ASX Announcement

TZ receives over a million dollars in new contracts in Australia

TZ Limited (the 'Company') (ASX: TZL) is pleased to announce it has received the first of many purchase orders for the supply of TZ Electronics and Software Services for 2,800 smart lockers for the new high rise Chevron Corporation headquarters in Perth, Western Australia.

This contract comes off the back of TZ successfully being awarded the tender to supply hardware and software solutions to support 2,000 Smart Storage Lockers at the global headquarters of CSL Ltd in Melbourne.

In addition, TZ continues to be a valued supplier to the data centre industry in Australia. NextDC's new S3 site (still under development) and Macquarie Telecom's IC3, have placed orders for the supply of TZ's DC Cabinet electronic locking and access controls. TZ has seen a doubling of its data centre sales in the last 12 months.

"It's been a busy first 30 days but I am excited to develop new client relationships as well as to be continued valued partners for our existing clients".

"The company is certainly benefitting from changes to the workplace post Covid" - new CEO Mario Vecchio

Authorised for release by the Board of Directors.
