CANNINDAH RESOURCES LIMITED

DIRECTORS' REPORT

The Directors present their report, together with the financial statements, on the Consolidated Entity (referred to hereafter as the 'Consolidated Entity' or Group) consisting of Cannindah Resources Limited (referred to hereafter as the 'Company', 'Parent Entity' or 'Cannindah Resources') and the entities it controlled for the year ended 30 June 2023.

Directors

The following persons were Directors of Cannindah Resources Limited during the whole of the financial year and up to the date of this report, unless otherwise stated:

Thomas J Pickett (Executive Chairman)
Geoffrey J Missen (Non-Executive Director)
Simon Beams (Non-Executive Director)
Michael Hansel (Non-Executive Director) (Appointed 9 August 2022)

Principal activities

During the financial year the principal activities of the Consolidated Entity consisted of mineral exploration, evaluation and progressing development of its various mineral projects.

Dividends

There were no dividends paid or declared during the current or previous financial year.

Operating and Financial review

The loss for the Consolidated Entity after providing for income tax amounted to \$ 1,902,972 (2022: loss \$1,595,484). The loss for the 2023 financial year includes recognition of the share base payment expense of \$887,464 (2022: \$473,770). Of the share base payment expense, \$414,773 (2022: \$221,374), relates to recognition of the second tranche of the performance rights which have not and may not be exercised. Further detail is provided at Note 15 (b) of the financial statements.

Corporate Strategy

In the 2023 financial year, the Group's key focus was to expand exploration activities at its Mt Cannindah project through drill testing areas determined by earlier reviews. The strategy for the 2024 financial year will involve firstly analysing the results of the 2023 Mt Cannindah campaign including the drilling activity, IP, metallurgical and geochemical surveys then to confirm the future direction of the exploration program, as well as a strategy on the direction of exploration at the Piccadilly Project

Operations Report

Exploration Projects

Mount Cannindah

Drilling of the Mt Cannindah project continued during the 2023 financial year with diamond core drill holes 11 – 22 completed during the financial year and hole 23 completed after year end. Assay results up to hole 19 have now been issued to the ASX with the results for holes 20 - 23 inclusive awaited. Highlights of results issued during the year include:

- Hole 11 - high-grade copper and gold results of 726m @ 0.6%CuEq¹ including 11m @ 4.49%CuEq. (ASX release dated 29 July 2022). Impressive gold results of 23m @ 1.8g/t Au including 6m @ 2.7g/t Au from 792m with an aggregate of approximately 1,022m @ 0.5%CuEq.

¹ The Copper Equivalent (CuEq) measures used in this report were calculated using the following formula:

$$\text{CuEq} = ((\text{Cu} (\%) * \text{Cu price per 1\% per tonne} * \text{Cu Recovery}) + (\text{Au(g/t)} * \text{Au price per ppm Au} * \text{Au Recovery}) + (\text{Ag(g/t)} * \text{Ag price ppm Ag} * \text{Ag Recovery})) / (\text{Cu price per 1\% per tonne} * \text{Cu Recovery})$$

Grades for Cu, Au and Ag used in each CuEq calculation in the report and the resultant CuEq measure are set out in "Table 1. Assay Highlights Drillhole 22CAEDD009" in the report. Metal prices were calculated using 30-day average prices in USD for Q4,2021, i.e. copper - USD\$9,250/tonne, gold - USD\$1,750/oz and silver - USD\$23/oz. Average Metallurgical Recoveries were determined using previous preliminary metallurgical test work, geological observations and geochemical work analysed and interpreted by geologists Terra Search. This work established a high correlation between Cu, Au and Ag recovery rates resulting in a conservative recovery rate of 80% being applied for each of Cu, Au and Ag. In the Company's opinion all elements included in the metal equivalents calculation have a reasonable potential to be recovered and sold.

CANNINDAH RESOURCES LIMITED

DIRECTORS' REPORT

- Hole 12 - overall aggregate intersection of mineralised breccia of 180m @ 1.03% CuEq 0.77% Cu, 0.23g/t Au, 14.9g/t Ag (ASX release 29 August 2022)
- Hole 13 - 104m @ 1.0% CuEq Including high-grade 16m zone @ 2.32% CuEq, hundreds of metres of high-grade copper intercepts along with an excellent 24m gold hit from surface (ASX release of 30 September 2022)
- Hole 14- 182m @ 0.93% CuEq* and was the first hole drilled by CAE from west to east. Highlights of the hole were 132m @ 1.25%CuEq, 47m @ 1.56%Cu, 5m @ 3.26%Cu (ASX release 28th Nov 2022)
- Hole 16 encountered evidence of large-scale porphyry affinities. On top of this a breccia zone with 155m @ 1.12%CuEq* was outlined which included a high-grade zone over 74m @ 2.04%CuEq (ASX release dated 14 February 2023)
- Hole 17 was also successful in encountering significant copper and gold results high grade gold 6m @ 6.19g/t Au and 55m @ 0.89%Cu. (ASX release 9 March 2023)
- Hole 18 intersected significant gold results 104m @ 1.46g/t Au including high grade zone of 20m @ 5.5g/t Au. Bonanza gold grades up to 96.2g/t Au and 1.46%Cu and 132g/t Ag over a metre from 359m. (ASX release 23 March 2023)
- Hole 19 returned excellent copper gold and silver results. When the entire hole is aggregated there is 278m of 0.62%CuEq This included many sections above 1% Cu including 108m @0.92%CuEq. Importantly hole 19 has been drilled in the southern section of Mt Cannindah, which is outside the previously drilled main breccia area, opening up new potential for exploration (ASX release 17 May 2023)

In addition to drilling the Company conducted an Induced Polarisation Geophysical Survey (IP survey) which highlighted some excellent targets for future exploration. Interim results of the survey were announced to the ASX on 16 August 2023. While final processing and reporting of the regional survey is awaited, several chargeability anomalies were located including 30 significant chargeability anomalies which were identified by the 400m spaced regional line data. To support the IP survey, geological traversing and surface geochemical sampling was performed on a regional scale over the wider Cannindah project area. Soil samples were collected along the regional 400m IP lines and also along the north-north-east / south-south-west trend in the highly prospective zone from north of Mt Cannindah Breccia to south of Mt Theodore. The sampling work outlined broad areas of anomalous copper, gold and molybdenum in soils indicative of a large intrusive related mineralising system. These results are highly encouraging and highlight the additional exploration activity which needs to be performed.

The preparation work for the resource upgrade also continued during the year with Metallurgy test work being conducted with some encouraging preliminary results. Once the work is completed, a formal report will be provided to the Company to release to the market.

