**Alliance Resources Limited**  
**Directors' report**  
**31 December 2021**

The Directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Consolidated Entity') consisting of Alliance Resources Limited (referred to hereafter as the 'Company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2021.

**Directors**

The following persons were Directors of the Company during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Ian Jeffrey Gandel  
Kevin John Malaxos  
Anthony Dean Lethlean  
Stephen Frederick Johnston (resigned 22 February 2022)

**Principal activities**

The principal activities of the Consolidated Entity during the six months ended 31 December 2021 were exploring its projects in South Australia (Wilcherry Project) and Western Australia for gold and base metals.

**Review of operations**

The loss for the Consolidated Entity after providing for income tax amounted to \$757,000 (31 December 2020: \$673,000).

During the period, the Consolidated Entity released its Annual Report for the year to 30 June 2021. It also released its Quarterly Activities Reports to 30 June 2021 and 30 September 2021, with significant events as follows:

*Wilcherry Project*

The Company through its wholly owned subsidiary, Alliance (Eyre) Pty Ltd ('Eyre'), owns the Wilcherry Project 100%. The Project is located within the southern Gawler Craton on the northern Eyre Peninsula, South Australia and comprises seven exploration licences over approximately 1,470 km<sup>2</sup>. The highest priority exploration target is the Weednanna Gold Deposit (Weednanna). The half year highlights from the Wilcherry Project include:

- A 9 hole, 1,605.6 metre diamond drill program completed at the Wilcherry Project to provide geotechnical information for construction of the processing plant and provide valuable information of the potential depth extensions to the Weednanna ore shoots and core for research and geotechnical purposes.
- The Research Project with CSIRO to undertake analysis of the Weednanna Au-Fe deposit genesis continued during the December quarter. The distribution and timing of alteration mineralogy at the deposit has been broadly mapped and linked to geochemical data. Diamond core will be used to link the alteration mineralogy to gold mineralisation and constrain the paragenesis of the deposit.
- A 47 hole, 6,180 metre RC drill program completed at the Weednanna deposit to test for extensions of gold mineralisation at Shoot 8, upgrade the gold resource in the Shoot 3 area from Inferred to Indicated category, and test for mineralisation between Shoots 7, 8 and 3.
- Project design work continued with preliminary underground development and stope designs produced. Progress continued on redesign of the Processing circuit to account for iron only processing, gold processing and gold and iron processing. Options are being considered to capture iron mineralisation in the gold feed prior to the tailings storage facility.
- Following evaluation of alternative / Green energy solutions for the Weednanna Project, the decision was made to advance to stage 2 of the project which entails collection of site specific wind and solar energy data. A SoDAR monitoring unit was installed onsite to collect wind speed and direction data and solar energy potential. The unit will remain onsite initially for 6 months to determine if incorporating wind and or solar power generation is economic for the project. Options assessed include PV (solar) with battery storage, wind generation, conventional diesel generation and combinations of all three options.
- The Bonza Prospect nickel sulphide exploration target was identified from analysis of historic RC drill chips at the Wilcherry Project. Petrographic analysis of drill chips confirm the presence of primary nickel sulphide (pentlandite) hosted in komatiitic ultramafic rocks. Regional geophysical data sets are being reviewed to plan a moving loop electromagnetic survey.

**Alliance Resources Limited**  
**Directors' report**  
**31 December 2021**

*West Australian Gold-Nickel Projects (Alliance 100%)*

The Nepean West Project is located approximately 65 km southwest of Kalgoorlie, Western Australia.

- Aboriginal heritage survey completed at Nepean West Project to provide for initial aircore drill testing of two priority gold exploration target areas.

The Kalgoorlie South Project is located approximately 15 km south of Kalgoorlie, Western Australia.

- Aeromagnetic survey completed at Kalgoorlie South Project to identify conceptual structural gold exploration targets. Data being interpreted by Alliances' geophysical consultants.

**Corporate**

During the reporting period:

*Cash reserves*

The Consolidated Entity had available cash reserves of approximately \$988,000 at 31 December 2021.

*Investment in Tyranna Resources Limited*

As at 31 December 2021 the Consolidated Entity holds 153,117 ordinary shares in Tyranna Resources Limited (TYX). In July 2021, the Company's investment in TYX was sold down resulting in the receipt of approximately \$78,000 and a realised loss of \$334,000.

**Significant changes in the state of affairs**

There were no significant changes in the state of affairs of the Consolidated Entity during the financial half-year.

**Matters subsequent to the end of the financial half-year**

The Company completed a capital raising of approximately \$3.38 million (before costs) post half-year end.

On 22 February 2022, the board of Alliance received an intention to make an off market takeover bid (TOB) from Gandel Metals Pty Ltd (GM) to acquire all of the ordinary shares of the Company that GM and its associates do not already own for AUD\$0.18 per share. GM is controlled by Mr Ian Gandel, who is the non-executive chairman of AGS. The proposed TOB is conditional and GM has two months (from 22 February 2022) to lodge the Bidder's Statement with ASIC and send it to Alliance, Alliance Shareholders and ASX.

