1. Gross Sales is a key metric of the Business, given that gross transaction values of Kogan Marketplace, Kogan Mobile and other New Verticals are not reflected in Revenue.
2. The Company believes that the Compound Annual Growth Rate (CAGR) between FY20 and FY22 is an useful metric to consider the underlying growth of the Business, given the volatility over the COVID period.
3. Kogan First Subscribers excludes Kogan First customers who are in a trial period, and includes only non-trial subscribers.
4. Kogan First renewal rate is calculated as the number of Kogan First subscriptions resubscribed as a proportion of total subscriptions due for renewal during the relevant period.
5. Mighty Ape Active Customers refers to the number of unique customers who have shopped with Mighty Ape at least once in the past 12 months to 30 June 2022.
6. Combined Active Customers of Kogan.com and Mighty Ape at 30 June 2022.
7. Net Cash position is calculated as total cash less loans & borrowings.

KOGAN.COM¹ OPERATING COST EFFICIENCIES

Ongoing cost reduction initiatives commenced in 2HFY22 to recalibrate the Cost of Doing Business

A number of initiatives have commenced in 2HFY22 to enhance profitability. These include:

- A focus on in-demand products based on customer purchasing behaviour, allowing the Business to pass on savings to customers by offering a curated range of products and removing inefficiencies in the long-tail. Kogan.com inventory in-warehouse reduced by \$16.9m since 1HFY22, thereby reducing warehousing costs.
- Kogan Delivery Services has been suspended as a result of rising transportation and delivery partner costs.
- A revision and re-engineering of our proprietary marketing algorithm, resulting in a number of efficiencies and cost savings.
- Carefully and sensitively rightsizing our team in order to realign with current trading conditions.

1. Kogan.com only (excluding Mighty Ape).

2. Refers to Variable and Marketing costs for Kogan.com only (excluding Mighty Ape). Variable costs consists of warehousing and payment gateway charges.

3. Refers to People and Other costs for Kogan.com only (excluding Mighty Ape). People costs includes non-cash equity-based compensation. Other costs includes IT, accounting, legal and compliance costs.

KOGAN GROUP TRADING - NOVEMBER UPDATE

Inventory has continued to reduce over the first 4 months of FY23.

YoY UNAUDITED GROSS SALES¹, GROSS PROFIT³ AND ADJUSTED EBITDA² YTD (JUL - OCT)

YTD FY23 (Jul-Oct-2022)

	\$m	Var YoY
Gross Sales ^{1,3}	267.6	(38.2)%
Gross Profit ³	41.1	(40.6)%
Adjusted EBITDA ^{2,3}	(0.5)	(104.4)%
Net Cash Position	20.1	+\$21.3m

Key highlights

- YTD FY23 reflects a period of subdued sales activity for the Company, whilst cycling strong results in the prior year that was impacted by COVID-19 lockdown orders.
- Pleasingly, the Company is achieving strong results through Kogan Marketplace, Mighty Ape and Kogan First, whilst also achieving a return to growth for Kogan Mobile Australia, the largest Vertical.
- Gross Profit has been impacted by the accelerated sell-through of excess inventory, with significant discounts being offered to our customers. The Company anticipates that the vast majority of this sell-through will be completed by early calendar 2023.
- Net cash, being total cash after loans & borrowings, has increased to AUD \$20.1M at 31 October 2022. This cash position is after making the Mighty Ape Tranche 3 payment of AUD \$14.2M.
- We are now entering the peak Black Friday and Christmas trading period. November and December are typically the most important months of the year for the Business, with strong trading performance in these months throughout prior years.
- The Company does not believe that the YTD FY23 trading result is indicative of projected trading performance once the final sell-through of excess inventory is completed, and looks to 2HFY23 with confidence in its ability to return to an agile, inventory-light business returning strong operating margins.

POSITIVE CASH POSITION, ACCELERATED SELL-THROUGH OF EXCESS INVENTORY AND COMPLETION OF MIGHTY APE TRANCHE 3 PAYMENT

1. The Company believes Gross Sales is a key metric of the Business, given that gross transaction values of Kogan Marketplace, Kogan Mobile, and other Verticals are not reflected in Revenue.
 2. Adjusted EBITDA is a measure of the underlying performance of the Business, it removes non-cash items including the unrealised gain/ (loss), equity-based compensation and one-off non-recurring items.
 3. Gross Sales, Gross Profit and Adjusted EBITDA are based on unaudited management accounts.
