Commentary on results

The FY2023 was a year of change for Jatcorp as well as a year of building up a solid foundation for the future. The new leadership was appointed following the Shareholder meeting in September 2022, and has taken decisive steps to rebuild Jatcorp and bring the business back on track for the rest of FY23. The yearly revenue has significantly increased 68% and loss for the business was greatly narrowed 60% as compared with those in FY22.

Excluding the impairment loss, the adjusted EBITDA is -\$3.28m in FY23, representing an improvement of \$3.18m from -\$6.46m in FY22. Adjusted EBITDA is non-IFRS measure and presented to better understand operating efficiency.

Basis of preparation

These unaudited preliminary financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

Going Concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business. As disclosed in the financial statements, the consolidated entity incurred a loss of \$4,614,692 and had net cash outflows from operating activities of \$963,490 for the year ended 30 June 2023. As at that date the consolidated entity had net current assets of \$2,629,374 and net assets of \$10,435,876. The ability of the consolidated entity to continue as a going concern is dependent on a number of factors, the most significant of which is the ability to generate positive operating cash flows through its continued operations.

These factors indicate a material uncertainty which may cast significant doubt as to whether the consolidated entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Directors believe that there are reasonable grounds to believe that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The Group had a cash balance of \$3,805,928 as at the end of current financial year;
- The Directors have considered the Group's cash flow forecast which indicates the Group to continue to operate within the limits of its available cash reserves; and
- If required, the Group has the ability to reduce discretionary spending in its consultancy expenditures.

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or Disclosure Notes