The Company holds a favourable tenement position, with the Mt Cannindah project being centrally located within a mineral field encompassed in the Company's leases and tenements. The project is geographically well located approximately 100km from the port of Gladstone. The nearby town of Monto services all the current project needs for accommodation, hardware and transport.

Financial

During the financial year ended 30 June 2023, the Consolidated Entity raised \$4,750,000 (before costs) from sophisticated and professional investors. Further, at the Annual General Meeting of the Company on 10 November 2022, Shareholders agreed to convert into share capital \$200,000 of geological consulting fees payable to consultant Terra Search Pty Ltd (a company associated with Director Dr Simon Beams).

Since year end the Consolidated Entity has announced a Share Purchase Plan (SPP) to raise up to A\$2,000,000 (before costs) under which eligible shareholders will be entitled to apply for up to A\$30,000 worth of additional fully paid ordinary shares at an issue price of \$0.10 per Share without incurring brokerage or other transaction costs. In addition, some investors that are within the top 20 shareholders who wished to participate to a greater extent than allowed by the SPP, committed to provide a further \$650,000 via a placement on the same terms as the SPP.

CANNINDAH RESOURCES LIMITED

DIRECTORS' REPORT

At 30 June 2023, the Company had cash on hand of \$ 659,355 (2022: \$1,283,121).

The Board is currently working through the usual commercial discussions that occur when certain transactions are contemplated both in terms of capital raising and future commercial opportunities. The company will update shareholders on discussions regarding any such developments as they occur.

Future Strategy

The Cannindah Resources Board and Management will continue to focus on developing the exploration potential of both its Mt Cannindah and Piccadilly Projects. The Company will continue with various methods of exploration activity to increase the resource base and improve the value of the projects to shareholders. The Company's overall goal is to carry out cost effective and innovative exploration, utilizing what improvements in technology are available.

The Board will also continue to seek to take advantage of additional corporate opportunities that are evaluated from time to time.

Environmental Regulation

The Consolidated Entity's operations are subject to significant environmental regulation under Commonwealth and State legislation in relation to the discharge of hazardous waste and minerals arising. The Consolidated Entity holds all necessary Environmental Authorities in accordance with the Environmental Protection Act 1994 and such other environmental approvals as may be stipulated under State laws to enable it to operate within its Mining Leases and the various exploration tenements it holds.

Information on Directors

Thomas J Pickett

LLB, Grad Cert App Fin
Executive Chairman.

Mr Pickett holds a Bachelor of Law and was admitted as a solicitor of the Supreme Court of Queensland in 1996. Mr Pickett has broad experience in the mining industry and has held a number of corporate roles in the mining and finance industries.

Mr Pickett was appointed as a Non-Executive Director of Austin Metals Limited (ASX: AYT) (previously Silver City Minerals Limited ASX: SYC) in 2019 and has previously held roles as Chairman of Dynasty Resources Limited and as a Non-Executive Director of Discovery Resources Limited (ASX: DIS), Red Gum Resources Limited (ASX: RGX) and CuDeco Ltd (ASX: CDU). He was a director of Piccadilly Gold Mine Holdings Limited (now a 100% owned subsidiary of Cannindah Resources Limited) and Diversified Mining Pty Ltd, a privately held exploration entity, resigning from both in 2015. Mr Pickett is currently a non-executive director of Aquis Entertainment Limited which is currently completing a compulsory acquisition process with its major shareholder.

Geoffrey J Missen

FCA, GAICD
Non-Executive Director and Chairman of the Audit and Risk Committee

Mr Missen is a Chartered Accountant with over 30 years' experience providing clients with tax, accounting and business advice. In 2021 he commenced his own boutique advisory firm Puzzle Advisory Services after 20 years as a founding Partner of a large Accounting Firm on the Gold Coast. His client base is diverse and centres on small to medium enterprises. Mr Missen has an interest in providing specialist advice to his clients and enjoys developing strategies to help clients meet their goals. He is an active board member, currently serving on a number of boards in the private and not-for-profit sectors.

Mr Missen is a graduate of Victoria University, the Wharton School of Business at the University of Pennsylvania, Cambridge University, Harvard Business School and the Chicago Booth Business School. He is a Fellow of Chartered Accountants in Australia and New Zealand and a Graduate Member of The Australian Institute of Company Directors (GAICD).

CANNINDAH RESOURCES LIMITED

DIRECTORS' REPORT

Dr. Simon D Beams

PhD (Geology) BSc Hons (First Class)
Non-Executive Director

Dr Beams has been a Geologist since 1975. For the past 35 years he has been Managing Director and Principal Geologist of Terra Search Pty Ltd where he has been directly involved in many mineral exploration and evaluation programs across Northern Australia, leading to mineral discoveries and some mines, primarily base metals and gold but including uranium, phosphate, magnetite & oil shale amongst others. In 2016, Simon was awarded the John Campbell Miles Medal by the Queensland Divisions of the Geological Society of Australia and the Australian Institute of Geosciences for contributions to economic geology, exploration technology and mineral discovery in Queensland.

Dr Beams is also an active member in a number of geological societies.

- Geological Society Australia, (GSA)
- Australasian Institute Mining & Metallurgy (AusIMM)
- Australian Institute of Geosciences (AIG)
- Society Economic Geologists (SEG)
- Association of Applied Geochemists

Dr Beams has been a member of the Advisory Board to the Economic Geology Research Centre (EGRU) at James Cook University, Townsville for over two decades. He is also a Member of the Queensland Exploration Committee for AMEC (Association of Mining and Exploration Companies) one of the Peak Industry Exploration Groups.

Dr Beams has produced several key publications in the areas of mineral deposit geology and geochemistry, exploration data management, regolith relations, petrology and granite genesis and regional geology of North Queensland.

Michael Hansel

LLB(Hons), BCom (Hons), BBus
Non-Executive Director

Mr Hansel is a Corporate Partner of HopgoodGanim Lawyers specialising in mergers and acquisitions, capital raisings, due diligence, takeovers, joint ventures, corporate restructuring and private equity transactions. Michael acts for a number of ASX-listed entities in the resources sector. He is a Director of ASX-listed Austral Resources Limited (since February 2022) and was previously a Director of ASX-listed Metro Mining Limited.

Michael is consistently recognised by a leading corporate business and commercial lawyer by various legal publications, including Doyle's Guide and The Best Lawyers™ as a leading Australian practitioner in Corporate Law, Mergers and Acquisitions and Commercial Law.

