A LETTER FROM THE CHAIR

Dear Fellow Shareholders

MEETING THE CHALLENGES

On behalf of the Board, I am pleased to present the Viva Leisure Limited 2022 Annual Report.

Like many businesses VIVA's operations were again severely impacted by the effects of COVID-19, and the pandemic has now impacted the last three financial years. Despite this, the Company rebounded quickly in the second half to not only recover the pre-COVID membership and revenue metrics, but to exceed them, reflecting the loyalty of our membership base and their desire of the to re-establish fit and healthy lifestyles.

Our recent Bi-Monthly presentation announcements demonstrate the recovery and improvement of the business on all key metrics and sets a good platform for the year ahead.

During the first half of 2022 our staff have endured the difficulties related to further Government mandated closedowns, re-openings, and further closedowns. We do not underestimate the personal toll on our staff, all of whom have shown resilience and understanding during this period. For that we say thank-you.

The continued support of our shareholders is best illustrated by the success of our capital raise early in FY2022 during a period of intermittent club closures and uncertainty. This support is appreciated and is an endorsement of the Company's longer term objectives of growth and growing shareholder return.

Important highlights in the COVID-19 affected results were:

- Total revenues were \$90.8 million compared with \$83.7 million in the financial year ended 30 June 2020, an increase of 8.5%;
- Earnings before Interest, Tax, Depreciation and Amortisation (EBITDA) improved from a loss in the first half of (\$3.8 million) to a gain of \$9.3 million in the second half (full year of \$5.5 million) compared with \$12.0 million in the previous year, excluding the impacts of AASB16;

DIVIDENDS

As set out in the report to shareholders last year and, as foreshadowed in the 2019 Prospectus, reflecting Viva Leisure's growth profile and continuing investment opportunities, the Directors confirm that no dividend will be paid in respect of the 2022 Financial Year.

OPERATING HIGHLIGHTS FOR THE YEAR

Highlights for the year were:

- An increase in corporate owned operating locations/ clubs from 115 to 151, comprising 12 new Greenfield locations, and 25 new clubs acquired from 16 separate acquisitions;
- The opening of two Groundup locations, establishing a new concept which represents first class Yoga, Pilates and Barre formats;

- Viva Leisure corporate owned club membership increased by over 33,500 members;
- The corporatisation of 12 additional Plus Fitness franchised clubs demonstrating the opportunity for the Company to take advantage of the acquisition pipeline.

SOCIAL AND COMMUNITY COMMITMENT

Viva Leisure has again continued its commitment to ongoing support of the local communities in which we operate. That contribution has continued to be necessarily moderated in 2022 by the impact of the pandemic. The Company continues to strive to be a responsible corporate citizen.

BOARD AND MANAGEMENT

I am delighted that Louise Bolger joined the Board in July 2021 and Andrew Burns in April 2022. Both Louise and Andrew have deep corporate and commercial experience and have made a valued contribution since their appointments.

The Board and I appreciate the manner in which our CEO Harry Konstantinou and the executive team have navigated through the difficulties posed by the continual disruption of the COVID-19 pandemic. The continued positivity and sustained determination to continue to strive for the strategic corporate vision, despite these roadblocks, is a testament to Harry, the executive team, and the entire Viva Leisure team of over 1,600 employees.

This was encapsulated in a significant result in the second half, not only exceeding the pre-COVID key metrics but also setting a robust platform for future financial years.

BRUCE GLANVILLE

It was with great sadness that our fellow Board member and Chair, Mr Bruce Glanville passed away unexpectedly in April 2022. Bruce was the founding Chair of the Company in addition to being a trusted advisor to the business for many years prior to listing.

He will be remembered as a dedicated stalwart of the Company, who's drive, dedication, commitment and leadership permitted the Company to expand in a controlled and appropriate manner to where it is today.

On behalf of the Board and the Company we acknowledge Bruce for his incredible work and dedication to Viva Leisure during such important formative years.

In closing, I extend the gratitude of the Board to our shareholders, our team, and our members for their continued support throughout this most challenging year.

Yours sincerely,
RHYS HOLLERAN
Chair

A REPORT FROM THE CEO

Dear Fellow Shareholders,

As I write this in September 2022, my fourth report as CEO, it is encouraging to not be in lockdown due to COVID-19 as was the case with the previous two financial years. Whilst COVID-19 also affected the first half of the 2022 Financial Year, the second half was our best half year of trading, and the start of the 2023 Financial Year has been even more encouraging.

Since listing in June 2019, the business has not had the opportunity to operate a full 12 months without interruptions, however we have used the period to further improve business structures and synergies which has made us stronger for the future.

Viva has achieved some significant milestones during the year, and with the feeling from consumers to live a healthier lifestyle due to the pandemic over the past two and a half years we expect to see the growth in memberships and daily visits by members continue to increase as it has every month since re-opening. As I mentioned in my CEO letter last year, the importance of a healthy lifestyle has never been more important than living through a pandemic, and I truly believe that this now resonates with more and more members of our community.

Key highlights for the year included:

- Direct membership increased 26.6% to 159,546 members, and total membership across all locations increased to 320,161;
- Locations increased 31.3% to 151, adding a further 36 locations during the year, essentially one new location joined the Viva Leisure network every 1.4 weeks of the year;
- Revenue increased to \$90.8 million, an increase of 8.5%; Revenue for H2-FY2022 was \$56.8 million (62.5% of the annualised revenue due to the lockdowns in H1-FY2022);
- EBITDA was \$5.5 million (excluding the impacts of AASB-16) for the full year, however, again was supported by a strong H2-FY2022 which recorded \$9.3 million in EBITDA; and
- June 2022 annualised revenue run rate at \$124.5 million.

OVERVIEW

The year was definitely a story of two halves. The first half of the Financial Year was affected by significant lockdowns which had a direct effect on revenue and thus profitability. However, the second half provided a clear run, and with the direct debit nature of our business quickly recovered revenue and thus profitability with an outstanding result.

Viva Leisure owned and operated 151 locations as of 30 June 2022 (FY21: 115). As of the date of this report, this has increased to 153 locations. This represents an increase of 124 locations in 40 months since our IPO in June 2019. To put this into perspective, this equates to a new location opening or acquired every nine-and-a-half days since we listed.

Together with new club openings and acquisitions during the year, our existing like-for-like locations continued to grow membership and visitations which are two key metrics that we constantly monitor. At 30 June 2022, our like-for-like locations which were open in February 2020 (pre COVID-19 pandemic) had 100% fully recovered and were 3% up in membership, and 8% up in revenue when compared to pre COVID-19 numbers.

The second GroundUp boutique Pilates, Yoga and Barre studio during the year with further locations currently being planned. The GroundUp concept builds on our unique hub and spoke approach to fitness where one size, service and product does not fulfil all members needs and requirements. The average revenue per member per week for a GroundUp membership is approximately \$50, and with over 900 members in our two operating studios provides an excellent return on investment.

Our Plus Fitness brand continues to improve with Systemwide sales now in excess of \$95.5 million, which highlights the strength of the franchise network. Whilst franchise locations has been steady at approximately 200 locations, the management team at Plus Fitness has worked hard to improve the profitability of each franchisee which again helps to strengthen the network and will start to pay dividends as they reinvest into their locations with an improved member experience and look and feel of the clubs. During the year our new Plus Fitness branding was also launched.

AVERAGE REVENUE PER MEMBER PER WEEK AND UTILISATION

My team and I have paid special attention over the past year to growing the Average Revenue Per Member (ARPM) per week which now sits at \$14.59 (June 2022), up from \$13.79 (June 2021). The ARPM is expected to exceed \$15.00 from the end of Q1-FY2023.

Together with increasing ARPM, Utilisation, which is a measure of capacity within our individual facilities has continued to increase from a low of under 60% during COVID, to now average over 69.3% (June 2022) across the portfolio. August 2022 saw this increase to over 70.2%. Improving utilisation rates across the portfolio drives increased margin due to limited additional costs to add new members to an already operating location.

These two metrics will continue to be a focus for our team in FY2023 as we target a long term utilisation average of between 75-80% across the entire portfolio of mature locations (ie: older than 12 months).

MEMBERSHIP

Network Membership (Corporate and Franchisee locations) increased 7.3% during the year to 320,161 members (FY21: 298,376). Direct Membership at corporate owned locations increased 26.6% to 159,546 (FY21: 126,006).

Direct corporate members provide greater revenue and profitability over franchised members and with the membership as of 30 June 2022 now split evenly between franchisee members (50%) and direct corporate owned

members (50%) this will start to provide additional benefits in FY2023. This increase in direct corporate owned members is up from 42% in the previous year.

Membership visits for June 2022 were 1.7 million, or put simply, a member visited either a corporate owned location or franchised location every 1.5 seconds of the day.

TALENT

To support our ambitious future growth, and as we have done in the past, our executive team is focused on attracting the best possible talent, as well as retaining, fostering and offering growth opportunities to our already bright shining stars. Viva Leisure offers a unique career path for anyone who wishes to work in the fitness industry and nearly all of our senior management have come through the ranks and worked their way up. Our business is all about experiences, and these can only be offered sincerely when we have the very best, working in harmony. Our team is highly motivated, excited, and constantly educating and adapting to remain at the forefront.

ACQUISITIONS

During the financial year, we negotiated, settled and more importantly, integrated various acquisitions. In total we acquired 25 new locations, plus the master franchisor of the Rebalance Pilates and Yoga group. We now own 17 corporate Plus Fitness locations in line with our strategy of corporatizing appropriate locations within the Plus Fitness network, which was one of the key drivers in acquiring the master franchisor rights in 2020.

VIVA LABS AND TECHNOLOGY

We have continued to invest in our technology. Our Viva Labs team which builds our software, hardware and smart phone applications all in-house has continued to expand as we look to continue leading the fitness market in creating frictionless joining, membership management, portfolio/brand access and access control experiences unmatched by any other fitness provider in the world.

Over the next financial year, we will undertake our largest investment in technology upgrades since the business was launched some 18 years ago. We are in the final stages of deploying our door access technology into our Plus Fitness network which will provide our franchisees with more revenue opportunities and save on costs at the same time.

THE FUTURE

The future, while extremely exciting, will continue our 'more of the same' model. A model which we have proven over the past 18 years since we opened our first location. Viva Leisure is committed to continue and even accelerate our strategic, controlled and well-planned growth trajectory in all key market segments in which we operate and potentially some new markets we are currently exploring.

We continue to be the only provider with a combination of brands available to us which are suitable in all markets and all price-points, which is something our competitors simply do not offer nor can easily replicate. We are a dynamic business that can pivot, adapt and grow in my opinion faster than any other player in the market, both in Australia and internationally.

I expect in the coming twelve months we will capitalise on our ability to effectively scale nationally without impacting our margins due to the foundations we have established over the past few years.

I look forward to leading the team into the next period of growth, continuing to extend our services into more markets, increasing the opportunities for our team and growing the value of the company for our shareholders. It is encouraging to see so many of our members as shareholders of the business.

