APPENDIX 4E

PRELIMINARY FINAL REPORT

YEAR ENDED 30 JUNE 2021

Review of Operations

Business Overview

Quantum Health Group Limited (Quantum) is a leading distributor and service provider of high technology medical equipment across Asia. Quantum has direct subsidiaries operating in Australia, New Zealand, Korea, Thailand, Philippines and China representing leading global manufacturers such as Philips, Samsung, Carestream, IBA and Accuray specialising in Radiology, Oncology, Women's Healthcare and Medical IT markets.

Quantum's focus has been to grow its medical technology distribution platform across Asia both organically and through identifying strategic EPS accretive acquisitions in the region. Quantum has a large installed base of over 3,500 systems that can generate ongoing high-margin revenue streams. Quantum has been investing in further expansion of its healthcare operations across Asia, including further investments into a distribution business in Vietnam.

Quantum is also identifying opportunities and investing in its own intellectual property to fully capitalise on this healthcare platform in the future. As part of this initiative, Quantum manufactures energy-efficient water sterilisation systems and is developing AI and Internet of Things (IoT) based healthcare security systems for aged care and healthcare institutions.

With the sustained growth in our business, Quantum did not seek Job-keeper assistance during this financial year. Quantum is exploring new initiatives to seek growth opportunities in this COVID-19 impacted market. Our current expectation remains that COVID-19 will not materially impact our business.

Throughout the year Quantum has further invested in the global alignment of its management tools and processes including the implementation of NetSuite's OneWorld ERP system and HSBC Business Banking across all our global subsidiaries.

Financial Results Summary

The Board of Directors are pleased to advise that Quantum Health Group Limited has delivered a strong trading result consistent with our expectations for the year ended 30th June 2021 as follows:

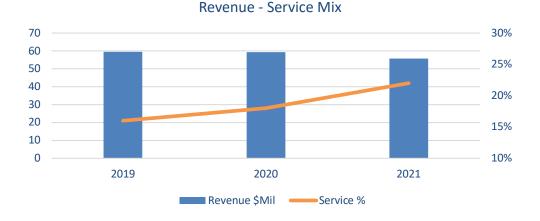

Stronger Cash Position

Receipts from customers increased by 4.7% to \$65.1 million in the year to 30 June 2021 compared to \$62.2 million in the corresponding period in 2020.

Quantum's cash balance as of 30 June 2021 has increased to \$11.9 million. During the year, Quantum has repaid loans to the sum of \$1.6 million, reducing the current total debt to \$7.4 million resulting in a positive cash position at 30 June 2021.

Shift to Higher Margin, Recurring Service Model

Quantum has been actively realigning its business mix to a reoccurring, higher margin service model which resulted in a small decline in revenue of 6% but significantly increased the operating profits by 25%, as shown below.

During 2020, Quantum acquired the service businesses of Carestream in Australia, New Zealand and Philippines which significantly increased our service install base to over 3,500 systems. This also contributed to the shift to a higher gross margin service model.

Financial Position

The net assets of the consolidated group have increased to \$47,275,000 as of 30 June 2021, compared to \$40,928,000 as of 30 June 2020. The Directors believe that the group is in a strong and stable financial position to expand and grow its current operations.

General

There were no significant changes in the nature of the group's principal activities.

EPS and Diluted EPS

The gain per share for the current financial year was 0.60 cents as compared with a gain per share of 0.49 cents in the previous corresponding period. The diluted gain per share was 0.60 cents as compared with a gain per share of 0.48 cents in the previous corresponding period.

Future Results

The Company is unaware of any factors which are likely to affect results in the future outside any impact of the COVID-19 pandemic noted above.

Audited Accounts

This report is based upon accounts that are in the process of being audited.

Lodgement Extension

ASIC has extended the deadline for ASX listed entities to lodge financial reports by one month. The extended deadline may be utilised to alleviate any pressure on resources for the audit considering challenges presented by COVID-19 conditions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This preliminary final report has been prepared in accordance with ASX Listing Rule 4.3A and the disclosure requirements of ASX Appendix 4E.

The accounting policies have been consistently applied by the consolidated entity and are consistent with those applied in the 30 June 2020 annual financial report, other than as noted below.

New, revised or amending Accounting Standards and Interpretations adopted

The Group has applied all new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period. The main new Accounting Standards and Interpretations that became effective during the comparative reporting period are as follows:

AASB 16 Leases

The Group has adopted AASB 16 from 1 July 2019 which replaces AASB 117 'Leases' and for lessees eliminates the classification of operating Jeases and finance leases.

Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding liabilities are recognised in the balance sheet. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets and an interest expense on the recognised lease liabilities. In the earlier periods of the lease, the expenses associated with the lease under AASB 16 will be higher when compared to lease expenses under AASB 117. However, EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation) results improve as the operating expense is now replaced by interest expense and depreciation in profit or loss. For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred and an estimate of costs expected to be incurred for dismantling and removing the underlying asset and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Right-of-use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

Lease liabilities

A lease liability is recognised at the commencement date of the lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate and any anticipated termination penalties.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future leased payments arising from a change in an index or a rate used; lease term; certainty of termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of-use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

There are no other Standards that have been issued that are not yet effective and that are expected to have a material impact on financial reports of the Group in the current or future reporting periods.

NOTE 2: REVENUE AND OTHER INCOME

| | | 2020 |
|---|---------------|---------------|
| | \$'000 | \$'000 |