Company Secretary

The Company Secretary in office at the end of the financial year was Garry Gill. Mr Gill has more than 30 years' experience in all facets of corporate financial and administrative functions and has served in Chief Financial Officer and Company Secretarial positions at a number of listed and unlisted public companies, private companies and statutory authorities.

Directors' Interests in the Company

At the date of this report, the interests of the Directors in the shares and options of the Company were:

	Ordinary Shares	Performance Rights	Options
T J Pickett (Executive Chairman)	26,724,573	2,500,000	-
G J Missen (Non-Executive Director)	3,806,249	1,250,000	-
S D Beams (Non-Executive Director)	5,933,093	1,250,000	-
M K Hansel (Non-Executive Director) *	-	-	-

* Appointed 9 August 2022

CANNINDAH RESOURCES LIMITED

DIRECTORS' REPORT

Meetings of Directors

The number of meetings of the Company's Board of Directors held during the year ended 30 June 2023 and the number of meetings attended by each Director were:

	Held	Attended
T J Pickett	6	6
G J Missen	6	6
S D Beams	6	6
M K Hansel (Appointed 9 August 2022)	5	5

"Held" represents the number of meetings held during the time the Director held office or was a member of the relevant committee.

The Audit Committee did not meet during the year. All matters usually considered by the Committee were determined by the full Board.

Remuneration Report (Audited)

The remuneration report, which has been audited, outlines the Director and executive remuneration arrangements for the Consolidated Entity and the Company, in accordance with the requirements of the Corporations Act 2001 and its Regulations.

The remuneration report is set out under the following main headings:

- A Principles used to determine the nature and amount of remuneration
- B Details of remuneration
- C Service agreements
- D Share-based compensation
- E Equity instruments

A Principles used to determine the nature and amount of remuneration

Non-Executive Directors Remuneration

The Company's constitution provides that the Non-Executive Directors may be paid, as remuneration for their services, a sum determined from time to time by the Company's Shareholders in a general meeting, with that sum to be divided amongst the Directors in such manner as they agree. The aggregate remuneration ceiling for Non-Executive Directors is currently \$300,000 per annum. Additionally, Non-Executive Directors are entitled to be reimbursed for properly incurred expenses.

Non-Executive Directors are remunerated through a combination of fees and may also be granted performance rights or options over the Company's shares. The Board does not consider it appropriate to include a short-term incentive, or cash bonus element in the remuneration of Non-Executive Directors. However, to align Directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Consolidated Entity

Executive Remuneration

The Consolidated Entity and Company aim to reward executives with a level and mix of remuneration based on their position and responsibility, which is both fixed and variable.

The executive remuneration and reward framework has three components:

- base pay and non-monetary benefits
- share-based payments and cash bonuses
- other remuneration such as superannuation and long service leave.

The combination of these comprises the executive's total remuneration.

Fixed remuneration, consisting of base salary, superannuation and non-monetary benefits, are reviewed annually by the Board of Directors, based on individual and business unit performance, the overall performance of the Consolidated Entity and comparable market remunerations.

CANNINDAH RESOURCES LIMITED
DIRECTORS' REPORT

Consolidated Entity performance and link to remuneration

Because the Consolidated Entity is in exploration and not production, there is no direct relationship between the Consolidated Entity's financial performance and the level of remuneration paid to key management personnel. To align Directors' and executives' interests with those of Shareholders, at the Annual General Meeting on 17 December 2021, Shareholders approved the adoption of a share plan. Under the Plan, Performance Rights were issued to existing Directors and executives, conversion of which was governed by the market capitalisation of the Consolidated Entity. Further details of the Plan are discussed below.

Use of remuneration consultants

The Company did not engage remuneration consultants during the financial year ended 30 June 2023.

B Details of remuneration

Amounts of remuneration

Details of the remuneration of the Directors and other key management personnel (defined as those who have the authority and responsibility for planning, directing and controlling the major activities of the Consolidated Entity) of Cannindah Resources Limited paid and payable are set out in the following tables.

The key management personnel (KMP) of the Consolidated Entity consisted of the following Directors of Cannindah Resources Limited:

T J Pickett
G J Missen
S D Beams
M K Hansel (Appointed 9 August 2022)

And the following executive:

G C Gill - Chief Financial Officer / Company Secretary.

The Executive Chairman's remuneration includes non-cash components (increases to annual and long service leave and share based payments – performance rights), cash elements (salary and annual leave cashed out), and superannuation. The share-based payments – performance rights component is based on an independent valuation and is included as required by accounting standard AASB2 "Share Based Payments". (Refer note 15(b) of the Financial Statements for further information).

Appointed 9 August 2022.

* During the 2022 financial year a review was conducted into superannuation calculated by the Consolidated Entity from 2016 to 2020. As a result of this review, additional Superannuation Guarantee Charge totalling \$132,119 became payable to the ATO in the 2022 financial year. Of this charge it was estimated that \$125,707 was attributable to KMP and was allocated on a pro-rata basis to Messrs Pickett and Missen as set out in the table above.

Performance and at-risk remuneration as a percentage of total remuneration was as follows:

	2023		2022	
	Performance based remuneration %	At risk Remuneration %	Performance based remuneration %	At risk Remuneration %
T J Pickett	-	53.0%	24.0%	22.7%
G J Missen	-	81.6%	-	78.6%
S D Beam	-	81.6%	-	70.3%
M K Hansel	-	-	-	-
G C Gill	-	66.9%	-	56.8%

C Service agreements

Remuneration and other terms of employment for key management personnel are formalised in Service Agreements. Details of these Agreements are as follows:

Executive Chairman:

Effective from 1 July 2023, the Company has entered into an Employment Services Agreement with Mr Thomas Pickett the Executive Chairman. Remuneration payable pursuant to the package is as follows:

- Term of the contract is 2 years.
- Base salary of \$280,000 plus superannuation at statutory rates.
- Short term incentives under the contract include:
 - Annual bonus at the discretion of the Board
- The contract may be terminated by the Company giving of six months' written notice or by Mr Pickett giving 3 months' written notice.
- Termination payment is up to six months of annual base salary.
- Remuneration under the contract is to be reviewed annually by the Board of Directors.

For personal use only

CANNINDAH RESOURCES LIMITED
DIRECTORS' REPORT

Chief Financial Officer and Company Secretary

The Company has entered into an Agreement with Garry Gill and his company to provide services as Company Secretary and Chief Financial Officer. Services are to be provided on a part-time basis and at a rate of \$1,200 per day (pro rata) plus GST, plus expenses. The Agreement may be terminated by either party on 1 months' notice.

