

ASX Announcement – 5 June 2019

Site Works Commence at Ardmore

Centrex Metals Limited (ASX: CXM) (“Centrex” or the “Company”) is pleased to announce that work has commenced at the Company’s flagship Ardmore Phosphate Rock project in north west Queensland. The site works are being undertaken in preparation for the arrival of the Start-Up Plant that is currently en route to site (see ASX release 30 April 2019). Delivery is expected to occur in June 2019.

CAPTION: Earthworks commence at the Start-Up Plant location at Ardmore

Chief Executive Officer Comment

Centrex CEO Simon Slesarewich said: “The Company is very pleased to commence works at Ardmore in preparation for the delivery of the Start-Up Plant. This marks an historic milestone for the Company as we embark on our journey towards full scale production at Ardmore. The trial mine will deliver bulk samples to priority customers to confirm the high-quality phosphate product from Ardmore and underpin future offtake negotiations next year.”