BRUCE GLANVILLE

In April 2022, our founding Chair Mr Bruce Glanville passed away unexpectedly. Bruce was a trusted advisor and mentor to me personally and the rest of the executive management team. I had worked with Bruce on and off for over 20 years in multiple business ventures. Without Bruce's persistence, experience, contacts and guidance the business would not be where it is today. He believe as much as I did on the path of listing the business on the ASX, and on the goal of becoming not only the largest but the most profitable health club operator in all the markets in which we serviced.

He will be deeply missed as both a personal friend and mentor, and as the Chair of Viva Leisure.

Bruce, thank you for everything, and rest in peace that your legacy and the foundations you established will live on.

HARRY KONSTANTINO
 Founder, Managing Director and Chief Executive Officer

Viva Labs builds software & hardware to help our members build better bodies and lifestyles.

The Viva Labs team is the technology division of Viva Leisure responsible for ensuring Viva operates at the forefront of fitness and technology.

The team is responsible for our websites (both front and back of house), membership systems, the Viva Pay direct debit processing system, designing and building hardware and software to support the business as well as smart phone applications.

With a member visiting one of our facilities every 1.3 seconds of the day (August 2022), technology is an important aspect of our business to ensure a smooth member experience.

We are more than just a fitness business.

The following persons were Directors of Viva Leisure Limited during or since the end of the financial year:

The Directors of Viva Leisure Limited present their report together with the financial statements of the consolidated entity, being Viva Leisure Limited and its controlled entities (the Group) for the financial year ended 30 June 2022.

RHYS HOLLERAN

Independent Chair

BRUCE GLANVILLE

Independent Non-Executive Director

Independent Chair

Member of the Audit and Risk Committee and People and Culture Committee until retirement

Appointed 12 October 2018
and ceased 7 April 2022

PRINCIPAL ACTIVITIES

The principal activities of the consolidated group during the financial year were the operation of health club services. No significant change in the nature of these activities occurred during the year.

REVIEW OF OPERATIONS AND FINANCIAL RESULTS

Financial highlights for the year:

- Total revenues were \$90,831,726 compared with \$83,718,105 in the financial year ended 30 June 2021;
- Loss before income tax was \$17,140,726, compared to a loss of \$8,793,735 in the financial year ended 30 June 2021;
- Net loss After Tax (NPAT) from continuing operations and attributable to members was \$12,141,191 compared with a financial year ended 30 June 2021 loss of \$6,384,898;
- Cash and cash equivalent reserves is strong at \$10,069,569, down from \$17,290,971 in the financial year ended 30 June 2021; and
- There was a decrease in net assets to \$85,809,917 compared to \$86,352,203 in the financial year ended 30 June 2021

Operational highlights for the financial year:

- An increase in operating locations/clubs from 115 to 151;
- Corporate member numbers increasing from 126,006 at June 2021 to 159,546 at 30 June 2022;

COVID-19 Impacts

Viva Leisure Limited’s clubs were subjected to significant closures during the period of July to October 2021.

The Company took immediate steps to mitigate exposure to ongoing costs and to preserve cash:

- Wage costs reduced significantly by the stand down of significant numbers of staff during this period of closure,
- Rent relief negotiations commenced with landlords for the period of shutdown
- Delayed all un-committed capital works on rollouts
- Funding received through the NSW JobSaver Grant
- Undertook a capital raise to further preserve the cash position

During this period, the Group suffered a significant reduction in revenues, which in turn has affected profits for the period.

In addition, the Plus Fitness business suffered a reduction in Franchise Fees (clubs closed by reason of government direction) and lower than normal territory rollouts due to uncertainty across the sector.

The onset of the Omicron variant then led to a reluctance of members to attend our facilities, suppressed the rate of new members joining and led to an increase of voluntary suspensions by existing members.

Over the period to 30 June, the Viva Group delayed the works on several of its greenfield locations to preserve cash in the uncertain COVID environment, whilst in many cases carrying full rent costs. These delays have deferred club openings into late in the second half of FY2022 and into FY2023.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

During the year, the following significant changes occurred within the Group:

- Completed 16 separate acquisitions (25 clubs) comprising:
 - 12 Plus Fitness sites in Manly, Mona Vale, Rydalmere, and St Marys in NSW; Beerwah, Qld; and Alkimos, Baldvis, Dalyellup, Halls Head, Lathlain, Melville and Mt Lawley, WA
 - The assets of One Health South Morang, Vic and Live Well Gregory Hills, NSW
 - The Master Franchise of the Rebalance Group and assets of the corporate owned sites comprising eight Yoga/Pilates studios in Qld, NSW and Vic
- The assets of My Fitness Clubs in Broadbeach, Noosaville and Sippy Downs, Qld
- Completed a fully underwritten \$11.7m equity raising (before transaction costs) by way of an institutional placement of approximately 7.56m ordinary shares at \$1.55
- Opened 12 new greenfield sites:
 - Six Club Limes in Castle Hill, NSW; Maroochydore and Nundah, QLD; Ballarat, Coburg and Brunswick, Vic
 - Three Hiit Republics in Redcliffe, QLD; Coburg and Ballarat, Vic
 - Plus Fitness in Tuggeranong, ACT
 - Two GroundUps in Belconnen and Yarralumla ACT

- Closed one site in Shellharbour, NSW
- New credit terms were agreed with the Commonwealth Bank of Australia in relation to a \$63.27 million five-year senior secured facility, comprising a \$42.17 million Market Rate Loan facility (currently drawn to \$20.13 million) to assist in financing future acquisitions, a bank guarantee facility and a direct debit facility

EVENTS SUBSEQUENT TO THE END OF THE REPORTING PERIOD

Since the end of the financial year, the Company has entered into binding agreements or completed the following acquisitions:

- Plus Fitness, Hocking, WA

No other matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the consolidated group, the results of those operations, or the state of affairs of the consolidated group in future financial years, other than the impacts of COVID-19 mentioned above.

LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

Likely developments in the operations of the consolidated group and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the consolidated group.

RISK STATEMENT

The Group is committed to the effective management of risk to reduce uncertainty in business outcomes and to protect and enhance shareholder value.

There are a number of risks that could have a material financial impact on the Group; these risks and their mitigation strategies are outlined below:

Covid-19

The Group has considered the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the group based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the group operates. During the first half of the financial year, the Group had its clubs closed across all states and the ACT at various times due mandatory shutdowns imposed by the respective State Governments and there remains uncertainty with respect to future events or circumstances which may continue to impact the financial results of the consolidated entity.

Mitigation Strategies

- Stand down of staff where appropriate
- Negotiate rent relief with landlords
- Delay of capital works to preserve cash

Regulatory risk

If there is a change in any applicable industry regulations, franchising laws or temporary changes legislation such as the shutdown requirements employed through Covid-19 pandemic response (see above), the Group may be affected through additional compliance costs or the inability to provide certain services. This could result in the loss of revenue and customers through lower utilisation and site shutdowns, which may adversely affect the Company’s financial position and performance.

Mitigation Strategies

- Ensure that the Company is up to date with current regulatory matters and decisions.
- Continuous business development and member growth to increase member numbers and utilisation rates.

Protection of intellectual property

The Group maintains many intellectual property assets and risks associated with our IP include the risk that employees or other third parties will breach confidentiality agreements, infringe, or misappropriate the Company’s intellectual property or commercially sensitive information.

Mitigation Strategies

- Ensure that contractual agreements with employees and third parties include appropriate IP protections, including indemnity clauses.
- Administration access limited to select employees.

Disruption risks

Disruption risks for the Group include service outages, inability to handle unanticipated levels of demand during peak times or events, computer viruses, misuse by employees or contractors, or external or malicious interventions, such as hacking. Any disruption or failure of the Groups technology or systems may adversely affect the Company’s operations, achievement of objectives and ultimately, its financial position.

Mitigation Strategies

- Ensure suppliers providing technology services to the Company are reputable and have robust mitigation strategies to manage any issues effectively.
- Continuous monitoring of traffic site, regular server testing and upgrading to handle increasing traffic.
- Redundancies and data backup for all key technology systems.
- 24-hour technology coverage of the website and technology assets to ensure issues are dealt with promptly.

Privacy breaches

Cyber-security incidents may compromise, or breach technology and service platforms used by the Company as part of its ongoing business and result in disclosure of personal or confidential information about the Company, its customers, employees or third parties in breach of Privacy Act 1988 (Cth) (Privacy Act) and the Australian Privacy Principles (APPs). This could result in loss of data integrity, reputational damage to the Company, claims from affected parties, loss of customers, increased regulatory scrutiny or regulatory action.

Mitigation Strategies

- Application of Privacy Principles to the management of personal data.
- Appropriate security regarding use of, and access to, personal data in accordance with the Privacy Act.
- IT security measures such as firewalls, alerts for unauthorised access and encryption of data when it is being transmitted.

Domestic and Global Economic Conditions

The Group is subject to risk related to the volatility of domestic and global economic, political, and social conditions. The uncertainties and recent downturn of the global economy and other macroeconomic factors, including but not limited to the ongoing COVID-19 pandemic, wars, geo-political instability, supply chain interruptions, and inflation could adversely affect our business.

Domestic Economic Conditions:

Domestic economic conditions including inflation and increases in the cost of living may have an impact on the Group through pressure to increases in wages and reduced members.

Global Economic Conditions:

Global economic conditions may have an impact on the Group through the sourcing of equipment and consumables in support of the current and future operations. The impact to the group may be through increased prices and disruptions to supply chain.

Mitigation Strategies

- Increased domestic global costs may be directly passed on to the customer through periodic price increases.
- Wage growth is actively managed using appropriate application the Fair Work Act and a proactive talent

acquisition capability.

- Global supply chain risks are mitigated through advanced planning for new and refurbished sites taking in to account the potential for supply chain disruptions.

Interest Rate Risk

The Group is exposed to interest rate risks as outline in Note 32. The interest rate risk is limited to the outstanding borrowings with variable interest rates. The groups Equipment Lease Liabilities, which account for approximately 49% of the Group’s external debt, have predominantly fixed payments and fixed interest rates so there is no material underlying risk to the financials of the business.

Mitigation Strategies

- The group continually assess the weighted average cost of debt against the cost of capital to determine the most appropriate use of free cashflow from operation.

DIRECTORS’ MEETINGS

The number of meetings of the Board (including meetings of Committees of Directors) held during the year and the number of meetings attended by each Director is as follows:

Director’s name	Board Meetings		Audit and Risk Committee		People and Culture Committee	
	A	B	A	B	A	B
Harry Konstantinou	16	16	4	4	5	4

#Appointed 5 July 2021

*Ceased 7 April 2022

^Appointed 20 April 2022, Andrew attended 3 of the 4 ARC meetings as the independent chair prior to being appointed as a Director.

Where:

- column A: is the number of meetings the Director was entitled to attend
- column B: is the number of meetings the Director attended

During the year, there were 7 scheduled Board Meetings. The additional meetings held and attended by Directors were for special matters, such as for acquisitions, capital raises and COVID-19 matters.

