ASX ANNOUNCEMENT

24 July 2020

Results of \$14.3 million institutional placement to support near-term growth

- Results of placement, raising \$14.3 million
- Proceeds from capital raising will be used to fund the Cann business while it pursues near-term growth opportunities

24 July 2020 – Cann Group Limited (ASX: CAN) (**Cann** or the **Company**) is pleased to confirm that it has completed the settlement and allotment of the shares pursuant to the institutional placement (**Placement**) as announced by the Company on Friday 17 July 2020 and which closed on Thursday 16 July 2020.

Placement Results

The Company received applications for 35,750,000 new fully paid ordinary shares (**New Shares**) amounting to total subscriptions of \$14,300,000 under the Placement.

In identifying investors to participate in the Placement, the Company looked to approach existing shareholders whose holdings were of a size where participation under the SPP would be insufficient to maintain their pro-rata ownership. In addition to this, the Company approached a broad range of institutional investors. Due to significant interest received in the offer, significant scale back was required when allocating available securities. The allocation policy sought to provide existing shareholders who bid into the Placement with their pro-rata allocation. Beyond this, remaining securities available under the offer were allocated to new shareholders, with a focus on investors who had expressed a desire to be long term supporters of the Company.

The proceeds from the Placement will be used to provide working capital to support the Company's near-term growth plans. Since announcing a strategic re-set in January 2020, Cann has secured multiple new offtake and supply agreements which support short-term revenues and de-risk its expansion plans.

New Shares issued under the Placement will be issued under Cann's available capacity under ASX Listing Rule 7.1 and in reliance on the ASX's COVID-19 temporary class waiver (**Class Waiver**).

The Company intends to hold an extraordinary general meeting (**EGM**) to obtain the requisite approval. Details of the EGM will be provided to shareholders shortly.
