Explanatory statement

1. General information

This explanatory statement is an important document and should be read carefully. It comprises part of, and should be read in conjunction with, the notice of annual general meeting of Byron Energy Limited (**Company**) to be held on 29 November 2023.

If you do not understand its contents or are not sure what to do, you should consult your stockbroker or other professional adviser.

If you have any questions regarding the matters set out in this explanatory statement (or elsewhere in the notice of annual general meeting), you may contact the Company's share registrar, Boardroom Pty Limited, as follows:

Telephone: 1300 737 760 (within Australia)

+61 2 9290 9600 (outside Australia)

between 8:30 am and 5:00 pm (Sydney time) Monday to Friday (except public holidays).

1. Resolution 1 — Adoption of remuneration report

There will be an opportunity for shareholders at the annual general meeting (**Meeting**) to comment on and ask questions about the remuneration report, which appears on pages 40-45 of the Company's 2023 Annual Report.

The vote on the proposed resolution adopting the remuneration report is advisory only and will not bind the Company or its directors. However, the board will take the outcome of the vote into consideration when reviewing the Company's remuneration policy and practices.

The *Corporations Act 2001* (Cth) (**Corporations Act**) contains a 'two strikes' rule in relation to remuneration reports. Briefly, if at two consecutive AGMs of the Company 25% or more votes are cast against the resolution that the Company's remuneration report be adopted, a 'spill resolution' must be put to the vote at the second meeting. The spill resolution is that another meeting of the Company's members be held within 90 days to consider the appointment of new directors in place of those directors (other than the managing director) who were directors at the time the resolution was passed to make the directors' report (including the remuneration report).

At the Company's 2022 AGM, less than 25% of votes were cast against the resolution that the remuneration report be adopted. Accordingly, there is no requirement to allow for a possible spill resolution at this year's AGM.

Directors' recommendation

The directors recommend that shareholders entitled to vote, vote in favour of Resolution 1.

2. Resolution 2 — Re-election of Prent Kallenberger

Clause 16.1 of the Company's constitution states that at each AGM of the Company one third of the directors or, if their number is not a multiple of 3, then the number nearest to but not less than one third must retire from office. A retiring director is eligible to stand for re-election.

In accordance with these requirements, Prent Kallenberger retires by rotation at this year's AGM and, being eligible, stands for re-election.

Prent Kallenberger has been a director of the Company since 18 March 2013.

Prent Kallenberger is a geoscientist with over thirty years of experience in the oil and gas industry with extensive exploration and development experience in the Gulf of Mexico and California. He was Vice President of Exploration with Byron Energy (Australia) Pty Ltd until Byron Energy (Australia) Pty Ltd merged with Trojan Energy Limited to create Byron Energy Limited. He is currently the Company's Chief Operating Officer.

Mr Kallenberger holds a Bachelor of Science degree in Geology from Boise State University and a Master of Science degree in Geophysics from Colorado School of Mines.

Directors' recommendation

The directors (other than Prent Kallenberger) recommend that shareholders vote in favour of Resolution 2.

3. **Resolution 3 — Re-election of Paul Young**

Clause 16.1 of the Company's constitution states that at each AGM of the Company one third of the directors or, if their number is not a multiple of 3, then the number nearest to but not less than one third must retire from office. A retiring director is eligible to stand for re-election.

In accordance with these requirements, Paul Young retires by rotation at this year's AGM and, being eligible, stands for re-election.

Paul Young has been a director of the Company since 18 March 2013.

Mr Young is a Managing Director of Henslow Corporate and country head for Oaklins, a global mid-market corporate advisory firm. He has been in merchant banking for more than 30 years. He has extensive experience in the provision of corporate advice to a wide range of Australian and international listed and unlisted companies including restructurings, capital raisings, initial public offerings and mergers and acquisitions.

Mr Young is an Honours Graduate in Economics (University of Cambridge) and has an Advanced Diploma in Corporate Finance. He is an Associate of the Institute of Chartered Accountants in England and Wales and a Fellow of the Australian Institute of Company Directors.

Paul Young is currently Chairman of the Audit and Risk Management Committee.

Directors' recommendation

The directors (other than Paul Young) recommend that shareholders vote in favour of resolution 3.

4. **Resolution 4 — Additional capacity to issue ordinary shares**

Background

Rule 7.1A enables eligible entities to issue equity securities up to 10% of its issued share capital through placements over a 12 month period after the Meeting without further Shareholder approval (**10% Placement Capacity**).

The 10% Placement Capacity is in addition to the Company's 15% placement capacity under Rule 7.1.

Resolution 4 seeks Shareholder approval by way of Special Resolution for the Company to have the additional 10% capacity provided for in ASX Listing Rule (**Rule**) 7.1A to issue equity securities without Shareholder approval.