KMP have no entitlement to termination payments in the event of removal for misconduct.

D Share-based compensation

a) Performance Rights

At the Annual General Meeting held on 17 December 2021 shareholders voted to issue Performance Rights to KMP as set out below. The Performance Rights vest in tranches linked to the following performance criteria set by the Board:

- 50% of the Performance Rights vest on the date when the market capitalisation of the Company exceeds \$150 million for the 20th trading day in succession (Tranche 1); and
- 50% of the Performance Rights vest on the date when the market capitalisation of the Company exceeds \$175 million for the 20th trading day in succession (Tranche 2).

The performance rights issued by the Company were valued at grant date by an independent valuer. Details of the assumptions used in the calculation including assumed vesting dates are set out at Note 15 (b) of the Financial Statements.

Tranche 1

Name	Number of Rights granted	Grant date	Expiry date	Fair value at grant date (\$)	Previously Converted	Expensed during the year
T. Pickett	2,500,000	17-Dec-21	17-Dec-24	0.161	2,500,000	189,077
G. Missen	1,250,000	17-Dec-21	17-Dec-24	0.161	1,250,000	94,538
S. Beams	1,250,000	17-Dec-21	17-Dec-24	0.161	1,250,000	94,538
G. Gill	1,250,000	17-Dec-21	17-Dec-24	0.161	1,250,000	94,538
Total	6,250,000				6,250,000	472,691

Tranche 2

Name	Number of Rights granted	Grant date	Expiry date	Fair value at grant date (\$)	Converted during the period	Expensed during the year
T. Pickett	2,500,000	17-Dec-21	17-Dec-24	0.154	-	165,908
G. Missen	1,250,000	17-Dec-21	17-Dec-24	0.154	-	82,955
S. Beams	1,250,000	17-Dec-21	17-Dec-24	0.154	-	82,955
G. Gill	1,250,000	17-Dec-21	17-Dec-24	0.154	-	82,955
Total	6,250,000				-	414,773

b) Issue of shares

As noted in (a) above, in accordance with the resolution passed at the Annual General Meeting held on 17 December 2021, KMP were issued 12,500,000 Performance Rights as described above. Following the successful achievement of the first hurdle (market capitalisation of the Company exceeding \$150 million for the 20th trading day in succession), 50% of the Performance Rights were converted to Shares and issued to the KMP on 14 March 2022 as follows:

For personal use only

CANNINDAH RESOURCES LIMITED
DIRECTORS' REPORT

Name	No of Shares
T. Pickett	2,500,000
G. Missen	1,250,000
S. Beams	1,250,000
G. Gill	1,250,000
Total	6,250,000

In accordance with the resolution passed at the Annual General Meeting held on 10 November 2022, 930,233 shares were issued to Terra Search Pty Ltd, a company associated with Director, Dr Simon Beams, in payment or part payment of outstanding fees of \$200,000 owing for geological services to the Consolidated Entity (2022: 694,460 shares at \$0.216 each for a total value of \$150,000).

No other shares were issued to KMP during the year.

c) Issue of options

There were no options over ordinary shares issued to Directors and other Key Management Personnel as part of compensation during the year ended 30 June 2023.

E Equity instruments

a) Movements in shares

The movement during the year in the number of ordinary shares in Cannindah Resources Limited held directly, indirectly or beneficially by each key management person, including their related parties, is as follows:

¹ Issued to Terra Search Pty Ltd a company associated with SD Beams (930,233) and acquired on market by other related parties to SD Beams (558,400)

CANNINDAH RESOURCES LIMITED
DIRECTORS' REPORT

²Issued to SD Beams in his personal capacity.

³Issued to Terra Search Pty Ltd a company associated with SD Beams

As noted in Section D above shares were issued to a company associated with Dr Beams to pay or part pay outstanding fees during the 2023 and 2022 financial years. The acquisitions are treated as "Other" acquisitions in the 2023 and 2022 financial years in the table above. "Other" Shares acquired by Mr Pickett in the 2022 financial year were through on-market transactions.

All on market purchases and sales complied with the Board's Securities Trading Policy which permits trading by Directors and executives during certain periods in the absence of knowledge of price-sensitive information.

b) Movement in performance rights

Movements in the number of performance rights over ordinary shares in the Consolidated entity held during the financial year by each Director and other members of key management personnel of the Consolidated entity, including their personally related parties, are set out below:

	Balance at start of year	Granted as remuneration	Converted to shares	Expired	Balance at end of year
2023					
T. Pickett	2,500,000	-	-	-	2,500,000
G. Missen	1,250,000	-	-	-	1,250,000
S. Beams	1,250,000	-	-	-	1,250,000
G. Gill	1,250,000	-	-	-	1,250,000
Total	6,250,000	-	-	-	6,250,000
2022					
T. Pickett	-	5,000,000	(2,500,000)	-	2,500,000
G. Missen	-	2,500,000	(1,250,000)	-	1,250,000
S. Beams	-	2,500,000	(1,250,000)	-	1,250,000
G. Gill	-	2,500,000	(1,250,000)	-	1,250,000
Total	-	12,500,000	(6,250,000)	-	6,250,000

c) Movement in options

No options over ordinary shares in the parent entity were held by any Director or other member of key management personnel of the Consolidated Entity during the financial years ended 30 June 2023 or 30 June 2022.

End of audited remuneration report

Share options

At the date of this report there were no unissued ordinary shares under option (nil at 30 June 2023 and nil at 30 June 2022). No options have been exercised since year end to the date of this report.

Indemnity and insurance of officers

The Company has indemnified the Directors of the Company for costs incurred, in their capacity as a director, for which they may be held personally liable, except where there is a lack of good faith.

During the financial year, the Company paid a premium in respect of a contract to insure the Directors of the Company against a liability to the extent permitted by the Corporations Act 2001. The amount of the premium is not disclosed as it is considered confidential.

For personal use only

CANNINDAH RESOURCES LIMITED
DIRECTORS' REPORT

Indemnity and insurance of auditor

The Company has not, during or since the financial year, indemnified or agreed to indemnify the auditor of the company or any related entity against a liability incurred by the auditor.

During the financial year, the Company has not paid a premium in respect of a contract to insure the auditor of the company or any related entity.