UNISSUED SHARES UNDER OPTION

Unissued ordinary shares of the Company under option at the date of this report are:

Date options granted	Expiry date	Exercise price of shares (\$)	Number under option
2-May-19	2-May-23	1.34	1,400,000
2-May-19	2-May-23	1.43	1,000,000
30-Oct-19	31-Aug-24	0.00	295,000
12-Nov-20	16-Oct-25	3.34	1,213,334
28-Oct-21	16-10-24	0.00	412,000
			4,320,334

These options were issued under either the LTI, Tranche 1 or Tranche 2 Plans (described in Note 20.2 to the financial statements) and have been allotted to individuals on conditions as follows:

- LTI Plan Options: The vesting of those options and will be subject to the satisfaction of appropriate service-based conditions and/or performance hurdles determined by the Board. Options issued under the LTI program expire on the earlier of their expiry date or termination of the employee’s employment;
- Tranche 1 and Tranche 2 Plan Options: The options are currently vested. Options issued under the Tranche 1 and Tranche 2 program expire four years from the date of grant of the options.

SHARES ISSUED DURING OR SINCE THE END OF THE YEAR AS A RESULT OF EXERCISE OF OPTIONS

There were no issued ordinary shares as a result of the exercise of options during the financial year.

ENVIRONMENTAL LEGISLATION

The consolidated group’s operations are not subject to any particular or significant environmental regulation under a law of the Commonwealth or of a State or Territory in Australia.

DIVIDENDS

There were no dividends paid or declared since the start of the financial year (2021: nil).

INDEMNITIES GIVEN TO, AND INSURANCE PREMIUMS PAID FOR AUDITORS AND OFFICERS

Insurance of Officers

During the year, Viva Leisure paid a premium to insure officers of the Group. The officers of the Group covered by the insurance policy include all Directors and Secretaries. The liabilities insured are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of the Group, and any other payments arising from liabilities incurred by the officers in connection with such proceedings, other than where such liabilities arise out of conduct involving a wilful breach of duty by the officers

or the improper use by the officers of their position or of information to gain advantage for themselves or someone else to cause detriment to the Group.

Details of the amount of the premium paid in respect of insurance policies are not disclosed as such disclosure is prohibited under the terms of the contract of insurance.

The Group has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify any current or former officer of the Group against a liability incurred as such by an officer. No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer or auditor of the consolidated group.

Indemnity of officers

The Company has entered into deeds of access, indemnity and insurance with each Director (Director’s Protection Deed) which confirm and extend the Director’s statutory and general law rights of access to Board papers and the books and records of the Company and its Subsidiaries. The Director’s Protection Deeds provide that the Director be allowed access to and a copy of records in certain circumstances.

In accordance with the Constitution, the Company must indemnify any current and former Directors and officers of the Company and its Subsidiaries against any liability incurred by that person in that capacity, including legal costs. The Director’s Protection Deed also requires the Company to indemnify the Director for liability incurred as an officer of the Company and its Subsidiaries, including reasonably incurred legal costs, to the maximum extent permitted by law.

The Constitution also allows the Company to enter into and pay premiums on contracts insuring any liability incurred by any current and former Directors and officers of the Company and its Subsidiaries, which is incurred by them in that capacity, including legal costs.

Accordingly, the Director's Protection Deed requires the Company to maintain, to the extent permitted by law, an insurance policy which insures Directors and officers against liability as a Director or officer of the Company and its Subsidiaries.

Indemnity of auditors

The Group has agreed to indemnify its auditors, Hall Chadwick, to the extent permitted by law, against any claim by a third party arising from the Group's breach of its agreement. The indemnity requires the Group to meet the full amount of any such liabilities including a reasonable amount of legal costs.

Non-audit services

During the year, Hall Chadwick, the Company's auditors, performed certain other services in addition to their statutory audit duties.

The Board of directors has considered the position and, in accordance with the advice received from the audit committee, is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- All non-audit services have been reviewed by the audit committee to ensure they do not impact the impartiality and objectivity of the auditor; and
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants.

Details of the amounts paid to the auditors of the Company, Hall Chadwick, for audit and non-audit services provided during the year are set out in Note 26 to the financial statements. The total paid for non-audit services was \$40,275. This comprised tax and other business services.

PROCEEDINGS ON BEHALF OF THE CONSOLIDATED GROUP

No person has applied for leave of Court to bring proceedings on behalf of the consolidated group or intervene in any proceedings to which the consolidated group is a party for the purpose of taking responsibility on behalf of the consolidated group for all or any part of those proceedings.

The consolidated group was not a party to any such proceedings during the year.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 32.

This directors' report including the Remuneration Report is signed in accordance with a resolution of the Board of Directors:

HARRY KONSTANTINO
Director
Dated this 17 day of August 2022.

REMUNERATION- REPORT AUDITED

a. Principles used to determine the nature and amount of remuneration	24
b. Details of remuneration	27
c. Service agreements	29
d. Shared-based remuneration	29
e. Shares held by directors and key management personnel	30

The Directors of Viva Leisure Ltd (Viva Leisure, the Group, or the Company) present the Remuneration Report for Non-Executive Directors, Executive Directors and other Key Management Personnel, prepared in accordance with the *Corporations Act 2001 and the Corporations Regulations 2001*.

The Remuneration Report is set out under the following main headings:

- a. Principles used to determine the nature and amount of remuneration;
- b. Details of remuneration;
- c. Service agreements; and
- d. Share-based remuneration

A. PRINCIPLES USED TO DETERMINE THE NATURE AND AMOUNT OF REMUNERATION

The principles of the Group's executive strategy and supporting incentive programs and frameworks are:

- to align rewards to business outcomes that deliver value to shareholders;
- to drive a high performance culture by setting challenging objectives and rewarding high performing individuals; and
- to ensure remuneration is competitive in the relevant employment market place to support the attraction, motivation and retention of executive talent.

Viva Leisure has structured a remuneration framework that is market competitive and complementary to the reward strategy of the Group.

The Board has established a People and Culture Committee which operates in accordance with its charter as approved by the Board and is responsible for determining and reviewing compensation arrangements for the Directors and the Executive Team.

The Committee has engaged independent remuneration consultants as necessary to provide any information to assist in the discharge of its responsibilities (refer to the disclosures below).

The remuneration structure that has been adopted by the Group consists of the following components:

- fixed remuneration being annual salary including directly related statutory obligations;

- short term incentives (STIs), being cash based payments;
- long term incentives (LTIs), being participation in the form of options.

The People and Culture Committee assess the appropriateness of the nature and amount of remuneration on a periodic basis by reference to recent employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality Board and Executive Team.

The payment of share options and other incentive payments are reviewed by the People and Culture Committee annually as part of the review of executive remuneration and a recommendation is put to the Board for approval. All incentive salaries, options and incentives are linked to pre-determined performance criteria, and subject to the usual discretion of the Board.

Short Term Incentives (STIs)

Performance measures involve the use of annual performance objectives, metrics, performance appraisals and continuing emphasis on living the Company values.

The performance measures are set annually after consultation with the Board and executives and are specifically tailored to the areas where each executive has a level of control. The measures target areas the Board believes hold the greatest potential for expansion and profit and cover financial and non-financial measures.

Entitlement to an annual STI payment for the Executive Team is subject to the following:

- the achievement of targets as against key performance indicators (KPIs) and the budget adopted by the Board for the financial year ending 30 June of each year;
- an unqualified audit report for that financial year;
- the People and Culture Committee will assess whether those KPIs have been achieved or otherwise and provide a recommendation to the Board;
- where the KPIs are only partially achieved, the Board will, wholly at its sole discretion, determine the basis upon which any STI payment will be calculated in those circumstances; and
- any STI amount is only payable upon finalisation of the financial accounts by the Company.

Long Term Incentives (LTIs)

The table below describes the performance hurdles and vesting conditions that apply as at the date of this report and in relation to the 1,920,334 options granted to senior executives:

Earnings per Share (EPS) and Total Shareholder Return (TSR) Cumulative Compound Annual Growth Rate (CAGR)

The percentage of options that vest for each EPS and TSR CAGR is illustrated in the following tables:

LTIs (Granted 30 October 2019)	
EPS CAGR over the three Financial Years Ending 30 June 2022	Percentage of Options that Vest
Less than 15% (minimum Target)	0%
15% to 20% (within target range)	50% - 100% (on a straight-line basis)
Greater than 20% (above maximum target)	100%

LTIs (Granted 12 November 2020)	Tranche 1 (50% of Options - based on EPS CAGR)	Tranche 2 (50% of Options - based on TSR CAGR)
CAGR over the three Financial Years Ending 30 June 2023	Percentage of Options that Vest	Percentage of Options that Vest
Less than 10% (minimum Target)	0%	0%
10% to 15% (within target range)	50% - 100% (on a straight-line basis)	0%
Greater than 15% (above maximum target)	100%	100%

LTIs (Granted 28 October 2021)	Tranche 1 (50% of Options - based on EPS CAGR)	Tranche 2 (50% of Options - based on TSR CAGR)
CAGR over the three Financial Years Ending 30 June 2024	Percentage of Options that Vest	Percentage of Options that Vest
Less than 10% (minimum Target)	0%	0%
10% to 15% (within target range)	50% - 100% (on a straight-line basis)	0%
Greater than 15% (above maximum target)	100%	0%
Greater than 20%	-	100%

- For the purposes of the above performance hurdles, EPS means the Basic Earnings per Share calculated by reference to the Company's audited financial statements and excluding the impacts of AASB16.
- For the purposes of the above performance hurdles:
 - for the options granted on 12 November 2020, TSR means Total Shareholder Return and will be measured using the VVA 20-day Volume Weighted Average Market Price (VWAP) for the twenty (20) trading days commencing from the announcement of results for the financial year ended 30 June 2020 (TSR measure start date) to the same 20 trading period VWAP post the date of announcement of results for the year ended 30 June 2023 (TSR measure end date);

- for the options granted on 28 October 2021, TSR means Total Shareholder Return and will be measured using the VVA 15-day Volume Weighted Average Market Price (VWAP) for the fifteen (15) trading days commencing from the announcement of results for the financial year ended 30 June 2021 (TSR measure start date) to the same 15 trading period VWAP post the date of announcement of results for the year ended 30 June 2024 (TSR measure end date);
- The Basic EPS may be adjusted for items which the Board, in its discretion, considers should be excluded from the EPS result (such as items of a one-off and non-recurring nature).
- The performance hurdles will be tested only once the vesting condition has been met by the grantee senior executive and following the Company's audited accounts being finalised for each respective financial year end.

USE OF REMUNERATION CONSULTANTS

Viva Leisure Limited's Board engaged the services of Crichton & Associates during the financial year ended 30 June 2022 to review and to provide recommendations in respect of the amount and elements of executive remuneration, including short-term and long-term incentives.

Under the terms of the engagement, Crichton & Associates provided remuneration recommendations as defined in section 9B of the Corporations Act 2001 for fees of \$19,229 for these services for both the FY2021 and FY2022 financial years.

Crichton & Associates was engaged by, and reported directly to, the Board of Directors. The agreement for the provision of remuneration consulting services was executed by the Chair of the Board of Directors on behalf of the Board.

