ASX Announcement

U.S. OTC Market Listing Update

The Board of Directors of Fatfish Blockchain Limited ("**Fatfish**", "**FFG**" or the "**Company**") wishes to inform the market that the Company's share listing on the OTC Market in the U.S. shall be transferred from the OTCQB segment to the Pink Open Market segment, effective 1 July 2019.

The Pink Open Market segment provides U.S. based brokers a platform for transparent trading and execution in any security. There are no financial standards or disclosure requirements. A wide spectrum of companies are traded on this market, including foreign companies that limit their disclosure in the U.S. The Company arrived at this decision upon reviewing its cost-benefit analysis with regards to its disclosure requirements for the U.S. OTC Market.

The transition does not affect the Company's operation and does not change the Company's reporting requirements under the ASX listing rules.
