Freehill Mining Limited Directors' report 31 December 2022

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Freehill Mining Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2022.

Directors

The following persons were directors of Freehill Mining Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Paul Davies

Benjamin Jarvis (appointed (5 April 2023) Peter Williams (appointed (1 May 2023) Raymond Charles Mangion (resigned 20 February 2023) Jim Moore (resigned 20 February 2023)

Principal activities

During the financial half-year the principal continuing activities of the consolidated entity consisted of:

Progressing the feasibility of magnetite mining at the Yerbas Buenas site;

Reviewing multiple technical issues relating to production of magnetite from Yerbas Buenas;

Development of secondary revenue stream from sale of waste material;

Identify scope of waste material opportunity due legislative changes in Chile; and

Reviewing potential acquisitions predicated on adding shareholder value.

Review of operations

The loss for the consolidated entity after providing for income tax amounted to \$14,050,847 (31 December 2021: \$555,956).

The loss of the consolidated entity effectively reflects a write down of the Company's Exploration assets as we have entered the mining phase of our operations. While this is in line with accounting practice, it may be subject to subsequent reversal should future activities support a re-evaluation.

During the half year, the Company completed delivery of 3,500 tonnes of pre-concentrate to CMP, but encountered a number of challenges in the operation of the mine due to the disseminated nature of the deposit and the delay in getting environmental approvals for an infill drilling program. This severely affected production outcomes.

Operational delays with respect to magnetite mining remain ongoing, and the group will address these issues in a forthcoming review of mining operations while concurrently, a significant opportunity has presented itself with the demand for waste material from the Y.B. mine.

As a result of changes to Chilean environmental laws, cement companies are no longer able to source aggregate materials from river beds. Historically, 95% of their material came from this source.

During the half year, Freehill made initial sales of waste material to local cement company BSA. In addition, three other major Chilean cement companies undertook extensive testing of our waste material, all of which resulted in positive results. This flags a major step forward for the company in developing a cashflow positive operation.

Furthermore, one of the companies – Cementos Melon – is also a purchaser of modest volumes of magnetite preconcentrate, consistent with our production objectives and on more attractive commercial terms than those currently available from CMP.

Matters subsequent to the end of the financial half-year

Since 31 December 2022, the company has received \$375,000 of additional funding from convertible debt with further commitments in excess of \$200,000.

On 1 February 2023, the company's securities were suspended from quotation on the Australian Securities Exchange.

The Company has:

Freehill Mining Limited Directors' report 31 December 2022

- Identified a low-risk stable path to positive and significant cashflow;
- Terminated its arrangements with MTN Gold and temporarily paused mining operations;
- Entered into an operating agreement with highly competent parties involved in the Chilean cement industry for the processing of mine waste material:
- Set out the framework for a mine plan with respect to low-cost modest magnetite production; and
- Initiated a plan to achieve relisting through a capital raising and a demonstrable business.

Set out below is a summary of Board changes that occurred subsequent to the end of the financial half-year:

Mr Raymond Charles Mangion and Mr Jim Moore resigned as directors on February 20, 2023;

Mr Benjamin Jarvis was appointed as a non-executive director on April 5, 2023; and

Mr Peter Williams was appointed as a non-executive director on May 1, 2023.

No other matter or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

This report is made in according to the directors

Paul Davies
Director

1 May 2023 This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

As lead auditor for the review of Freehill Mining Limited for the half-year ended 31 December 2022, I declare that, to the best of my knowledge and belief, there have been:

- (a) no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- no contraventions of any applicable code of professional conduct in relation to the review.

This declaration is in respect of Freehill Mining Limited.

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

Mining assets

Capitalised mining development costs include expenditures incurred to develop new ore bodies to define further mineralisation in existing ore bodies, to expand the capacity of a mine and to maintain production. Mining development also includes costs transferred from exploration and evaluation area of interest is ready to move into the production phase. Amortisation of the mining asset will commence once production commences.

New or amended Accounting Standards and Interpretations not yet effective

The consolidated entity has not early adopted any new or amended accounting standard that is not yet mandatory.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

These financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a loss of \$14,050,847, had operating cash outflows of \$729,809 and net working capital deficiency of \$352,644.

The directors have reviewed the cash flow forecast for the next 12 months from the date of signing this financial report, and assessed that there are reasonable grounds to believe the consolidated entity will be able to continue as a going concern due to the following factors:

- The loss for the period included non-cash impairment expenses of \$13,411,718;
- The consolidated entity's Yerbas Buenas project is expected to go into production during the June 2023 quarter and is budgeted to be generate positive cash flows over the coming 12 month period and beyond;
- Since 31 December 2022, the company has received \$375,000 of additional funding from convertible debt with further commitments in excess of \$200,000:
- The company is in advanced discussions with investors regarding a further capital and working towards to readmission to the official list of the Australian Securities Exchange.

The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessarily incurred should the consolidated entity not continue as a going concern.

Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Impairment of non-financial assets other than goodwill and other indefinite life intangible assets

The consolidated entity assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the consolidated entity and to the particular asset that may lead to impairment. If an impairment trigger exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

During 1	the financial	half-year th	he consolidated	entity ha	as recognised	d impairments	in relation	to exploration	and ev	valuatior
assets (note 6) and	mining asso	ets (note 7).							

Yerbas Buenas Project

As at 31 December 2022, the board have determined that the Yerbas Buenas project was ready to move into the production phase, and for this reason the capitalised value of exploration and evaluation expenditure relating to that project was transferred to mining assets.

Note 3. Operating segments

dentification of reportable operating segments

The consolidated entity is organised into one operating segment: Chilean Exploration. This operating segment is based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

Freehill Mining Limited Directors' declaration 31 December 2022

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2022 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

Independent Auditor's Review Report

To the members of Freehill Mining Limited

Report on the Half-year Financial Report

Conclusion

We have reviewed the accompanying Half-year Financial Report of Freehill Mining Ltd. Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Half-year Financial Report of Freehill Mining Ltd is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the consolidated entity's financial position as at 31
 December 2022 and of its performance for the Half-year ended on that date;
 and
- Complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The Half-year Financial Report comprises:

- Statement of financial position as at 31 December 2022;
- Statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the Half-year ended on that date;
- Notes 1 to 17 comprising a summary of significant accounting policies and other explanatory information; and
- The Directors' Declaration.

Emphasis of Matter - Material Uncertainty Related to Going Concern

We draw attention to note 1 in the half year financial report which indicates that the consolidated entity incurred a net loss of \$14,050,847 for the half-year ended 31 December 2022 and a deficit working capital of \$352,644. In addition, the consolidated entity sustained a negative operating cashflow of \$729,809. These events or conditions, along with other matters as set forth in Note 1 indicate that a material uncertainty exists that may cast a significant doubt on the consolidated entity's ability to continue as a going concern.

Responsibilities of the Directors for the Half-year Financial Report

The Directors of the consolidated entity are responsible for:

 The preparation of the Half-year Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and Corporations Act 2001

 For such internal control as the Directors determine is necessary to enable the preparation of the Half-year Financial Report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Half-year Financial Report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2022 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Freehill Mining Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
