least a monthly basis.

Types of products and services

The principal products and services of each of these operating segments are as follows:

Fabric	the manufacture and wholesaling of fabric
Garments	the manufacturing and wholesaling of garments

Intersegment transactions

Intersegment transactions were made at market rates. The garment retailing operating segment purchases fabric from the fabric manufacturing operating segment. Intersegment transactions are eliminated on consolidation.

5. REVENUE

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, stock rotation, price protection, rebates and other similar allowances.

Sale of goods

Revenue from the sale of goods is recognised when the goods are delivered to buyers' forwarders which is taken to be the point in time when the buyers have accepted the goods and the related risks and rewards of ownership.

Rendering of services

Rendering of services is commission income recognised upon completion of services rendered to fabric suppliers and garments manufacturers.

Interest income

Interest income is recognised on a time proportionate basis that takes into account by applying the effective interest rate.

Rental income

Rental income from operating leases is recognised on a straight-line basis over the lease term.

10. INCOME TAXES

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or tax loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items. In principle, deferred tax liabilities are recognised for all taxable temporary differences. However, deferred tax liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities (other than as a result of a business combination) which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, branches and interest in joint ventures except where the consolidated entity is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities reflects the tax consequences that would follow from the manner in which the consolidated entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company/consolidated entity intends to settle its current tax assets and liabilities on a net basis.

10. INCOME TAXES (cont'd)

Current and deferred tax for the period

Current and deferred tax is recognised as an expense or income in the Consolidated Statement of profit or loss and other comprehensive income, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where the current or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

(a) Income tax recognised in profit or loss

	Consolidated 2017 US\$'000	2016 US\$'000
Tax expense comprises:		
Current tax expense in respect of the current year	685	674
Deferred tax expense in respect of the current year	625	839
Under provision of deferred tax in prior financial year	(825)	182
Adjustments recognised in the current year in relation to prior years	(201)	(46)
Total tax expense	284	1,649
The prima facie income tax expense on pre-tax accounting profit from operations reconciles to the income tax expense in the financial statements as follows:		
Profit from operations	4,477	6,476
Income tax expense calculated at 30%	1,343	1,944
Effect of expenses that are not deductible in determining taxable profit	590	613
Effect of income not assessable for tax purposes	(65)	(219)
Effect of tax allowance	(119)	(118)
Effect of tax losses not recognised	14	25
Effects of different tax rates of subsidiaries operating in other jurisdictions (i)	(483)	(753)
Under provision of deferred tax in prior financial year	(825)	182
	455	1,674
Other	30	21
	485	1,695
Adjustments recognised in the current year in relation to the current tax of prior years	(201)	(46)
Income tax expense recognised in profit	284	1,649

- (i) The tax rate used in the above reconciliation is the corporate tax rate of 30% payable by Australian corporate entities on taxable profits under Australian tax law. There has been no change in the corporate tax rate when compared with the previous reporting period. However, for the purposes of tax reconciliation, certain subsidiaries were operating in Singapore, Malaysia and Hong Kong, in which these entities are taxed at the respective local tax rates.

Unrecognised deferred tax assets in relation to tax losses at year end amounted to approximately \$935,000.

The average credit period on sales of goods and rendering of services is 60 days. No interest is charged on the trade receivables outstanding balance.

Before accepting any new customers, the Group uses an external scoring system to assess the potential customer's credit quality and defines credit limits by customers. Limits and scoring attributed to customers are reviewed twice a year. 99% of the trade receivables that are neither past due nor impaired have the best credit scoring attributable under the external credit scoring system used by the Group.

Included in the Group's trade receivable balance are debtors with a carrying amount of US\$325 thousand (2016: US\$435 thousand) which are past due at the reporting date. There has been no significant change in credit quality and all amounts are considered recoverable. The Group does not hold any collateral over these balances.

* Includes the provision for doubtful debts for Trade Receivables, both current and non-current. The Group has made a full provision of US\$613 thousand for one of the customer which filed for Chapter 11 bankruptcy in the United States.

The provision made to one of the buyers who owed an amount for more than 5 years has been written off in this financial year.