The report containing the remuneration recommendations was provided by Crichton & Associates directly to the Chair of the Board of Directors.

The Board is satisfied that the recommendations were made free from undue influence from any members of the key management personnel.

Crichton & Associates confirmed that any recommendations have been made free from undue influence by members of the Group's key management personnel.

COMPANY PERFORMANCE

The tables below set out summary information about the consolidated entity's earnings and movements in shareholder wealth for the period from listing to 30 June 2022:

	30 June 2022	30 June 2021	30 June 2020
Revenue	90,831,726	83,718,105	40,885,697
Net profit before tax	(17,140,726)	(8,793,735)	(9,343,618)
Net loss after tax	(12,141,191)	(6,384,898)	(6,246,345)
Share price at start of the year	\$1.64	\$2.62	\$0.88
Share price at end of the year	\$1.16	\$1.64	\$2.62
Interim dividend	nil	nil	nil
Final dividend	nil	nil	nil
Basic earnings pe share	(13.8)	(8.2)	(10.9)
Diluted earnings per share	(13.1)	(7.9)	(10.4)

B. DETAILS OF REMUNERATION

Details of the nature and amount of each element of the remuneration of each Key Management Personnel (KMP) of Viva Leisure are shown in the table below:

Directors and other Key Management Personnel		Short-term Employee Benefits		Post-employment Benefits	Long-term Benefits		Share-based Payments		Performance based on % of Remuneration

2022 Short Term Incentive

As previously outlined during the FY2022 period the financial result of the group was significantly impacted by the Covid-19 pandemic and the government imposed shut downs. As a result, the minimum financial threshold for the FY2022 Short Term Incentive was not met. During the imposed shut down period the executive team led the Covid-19 response by driving multiple initiatives to mitigate the impact of the disruption on the business and to preserve cash and reputation. Since the lifting of regulations, the Viva team has met all of the financial guidelines released to the market.

Financial Metric	Actual Results	Guidance
June revenue	\$10.3m	\$10m+
2H FY22 revenue	\$57.0m	\$54m - \$56m
June Margin	20.5%	20%+
Half Margin	16.3%	15% - 17%

In recognition of the initiatives taken during the Covid-19 shut down period and the achievement of the second half guidance targets the board has used its discretion to award the executive team 50% of the available Short Term Incentive. The cash settlement of the award will be paid in September 2022.

The relative proportions of remuneration that are linked to performance and those that are fixed for the financial year are as follows:

	Fixed remuneration (\$)	At Risk Short-Term Incentives (STI)	At risk options
Executive Directors			
Harry Konstantinou	650,000	Up to 40% of fixed remuneration	Up to 60% of fixed remuneration
Other Key Management Personnel			
Kym Gallagher	380,000	Up to 25% of fixed remuneration	Up to 30% of fixed remuneration
Angelo Konstantinou	264,000	Up to 25% of fixed remuneration	Up to 30% of fixed remuneration
Sean Hodges	264,000	Up to 25% of fixed remuneration	Up to 30% of fixed remuneration

Since the long-term incentives for the financial year are provided exclusively by way of options, the percentages disclosed also reflect the value of remuneration consisting of options.

The relative proportions of remuneration that are linked to performance and those that are fixed for subsequent financial years are as follows:

	Fixed remuneration (\$)	At Risk Short-Term Incentives (STI)	At Risk Long Term Incentives (LTI)
Executive Directors			
Harry Konstantinou	700,000	Up to 40% of fixed remuneration	Up to 60% of fixed remuneration
Other Key Management Personnel			
Kym Gallagher	410,000	Up to 25% of fixed remuneration	Up to 30% of fixed remuneration
Angelo Konstantinou	285,000	Up to 25% of fixed remuneration	Up to 30% of fixed remuneration
Sean Hodges	320,000	Up to 25% of fixed remuneration	Up to 30% of fixed remuneration

FY2022 changes to STIs and LTIs

Based on remuneration structure review conducted by the People and Culture Committee there is no change to the underlying performance metrics for either the FY22 STI or LTI. The performance targets have been adjusted by the Board to reflect the current market conditions and align incentives with shareholder interests.

C. SERVICE AGREEMENTS

Remuneration and other terms of employment for the Executive Directors and other Key Management Personnel are formalised in a Service Agreement. The major provisions of the agreements relating to remuneration for the financial year are set out below:

Employee	Base Remuneration (\$)	Term of Agreement	Notice Period
Harry Konstantinou	650,000	Ongoing	Six months
Kym Gallagher	380,000	Ongoing	Three months
Angelo Konstantinou	264,000	Ongoing	Three months
Sean Hodges	264,000	Ongoing	Three months

The major provisions of the agreements relating to remuneration for subsequent financial years are set out below:

Employee	Base Remuneration (\$)	Term of Agreement	Notice Period
Harry Konstantinou	700,000	Ongoing	Six months
Kym Gallagher	410,000	Ongoing	Three months
Angelo Konstantinou	285,000	Ongoing	Three months
Sean Hodges	320,000	Ongoing	Three months

D. SHARE-BASED REMUNERATION

All options refer to options over ordinary shares of the Company, which are exercisable on a one-for- one basis under the terms of the agreements.

Options granted to the Executive Team are under the LTI Plan and under Tranche 1 and Tranche 2 Plans:

- LTI Plan Options: The vesting of those options and will be subject to the satisfaction of appropriate service-based conditions and/or performance hurdles determined by the Board;
- Tranche 1 and Tranche 2 Plan Options: These options are currently vested.

Options granted under the LTI, Tranche 1 and Tranche 2 Plans carry no dividends or voting rights.

Details of options over ordinary shares in the Company that were granted as remuneration to each key management personnel are set out in the table below. Non-Executive Directors are not entitled to participate in the LTI Plan.

Employee		Number granted	Grant date	Value per Option at Grant Date (\$)	Value of Options at Grant Date (\$)	Number Forfeited	Number Exercised	Exercise Proceeds (\$)	Options held at Balance Date	Vesting and First Exercise Date	Last Exercise Date

AUDITOR'S INDEPENDENCE DECLARATION
UNDER SECTION 307C OF THE CORPORATIONS ACT 2001
TO THE DIRECTORS OF VIVA LEISURE LIMITED

In accordance with Section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Viva Leisure Limited. As the lead audit partner for the audit of the financial report of Viva Leisure Limited for the year ended 30 June 2022, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

This statement should be read in conjunction with the notes to the financial statements.

› **NOTE 1 - NATURE OF OPERATIONS**

The principal activities of the consolidated group during the financial year were health club operations. No significant change in the nature of these activities occurred during the year.

› **NOTE 2 - GENERAL INFORMATION AND STATEMENT OF COMPLIANCE**

The consolidated general purpose financial statements of the Group have been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board (AASB). Compliance with Australian Accounting Standards results in full compliance with the International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). Viva Leisure Limited is a for-profit entity and statements are prepared on accruals basis under the historical cost convention.

Viva Leisure Limited is the Group's Ultimate Parent Company. Viva Leisure Limited is a Public Company incorporated and domiciled in Australia. The address of its registered office and its principal place of business is Unit 7, 141 Flemington Road, Mitchell, ACT, Australia.

The consolidated financial statements for the year ended 30 June 2022 were approved and authorised for issue by the Board of Directors on 17 August 2022.

› **NOTE 3 - SUMMARY OF ACCOUNTING POLICIES**

a. Overall Considerations

The consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

b. COVID-19

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the group based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the group operates. During the first half of the financial year, the Group had its clubs closed across all states and the ACT at various times due mandatory shutdowns imposed by the respective State Governments and there remains uncertainty

with respect to future events or circumstances which may continue to impact the financial results of the consolidated entity.

The Directors monitor the Group's liquidity and believe that the strong balance sheet position, together with the ability to raise funds if required, provide a reasonable expectation that the Group will be able to pay its debts as and when they become due and payable. Accordingly, the Directors believe that the preparation of the financial statements on a going concern basis is still appropriate.

c. Basis of Consolidation

The Group financial statements consolidate those of the Parent Company and all its subsidiaries as at 30 June 2022. The parent controls a subsidiary if it is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. All subsidiaries have a reporting date of 30 June. Refer to Note 30 for the list of subsidiaries.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Profit or loss and other comprehensive income of subsidiaries acquired or disposed of during the year are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable.

d. Business Combinations

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement.

Acquisition costs are expensed as incurred.

The Group recognises identifiable assets acquired and liabilities assumed in a business combination regardless of whether they have been previously recognised in the

acquiree's financial statements prior to the acquisition. Assets acquired and liabilities assumed are generally measured at their acquisition date fair values.

Goodwill is stated after separate recognition of identifiable intangible assets. It is calculated as the excess of the sum of: (a) fair value of consideration transferred, (b) the recognised amount of any non-controlling interest in the acquiree, and (c) acquisition date fair value of any existing equity interest in the acquiree, over the acquisition date fair values of identifiable net assets. If the fair values of identifiable net assets exceed the sum calculated above, the excess amount (i.e. gain on a bargain purchase) is recognised in profit or loss immediately. See note 15.

e. Fair Value of Assets and Liabilities

Where applicable, the Group measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

Fair value is the price the Group would receive to sell an asset or would have to pay to transfer a liability in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset or minimises the payments made to transfer the liability, after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

The fair value of liabilities and the entity's own equity

instruments (excluding those related to share-based payment arrangements) may be valued, where there is no observable market price in relation to the transfer of such financial instruments, by reference to observable market information where such instruments are held as assets. Where this information is not available, other valuation techniques are adopted and, where significant, are detailed in the respective note to the financial statements.

f. Revenue

Health Club Operations

Revenue is derived mainly from the sale of health club membership services to its customers.

To determine whether to recognise revenue, the Group follows a 5-step process:

- (i) Identifying the contract, or otherwise, with a customer;
- (ii) Identifying the performance obligations
- (iii) Determining the transaction price
- (iv) Allocating the transaction price to the performance obligations
- (v) Recognising revenue when/as performance obligation(s) are satisfied

The health club membership services revenue stream focuses on providing customers with access to the groups' gym facilities. Revenue is recognised as the customers are provided access to the gym. Under AASB 15: Revenue from Contracts with Customers, this happens over time as customers pay in advance of receipt of this service. The consideration received in advance of providing these services, which is generally two weeks in advance, is recognised as a contract liability.

Therefore, revenue is recognised over time as the customer consumes these services. The transaction price is determined with reference to the contract price as stated in the customer's contract.

Franchise Operations

Following the acquisition of Australian Fitness Management (Plus Fitness), the following additional revenue recognition policies are now applicable for the group.

The group enters into franchise licence agreements, whereby franchisees pay an upfront five year licence fee, and ongoing monthly franchise fees. The licence fee consideration is received in advance of providing the services attaching to the licence, which is generally over a five year period, and is recognised as a contract liability. The monthly franchise fees are recorded as revenue as they are derived. The transaction price is determined with reference to the contract price as stated in the franchise agreement.

