ASX/NZX/Media Release

31 August 2023

Correction to Vulcan's FY23 Annual Report

On Tuesday, 29 August 2023, Vulcan (ASX: VSL, NZX: VSL) released its annual report for the financial year ended 30 June 2023 (**Annual Report**).

There was a print omission in the "Adjusted EBITDA NZ\$ (excluding significant items)" section of the "Performance highlights" on page 6 of the Annual Report. The year-on-year percentage change has been corrected to "-10%" (rather than "10%").

This error has now been corrected and an updated version of the Annual Report has been released to ASX and NZX, and uploaded to Vulcan's Investor Website - <https://investors.vulcan.co/investor-centre/?page=results-centre>

An extract from the corrected Annual Report is below:

Vulcan's FY23 annual result presentation, which was also released on 29 August, contains the correct year-on-year percentage change (so no changes are required to that document).