In determining the recoverability of trade receivables, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the reporting date. Credit risk is concentrated with a few significant counterparties.

Provision for impairment of receivables – estimates and judgements

The Group assesses impairment at the end of each reporting period by evaluating the conditions and events specific to the Group that may be indicative of impairment triggers.

The GLIT Receivables carrying value is estimated to be recoverable on the basis that GLIT continues to operate as our outsourced manufacturing partner dedicated to serve the day-to-day needs of GLG Corp. It is assumed that GLIT has sufficient resources, financial and otherwise to support the order fulfilment processes in the factories, with guidance and loadings from GLG Corp. The valuation of GLIT receivable is evaluated to be recoverable based on the assumption specifically on the accessibility of trust receipts available for offset and the amount of available collateral in place. The acquisition of Ghim Li Fashion (M) Sdn Bhd by the Group on 30 June 2017 resulted in the decrease in GLIT Receivable by US\$5 million for the purchase consideration of this acquisition.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

(ii) The loan owed by related parties consist of:

(a) US\$1,871 thousand of rental deposit paid for the 10 years lease rental from Ghim Li Group Pte Ltd (2016: US\$1,871 thousand).

(b) Terms loan repayable over 10 years at fixed interest rate of 2% p.a. commencing January 2016 was fully settled in FY2017 (2016: US\$462 thousand).

13. INVENTORY

Inventories are valued at the lower of cost and net realisable value. Costs, including an appropriate portion of fixed and variable overhead expenses, are assigned to inventory on hand by the method most appropriate to each particular class of inventory, valued on a first in first out basis. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

15. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, are carried in the Statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Assets are pledged as security – refer further to Note 20.

Land and buildings are initially recognized at cost. Freehold land is subsequently carried at the revalued amount less accumulated impairment losses. Buildings and leasehold land are subsequently carried at the revalued amounts less accumulated depreciation and accumulated impairment losses.

Depreciation is provided on property, plant and equipment, including freehold buildings. Depreciation is calculated on a straight line basis so as to write off the net cost or other revalued amount of each asset over its expected useful life to its estimated residual value. Leasehold improvements are depreciated over the period of the lease or estimated useful life, whichever is the shorter, using the straight line method. The lease period is for 60 years, ending 2050. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period. The following estimated useful lives are used in the calculation of depreciation

15. PROPERTY, PLANT AND EQUIPMENT (cont'd)

Building on freehold land	50 years
Leasehold properties	Over term of lease
Plant and machinery	10 years
Furniture, fittings and office equipment	3-10 years
Motor vehicles	5-10 years

Assets and liabilities measured at fair value include:

- Freehold and leasehold land and buildings - Level 3

Freehold and leasehold land and buildings of the Company were revalued on 30 June 2017 by One Asia Property Consultants (KL) Sdn. Bhd, an external, independent and registered valuer. The comparison method was adopted in arriving at the market value of the freehold and leasehold land and buildings. In estimating the fair value of the properties, the highest and best use of the properties is their current use. There has been no change to the valuation technique as compared with previous financial year and revaluations are done on an annual basis.

Freehold and leasehold land and buildings at valuation are categorised as Level 3 fair value, which has been generally derived using the sales comparison approach. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input to this valuation approach is price per square foot of comparable properties.

Description	Valuation Approach	Unobservable inputs	Range of inputs	Weighted average	Relationship of unobservable inputs to fair value
Property	Sales comparison	Price per square foot	RM23-46 per square foot for land RM30-100 per square foot for building RM = Malaysian Ringgit currency	RM27 per square foot for land RM76 per square foot for building	The higher the price per square foot the higher the fair value

Valuation of land and buildings – estimates and judgements

The Group has determined that the revaluation model is more appropriate for reflecting the value of their land and buildings.

The investment property is located at Lot 7962, Batu 22, Jalan Air Hitam, 81000 Kulai, Johor in Malaysia. It was revalued by One Asia Property Consultants (KL) Sdn. Bhd, an external, independent and registered valuer using the sales comparison method on 30 June 2017, and has been categorised as Level 3 fair value. Revaluations are done on an annual basis. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input to this valuation approach is price per square foot of comparable properties.

