Indian MOD Data Network Protection Project Update – Shipments to End User generating additional circa A\$2.6m in cash

Ava Risk Group Limited (ASX: AVA) (Ava Group or Company) today provides the following market update with respect to the large-scale supply of FFT's SecureLink technology to protect data communications cables for the Indian Ministry of Defence (IMOD):

- Balance of 400 units from the first tranche of 600 (25% of total order) have been shipped to the End User
- US\$1.9m (A\$2.6m) due to be received by Ava Group in November 2020

Ava Group is pleased to advise, that it has received notification that the remaining units from tranche 1 have now been shipped to the End User. This means that all 600 units of Tranche 1 (~25% of the IMOD project) have been manufactured, successfully passed Factory Acceptance Testing, and have been shipped to the End User. Manufacturing has continued in July 2020 and to date we have issued licences for an additional 50 systems generating a further US\$0.2m (A\$0.3m) in revenue.

Ava Group CEO Rob Broomfield said:

"Confirmation that all 400 units from the last batch of Tranche 1 have been shipped to the End User is great news. This will provide Ava Group with a circa A\$2.6m boost in November to our already strong cash position. Furthermore, the supply chain has been activated and manufacturing activities have commenced for Tranche 2 which we expect will all be fulfilled within FY2021, generating a further US\$5.4m (A\$7.5m) in revenues."