The group provides equipment to franchisees as part of establishing the licence. The equipment is invoiced in advance of the supply and is recognised as a contract liability until the point in time the franchise commences

operation. On commencement of the franchises operation the revenue is recognised. The transaction price is determined by the amount invoiced to the franchise.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument.

All revenue is stated net of the amount of goods and services tax.

g. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

h. Goodwill

Goodwill represents the future economic benefits arising from a business combination that are not individually identified and separately recognised.

Goodwill is carried at cost less any accumulated impairment losses. Goodwill is calculated as the excess of the sum of:

- (i) the consideration transferred at fair value;
- (ii) any non-controlling interest (determined under either the fair value or proportionate interest method); and
- (iii) the acquisition date fair value of any previously held equity interest;

over the acquisition date fair value of any identifiable assets acquired and liabilities assumed.

The acquisition date fair value of the consideration transferred for a business combination plus the acquisition date fair value of any previously held equity interest shall form the cost of the investment in the separate financial statements.

Goodwill on acquisition of subsidiaries is included in intangible assets.

Goodwill is tested for impairment annually and is allocated to the Group's cash-generating units or groups of cash-generating units, representing the lowest level at which goodwill is monitored and not larger than an operating segment. Gains and losses on the disposal of an entity include the carrying amount of goodwill related to the entity disposed of.

i. Other Intangible Assets

Intangible assets acquired as part of a business combination, other than goodwill, are initially measured at their fair value at the date of acquisition. Intangible assets acquired separately are initially recognised at cost. Intangible assets are subsequently measured at cost less amortisation and any impairment. The gains or losses recognised in the profit or loss arising from derecognition of an intangible asset is measured as the difference

between net disposal proceeds and the carrying amount of the intangible asset. The method and useful lives of finite life intangibles are reviewed annually. Changes in expected pattern of consumption or useful life are accounted for prospectively by changing the amortisation method or period.

Amortisation

The amortisable amount of all intangibles is amortised on a straight-line basis over the asset's useful life to the consolidated group commencing from the time the asset is held ready for use.

The amortisation rates used for each class of amortisable assets are:

Class of Intangible	Amortisation Rate per annum
Trademarks	5-10%
Capitalised Software	33%
Digital Assets	10%

j. Plant and Equipment

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 4 k. for details of impairment).

The cost of fixed assets constructed within the consolidated group includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the consolidated group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss in the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the consolidated group commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Plant and equipment	10-40%
Furniture and fittings	10-20%
Motor Vehicles	15-25%
Leased plant and equipment	5-20%
Leasehold improvements	5-20%

The assets' residual value and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss when the item is derecognised.

k. Leases

The Group as a lessee

At inception of a contract, the Group assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability are recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (ie leases with a remaining term of 12 months or less) and leases of low value assets are recognised as operating expenses on a straight-line basis over the term of the lease.

Initially the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, any lease payments made at or before the commencement day and any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest.

Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group anticipates exercising a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

Short-term leases

The Group has elected not to recognise lease liabilities for short-term leases that have a lease term of 12 months or less. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

I. Impairment Testing of Goodwill, Other Intangible Assets and Property, Plant and Equipment

For impairment assessment purposes, assets are grouped at the lowest levels for which there are largely independent cash inflows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level. Goodwill is allocated to those cash-generating units that are expected to benefit from synergies of the related business combination and represent the lowest level within the Group at which management monitors goodwill.

Cash-generating units to which goodwill has been allocated (determined by the Group's management as equivalent to its operating segments) are tested for impairment at least annually. All other individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset or cash-generating unit's carrying amount exceeds its recoverable amount, which is the higher of fair value less costs to sell and value-in- use. To determine the value-in-use, management estimates expected future cash flows from each cash- generating unit and determines a suitable interest rate in order to calculate the present value of those cash flows. The data used for impairment testing procedures are directly linked to the Group's latest approved budget, adjusted as necessary to exclude the effects of future reorganisations and asset enhancements. Discount factors are determined individually for each cash-generating unit and reflect management's assessment of respective risk profiles, such as market and asset-specific risks factors.

Impairment losses for cash-generating units reduce first the carrying amount of any goodwill allocated to that cash-generating unit. Any remaining impairment loss is charged pro rata to the other assets in the cash-generating unit. With the exception of goodwill, all assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer

exist. An impairment charge is reversed if the cash-generating unit's recoverable amount exceeds its carrying amount.

m. Financial Instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable)

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)
- debt instruments at fair value through other comprehensive income (FVOCI)

Classifications are determined by both:

- The entities business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows

- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Group's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

Impairment of Financial assets

AASB 9's impairment requirements use more forward looking information to recognise expected credit losses – the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements include loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under AASB 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Low credit risk operational simplification approach

If a financial asset is determined to have low credit risk at the initial reporting date, the Group assumes that the credit risk has not increased significantly since initial recognition.

In order to make such a determination that the financial asset has low credit risk, the Group applies its internal credit risk ratings or other methodologies using a globally comparable definition of low credit risk.

A financial asset is considered to have low credit risk if:

- there is a low risk of default by the borrower;
- the borrower has strong capacity to meet its contractual cash flow obligations in the near term;
- adverse changes in economic and business conditions in the longer term may, but not necessarily will, reduce

the ability of the borrower to fulfil its contractual cash flow obligations.

A financial asset is not considered to carry low credit risk merely due to existence of collateral, or because a borrower has a risk of default lower than the risk inherent in the financial assets, or lower than the credit risk of the jurisdiction in which it operates.

Recognition of expected credit losses in financial statements

At each reporting date, the Group assesses the credit risk and recognises a loss allowance if appropriate. Any movement in the loss allowance from prior year is treated as an impairment gain or loss in the statement of profit or loss and other comprehensive income.

The carrying amount of financial assets measured at amortised cost includes the loss allowance relating to that asset.

Classification and measurement of financial liabilities

As the accounting for financial liabilities remains largely unchanged from AASB 139, the Group's financial liabilities were not impacted by the adoption of AASB 9. However, for completeness, the accounting policy is disclosed below.

The Group's financial liabilities include borrowings, trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Group designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

n. Trade and other payables

Trade and other payables represent the liabilities for goods and services received by the consolidated group that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

o. Inventories

Inventories are stated at the lower of cost and net realisable value. Cost includes all expenses directly attributable to the manufacturing process as well as suitable portions of related production overheads, based on normal operating capacity. Costs of ordinarily interchangeable items are assigned using the first in, first out cost formula. Net realisable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

p. Income taxes

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, the Australian Taxation Office (ATO) and other fiscal authorities relating to the current or prior reporting periods that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases. However, deferred tax is not provided on the initial recognition of goodwill or on the initial recognition of an asset or liability unless the related transaction is a business combination or affects tax or accounting profit. Deferred tax on temporary differences associated with investments in subsidiaries and joint ventures is not provided if reversal of these temporary differences can be controlled by the Group and it is probable that reversal will not occur in the foreseeable future.

Deferred tax assets and liabilities are calculated, without discounting, at tax rates that are expected to apply to their respective period of realisation, provided the expected rates are enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that they will be able to be utilised against future taxable income, based on the Group's forecast of future operating results which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. Deferred tax liabilities are always provided for in full.

Deferred tax assets and liabilities are offset only when the Group has a right and intention to set off current tax assets and liabilities from the same taxation authority.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income (such as the revaluation of land) or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

Viva Leisure Limited and its wholly-owned Australian controlled entities have implemented the tax consolidation legislation. As a consequence, these entities are taxed as a single entity and the deferred tax assets and liabilities of these entities are set off in the consolidated financial statements.

q. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

r. Employee Benefits

Short-term employee benefits

Provision is made for the consolidated group's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages and salaries. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The consolidated group's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as part of provisions in the statement of financial position.

Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Upon the remeasurement of obligations for other long-term employee benefits, the net change in the obligation is recognised in profit or loss as part of employee benefits expense.

The consolidated group's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the consolidated group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

All employees of the consolidated group receive defined contribution superannuation entitlements, for which the consolidated group pays the fixed superannuation guarantee contribution (currently 10.0% of the applicable employee's average ordinary salary) to the employee's superannuation fund of choice. All contributions in respect of employees' defined contribution entitlements are recognised as an expense when they become payable. The consolidated group's obligation with respect to employees' defined contribution entitlements is limited to its obligation for any unpaid superannuation guarantee contributions at the end of the reporting period. All obligations for unpaid superannuation guarantee contributions are measured at the (undiscounted) amounts expected to be paid when the obligation is settled and are presented as current liabilities in the consolidated group's statement of financial position.

s. Share-based Employee Remuneration

The Group operates equity-settled share-based remuneration plans for its employees (see note 20). None of the Group's plans feature any options for a cash settlement.

All goods and services received in exchange for the grant of any share-based payment are measured at their fair values. Where employees are rewarded using share-based payments, the fair values of employees' services are determined indirectly by reference to the fair value of the equity instruments granted. This fair value is appraised at the grant date and excludes the impact of non-market vesting conditions (for example profitability and sales growth targets and performance conditions).

All share-based remuneration is ultimately recognised as an expense in profit or loss with a corresponding credit to share option reserve. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest.

Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised if there is any indication that the number of share options expected to vest differs from previous estimates. Any cumulative adjustment prior to vesting is recognised in the current period. No adjustment is made to any expense recognised in prior periods if share options ultimately exercised are different to that estimated on vesting.

Upon exercise of share options, the proceeds received net of any directly attributable transaction costs are allocated to share capital up to the nominal (or par) value of the shares issued with any excess being recorded as share premium.

t. Provisions

Provisions are recognised when the consolidated group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of

economic benefits will result, and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

u. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities, which are recoverable from or payable to the ATO, are presented as operating cash flows included in receipts from customers or payments to suppliers.

v. Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year. The comparatives reflect the consolidated group.

Where the consolidated group retrospectively applies an accounting policy, makes a retrospective restatement of items in the financial statements or reclassifies items in its financial statements, a third statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

w. Changes in Significant Accounting Policies

There were no changes in significant accounting policies during the year.

x. New and revised Australian Accounting Standards and Interpretations on issue but not yet effective

At the date of the financial statements, the Group has not applied the following new and revised Australian Accounting Standards, Interpretations and amendments that have been issued but are not yet effective:

Standard/amendment	Effective for annual reporting periods beginning on or after
AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-Current and AASB 2020-6 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current – Deferral of Effective Date	1 January 2022
AASB 2020-3 Amendments to Australian Accounting Standards – Annual Improvements 2018-2020 and Other Amendments	1 January 2022
AASB 2021-2 Amendments to Australian Accounting Standards – Disclosure of Accounting Policies and Definition of Accounting Estimates	1 January 2023

y. Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the consolidated group.

Key estimates and uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment

In assessing impairment, management estimates the recoverable amount of each asset or cash- generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets.

z. Reclassification of prior year presentation

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reports results of operations.