The investment property has include those portions of factory and office buildings that are held for long-term rental yields and/or for capital appreciation which are initially recognised at cost and subsequently carried at fair value.

The following table sets out the valuation techniques used to measure fair value within Level 3, including details of the significant unobservable inputs used and the relationship between unobservable inputs and fair value. Changes in fair values are recognised in profit or loss.

18. INTANGIBLE ASSETS (cont'd)

Goodwill – recognition and measurement

All business combinations are accounted for by applying the acquisition method. Goodwill represent the difference between the cost of the acquisition and the fair value of the net identifiable assets acquired and has an indefinite useful life. After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is assessed as part of the Ghim Li Fashion (M) Sdn Bhd CGU. Goodwill is not amortised but is subject to impairment testing on an annual basis or whenever there is an indication of impairment.

Goodwill – estimates and judgements

The Group assesses impairment at the end of each reporting period by evaluating the conditions and events specific to the Group that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions within the CGU. The value in use is based on the cash flow projections for a period of three years. The cash flow projections are based on the FY2018 budget that has been approved by the board with estimated growth rates of 5% for FY19-FY20 with a terminal growth rate of 2.5%. As part of the annual impairment test for goodwill, management assesses the reasonableness of growth rate assumptions by reviewing historical cash flow projections and future growth objectives.

The pre tax discount rate applied to these cash flow projections is 16%. The discount rate has been determined using the weighted average cost of capital which incorporates both the cost of debt and the cost of capital.

The tax rate applied in the valuation model is based on the corporate tax rate in Australia of 30%.

There has been no impairment loss recognised in relation to goodwill.

Management believes that no reasonably possible change in any of the above key assumptions would cause the carrying value of the cash generating unit to materially exceed its recoverable amount.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

26. LEASES

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Group as lessee

Assets held under finance leases are initially recognised at their fair value or, if lower, at amounts equal to the present value of the minimum lease payments, each determined at the inception of the lease. The corresponding liability to the lessor is included in the Statement of Financial Position as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income.

Finance leased assets are amortised on a straight line basis over the estimated useful life of the asset.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Finance lease liabilities

Leasing arrangement

The Group leases motor vehicles and office equipment under finance leases expiring from one to five years. All the leases involve lease payments of a fixed base amount. No contingent rentals were paid during the year (2016: nil)

30. FINANCIAL INSTRUMENTS**a) Capital risk management**

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximizing the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from 2016.

The capital structure of the Group consists of debt, which includes the borrowings disclosed in note 20 and equity attributable to equity holders of the parent, comprising issued capital and retained earnings as disclosed in notes 21 and 22 respectively.

Operating cash flows are used to maintain and expand the group's assets, as well as to make the routine outflows of tax and repayment of maturing debt. The Group's policy is to borrow centrally, using a variety of capital market issues and borrowing facilities, to meet anticipated funding requirements.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

30. FINANCIAL INSTRUMENTS (cont'd)

a) Capital risk management (cont'd)

Gearing ratio

An integral function of the Group's Board is risk management. The Board reviews the capital structure on a semi-annual basis.

The gearing ratio at year end was as follows:

	Consolidated 2017 US\$'000	2016 US\$'000
Debt ⁽ⁱ⁾	64,702	50,866
Cash and cash equivalents	(6,881)	(7,908)
Net Debt	57,821	42,958
Equity ⁽ⁱⁱ⁾	47,094	43,282
Net debt to equity ratio	123%	99%

⁽ⁱ⁾ Debt is defined as long-term and short-term borrowings, as detailed in note 20.

⁽ⁱⁱ⁾ Equity includes all capital, retained earnings and reserves

Cash and cash equivalents	6,881	7,908
Financial liabilities		
Amortised cost	90,282	73,963

c) Financial risk management objectives

The Group co-ordinates access to domestic and international financial markets, and manages the financial risks relating to the operations of the consolidated entity.

The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The use of financial derivatives is governed by the consolidated entity's policies approved by the board of directors, which provide written principles on the use of financial derivatives.

