

ASX Release

23 May 2019

Company Update - Suspension from Official Quotation

As announced on 14 May 2019, Animoca Brands Corporation Limited (the “**Company**”) has requested a voluntary suspension of trading in its securities. This request is related to a capital raising by one of the Company’s subsidiaries.

The Company has since become aware that certain shares issued in April 2019 were, inadvertently, not accompanied by the issue of a cleansing document to permit immediate trading of these shares.

While it has received no related complaints, the Company is taking steps to rectify this oversight as quickly as possible. As part of this process, the Company is preparing an application to the Federal Court to seek relief and orders pursuant to the Corporations Act to validate any prior trading in the relevant shares. The Company is also preparing a cleansing prospectus to cleanse the relevant shares so that subsequent trading is not subject to secondary trading restrictions under the Corporations Act.

The ASX has advised that the Company’s securities will remain suspended until the above matters are completed. The Company is taking all necessary steps to rectify the situation as quickly as possible, and will provide further updates in due course.

The Company otherwise continues to conduct its business activities in the ordinary course and will continue to inform the market on relevant developments concerning its operations.

-END