The effect of reclassifications on the financial statement line items for the prior period is as follows:

	Note	2021 \$	Increase / (Decrease)	2021 (Restated) \$
CURRENT ASSETS				
Other assets	12	2,692,697	(1,700,849)	991,848
TOTAL CURRENT ASSETS		2,692,697	(1,700,849)	991,848
NON-CURRENT ASSETS				
Other assets	10	-	1,700,849	1,700,849
TOTAL NON-CURRENT ASSETS		-	1,700,849	1,700,849
TOTAL ASSETS		2,692,697	-	2,692,697

Inventories

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

Business combinations

Management uses valuation techniques in determining the fair values of the various elements of a business combination. Particularly, the fair value of contingent consideration is dependent on the outcome of many variables that affect future profitability.

Lease term and option to extend under AASB16

The lease term is defined as the non-cancellable period of a lease together with periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and also periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option.

The decision on whether or not the options to extend are reasonably going to be exercised is a key management judgement that the entity will make. The Group determines the likeliness to exercise on a lease-by-lease basis looking at various factors such as which assets are strategic and which are key to future strategy of the entity.

› NOTE 4 - REVENUE AND OTHER INCOME

		2022 \$	2021 \$
Revenue from contracts with customers	4a	84,132,492	75,135,620
Income from franchise operations	4a	6,630,146	8,460,040
		90,762,638	83,595,660
Other sources of income	4b	69,088	122,445
Total revenue and other income		90,831,726	83,718,105
The group operates in one segment, health club services.			
a. Revenue from contracts with customers:		84,132,492	75,135,619
a. Income from franchise operations:		6,630,146	8,460,041
		90,762,638	83,595,660
Timing of revenue recognition			
Over time		87,798,838	78,951,201
At a point in time		2,963,800	4,644,459
Total revenue from contracts with customers		90,762,638	83,595,660
b. Other Revenue			
Interest received		8,747	72,568
Rent received		60,341	39,442
Gain on disposal of property, plant and equipment		-	10,435
Total other revenue		69,088	122,445

› NOTE 5 - LOSS FOR THE YEAR

	2022 \$	2021 \$
Loss before income tax from continuing operations includes the following specific expenses:		
• Amounts expensed as part of business combinations and acquisition opportunities	505,074	455,111
• Short term lease payments	121,181	219,027
• Amounts expensed as part of capital raises and debt restructure	125,000	206,795
• Costs relating to contractual matters with AFM Franchisees	92,746	383,029

› NOTE 6 - FINANCE COSTS AND FINANCE INCOME

	2022 \$	2021 \$
Interest expense from borrowings at amortised cost:		
External entities	1,327,436	922,234
Interest expenses for finance lease arrangements	13,894,446	11,873,437
Total interest expense	15,221,882	12,795,671

› NOTE 7 - SEGMENT REPORTING

Management have determined that the Group operates in one business segment – health club operations; and one main geographic segment. Refer to Note 4 for the revenue splits between the revenue with contracts from customers and franchise operations.

› NOTE 8 - INCOME TAX EXPENSE

The major components of tax expense and the reconciliation of expected tax expense based on the effective tax rate of Viva Leisure Limited at 30.0% (2021:30.0%) and the reported tax expense in profit or loss are as follows:

	2022 \$	2021 \$
Profit / (loss) before tax	(17,140,752)	(8,793,735)
Domestic tax rate	30.0%	30.0%
Prima facie tax expense	(5,142,226)	(2,638,121)
Adjustment for non-deductible expenses:		
Non-deductible expenses	80,405	66,313
Prior year's over provision of tax	62,286	162,971
Income tax (benefit) / expense	(4,999,535)	(2,408,837)
Tax expense comprises		
Current tax expense	(2,255,515)	1,573,022
Deferred tax expense	(2,744,020)	(3,981,859)
	(4,999,535)	(2,408,837)

› NOTE 9 - CASH AND CASH EQUIVALENTS

	2022 \$	2021 \$
Cash at bank and on hand	4,301,938	3,261,521
Short-term bank deposits	1,536,327	9,678,852
Cash backed bank guarantees	4,231,304	4,350,598
	10,069,569	17,290,971

The effective interest rate on short-term bank deposits was 1.00% (2021: 0.01%); these deposits are held at call.

› NOTE 10 - TRADE AND OTHER RECEIVABLES

	2022 \$	2021 \$
Current		
Trade receivables	729,346	2,549,312
Other receivables	35,297	112,748
Sub leases receivable	63,981	57,151
Total current trade and other receivables	828,624	2,719,211
Non-current		
Sub leases receivable	158,001	130,424
Total non-current trade and other receivables	158,001	130,424

	Current \$	>30 days past due \$	>60 days past due \$	>90 days past due \$	Total \$
2022					
Plus Fitness - franchise fees and territory openings	98,415	24,970	6,648	151,111	281,144
Trade receivables	182,959	17,368	12	247,863	448,202
Other receivables and sub-leases receivable	99,278	-	-	-	99,278
	380,652	42,338	6,660	398,974	828,624

The amount in current receivables for Australian Fitness Management – licence fees relates to franchise sites that are in various stages of development. The fees become payable 14 days prior to the club opening.

The net carrying of trade receivables is considered a reasonable approximation of fair value.

› NOTE 11 - INVENTORIES

	2022 \$	2021 \$
Current		
At cost or lower of net realisable value	809,462	899,521
Finished goods	809,462	899,521

› NOTE 12 - OTHER ASSETS

	2022 \$	2021 \$
Current		
Prepayments	1,460,502	991,848
	1,460,502	991,848
Non-Current		
Cash bonds receivable	1,425,841	1,700,848
	1,425,841	1,700,848

Bonds relate to amounts set aside against rental obligations to landlords where the Company is a lessee.

› NOTE 13 - BORROWINGS

	Current		Non-current	
	2022 \$	2021 \$	2022 \$	2021 \$
At amortised cost:				
Bank loans	4,435,032	2,080,500	15,695,868	7,927,000
	4,435,032	2,080,500	15,695,868	7,927,000

There are several asset specific security interests registered on the PPS Register against members of the Group listed at Note 30.

In addition, the bank loans mature on 28 May 2025 and the facility agreement specifies the following security interests:

1. First ranking General Security Interest from each Obligor comprising first ranking charge over all present and after acquired property.
2. First ranking charge over any assets financed under the Equipment Finance Facility.
3. Account Set offs from Viva Leisure Property Pty Ltd over Deposits totalling \$3,250,000 (relating to security for all cash covered bank guarantees issued in the name of Viva Leisure Property Pty Ltd).
4. The interest rate payable on the drawn balance of the market rate loan is BBSY plus 4.30%, at 30 June 2022 this amounted to 6.16%.

Finance lease liabilities are secured against the underlying leased equipment and are at an average interest rate of 5.4%

› NOTE 14 - PROPERTY, PLANT AND EQUIPMENT

Details of the Group's property, plant and equipment and their carrying amounts are as follows:

	Plant and Equipment	Furniture and Fittings	Motor Vehicles	Leasehold Improvements	Total

Amortisation expense	-	(13,283)	(511,060)	(5,961)	(530,304)
Carrying amount at 30 June 2021	46,905,229	127,625	831,748	51,282	47,915,884
At cost	46,905,229	159,056	1,711,086	60,873	48,836,244
Accumulated depreciation	-	(31,431)	(879,338)	(9,591)	(920,360)
Written down value	46,905,229	127,625	831,748	51,282	47,915,884

All amortisation is included in within depreciation and amortisation expense.

15.1 Impairment Testing

For the purpose of annual impairment testing, the Group has one cash-generating unit which is expected to benefit from the synergies of the business combinations in which the goodwill arises.

The following key assumptions were used in the value-in-use calculations:

	Revenue Growth Rate	Expense Growth Rate	Discount Rate
Health Clubs	4%	3%	6.25%

The recoverable amount above is determined based on value-in-use calculations. Value-in-use is calculated based on the present value of cash flow projections over a five-year period plus a terminal value calculated using a terminal multiple of 5x for health clubs and 8x for the Plus Fitness franchise business as determined by management. The present value of the expected cash flows is determined by applying an estimated weighted average cost of capital (WACC) of 6.25%.

15.2 Growth Rates

The growth rates reflect the estimated long-term average growth rates for mature health clubs.

15.3 Discount Rates

The discount rates reflect appropriate adjustments relating to market risk and any specific risk factors.

15.4 Cash Flow Assumptions

Management's key assumptions include stable profit margins, based on past experience in this market. The Group's management believes that this is the best available input for forecasting this mature market. Cash flow projections reflect stable profit margins achieved immediately before the budget period. No expected efficiency improvements have been taken into account and prices and wages reflect publicly available forecasts of inflation for the industry.

Apart from the considerations described in determining the value-in-use of the cash-generating units above, and in Note 3 b. relating to the COVID-19 lockdowns, management is not currently aware of any other probable changes that would necessitate changes in its key estimates.

a. Options to Extend or Terminate

The options to extend or terminate are contained in several of the property leases of the Group. There were no extension options for equipment leases. These clauses provide the Group opportunity to manage leases in order to align with its strategies. All of the extension or termination options are only exercisable by the Group. The extension options or termination options which management were reasonably certain to be exercised have been included in the calculation of the lease liability.

› NOTE 20 - EMPLOYEE REMUNERATION

	2022 \$	2021 \$
20.1 Employee benefits - expense		
Expenses recognised for employee benefits are analysed below:		
Wages and salaries	26,501,257	23,092,699
Employee leave entitlements	1,351,126	907,214
Share based payments	211,994	106,562
Superannuation	2,487,655	2,278,000
Employee Benefits Expense	30,552,032	26,384,475

The Company received JobSaver payments of \$766,360. These payments have been recorded as other income for the year.

20.2 Share-Based Employee Remuneration

As at 30 June 2022, the Company maintained a Long-Term Incentive (LTI) share-based payment scheme for employee remuneration, which will be settled in equity. In addition, the Company has issued Tranche 1 and Tranche 2 options.

Options granted to the Executive Team are under the LTI Plan and under Tranche 1 and Tranche 2 Plans:

- LTI Plan Options: The vesting of those options and will be subject to the satisfaction of appropriate service-based conditions and/or performance hurdles determined by the Board;
- Tranche 1 and Tranche 2 Plan Options: These options are currently vested.

Options granted under the LTI, Tranche 1 and Tranche 2 Plans carry no dividends or voting rights.