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group minimises its financial risk of changes in foreign currency exchange rate through the natural hedge of matching its revenues and purchases in US dollars and matching of its assets and liabilities in US dollars.

d) Foreign currency risk management

The Group undertakes certain transactions denominated in foreign currencies, hence exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

The carrying amount of the Group's foreign currency denominated monetary assets and monetary liabilities at the reporting date is as follows:

	Liabilities		Assets	
	2017 US\$'000	2016 US\$'000	2017 US\$'000	2016 US\$'000
Singapore dollars	645	791	2,091	917

Australia Dollar	77	85	154	103
	4,646	3,100	3,542	3,228

d) Foreign currency sensitivity analysis

The Group is mainly exposed to movements in the value of Singapore dollars and Hong Kong dollars compared to the US dollar.

The following table details the Group's sensitivity to a 10% increase and decrease in the United States dollar against the relevant foreign currencies. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where the denomination of the loan is in a currency other than the currency of the lender or the borrower. A positive number indicates an increase in profit or loss where the United States dollars strengthens against the respective currency. For a weakening of the United States dollars against the respective currency there would be an equal and opposite impact on the profit, and the balances below would be negative.

30. FINANCIAL INSTRUMENTS (cont'd)

f) Interest rate risk management

The Group is exposed to interest rate risk as entities in the Group borrow funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and define risk appetite; ensuring optimal hedging strategies are applied, by either positioning the Statement of financial position or protecting interest expense through different interest rate cycles.

The Group's exposure to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivative and non-derivative instruments at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates.

At reporting date, if interest rates had been 50 basis points higher or lower and all other variables were held constant, the Group's:

Net profit would increase by US\$77 thousand and decrease by US\$70 thousand (2016: increase by US\$68 thousand and decrease by US\$62 thousand). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings

g) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the Senior Management annually. The Group measures credit risk on a fair value basis.

Trade accounts receivable consist of a number of retail customers located in the United States of America. Ongoing credit evaluation is performed on the financial condition of accounts and, where appropriate, trading within the credit limits or discounting of receivables on non-recourse basis with credit acceptance or insurance in place.

The consolidated entity does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics except to the GLIT receivable as disclosed in Note 11. The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the consolidated entity's maximum exposure to credit risk without taking account of the value of any collateral obtained.

The consolidated entity also faces risks of orders cancellation. This is related to fabric, accessories and manufacturing cost incurred on orders cancelled prior to shipment. The consolidated entity is now exploring credit insurance to cover this risk as well.

h) Liquidity risk management

The consolidated entity manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Included in note 28(b) is a listing of additional undrawn facilities that the Group has at its disposal to further reduce liquidity risk.

Liquidity and interest risk tables

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities and expected maturity for its non-derivative financial assets. The tables have been drawn up based on the undiscounted cash flows of financial assets and liabilities based on the earliest date on which the Group can be required to receive/pay. The table includes both interest and principal cash flows.

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

35. COMMON CONTROL ACQUISITION

On 12 December 2016, Ghim Li International (S) Pte Ltd, a subsidiary of GLG Corp Ltd, acquired 100% of the ordinary shares of Maxim Textile Technology Pte Ltd, a company incorporated in Singapore and Maxim Textile Technology Sdn Bhd, a fabric mill in Malaysia for total consideration of US\$20 million, which includes contingent consideration of US\$7,600 thousand which is eliminated on consolidation. Contingent consideration is based a multiple of excess profit over the next four years and management estimate these targets are achievable. Maxim operates in the fabric division of the consolidated entity.

As both GLG and Maxim entities are under common control of Ghim Li Group Pte Ltd, the pooling of interest method is used.

By executing this acquisition strategy, the Group will have a vertically-integrated textile manufacturing and supply chain business, offering the flexibility to plan for shorter production lead times resulting in speed-to-market advantage to its customers by controlling each step in the value chain.