Proceedings on behalf of the Company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

Subsequent Events

On 21 September 2023, the Company announced that it had received commitments for the issue of 6,500,000 Shares to sophisticated and professional investors to raise \$650,000. The Company also announced a Share Purchase Plan under which eligible CAE shareholders will be entitled to apply for up to A\$30,000 worth of additional fully paid ordinary shares at an issue price of \$0.10 per Share without incurring brokerage or other transaction costs. The Company is seeking to raise up to A\$2,000,000 (before costs) under the SPP Offer

No other matters or circumstances have arisen since 30 June 2023, which significantly affect, or may significantly affect, the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

Non-audit services

The following non-audit services were provided by related entities to the entity's auditor, Grant Thornton Audit Pty Ltd. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The nature and scope of non-audit service provided means that auditor independence was not compromised.

Grant Thornton received, or is due to receive, the following amounts for the provision of non-audit services during the year ended 30 June 2023:

	2023	2022
	\$	\$
Taxation compliance services	20,296	10,100

Officers of the company who are former audit partners of Grant Thornton Audit Pty Ltd

There are no officers of the company who are former audit partners of Grant Thornton Audit Pty Ltd.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the Corporations Act 2001 is set out on the following page.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

Auditor's Independence Declaration

To the Directors of Cannindah Resources Limited

In accordance with the requirements of section 307C of the *Corporations Act 2001*, as lead auditor for the audit of Cannindah Resources Limited for the year ended 30 June 2023, I declare that, to the best of my knowledge and belief, there have been:

- a no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b no contraventions of any applicable code of professional conduct in relation to the audit.

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

New, revised or amending Accounting Standards and Interpretations adopted

The Consolidated Entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. None of the new standards and amendments to standards affected any of the amounts recognised in the current period or any prior period and are not likely to affect future periods.

The following Accounting Standards and Interpretations are most relevant to the consolidated entity:

Basis of preparation

These general-purpose financial statements have been prepared on a going concern basis in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, financial assets and liabilities at fair value through profit or loss.

Functional and Presentation Currency

The Company's functional and presentation currency is Australian dollars.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Consolidated Entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2.

Parent entity information

In accordance with the Corporations Act 2001, these financial statements present the results of the Consolidated Entity only. Supplementary information about the parent entity is disclosed in note 22.

Principles of consolidation

The consolidated financial statements incorporate the assets and liabilities of subsidiaries of Cannindah Resources Limited ('Company' or 'Parent Entity') as at 30 June 2023 and the results of all subsidiaries for the year then ended. Cannindah Resources Limited and its subsidiaries together are referred to in these financial statements as the 'Consolidated Entity'.

A subsidiary is any entity controlled by the Company. Control exists where the parent entity is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary.

Intercompany transactions, balances and unrealised gains on transactions between entities in the Consolidated Entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries and special purpose entities have been changed where necessary to ensure consistency with the policies adopted by the Consolidated Entity.

Profit or loss and other comprehensive income of subsidiaries acquired or disposed of during the year are recognised from the effective date of acquisition or up to the effective date of disposal as applicable.

For personal use only

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Principles of consolidation (continued)

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's profit or loss and net assets that is not held by the Group. The Group attributes total comprehensive income or loss of subsidiaries between the owners of the parent and the non-controlling interests based on their respective ownership interests.

Other income

The Group may also receive other income comprised of interest income, government grants and research and development tax incentives. Other income is recognised when it is received or when the right to receive payment is established.

Government grants

Government grants relating to costs are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Interest income

Interest income is recognised when it becomes receivable on a proportional basis taking into account the interest rates applicable to the financial assets.

Income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses and the adjustment recognised for prior periods, where applicable.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted, except for:

- When the deferred income tax asset or liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting nor taxable profits; or
- When the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Deferred tax assets and liabilities are offset only where there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets against deferred tax liabilities; and they relate to the same taxable authority on either the same taxable entity or different taxable entity's which intend to settle simultaneously.

Cannindah Resources Limited (the 'head entity') and its wholly-owned Australian controlled entities have formed an income tax consolidated group under the tax consolidation regime. The head entity and the controlled entities in the tax consolidated group continue to account for their own current and deferred tax amounts. The tax consolidated group has applied the group allocation approach in determining the appropriate amount of taxes to allocate to members of the tax consolidated group.

For personal use only

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Income tax (continued)

In addition to its own current and deferred tax amounts, the head entity also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group.

Assets or liabilities arising under tax funding agreements with the tax consolidated entities are recognised as amounts receivable from or payable to other entities in the tax consolidated group. The tax funding arrangement ensures that the intercompany charge equals the current tax liability or benefit of each tax consolidated group member, resulting in neither a contribution by the head entity to the subsidiaries nor a distribution by the subsidiaries to the head entity.

Research and Development Tax Refunds and refunds receivable are recognised as a tax credit.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight line basis to write off the net cost of each item of property, plant and equipment over their expected useful lives as follows:

Property plant and equipment	2 – 5 years
------------------------------	-------------

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the consolidated entity. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Leases

The Group assesses whether a contract is, or contains, a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (such as tablets and personal computers, small items of office furniture and telephones). For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The incremental borrowing rate depends on the term, currency and start date of the lease and is determined based on a series of inputs including: the risk-free rate based on government bond rates; a country-specific risk adjustment; a credit risk adjustment based on bond yields; and an entity-specific adjustment when the risk profile of the entity that enters into the lease is different to that of the Group and the lease does not benefit from a guarantee from the Group.

For personal use only

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Leases (continued)

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable.
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date.
- The amount expected to be payable by the lessee under residual value guarantees.
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options.
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the consolidated statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group did not make any such adjustments during the periods presented.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under AASB 137. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the right-of-use asset.

If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are included in the property plant and equipment line in the consolidated statement of financial position with corresponding detail presented in Note 10.

The Group applies AASB 136 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in the 'Impairment of non-financial assets' policy.

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Leases (continued)

As a practical expedient, AASB 16 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Group has not used this practical expedient. For contracts that contain a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Financial instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)
- debt instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entity's business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

For personal use only

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Financial instruments (continued)

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Group's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

Financial assets at fair value through profit or loss (FVPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply.

Impairment of Financial assets

AASB 9's impairment requirements use forward-looking information to recognise expected credit losses – the 'expected credit losses (ECL) model'. Instruments within the scope of the requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under AASB 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Group considers a broad range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables and contract assets

The Group makes use of a simplified approach in accounting for trade and other receivables as well as contract assets and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Group uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The Group assess impairment of trade receivables on a collective basis as they possess credit risk characteristics based on the days past due.

