8VIC Appendix 4C & Quarterly Activity Report

15 July 2020, Singapore

8VIC Holdings Limited ("8VIC" or the "Group") releases its cash flow report for the quarter ended June 2020 (Appendix 4C) and provides an update on the key areas of activity during the quarter ended 30 June 2020.

First Quarter FY2021 Results: Earnings Up S\$1.9m (unaudited)

- The digital transition for 8VIC was accelerated as a result of the global COVID-19 situation, where the Group rapidly shifted its operations and services online fully by early April 2020 while contending with the various lockdown and movement restriction worldwide.

With the seamless integration of signature programmes, post-programme support and subscription onto the VI platform, the Group continued with the sale and subscription of its proprietary smart, investing analysis tool, VI App and its range of online financial education programmes through VI College.

The adoption of technological application and solution by 8VIC has allowed efficient delivery of products and services beyond geographical boundaries despite the global pandemic, thus allowing the team to operate remotely, and yet achieve massive breakthrough in its operations and financials, generating high-quality recurring revenue, positive cashflow and an all-time high cash receipt from customers for the quarter.

- With Acquisition, Retention and Technology Development at our core, the team has continued to focus on its respective user outreach and experience digitally, which resulted in a significant increase of online programme enrolments, subscriptions and engagement rates for the quarter as the global population stayed home as part of efforts to combat the spread of COVID-19.
- For VI App, the acquisition and retention rates improved with an overall growth in users, page views and subscribers from the previous corresponding quarter. The key performance indicators for VI App are as shown in the table below:

VI App	CMGR	LTM
Total User Growth Rate	11%	262%
Page View Growth Rate	18%	656%
Subscriber Growth Rate	16%	486%

- **8VIC** continued to expand and operate in Taiwan and Shanghai; while testbed offices in Thailand and Australia were wrapped up in line with the Group strategy of focusing on our core positions and well-adapted English, Chinese and Malay language-speaking markets.
- Earnings (unaudited) increased by S\$1.9 million to S\$1.5 million in first quarter FY2021, compared to loss of S\$0.4 million in first quarter FY2020.
