Explanatory Statement

The overview set out below relates to the resolution the subject of this Notice of Meeting.

Background and summary

In 2021, the FAR group completed the sale of its interest in the RSSD Project to a member of the Woodside group and received US\$126 million in cash. As a result, the directors consider that FAR has surplus capital which they consider should be returned to shareholders.

In 2021 shareholder approval was obtained to return approximately A\$80 million to shareholders by way of a cash capital return of 80 cents per share.

As announced by FAR to ASX on 19 June 2023, shareholder approval is now being sought for the return to shareholders of approximately A\$37 million by way of an additional **40 cents per share (Capital Return)**. Shareholder approval is required for the Capital Return by way of ordinary resolution, and approval is being sought at the meeting.

The Capital Return will, if approved, be effected to each person holding shares in FAR as at the record date as an equal capital reduction under sections 256B and 256C of the Corporations Act.

Payment of the Capital Return

All shareholders will be treated in the same manner and the Capital Return will constitute an equal reduction of FAR's share capital for all purposes.

For example, a shareholder with 1,000 shares on the record date would receive A\$400 through the Capital Return.

Accompanying this Notice of Meeting is a Direct Credit Form to complete bank account details for payment purposes. If shareholders register these details then payment of the Capital Return will be made to the shareholder's nominated bank account. Alternatively please provide your payment details by visiting www.investorcentre.com/contact. If you have any questions please contact the share registry on 1300 850 505.

If the share registry does not receive bank account details, payment of the Capital Return will occur by way of cheque.

Timetable

The following timetable has been approved by ASX for Listing Rules consistency purposes. If there should happen to be any changes to this timetable then those changes will be announced to ASX on the ASX Market Announcements Platform.

Event	Date
Shareholder meeting to consider the Capital Return	18 August 2023
Last date for trading of shares to be entitled to the Capital Return	22 August 2023
Record date	24 August 2023
Payment date	31 August 2023

FAR's financial position

As at 31 May 2023, FAR has cash of approximately US\$30 million. The proposed Capital Return is expected to use up approximately US\$25 million being the majority of these cash resources.

The remaining funds are intended to be used for ongoing administrative purposes and to facilitate FAR's interest in and possible sale of the Gambian Blocks. FAR also has rights to a Woodside Contingent Payment of up to US\$55 million.

Tax

FAR is in the process of applying for an ATO Class Ruling to confirm that:

- no part of the Capital Return will constitute, or be treated as, a dividend for Australian income tax purposes; and
- instead,
 - a shareholder's cost base in each FAR share will be reduced by the amount of capital returned in connection with that share;¹
 - where the cost base of a FAR share is less than the amount of capital returned in connection with that share, a capital gain will arise;
 - qualifying shareholders will be entitled to treat any resulting capital gain as a 'discount capital gain';² and
 - qualifying foreign resident shareholders will be entitled to disregard any resulting gain.³

Based on the historical FAR share price and the quantum of the Capital Return, no capital gain is expected to arise for any shareholder. Notwithstanding, for completeness, FAR will request that the ATO confirm the capital gains tax consequences of the Capital Return under cover of the Class Ruling.

The Class Ruling, if issued in accordance with FAR's application, will apply:

- to the income years spanning 1 July 2023 to 30 June 2024 and, separately, 1 January 2023 to 31 December 2023 (to accommodate substituted accounting periods); and
- to both Australian and foreign tax resident shareholders who hold their FAR shares on capital account.

The Class Ruling will be made available (if received) in due course on the FAR website, but this is not expected until after the date of the shareholders meeting.

The tax implications of the Capital Return for shareholders will depend on their particular circumstances. All shareholders should consider seeking their own tax advice, in particular,

- shareholders who do not hold their shares on capital account, being shareholders to whom the Class Ruling will not apply. For completeness, a revenue gain may arise for shareholders who hold their shares on revenue account or as trading stock that does not qualify for the discount capital gains concessions referred to above; and
- shareholders who are not residents of Australia for tax purposes, noting there may be taxation consequences arising from the Capital Return in their country of residence.

No adverse tax consequences are expected to arise for FAR in relation to the Capital Return.

ASIC notifications

This Notice of Meeting is being lodged prior to the date of its distribution with the Australian Securities and Investments Commission in accordance with legislative requirements for the Capital Return. Further

¹ Relevant for calculating capital gains and losses on future CGT events concerning FAR shares.

² Availability of the CGT discount is limited to individual, trusts and complying superannuation entities that hold the shares on capital account.

³ Assuming FAR shares have not been used in carrying on business at or through an Australian permanent establishment and, for shareholders that hold the share on revenue account or as trading stock, tax treaty relief is available between Australia and the shareholder's country of residence.

notifications will be lodged with ASIC in due course if shareholder approval is obtained.

Other information

As at the date of this Notice of Meeting, there are approximately 94 million fully paid ordinary FAR shares on issue. There are no other FAR securities on issue.

If the Capital Return is implemented, FAR shares are expected to trade at a lower share price than they would have done had the return of capital not occurred. This is due to the outflow of funds to shareholders. Whilst this reduction in share price might approximate the amount of the Capital Return, the exact future trading price of FAR shares is subject to market factors.

The way in which the proposed Capital Return will occur will be the same for all shareholders.

No voting exclusions apply to the resolution. Each share is capable of being voted on the resolution.

The directors have reviewed FAR's assets and liabilities and cash flow forecasts and have satisfied themselves as to FAR's solvency and ability to pay its creditors following the proposed Capital Return.

In the directors' view having regard to the requirements of section 256B(1) of the Corporations Act, the Capital Return is fair and reasonable to shareholders as a whole and will not materially prejudice FAR's ability to pay its creditors.

The Capital Return is occurring on a proportionate basis across all shareholders and will not have any effect on the shareholding control or ownership of FAR.

The FAR directors who are also shareholders will be treated the same as other shareholders in relation to the Capital Return. As at the date of this Notice of Meeting, the directors have an interest as shareholders of FAR as follows:

Director	Shares
Patrick O'Connor	100,000
Robert Kaye	26,845
Garth Campbell Cowan	Nil

Other than as set out in this Notice of Meeting including the Explanatory Statement and any other information previously disclosed by FAR to ASX or shareholders, there is no other information that is known to the directors which may reasonably be expected to be material regarding a decision on how to vote on the resolution.

The directors unanimously recommend that shareholders vote in favour of the resolution.