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Classification and measurement of financial liabilities

The Group's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Group designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

Borrowings

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Exploration and evaluation assets

Exploration and evaluation expenditure in relation to separate areas of interest for which rights of tenure are current is carried forward as an asset in the statement of financial position where it is expected that the expenditure will be recovered through the successful development and exploitation of an area of interest, or by its sale; or exploration activities are continuing in an area and activities have not reached a stage which permits a reasonable estimate of the existence or otherwise of economically recoverable reserves. Where a project or an area of interest has been abandoned, the expenditure incurred thereon is written off in the year in which the decision is made.

Impairment of non-financial assets

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Finance costs

Finance costs attributable to qualifying assets are capitalised as part of the asset. All other finance costs are expensed in the period in which they are incurred.

Provisions

Provisions are recognised when the Consolidated Entity has a present (legal or constructive) obligation as a result of a past event, it is probable the Consolidated Entity will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Employee benefits

Wages and salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in current liabilities in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled. Non-accumulating sick leave is expensed to profit or loss when incurred.

Share-based payments

Equity-settled and cash-settled share-based compensation benefits are provided to employees.

Equity-settled transactions are awards of shares, rights or options over shares that are provided to employees in exchange for the rendering of services. Cash-settled transactions are awards of cash for the exchange of services, where the amount of cash is determined by reference to the share price.

The cost of equity-settled transactions is measured at fair value on grant date. Fair value is independently determined using the Binomial, Monte Carlo or Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option, together with non-vesting conditions that do not determine whether the Consolidated Entity receives the services that entitle the employees to receive payment. No account is taken of any other vesting conditions.

The cost of equity-settled transactions is recognised as an expense with a corresponding increase in equity over the vesting period. The cumulative charge to profit or loss is calculated based on the grant date fair value of the award, the best estimate of the number of awards that are likely to vest and the expired portion of the vesting period. The amount recognised in profit or loss for the period is the cumulative amount calculated at each reporting date less amounts already recognised in previous periods.

The cost of cash-settled transactions is initially, and at each reporting date until vested, determined by applying the Binomial, Monte Carlo or Black-Scholes option pricing model, taking into consideration the terms and conditions on which the award was granted. The cumulative charge to profit or loss until settlement of the liability is calculated as follows:

- during the vesting period, the liability at each reporting date is the fair value of the award at that date multiplied by the expired portion of the vesting period.
- from the end of the vesting period until settlement of the award, the liability is the full fair value of the liability at the reporting date.

All changes in the liability are recognised in profit or loss. The ultimate cost of cash-settled transactions is the cash paid to settle the liability.

Market conditions are taken into consideration in determining fair value. Therefore any awards subject to market conditions are considered to vest irrespective of whether or not that market condition has been met provided all other conditions are satisfied.

If equity-settled awards are modified, as a minimum an expense is recognised as if the modification has not been made. An additional expense is recognised, over the remaining vesting period, for any modification that increases the total fair value of the share-based compensation benefit as at the date of modification.

If the non-vesting condition is within the control of the Consolidated Entity or employee, the failure to satisfy the condition is treated as a cancellation. If the condition is not within the control of the Consolidated Entity or employee and is not satisfied during the vesting period, any remaining expense for the award is recognised over the remaining vesting period, unless the award is forfeited.

If equity-settled awards are cancelled, it is treated as if it has vested on the date of cancellation, and any remaining expense is recognised immediately. If a new replacement award is substituted for the cancelled award, the cancelled and new award is treated as if they were a modification.

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 1 Statement of Significant Accounting Policies (continued)

Issued capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Other equity

Convertible notes which are settled for a fixed amount of cash; may only be converted into a fixed number of shares and may not be redeemed for cash or other financial asset, are treated as other equity.

Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to the owners of Cannindah Resources Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

Rounding of Amounts

The company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2023. The consolidated entity has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

For personal use only

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 2 Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events; management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Going Concern

The Financial Statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the Consolidated Entity incurred a net loss of \$1,902,972, recorded a working capital deficiency of \$1,782,290 and had net cash outflows from operating and investing activities of \$ 5,171,405 for the year ended 30 June 2023.

The Directors note that on 21 September 2023, the Company announced that it had signed agreements for the issue of 6,500,000 Shares to sophisticated and professional investors to raise \$650,000. The Company also announced a Share Purchase Plan under which eligible CAE shareholders will be entitled to apply for up to A\$30,000 worth of additional fully paid ordinary shares at an issue price of \$0.10 per Share without incurring brokerage or other transaction costs. The Company is seeking to raise up to A\$2,000,000 (before costs) under the SPP Offer.

The Directors expect that further additional funds will be required for the Company to operate and conduct exploration activities over the next 12 months. It is expected that these funds will be obtained through additional capital raisings and loan funds as required Based on their previous experience and success in raising capital and loan funds, the current market appetite for the commodities for which the Company is exploring and the recent results obtained from the exploration program, the Directors are confident, these additional funds can be obtained.

While the Directors are satisfied that they will be able to secure the additional funds required, and that the going concern basis of preparation for the financial report is appropriate, the Directors recognise that the vagaries of the market, and the events and conditions noted above indicate the existence of a material uncertainty related to going concern. If for any reason the Consolidated Entity is unable to continue as a going concern, it would impact on the Consolidated Entity's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the consolidated financial statements.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

Exploration and Evaluation Assets

Estimates and judgements relating to the exploration and evaluation assets has been included within Note 11.

Valuation of Performance Rights

The performance rights issued by the Company were valued at grant date by an independent valuer. The assumptions applied by the valuer are set out at Note 15(b).

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 3 Operating segments.

Identification of reportable operating segments

The Consolidated Entity has determined its operating segments based on the internal reports that are reviewed and used by both management and the Board of Directors in assessing performance and allocation of resources. As the Consolidated Entity is still in the exploration phase, the chief operating decision makers review the operations as a whole and therefore consider one segment to be appropriate.

Current year expenditure written off	(10,870)	(123)
Carrying amount at the end of the period	15,707,153	10,805,569

Estimates and judgements.

The consolidated entity makes critical judgements in respect of carrying forward exploration and evaluation assets in the Statement of Financial Position, and in evaluating the existence of any impairment triggers. Exploration and evaluation expenditure may be capitalised in certain circumstances. Directors review the commercial arrangements in relation to the renewal of mining tenements to ensure that the relationships are managed, and activities are conducted to support carrying forward expenditure. Tenements currently under renewal or due for renewal within the coming 12-month period have been considered by management, and there are no current indications that these tenement permits will not be renewed.

Recoverability of the carrying amount of exploration assets is dependent on the successful exploration and development of projects or alternatively through the sale of the areas of interest. Current year expenditure and prior year capitalised expenditure written-off represents expenditure on discontinued or surrendered mineral tenements.