Long Term Incentives (LTIs)

The table below describes the performance hurdles and vesting condition that in accordance with the Long Term Incentive Plan in relation to the 1,920,334 options granted to senior executives:

Earnings per Share (EPS) Compound Annual Growth Rate (CAGR)

The percentage of options that vest for each % EPS and %TSR CAGR is illustrated in the following tables:

LTIs (Granted 30 October 2019)	
EPS CAGR over the three Financial Years Ending 30 June 2022	Percentage of Options that Vest
Less than 15% (minimum Target)	0%
15% to 20% (within target range)	50% - 100% (on a straight-line basis)
Greater than 20% (above maximum target)	100%

LTIs (Granted 12 November 2020)	Tranche 1 (50% of Options - based on EPS CAGR)	Tranche 2 (50% of Options - based on TSR CAGR)
CAGR over the three Financial Years Ending 30 June 2023	Percentage of Options that Vest	Percentage of Options that Vest
Less than 10% (minimum Target)	0%	0%
10% to 15% (within target range)	50% - 100% (on a straight-line basis)	0%
Greater than 15% (above maximum target)	100%	100%

LTIs (Granted 28 October 2021)	Tranche 1 (50% of Options - based on EPS CAGR)	Tranche 2 (50% of Options - based on TSR CAGR)
CAGR over the three Financial Years Ending 30 June 2024	Percentage of Options that Vest	Percentage of Options that Vest
Less than 10% (minimum Target)	0%	0%
10% to 15% (within target range)	50% - 100% (on a straight-line basis)	0%
Greater than 15% (above maximum target)	100%	0%
Greater than 20%	-	100%

- For the purposes of the above performance hurdles, EPS means the Basic Earnings per Share calculated by reference to the Company's audited financial statements.
- For the purposes of the above performance hurdles:
 - for the options granted on 12 November 2020, TSR means Total Shareholder Return and will be measured using the VVA 20-day Volume Weighted Average Market Price (VWAP) for the twenty (20) trading days commencing from the announcement of results for the financial year ended 30 June 2020 (TSR measure start date) to the same 20 trading period VWAP post the date of announcement of results for the year ended 30 June 2023 (TSR measure end date);

- for the options granted on 28 October 2021, TSR means Total Shareholder Return and will be measured using the VVA 15-day Volume Weighted Average Market Price (VWAP) for the fifteen (15) trading days commencing from the announcement of results for the financial year ended 30 June 2021 (TSR measure start date) to the same 15 trading period VWAP post the date of announcement of results for the year ended 30 June 2024 (TSR measure end date);
- The Basic EPS may be adjusted for items which the Board, in its discretion, considers should be excluded from the EPS result (such as items of a one-off and non-recurring nature).
- The performance hurdles will be tested only once the vesting condition has been met by the grantee senior executive and following the Company's audited accounts being finalised for each respective financial year end.

All options refer to options over ordinary shares of the Company, which are exercisable on a one-for- one basis under the terms of the agreements.

	LTI (Tranche 1) No of Options	LTI (Tranche 2) No of Options	LTI (Tranche 3) No of Options	Tranche 1 No of Options	Tranche 2 No of Options
Outstanding at 30 June 2021	295,000	1,213,334	-	1,400,000	1,000,000
Granted	-	-	412,000	-	-
Outstanding at 30 June 2022	295,000	1,213,334	412,000	1,400,000	1,000,000
Exercisable at 30 June 2022	-	-	-	1,400,000	1,000,000

The fair values of options granted were determined using the Black Scholes option pricing model. The following principal assumptions were used in the valuation:

	LTI (Tranche 1) Options	LTI (Tranche 2) Options	LTI (Tranche 3) Options	Tranche 1 Options	Tranche 2 Options
Grant date	30 October 2019	12 November 2020	28 October 2021	7 June 2019	7 June 2019
Vesting period ends	Release of FY2022 results	Release of FY2023 results	Release of FY2024 results	Vested	Vested
Share price at grant date (\$)	1.00	2.75	2.40	1.00	1.00
Volatility	25%	25%	25%	25%	25%
Option Life	5 years	5 years	5 years	4 years	4 years
Dividend yield	0%	0%	0%	0%	0%
Risk free investment rate	2%	2%	2%	2%	2%
Fair value at grant date	20,284	474,202	238,960	82,979	72,232
Exercise price at date of grant	Nil	3.34	Nil	1.34	1.43
Exercisable from	Release of FY2022 Results	Release of FY2023 Results	Release of FY2024 Results	7 June 2020	7 June 2020
Exercisable to	31 August 2024	16 October 2025	16 November 2024	2 May 2023	2 May 2023
Weighted average remaining contractual life	2.25 Years	3.30 Years	2.38 Years	0.94 Years	0.94 Years

The underlying expected volatility was determined by reference to historical data of comparable listed entities over a period of time. No special features inherent to the options granted were incorporated into measurement of fair value.

In total, \$211,994 (2021: \$106,562) of employee remuneration expense (all of which related to equity-based payment transactions) has been included in profit or loss and credited to share option reserve.

Total non-current provisions	7,634,055	6,794,176
Total provisions	10,616,638	8,669,358

Provision for Employee Benefits

Provision for employee benefits represents amounts accrued for annual leave and long service leave. The current portion for this provision includes the total amount accrued for annual leave entitlements and the amounts accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the Group does not expect the full amount of annual leave or long service leave balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the Group does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

In calculating the present value of future cash flows in respect of long service leave, the probability of long service leave being taken is based on historical data. The measurement and recognition criteria relating to employee benefits have been discussed in Note 3 (r).

Provision for Property Make Good

A provision has been recognised for the costs to be incurred for the restoration of property leases for which the Group is a lessee and where the obligation to make good is included as a condition of the lease. The provision is based on the present value of estimated costs to restore the property at the end of each property lease term.

› **NOTE 22 - EQUITY**

22.1 Share Capital

The share capital of Viva Leisure consists only of fully paid ordinary shares. All shares are equally eligible to receive dividends and the repayment of capital and represent one vote at the shareholders' meeting of Viva Leisure.

	2022 Shares	2021 Shares	2022 \$	2021 \$
Shares issued and fully paid:				
Beginning of the year	81,956,221	71,511,393	116,677,780	87,375,694

Total contributed equity at 30 June	89,514,240	81,956,221	128,064,691	116,677,780

Capital Management

Management controls the capital of the Group in order to maintain a sustainable debt to equity ratio, generate long-term shareholder value and ensure that the Group can fund its operations and continue as a going concern.

The Group's debt and capital include ordinary share capital and financial liabilities, supported by financial assets.

The Group is not subject to any externally imposed capital requirements.

Management effectively manages the Group's capital by assessing the Group's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

There have been no changes in the strategy adopted by management to control the capital of the Group since the prior year. This strategy is to ensure that the Group's gearing ratio remains below 70%. The gearing ratios for the years ended 30 June 2022 and 30 June 2021 are as follows:

	2022 \$	2021 \$
Total borrowings - Market Rate loan	20,130,900	10,007,500
Total borrowings - equipment finance leases	18,974,793	15,541,986

Total equity	85,809,917	86,352,203
Total capital	114,846,041	94,610,718
Gearing ratio	25.28%	8.7%

› NOTE 23 – RESERVES

a. Common Control Reserve

A common control reserve was created when the Group restructure took place during the financial year ended 30 June 2019 as it was determined to occur under the control of the same shareholders. A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that the control is not transitory.

Where an entity within the group acquires an entity under common control, the acquirer consolidates the carrying values of the acquired entity's assets and liabilities from the date of acquisition. The consolidated financial statements of the group include the acquired entity's income and expenses from the date of acquisition onwards. Any difference between the fair value of the consideration paid/transferred by the acquirer and the net assets/ (liabilities) of the acquired entity are taken to the common control reserve.

	2022	2021
	\$	\$
Common Control Reserve		
Beginning of the year	(21,900,880)	(21,900,880)
Net movement in common control reserve	-	-
Total common control reserve at 30 June	(21,900,880)	(21,900,880)

b. Share Options Reserve

The share option reserve records items recognised as expenses on valuation of employee share options.

Payment for options by key management personnel	-	17,224
Total share options reserve at 30 June	505,743	293,749

› NOTE 24 – EARNINGS PER SHARE AND DIVIDENDS

24.1 Earnings per Share

Both the basic and diluted earnings per share have been calculated using the profit attributable to shareholders of the Parent Company as the numerator (i.e. no adjustments to profit were necessary in 2022 or 2021).

The reconciliation of the weighted average number of shares for the purposes of diluted earnings per share to the weighted average number of ordinary shares used in the calculation of basic earnings per share is as follows:

	2022	2021
	\$	\$
Weighted average number of shares used in basic earnings per share	88,106,171	77,516,637
Shares deemed to be issued for no consideration in respect of options granted	4,248,731	3,804,466
Weighted average number of shares used in diluted earnings per share	92,354,902	81,321,103

24.2 Dividends

There were no dividends declared or paid during the year (2021: nil)

24.3 Franking Credits

	2022	2021
	\$	\$
The amount of franking credits available for subsequent reporting periods are:		
Balance at the end of the reporting period	5,021,279	2,825,510
Franking credits that will arise from payment of (or receivable from) the amount of provision for income tax (income tax receivable)	(2,338,931)	1,560,361
Total franking credits	2,682,348	4,385,871

› NOTE 25 - RECONCILIATION OF CASH FLOWS

	2022 \$	2021 \$

› NOTE 26 - AUDITOR REMUNERATION

	2022 \$	2021 \$
Remuneration of the auditor for:		
Audit and review of financial statements		
Financial year ended 30 June	68,000	63,500
Half year ended 31 December	35,000	31,500
Other assurance engagements	9,500	9,500
Total audit services	112,500	104,500
Other non-audit services		
Taxation and business services	40,275	26,500
Total non-audit services	40,275	26,500
Total auditor remuneration	152,775	131,000

› NOTE 27 - RELATED PARTY TRANSACTIONS

The Group's related parties include key management of the Group which are considered to be any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity.

	2022 \$	2021 \$
27.1 Transactions with Directors and Key Management Personnel		
Short-term Employee Benefits:		
Wages and salaries (including bonuses and Annual Leave entitlements)	2,017,325	1,318,903
Superannuation	108,528	115,776
Long service leave	94,895	30,429
Share-based payments	211,994	106,562
Total remuneration	2,432,742	1,623,631

Short-term employee benefits

These amounts include fees and benefits paid to the non-executive Chair and non-executive directors as well as all salary, paid leave benefits, fringe benefits and cash incentives awarded to KMP.

Post-employment benefits

These amounts are the superannuation contributions made during the year.

Other long-term benefits

These amounts represent long service leave benefits accruing during the year, long-term disability benefits and deferred incentives payments.

Share-based payments

These amounts represent the expense related to the participation of certain KMP in equity-settled benefit schemes as measured by the fair value of the options granted on grant date (see Note 20.2).

Further information in relation to KMP remuneration can be found in the directors' report and at Note 20.

	2022 \$	2021 \$
27.2 Related Party Properties		
Total related party property transactions	2,396,913	3,014,870

Related parties continue to own several properties which are leased by the Group as described below. The Board considers that each of these arrangements are on arm's length terms, commercial terms and are subject to the usual risks associated with other leases entered by the Company. The Board has obtained independent valuation advice to confirm that the arrangements are arm's length.

› NOTE 28 – CONTINGENT LIABILITIES

The company has no contingent assets or liabilities.

› NOTE 29 – BUSINESS COMBINATIONS

During the period the Group acquired 25 clubs from various vendors in addition to Australian Fitness Management Pty Limited, the master franchisor for the Plus Fitness network as outlined below:

Number of clubs	12	1	1	8	3	15
Acquisition	PLUS Sites	NSW	Victoria	Rebalance	MFC*	Total
	\$	\$	\$	\$	\$	\$

› NOTE 31 – CAPITAL AND LEASING COMMITMENTS

At 30 June 2022, Viva Leisure Limited has entered into a binding agreement for \$0.85 million to purchase the following health club:

- Plus Fitness – Hocking, WA

The acquisition was completed on 1 August 2022.

