

Vittangi environmental permit hearing date

Battery materials company Talga Group Ltd (“**Talga**” or “**the Company**”)(**TLG:ASX**) is pleased to advise that the hearing for the Company’s Vittangi Graphite Project mine environmental permit has been scheduled by the Swedish Land and Environment Court.

The hearing is scheduled to take place in Luleå, commencing the week of 30 January 2023 and expected to conclude the week of 20 February 2023.

The environmental permit and exploitation concession applications for a graphite mine and concentrator at the Nunasvaara South deposit of Talga’s Vittangi Graphite Project were submitted in 2020 (ASX:TLG 16 July 2020). The environmental permit will be decided and published after the hearing, along with the exploitation concession decision by the state mining inspectorate (“Bergsstaten”).

Project Background

Talga is establishing a supply of green graphite anode products for lithium-ion batteries, including Europe’s first large scale anode production facility fully integrated with 100% owned graphite mining operations in northern Sweden (ASX:TLG 1 July 2021).

The initial operation, fed from the Nunasvaara South mine, is planned to produce 19,500tpa of Talga’s flagship battery anode product Talnode®-C over 24 years.