If Resolution 4 is passed, the Company will be able to issue equity securities up to the combined 25% limit in Rules 7.1 and 7.1A without any further Shareholder approval. If Resolution 4 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Rule 7.1.

15% capacity under Rule 7.1

Rule 7.1 of the ASX Listing Rules limits the number of equity securities that a company may issue without shareholder approval during any 12 month period to 15% of variable **A** in Rule 7.1, being:

- (a) the number of the company's fully paid ordinary securities on issue at the start of the relevant period; plus
- (b) the number of fully paid ordinary securities issued during the relevant period under an exception in Rule 7.2 (other than exceptions 9, 16 or 17); plus
- (c) the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within Rule 7.2 exception 9, where:
 - (1) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - (2) the issue of, or agreement to issue, the convertible securities was approved, or taken under the Rules to have been approved, under Rules 7.1 or 7.4; plus
- (d) the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within Rule 7.2 exception 16 where:
 - (1) the agreement was entered into before the commencement of the relevant period; or
 - (2) the agreement or issue was approved, or taken under the listing rules to have been approved, under Rule 7.1 or 7.4; plus
- (e) the number of any other fully paid ordinary securities issued in the relevant period with approval under Rules 7.1 or 7.4; plus
- (f) the number of partly paid ordinary securities that become fully paid during the relevant period; less
- (g) the number of fully paid ordinary securities cancelled during the relevant period.

The number of equity securities that the Company issues or agrees to issue without shareholder approval under Rule 7.1 (and which are not issued under an exception in Rule 7.2) during the period uses up the 15% capacity for that period and is subtracted from the above calculation.

Background to Rule 7.1A and eligibility

Rule 7.1A allows an 'eligible entity' to issue an additional 10% of its share capital above the 15% limit allowed under Rule 7.1, provided shareholders have approved in advance the additional capacity by special resolution passed at the annual general meeting of shareholders.

An eligible entity includes a listed company which, as at the date of the special resolution, is not included in the S&P/ASX300 Index and has a market capitalisation no greater than the prescribed amount (currently \$300 million). At the date of this notice of meeting, the Company is an eligible

entity and is expected to remain so by the time of the Meeting. However, if it does not, Resolution 4 will be withdrawn.

Calculation under rule 7.1A

Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of equity securities calculated in accordance with the following formula:

$$(A \times D) - E$$

- A** has the same meaning as in Rule 7.1 (which is set out above)
- D** is 10%
- E** is the number of Equity Securities issued or agreed to be issued under Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under Rule 7.4.

The only equity securities in the Company that are currently quoted on ASX are fully paid ordinary shares. As at the date of this notice of Meeting, the Company has 1,081,395,102 Shares on issue.

Specific information required by Rule 7.3A

The following information is provided for the purposes of Rule 7.3A:-

Minimum Price

- (a) The equity securities to be issued under the 10% Placement Capacity will be issued at an issue price of not less than 75% of the VWAP for the Company's equity securities over the 15 trading days on which trades in the relevant class of equity securities were recorded immediately before:
- (1) the date on which the price at which the equity securities are to be issued is agreed; or
 - (2) if the equity securities are not issued within ten trading days of the date in paragraph (a)(1) above, the date on which the equity securities are issued.

Date of Issue

- (b) Shareholder approval of the 10% Placement Capacity under Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:
- (1) the date that is 12 months after the date of the annual general meeting at which the approval is obtained;
 - (2) the time and date of the Company's next annual general meeting; or
 - (3) the time and date of the approval by shareholders of a transaction under Rule 11.1.2 (a significant change to the nature or scale of activities) or Rule 11.2 (disposal of main undertaking),

(10% Placement Period).

Risk of voting dilution

There is a risk of economic and voting dilution to the shareholders of the Company were additional ordinary shares to be issued under Rule 7.1A.2, including the risk that:

- (a) the market price for the Company's equity securities may be significantly lower on the issue date than on the date of the approval under Rule 7.1A; and
- (b) the equity securities may be issued at a price that is at a discount to the market price for the Company's quoted equity securities on the issue date.

As required by Rule 7.3A.4, set out below is a table showing the potential dilution of shareholders if the Company issues fully paid ordinary shares up to the maximum additional capacity under rule 7.1A in the 12 months following the Meeting.

