Note 1. Summary of Significant Accounting Policies

The consolidated financial statements and notes represent those of Auric Mining Limited and Controlled Entities (the Consolidated Group or Group).

The financial statements were authorised for issue on 28 July 2023 by the directors of the Company.

These general purpose financial statements for the interim half-year reporting period ended 30 June 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 December 2022 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

Except for cash flow information, the financial statements have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

New or amended Accounting Standards and Interpretations adopted

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The consolidated financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and the payment of liabilities in the ordinary course of business.

The Group has incurred a net loss after tax for the period ended 30 June 2023 of \$602,593, a net cash outflow from operations of \$587,610 and net cash used in investing activities, excluding redemption of the term deposits of \$680,864. As at 30 June 2023, the Group had net equity of \$9,963,886 and cash and term deposits of \$737,257.

There is a material uncertainty that the Group will be able to continue as a going concern and therefore it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The Group's ability to continue as a going concern and pay its debts as and when they fall due is dependent upon the following:

- the Group raising additional equity capital via any means available to it inclusive of, but not limited to, share placements, right issues, or joint venture arrangements in a timely manner in order to fund the ongoing exploration and operation activities of the Group; or
- the Group realising cash from the mining of the Jeffreys Find Gold Deposit; or
- the Group delaying exploration activities if sufficient funds are not raised; or
- the Group selling some of the tenements if sufficient funds are not raised.

Although it is not certain that these efforts will be successful, management has determined that the activities it will take are sufficient to mitigate the material uncertainty on the entity's ability to continue as a going concern and be able to discharge its liabilities in the normal course of business.

The Directors have reviewed the business outlook and cash flow forecasts after taking into account the above matters and are of the view that the use of going concern basis accounting is appropriate as the Directors believe the Group will achieve the matters set out above and be able to pay its debts as and when they fall due.

The financial statements are normally prepared on the assumption that the Group is a going concern and will continue in operation for the foreseeable future. Hence, it is assumed that the Group has neither the intention nor the need to liquidate or curtail materially the scale of its operations. If such an intention or need exists, the financial statements may have to be prepared on a different basis and, if so, the basis will be disclosed and the impacts quantified.

Note 9. Contingent Assets and Liabilities

As part of the terms and conditions of the acquisition of Spargoville Project, the Group has contingent liabilities amounting to \$150,000 worth of ordinary shares to be issued, subject to performance milestones being achieved, at a deemed issue price per share equal to the VWAP of shares calculated over the 5 trading days immediately preceding the date of issue of the shares.

As part of the acquisition of the Spargoville Project, the Group has taken on the obligation to Breakaway Resources Pty Ltd to a 1.5% net smelter royalty in respect of production from the tenements.

As part of the acquisition of the Neometals gold rights, the Group has taken on the obligation to Neometals Ltd to a 1% gross royalty in respect of gold production from Tenement E15/1583.

The Company entered into an option agreement to acquire all the issued capital of Mineral Business Development Pty Ltd. Settlement of the option agreement was dependent on tenement E15/1801 being granted. The cash amount of \$275,000 was paid prior to 30 June 2022. Tenement E15/1801 was granted on 1 July 2022 and accordingly 4,716,981 shares at an issue price of \$0.0848 were issued and allotted on 13 July 2022.

As part of the acquisition of the Chalice West Project, the Group has taken on the obligation to pay Mr and Mrs. Williams \$225,000 in cash or 2,250,000 shares (subject to purchaser's shareholders' approval) to extend the option for second year, if the Company elects to continue. Payment method to be elected by Mr and Mrs. Williams. If the value of shares is the higher value but the Company is unable to obtain shareholder approval, the Company will pay the vendors the value of the 2,250,000 AWJ shares as a cash payment. The same obligation applies if the Company elects to continue for third year. At the end of the third year, if the Company proceeds to settlement, the Company will pay the vendors \$2,250,000 cash or shares to the value of \$2,250,000 (subject to purchaser's shareholders' approval), or combination thereof, at the Company's election, to buy the shares in Mineral Business Development Pty Ltd.

As part of the acquisition of the Chalice West Project, the Group has taken on the obligation to Mr and Mrs. Williams to a 2% net smelter royalty on all mineral production from the tenements.

The Company entered into a joint mining arrangement with BML Ventures Pty Ltd for the Jeffreys Find Gold Deposit. The net surplus (ie. surplus cash from the sale of product minus costs incurred by BML and toll milling costs in connection with mining the Jeffreys Find Gold Deposit) will be split AWJ 50%: BML 50%.

Note 10. Operating Segments

For management's purposes, the Group is organised into one main operating segment, which involves the exploration and development of minerals in Australia. All of the Group's activities are interrelated, and discrete financial information is reported to the Board as a single segment. Accordingly, all significant decisions are based upon analysis of the Group as one segment. The financial results from this segment are equivalent to the financial statements of the Group as a whole.

Note 11. Events after the reporting period

Events Subsequent to the End of the Financial Period

The Company's Jeffreys Find Gold Mine is now in production. The Company is expecting the first gold bars to be produced at end of July/ early August 2023. The Company is expecting to receive initial proceeds from the sale of gold in September/ October 2023.

No other matter or circumstance has arisen since 30 June 2023 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

Note 12. Controlled Entities

(a) Parent entities

Auric Mining Limited is the ultimate Australian parent entity.

(b) Subsidiaries

The subsidiaries listed below have share capital consisting solely of ordinary shares which are held directly by the Group. The proportion of ownership interests held equals the voting rights held by the Group. Each subsidiary's principal place of business is also its country of incorporation.

REPORT ON THE REVIEW OF THE HALF-YEAR FINANCIAL REPORT

Conclusion

We have reviewed the accompanying half-year financial report of Auric Mining Limited (the Company) and the entities it controlled at the half-year's end or from time to time during the half year (the Group), which comprises the consolidated statement of financial position as at 30 June 2023, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Auric Mining Limited is not in accordance with the *Corporations Act 2001* including:

- a. giving a true and fair view of the Group's financial position as at 30 June 2023 and of its performance for the half year ended on that date; and
- b. complying with Australian Accounting Standard 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the consolidated entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 to the financial report, which indicates that the Group incurred a net loss of \$602,593 for the half-year ended 30 June 2023 and, as of that date, the Group has net cash outflows used in operations of \$587,610 and net cash used in investing activities, excluding the redemption of term deposits of \$680,864. As stated in Note 1, these events or conditions along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of Management for the Financial Report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