On 22 February 2022, non-executive director Mr Stephen Johnston tendered his resignation as a director of the board.

No other matter or circumstance has arisen since 31 December 2021 that has significantly affected, or may significantly affect the Consolidated Entity's operations, the results of those operations, or the Consolidated Entity's state of affairs in future financial years.

**Rounding of amounts**

The Company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this Directors' report.

**Alliance Resources Limited**  
**Directors' report**  
**31 December 2021**

This report is made in accordance with a resolution of Directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

## **Note 1. Significant accounting policies**

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

### **New or amended Accounting Standards and Interpretations adopted**

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

### **Going concern**

For the half-year ended 31 December 2021, the Consolidated Entity made a loss after taxation of \$757,000 and had net cash outflows from operating activities of \$438,000, net cash outflows from investing activities of \$1,870,000 and net cash outflows from financing activities of \$10,000. At 31 December 2021, the Consolidated Entity reported cash and cash equivalents of \$988,000 as compared to \$3,306,000 at 30 June 2021.

Based on planned and committed expenditure, the Consolidated Entity will need to raise additional capital within the next 12 months to fund its activities. These conditions indicate a material uncertainty that may cast significant doubt about the ability of the Consolidated Entity to continue as a going concern. The directors have prepared the financial statements on a going concern basis, which contemplates the continuity of normal business activity, the realisation of assets and the settlement of liabilities through the normal course of business for the following reasons:

- The Consolidated Entity has cash reserves of \$3.51 million as at 11 March 2022, after the successful completion of its recent capital raise of \$3.38 million (before costs).
- The Consolidated Entity has a history of successfully raising funds. The Consolidated Entity also has the ability to raise further capital without shareholder approval under ASX Listing Rules 7.1 and 7.1A.
- The Consolidated Entity has prepared a twelve-month cash flow budget which includes additional cash outflows for exploration activity, which can be deferred in part if there are delays in raising capital or insufficient capital is raised to fund forecast expenditure.

On the basis that sufficient funding is expected to be raised to meet the Consolidated Entity's expenditure forecasts, the directors consider that the Consolidated Entity remains a going concern and these financial statements have been prepared on this basis.

Should the Consolidated Entity be unable to continue as a going concern it may be required to realise its assets and discharge its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount of liabilities that might result should the consolidated entity be unable to continue as a going concern and meet its debts as and when they fall due.

**Note 2. Operating segments**

The Consolidated Entity operates in the mineral exploration and mining industry in Australia.

The Consolidated Entity has adopted AASB 8 Operating Segments whereby segment information is presented using a 'management approach'. Management has determined the operating segments based on the reports reviewed by the Board of Directors that are used to make strategic decisions. The Consolidated Entity operates predominately in one geographical location. The Consolidated Entity does not have any operating segments with discrete financial information. The Consolidated Entity does not have any customers, and all the Consolidated Entity's assets and liabilities are located within Australia.

The Board of Directors review internal management reports on a monthly basis that is consistent with the information provided in the statement of profit or loss and other comprehensive income, statement of financial position and statement of cashflows. As a result no reconciliation is required because the information as presented is what is used by the Board of Directors to make strategic decisions including assessing performance and in determining the allocation of resources.

**Ordinary shares**

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the Company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the Company does not have a limited amount of authorised capital.

On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

**Note 10. Equity - dividends**

There were no dividends paid, recommended or declared during the current or previous financial half-year.

**Note 11. Fair value measurement**

*Fair value hierarchy*

The following tables detail the Consolidated Entity's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

Assets				
Ordinary shares	149	-	-	149
Total assets	149	-	-	149

There were no transfers between levels during the financial half-year.

**Note 12. Events after the reporting period**

The Company completed a capital raising of approximately \$3.38 million (before costs) post half-year end.

On 22 February 2022, the board of Alliance received an intention to make an off market takeover bid (TOB) from Gandel Metals Pty Ltd (GM) to acquire all of the ordinary shares of the Company that GM and its associates do not already own for AUD\$0.18 per share. GM is controlled by Mr Ian Gandel, who is the non-executive chairman of AGS. The proposed TOB is conditional and GM has two months (from 22 February 2022) to lodge the Bidder's Statement with ASIC and send it to Alliance, Alliance Shareholders and ASX.

On 22 February 2022, non-executive director Mr Stephen Johnston tendered his resignation as a director of the board.

No other matter or circumstance has arisen since 31 December 2021 that has significantly affected, or may significantly affect the Consolidated Entity's operations, the results of those operations, or the Consolidated Entity's state of affairs in future financial years.

**Alliance Resources Limited**  
**Directors' declaration**  
**31 December 2021**

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Consolidated Entity's financial position as at 31 December 2021 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Alliance Resources Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Alliance Resources Limited (the Company) and its subsidiaries (the Group), which comprises the statement of financial position as at 31 December 2021, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2021 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Material uncertainty related to going concern

We draw attention to Note 1 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

### **Responsibility of the directors for the financial report**

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility for the review of the financial report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