The Group leases its corporate office at Broadbeach. With the exception of short-term leases and leases of low-value underlying assets, leases are reflected in the consolidated statement of financial position as a right-of-use asset and a lease liability. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment (see Note 10).

The lease generally imposes a restriction that, unless there is a contractual right for the Group to sublet the asset to another party, the right-of-use asset can only be used by the Group. The lease may only be cancelled by incurring a substantive termination fee. The lease is for a three-year period and includes an option to extend for a further period. There is no option to purchase the underlying leased asset outright at the end of the lease. Pursuant to the lease, the Group must keep the property in a good state of repair and return the properties in their original condition at the end of the lease. Further, the Group must insure right-of-use assets and incur maintenance fees on such items in accordance with the lease contracts.

Future lease payments as at 30 June 2023 are included at Note 17.

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the Company in proportion to the number of shares held. The fully paid ordinary shares have no par value. On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

Capital risk management

The Consolidated Entity's objectives when managing capital are to safeguard its ability to continue as a going concern and fund its operations. The Consolidated Entity's capital comprises borrowings, ordinary share capital, reserves and accumulated losses as disclosed in the statement of changes in equity. In common with many other exploration companies, the parent raises finance for the Consolidated Entity's exploration and appraisal activities in discrete tranches. Management effectively manages the Consolidated Entity's capital by assessing the Consolidated Entity's financial risks and adjusting its capital structure in response to changes in these risks and in the market. There are no externally imposed capital requirements. The capital risk management policy remains unchanged from the 30 June 2022 Financial Report. The Consolidated Entity monitors capital on the basis of its working capital position (i.e. liquidity risk). The net working capital of the Consolidated Entity at 30 June 2023 was negative \$1,782,290 (2022: negative \$1,461,242).

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 15 Contributed Equity (continued)

(b) Performance rights

At the Annual General Meeting of the Consolidated Entity held on 17 December 2021, Shareholders approved the Share Plan and authorised the issue of Performance Rights to eligible participants pursuant to the plan. Vesting conditions for the performance rights are set out below.

- 50% of the Performance Rights vest on the date when the market capitalisation of the Company exceeds \$150 million for the 20th trading day in succession (Tranche 1); and
- 50% of the Performance Rights vest on the date when the market capitalisation of the Company exceeds \$175 million for the 20th trading day in succession (Tranche 2).

On 17 December 2021, the 12,500,000 Performance rights were issued in accordance with the approval at the AGM with movements in the rights during the period being as follows:

Tranche 1

Name	Number of Rights granted	Grant date	Expiry date	Fair value at grant date (\$)	Exercised	Expensed during the period
T. Pickett	2,500,000	17-Dec-21	17-Dec-24	0.161	2,500,000	189,077
G. Missen	1,250,000	17-Dec-21	17-Dec-24	0.161	1,250,000	94,538
S. Beams	1,250,000	17-Dec-21	17-Dec-24	0.161	1,250,000	94,538
G. Gill	1,250,000	17-Dec-21	17-Dec-24	0.161	1,250,000	94,538
Total Tranche 1	6,250,000				6,250,000	472,691

Tranche 2

Name	Number of Rights granted	Grant date	Expiry date	Fair value at grant date (\$)	Exercised during the period	Expensed during the period
T. Pickett	2,500,000	17-Dec-21	17-Dec-24	0.154	-	165,908
G. Missen	1,250,000	17-Dec-21	17-Dec-24	0.154	-	82,955
S. Beams	1,250,000	17-Dec-21	17-Dec-24	0.154	-	82,955
G. Gill	1,250,000	17-Dec-21	17-Dec-24	0.154	-	82,955
Total Tranche 2	6,250,000				-	414,773
Total	12,500,000				6,250,000	887,464

As the performance rights are conditional upon achievement of the relevant performance conditions, the vesting date is considered to be variable. In these circumstances, the accounting standards require the Company to estimate the length of the expected vesting period at grant date, based on assumptions that are consistent with those used in estimating the fair value of the performance rights granted. The Performance Rights of Tranche 1 were exercised on 14 March 2022 on the successful attainment of the hurdle set out above. In accordance with accounting standards, the vesting period has not been revised, meaning a pro rata expense was recognised in the current year, and will continue to be recognised on a pro rata basis over the original vesting term. Were this expense recognised in full at vesting date, the expense recognised as a share-based payment in the 2023 financial report would be reduced by \$472,691.

The performance rights issued by the Company were valued at grant date by an independent valuer, using the Monte Carlo simulation method, which determined the vesting dates as 2 February 2024 (Tranche 1) and 12 April 2024 (Tranche 2). The valuation methodology applied the following assumptions.

Closing Balance	395,614	395,614

Performance Rights Reserve

The performance rights reserve recognises the fair value of performance rights issued to KMPs in relation to the supply of goods or services. Once all performance rights in the series have vested or have expired, the reserve related to those rights will be transferred to accumulated losses.

Movements in reserve

Opening balance	473,770	-
Performance Rights (refer Note 15(b) above)	887,464	473,770
Closing Balance	1,361,234	473,770
Total reserves	1,756,848	869,384

Note 17 Financial Instruments

Financial risk management objectives

Risk management is carried out under policies set by the Board of Directors. The Board provides principles for overall risk management, as well as policies covering specific areas.

The Board monitors and manages the financial risk relating to the operations of the Consolidated Entity. The Consolidated Entity's activities expose it to a variety of financial risks: market risk (including foreign currency risk), price risk and interest rate risk, credit risk and liquidity risk. The Consolidated Entity's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Consolidated Entity. The Consolidated Entity does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 17 Financial Instruments (continued)

Foreign exchange risk arises from future commercial transactions and recognised financial assets and financial liabilities denominated in a currency that is not the entity's functional currency. The risk is measured using sensitivity analysis and cash flow forecasting.

Market risk

Interest rate risk

The economic entity's exposure to interest rate risk is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates.

As at the reporting date, the Consolidated Entity had the following variable rate investments:

	Weighted Average Interest Rate	Average Cash Balance \$
2023		
Cash and cash equivalents	0.99%	1,153,278
2022		
Cash and cash equivalents	0.11%	1,025,155

Sensitivity Analysis

At 30 June 2023, if average interest rates had increased/decreased by 200 basis points with all other variables held constant, post-tax profit and total equity for the year would have been as follows:

	Consolidated	
	2023	2022
	\$	\$
Change in profit and equity:		
Increase in interest rate by 2%	23,066	20,503
Decrease in interest rate by 2%	(11,373)	(1,135)

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The maximum exposure to credit risk at the reporting date to recognised financial assets is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements. The Consolidated Entity does not hold any collateral.