At 30 June 2021, Viva Leisure Limited entered into binding agreements totalling \$2.85 million to purchase the following health clubs:

- Plus Fitness - Mona Vale, NSW
- Plus Fitness – Beerwah, Qld
- One Health and Fitness - South Morang, Vic

These were all completed early in the financial year ended 30 June 2022.

	Contractual Commitments			
	Within 1 Year \$	1 to 5 Years \$	After 5 Years \$	Total \$
30 June 2022	850,000	-	-	-
30 June 2021	2,850,000	-	-	-

➤ NOTE 32 – FINANCIAL INSTRUMENT RISK

The Group is exposed to various risks in relation to financial instruments. The main types of risks are market risk, credit risk and liquidity risk.

The Group's risk management is coordinated at its headquarters, in close cooperation with the Board, and focuses on actively securing the Group's short to medium-term cash flows by minimising the exposure to financial markets.

The Group does not actively engage in the trading of financial assets for speculative purposes, nor does it write options. The most significant financial risks to which the Group is exposed are described below.

32.1 Market Risk Analysis

The Group is exposed to market risk through its use of financial instruments and specifically to interest rate risk, which result from its operating and investing activities.

	Short term exposure	Long term exposure
	\$	\$
30 June 2022		
Financial assets	12,516,710	-
Financial liabilities	(17,089,730)	(29,023,746)
Total exposure	(4,573,020)	(29,023,746)
30 June 2021		
Financial assets	20,010,182	-
Financial liabilities	(12,864,607)	(19,067,929)
Total exposure	7,145,575	(19,067,929)

Interest rate sensitivity

The Group's policy is to minimise interest rate cash flow risk exposures on long-term financing. Longer- term borrowings such as equipment lease financed amounts are therefore usually at fixed rates. At 30 June 2022, the Group is exposed to changes in market interest rates as its Bank Debt is at variable interest rates.

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates of +/- 2% (2021: +/- 1%). These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on a change in the average market interest rate for each period, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

	Profit for the Year		Equity	
	\$	\$	\$	\$
30 June 2022	(102,395)	102,395	(102,395)	102,395
30 June 2021	71,456	(71,456)	71,456	(71,456)

32.2 Credit Risk Analysis

Credit risk is the risk that a counterparty fails to discharge an obligation to the Group. The Group is exposed to this risk for various financial instruments, for example receivables to customers, placing deposits, investment in term deposits, etc.

Credit risk management

The credit risk is managed on a group basis based on the Group's credit risk management policies and procedures. The credit risk in respect of cash balances held with banks and deposits with banks are managed via diversification of bank deposits and are only with major reputable financial institutions.

The majority of the Group's customer pay on an upfront basis by way of direct debit and as such, the Group does not provide for bad debts as revenue is not recorded until received.

32.3 Liquidity Risk Analysis

Liquidity risk is the risk that the Group might be unable to meet its obligations. The Group manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecast cash inflows and outflows due in day-to-day business. The data used for analysing these cash flows is consistent with that used in the contractual maturity analysis below.

See Note 13 for details of borrowings during the financial periods under review.

32.4 Financial Risk Management

		Within 1 Year		1 to 5 Years		Over 5 Years		Total

Guarantees and Security Interests

There are several asset specific security interests registered on the PPS Register against each of the members of the Group listed at Note 31.

In addition, the bank loans mature on 28 May 2025 and the facility agreement specifies the following security interests:

1. First ranking General Security Interest from each Obligor comprising first ranking charge over all present and after acquired property.
2. First ranking charge over any assets financed under the Equipment Finance Facility.
3. . Account Set offs from Viva Leisure Property Pty Ltd over Deposits totalling \$3,250,000 (relating to security for all cash covered bank guarantees issued in the name of Viva Leisure Property Pty Ltd)
4. The interest rate payable on the market rate loan is BBSY plus 4.31%

Contractual commitments

At 30 June 2022, Viva Leisure Limited has entered into a binding agreement for \$0.85 million to purchase the following health club:

- Plus Fitness – Hocking, WA

The acquisition was completed on 1 August 2022.

At 30 June 2021, Viva Leisure Limited entered into binding agreements totalling \$2.85 million to purchase the following health clubs:

- Plus Fitness - Mona Vale, NSW

› NOTE 35 – EVENTS AFTER THE REPORTING PERIOD

The following events occurred after the reporting period:

Since the end of the financial year, Viva Leisure Limited has completed the acquisition of Plus Fitness, Hocking, WA for \$0.85 million.

No other matters or circumstances other than as referred to in this report, have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the consolidated group, the results of those operations, or the state of affairs of the consolidated group in future financial years.

› NOTE 36 – COMPANY INFORMATION

Viva Leisure Limited is the Group's Ultimate Parent Company. Viva Leisure Limited is a Public Company incorporated and domiciled in Australia. The address of its registered office and its principal place of business is Unit 7, 141 Flemington Road, Mitchell, ACT, Australia.

VIVA LEISURE GROUP DIRECTORS' DECLARATION

VIVA LEISURE GROUP DIRECTORS DECLARATION

- 1) In the opinion of the Directors of Viva Leisure Ltd:
 - a) a) The consolidated financial statements and notes of Viva Leisure Ltd are in accordance with the Corporations Act 2001, including:
 - i) Giving a true and fair view of its financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
 - ii) Complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
 - b) There are reasonable grounds to believe that Viva Leisure Ltd will be able to pay its debts as and when they become due and payable.;
- 2) The Directors have been given the declarations required by Section 295A of the Corporations Act 2001 from the Chief Executive Officer and Chief Financial Officer for the financial year ended 30 June 2022.
- 3) Note 2 confirms that the consolidated financial statements also comply with International Financial Reporting Standards.

Signed in accordance with a resolution of the Directors.

Director

HARRY KONSTANTINO

Dated this

17 day of AUGUST 2022.

INDEPENDENT AUDITORS' REPORT

VIVA LEISURE LIMITED
ABN 76 607 079 792
AND ITS CONTROLLED ENTITIES

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF VIVA LEISURE LIMITED

Opinion

We have audited the financial report of Viva Leisure Limited (the Company and its controlled entities "the Group"), which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity, and the consolidated statement of cash flows for the year then ended, notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion the accompanying financial report of Viva Leisure Limited and controlled entities is in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2022 and of its performance for the year ended; and
- (b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis of Opinion

We conducted our audit in accordance with Australian Auditing Standards. Those Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 has been given to the directors of the Company.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF VIVA LEISURE LIMITED

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the year ended 30 June 2022. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How Our Audit Addressed the Key Audit Matter
Revenue Recognition and Contract Liabilities Refer to Note 4 'Revenue and Other Income' and Note 18 'Contract Liabilities'	The group recognises revenue from health club membership services and is recognised as the customer consumes these services. Customers pay in advance for these services and this consideration is recorded as contract liability. Any access fees charged for access to gyms has been allocated to the first 2 weeks of membership being the initial contract period. There were no long-term contracts for any further consideration. The revenue recognised for the year ended 30 June 2022 was \$90,831,726. At 30 June 2022 the group recognised \$2,628,546 in contract liabilities for consideration received in advance for gym memberships and franchise territory sales. We focused on this area as a key audit matter given the significance of the balance and that there is a risk that revenue may not be recognised in accordance with the revenue recognition principles as set out in AASB 15: Revenue from Contracts with Customers.
Right-Of-Use Assets and Lease Liabilities Refer to Note 19 'Right-of-Use Assets' and Note 19 'Lease Liabilities'	Our procedures included, amongst others, the following: • We obtained an understanding of the key controls in the revenue recognition cycle including the IT controls associated with the Viva membership system. • Sample tested revenue transactions throughout the year to ensure that revenue was recognised in accordance with AASB 15: Revenue from Contracts with Customers. • We ensured the carrying value of the contract liabilities were accurate and complete. • We performed analytical procedures. • We reviewed the groups qualitative and quantitative disclosures in the financial statements. At 30 June 2022, the group recognised \$224,358,419 in Right-to-Use Assets and \$244,497,743 in lease liabilities. The group has numerous lease arrangements in place which require certain judgements to be made at point of recognition and measurement. We focused on this area as a key audit matter given the significance of the balance and there is a risk that the leases may not be accounted for in accordance with the requirements of AASB16: Leases.

VIVA LEISURE LIMITED
ABN 76 607 079 792
AND ITS CONTROLLED ENTITIES

INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF VIVA LEISURE LIMITED

Key Audit Matter	How Our Audit Addressed the Key Audit Matter
Accounting for Business Combinations Refer to Note 29 'Business Combinations'	During the financial year ended 30 June 2022 the group made a number of acquisitions as disclosed in Note 29. Accounting for acquisitions is complex and involves a number of significant judgements. We focused on this area as a key audit matter due to amounts involved being material and the judgements involved in determining the fair value of the assets acquired and liabilities assumed.
Carrying value of goodwill Refer to Note 15 'Intangible Assets', Note 29 'Business Combinations'	The Group has recognised goodwill of \$64,811,736 at 30 June 2022 resulting from business combinations including \$17,906,507 recognised during the year. The assessment of impairment of the group's goodwill balances incorporated significant judgement in respect of factors such as forecasted revenue, costs, discount rates and terminal growth rates. We have focused on this area as a key audit matter due to amounts involved being material and the inherent subjectivity associated with critical judgements being made in relation to forecasted revenue, costs, discount rates and terminal growth rates.

AND ITS CONTROLLED ENTITIES**

**INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF VIVA LEISURE LIMITED**

Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information in the Group's annual report for the year ended 30 June 2022 but does not include the financial report and the auditor's report thereon. Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australia Accounting Standards and the Corporations Act 2001 and for such internal control as directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

**VIVA LEISURE LIMITED
ABN 76 607 079 792
AND ITS CONTROLLED ENTITIES**

**INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF VIVA LEISURE LIMITED**

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT TO THE
MEMBERS OF VIVA LEISURE LIMITED

Report on the Remuneration Report

We have audited the remuneration report included in pages 24 to 30 of the directors' report for the year ended 30 June 2022.

In our opinion, the remuneration report of Viva Leisure Limited for the year ended 30 June 2022 complies with section 300A of the Corporations Act 2001.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with s 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.

OTHER KEY TERMS

The Board considers that the leases are on arms' length terms which reflect customary provisions commonly found in commercial leases of a similar nature. Set out below are some key terms of these leases (other than those set out in the other columns of this table). Rent is payable in advance by monthly instalments and the lessor may charge daily interest on any late payment at 2% above the rate that would be charged by the lessor's bank for unsecured overdrafts. On termination of the lease, the lessee is responsible for make good of the premises. The lessee is responsible for maintaining insurance to cover standard risks applicable to a lessee in the health club industry, public liability and for the plate glass on the premises. The lessee releases the lessor from, and indemnifies the lessor against, claims for damages, loss, injury or death.