The acquired business contributed revenues of US\$37,188 thousand and profit after tax of US\$2,339 thousand to the consolidated entity for the financial year ended 30 June 2017. As the business was acquired under common control, the prior comparatives were restated to reflect the acquisition from the earliest reported period. As such the acquired business contributed revenues of US\$35,634 thousand with profit after tax of US\$1,907 thousand to the consolidated entity for the year ended 30 June 2016.

Common Control Business Combination Recognition and Measurement

A business combination involving entities under common control is accounted for under the pooling of interest method since the combining businesses are ultimately controlled by the same party, both before and after the business combination. The assets and liabilities of the combining entities are reflected at their carrying amounts and no adjustments are made to reflect fair values at the date of combination. Goodwill is not recognised as a result of the combination. The income statement reflects the results of the combining entities for the full year, irrespective of when the combination took place. Comparatives are also restated as there has been effectively no change in control. Any difference between the consideration paid and the equity acquired is reflected within equity.

When measuring the consideration transferred in the business combination, any asset or liability resulting from a contingent consideration arrangement is also included. Subsequent to initial recognition, contingent consideration classified as equity is not re-measured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability is re-measured in each reporting period to fair value, recognising any change to fair value in profit or loss, unless the change in value can be identified as existing at the acquisition date.

36. BUSINESS COMBINATION

On 30 June 2017, Ghim Li International (S) Pte Ltd, a subsidiary of GLG Corp Ltd, acquired 100% of the ordinary share of Ghim Li Fashion (M) Sdn Bhd, a company incorporated in Malaysia. This is a business which engages in the manufacturing of garments. With this acquisition, GLG will enhance its manufacturing and supply chain business with additional capacity and gives the Group the ability to offer more control and speed-to market solutions to the Groups end customers. The acquired entity did not contribute to any profit from ordinary activities or revenue for the Group's consolidated results for the year ended 30 June 2017 as the acquisition was on the last day of the year.

The consideration of US\$5 million of the acquisition of Ghim Li Fashion (M) Sdn Bhd from GLIT Holdings Pte Ltd was offset against the receivables due to the Group on 30 June 2017.

Had Ghim Li Fashion (M) Sdn Bhd been acquired by the Group as of 1 July 2016, i.e. a year ago, the acquired entity would have contributed Revenue of US\$6,268 thousand and Profit after tax of US\$261 thousand to the consolidated group for the year ended 30 June 2017.

Transaction costs of US\$18 thousand were recognised in respect to this acquisition, and included in the consolidated statement of profit or loss and other comprehensive income for the year ended 30 June 2017.

As the acquisition was completed on 30 June 2017, the Group has provisionally accounted for the acquisition in the balance sheet as of 30 June 2017. The final position of the fair value of the assets and liabilities acquired will be accounted for within 12 months in accordance with AASB 3 – Business Combinations.

Details of the acquisition are as follows:

	Fair value \$'000
Consideration	
- Offset against GLIT receivable in Note 11	5,000
Total consideration	5,000
Net identifiable assets acquired	
- Cash	144
- Trade and other receivables	2,383
- Inventories	260
- Other current assets	433
- Property, plant and equipment	1,103
- Trade and other payables	(1,062)
- Finance lease payable	(102)
Net identifiable assets acquired	3,159
Goodwill on acquisition	1,841

NOTES TO THE FINANCIAL REPORT

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2017

36. BUSINESS COMBINATION (cont'd)

Business Combinations Recognition and Measurement

Business combinations occur where an acquirer obtains control over one or more businesses.

A business combination is accounted for by applying the acquisition method, unless it is a combination involving entities or business under common control. The business combination will be accounted for from the date that control is obtained, whereby the fair value of the identifiable assets acquired and liabilities (including contingent liabilities) assumed is recognized (subject to certain limited exemptions). The excess of consideration over the fair value of net assets acquired is represented by goodwill.

All transaction costs incurred in relation to business combinations, other than those associated with the issue of a financial instrument, are recognised as expenses in profit or loss when incurred. The acquisition of a business may result in the recognition of goodwill or a gain from a bargain purchase.

37. SUBSEQUENT EVENTS

There has been no subsequent events after the year ended 30 June 2017 to the date of this report.