The Consolidated Entity does not have any significant exposure to credit risk from trade receivables. The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

Liquidity risk

Vigilant liquidity risk management requires the Consolidated Entity to maintain sufficient liquid assets (mainly cash and cash equivalents) to be able to pay debts as and when they become due and payable.

The Consolidated Entity manages liquidity risk by continuously monitoring actual and forecast cash flows to ensure funds are available to meet liabilities.

Maturity Analysis – 2023

Remaining contractual maturities

The following tables detail the consolidated entity's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

	Interest Rate	Carrying amount \$	< 6 months \$	6-12 months \$	1-3 years \$	> 3 years \$
Financial Liabilities						
Trade Creditors	0%	2,520,964	2,520,964	-	-	-
Lease liability	4.66%	91,081	16,500	16,500	60,500	-
Total		2,612,045	2,537,464	16,500	60,500	-

Maturity Analysis - 2022

		Carrying amount \$	< 6 months \$	6-12 months \$	1-3 years \$	> 3 years \$
Financial Liabilities						
Trade Creditors	0%	1,857,828	1,857,828	-	-	-
Total		1,857,828	1,857,828	-	-	-

Net fair values

The carrying amount of financial assets and financial liabilities recorded in the financial statements are a reasonable approximation of their respective net fair values, determined in accordance with the accounting policies disclosed in Note 1 to the financial statements.

Note 18 Key Management Personnel Disclosures

Transactions between related parties, other than those noted in the audited Remuneration Report are detailed at Note 21. Where transactions with related parties occur, they are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

Key management personnel remuneration includes the following expenses:

	Consolidated	
	2023 \$	2022 \$
Short term employee benefits:		
Salaries and fees	480,394	412,000
Bonus	-	200,000
Annual leave movement in liability	(6,774)	9,477
Share based payments	887,465	473,770
Long term benefits - long service leave	8,403	7,695
Post-employment benefits - Superannuation	37,041	153,707
Total remuneration	1,406,529	1,256,649

CANNINDAH RESOURCES LIMITED
NOTES TO THE FINANCIAL STATEMENTS
for the year ended 30 June 2023

Note 19 Auditors' Remuneration

During the financial year the following fees were paid or payable for services provided by Grant Thornton Audit Pty Ltd, the auditor of the Company:

	Consolidated	
	2023	2022
	\$	\$
<i>Audit services:</i>		
Audit or review of the financial statements	67,400	58,201
<i>Other services provided by related entities of the auditor:</i>		
Taxation services	20,296	10,100

Note 20 Commitments

Committed at the reporting date but not recognised as liabilities:

Lease commitments - mining leases:

Within one year	84,557	82,672
One to five years	364,366	356,245
	448,923	438,917

Mining exploration expenditure

Within one year	1,552,750	1,674,500
One to five years	3,870,135	5,422,885
	5,422,885	7,097,385

The Consolidated Entity has certain commitments imposed by the Queensland Department of Natural Resources and Mines to perform minimum exploration work on the tenements. These obligations, which may be varied from time to time, are subject to approval and are expected to be fulfilled in the normal course of operations of the Consolidated Entity. The exploration expenditure commitments are in line with those set in the Government approved work programs when tenements are approved or granted. Certain tenements held by the Consolidated Entity may be the subject of future Native Title claims. The Directors of the Company expect that existing operations will not be materially affected by any potential claims.

DIRECTORS' DECLARATION
for the year ended 30 June 2023

In the Directors' opinion:

1. The attached financial statements and notes thereto comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
2. The attached financial statements and notes thereto comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 1 to the financial statements;
3. The attached financial statements and notes thereto give a true and fair view of the Consolidated Entity's financial position as at 30 June 2023 and of its performance for the financial year ended on that date; and
4. There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
5. The Directors have been given the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of directors made pursuant to section 295(5) of the Corporations Act 2001.

Independent Auditor's Report

To the Members of Cannindah Resources Limited

Report on the audit of the financial report

Opinion

We have audited the financial report of Cannindah Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2023, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies, and the Directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- a giving a true and fair view of the Group's financial position as at 30 June 2023 and of its performance for the year ended on that date; and
- b complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

www.grantthornton.com.au

ACN-130 913 594

Material uncertainty related to going concern

We draw attention to Note 2 in the financial statements, which indicates that the Group incurred a net loss of \$1,902,972 during the year ended 30 June 2023. Operating cash outflows for the period were \$1,262,966. As stated in Note 2, these events or conditions, along with other matters as set forth in Note 2, indicate that a material uncertainty exists that may cast doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Material uncertainty related to going concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Exploration and evaluation assets - Notes 2 and 11	
<p>At 30 June 2023 the carrying value of exploration and evaluation assets was \$15,707,153.</p> <p>In accordance with AASB 6 <i>Exploration for and Evaluation of Mineral Resources</i>, the company is required to assess at each reporting date if there are any triggers for impairment which may suggest the carrying value is in excess of the recoverable value.</p> <p>The process undertaken by management to assess whether there are any impairment triggers in each area of interest requires management judgement.</p> <p>This area was a key audit matter due to the significant judgement involved in assessing whether there are facts and circumstances that exist that indicate Management should test the exploration and evaluation assets for impairment.</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none">• Obtaining the management prepared reconciliation of capitalised exploration and evaluation expenditure and agreeing to the general ledger;• Reviewing management's area of interest considerations against AASB 6;• Conducting a detailed review of management's assessment of trigger events prepared in accordance with AASB 6 including;<ul style="list-style-type: none">- Tracing projects to statutory registers and exploration licenses to determine whether a right of tenure existed;- Enquiring of management regarding their intentions to carry out exploration and evaluation activity in the relevant exploration area, including review of managements' budgeted expenditure;- Understanding whether any data exists to suggest that the carrying value of these exploration and evaluation assets are unlikely to be recovered through development or sale;• Evaluating the competence, capabilities and objectivity of management's expert in the evaluation of potential impairment triggers; and• Assessing the appropriateness of the related disclosures within the financial statements.

Information other than the financial report and auditor's report thereon

The Directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2023, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the financial report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar1_2020.pdf. This description forms part of our auditor's report.

Report on the remuneration report

Opinion on the remuneration report

We have audited the Remuneration Report included in pages 5 to 10 of the Directors' report for the year ended 30 June 2023.

In our opinion, the Remuneration Report of Cannindah Resources Limited, for the year ended 30 June 2023 complies with section 300A of the Corporations Act 2001.

Responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
