ASX and Media Announcement

15 March 2018

APPOINTMENT OF TONY MACKAY AS DIRECTOR

Pursuant to the earlier announced investment made into Kryptos-X, a cryptoasset exchange founded by Tony Mackay, Fatfish Internet Group Limited (ASX Code: FFG) ("the Company") is pleased to announce that FFG has today appointed Tony Mackay as a non-executive director.

Tony Mackay is a respected Australian entrepreneur and executive who has an extensive track-record across global capital markets, especially in Asia and Europe. Tony is best known as the founding CEO and Chairman of Chi-X Europe and Global, the alternative stock trading platforms that disrupted securities trading across Europe, Australia, Canada, and Japan. Chi-X Europe went on to become the largest trading venue for European securities within 3 years of commencement with a market share of over 20% in the major markets. In 2011 Chi-X Europe was bought by US Stock Exchange BATS, which was itself bought by CBOE this year.

FFG welcomes Tony to its Board and will be looking to Tony for advice in developing further applications of blockchain and cryptocurrency technology in the global financial market.