Variable A in Rule 7.1A.2		Issue price for each share		
		\$0.0485 (50% decrease in current market price)	\$0.097 (current market price as at 11 October 2023)	\$0.194 (100% increase in current market price)
1,081,395,102 shares (current)	Shares issued	108,139,510	108,139,510	108,139,510
	Funds raised	\$5,244,766	\$10,489,532	\$20,979,065
1,622,092,653 shares (50% increase)	Shares issued	162,209,265	162,209,265	162,209,265
	Funds raised	\$7,867,149	\$15,734,299	\$31,468,597
2,162,790,204 shares (100% increase)	Shares issued	216,279,029	216,279,029	216,279,029
	Funds raised	\$10,489,532	\$20,979,065	\$41,958,130

Note: The above table is based on the current issued share capital of the Company of 1,081,395,102 fully paid ordinary shares (at 11 October 2023), variable A currently being 1,081,395,102 and the price for the Company's shares being \$0.097 each (based on the closing sale price of the Company's shares on ASX on 11 October 2023), and assumes there is no change to the total issued share capital of, or shareholdings, in the Company from the date of the notice of meeting until 29 November 2023 (being the date which is 12 months after the date of the Meeting), other than as noted in the above table.

Purpose of Issue under 10% Placement Capacity

The Company may issue ordinary shares under Rule 7.1A for the purpose of:

- (a) providing the Company with funds to assist it develop its business and/or meet its strategic goals;
- (b) providing the Company with funds for general working capital purposes; and

For personal use only

- (c) raising funds for an acquisition or to assist the Company make an acquisition, or as consideration for an acquisition, or partly to raise funds and partly as consideration, for an acquisition.

Allocations under the 10% Placement Capacity

The Company's allocation policy for issues under the approval (if Resolution 4 is passed) is as follows where the purpose of the issue is to raise funds:

- (a) Allocations will depend on the prevailing market conditions at the time of any proposed issue.
- (b) The identity of the persons to be offered shares will be determined on a case by case basis having regard to a number of factors including the methods of raising funds that are available to the Company at the time, the potential effect of the issue on the control of the Company, the financial position of the Company and advice from stockbrokers and other corporate or financial advisers. However, it is likely that the Company would only offer shares to sophisticated investors, experienced investors and/or professional investors for the purposes of sections 708(8) to 708(11) of the Corporations Act.
- (c) Directors and other related parties of the Company will not be issued equity securities without Shareholder approval unless an exception under Rule 10.12 applies.

If the Company makes an acquisition in exchange for shares to be issued under the approval, it is likely that the persons to be issued the shares will be those who are interested in the acquisition e.g. sellers of assets, officers and employees of acquired businesses, and providers of resources.

Previous Approval under Rule 7.1A

At the date of the notice of Meeting, the Company does not have any specific intention to offer or issue any shares under the approval, nor has it any specific intention in relation to the parties that it may approach to participate in an offer of shares under the approval. Further, the Company has not formed an intention to offer shares to any particular class or group of existing Shareholders, or to offer shares just to new investors who have not previously been Shareholders of the Company.

The Company previously obtained approval under Rule 7.1A at the annual general meeting held on Monday, 29 November 2022. Since that meeting, the Company has not issued any Equity Securities.

Directors' recommendation

The directors recommend that shareholders entitled to vote, vote in favour of resolution 4.

5. Resolution 5 — Amendments to Constitution

Background

A company may modify or repeal its constitution or a provision of its constitution by special resolution of Shareholders in accordance with section 136(2) of the Corporations Act.

The Company's constitution predates the backdoor listing of Byron Energy into the Company in 2013. As there have been a number of developments in the law, terminology and general

corporate and commercial practices for ASX listed companies since then, the Company is proposing to amend its Constitution.

Proposed amendments to the Constitution

A large number of the amendments are fairly minor, namely:

- (a) inclusion of language to better facilitate the convening and holding of meetings using technology, including holding solely virtual meetings;
- (b) inclusion of language regarding restricted securities suggested under Listing Rule 15.12 (noting that in the absence of such wording in the Constitution, the provisions of clause 28 of the Constitution incorporated that wording into the Constitution);
- (c) removal of the proportional takeover provision, the application of which had expired (noting that under the Corporations Act proportional takeover provisions need to be renewed every 3 years by shareholder approval in order to have application); and
- (d) amendments to reflect the Company's change of name, and to fix minor typographical and grammatical errors.

In addition to the above, one more substantial change is proposed, namely the addition of a provision for dealing with non-marketable parcels (or small holdings). This provision empowers the Company to deal with non-marketable parcels (as defined by the Listing Rules, currently being a parcel of shares valued at less than \$500) by setting up a facility to either:

- (a) buy back the non-marketable parcel of shares; or
- (b) sell the non-marketable parcel of shares on market.

In each instance:

- (a) the facility can only be enacted once every 12 months;
- (b) the Company must provide a shareholder holding a non-marketable parcel at least 6 weeks to give notice to the Company that it wants to retain its non-marketable parcel;
- (c) the shares must be bought back or sold at the best price reasonably obtainable (as determined by the directors);
- (d) the costs of the buy back or sale must be borne by the Company or the buyer; and
- (e) the proceeds of the buy back or sale will be distributed to the shareholder.

If Resolution 5 is passed, then the Company will have an updated constitution which better reflects current approaches to corporate governance, and in particular, will have the capacity to hold meetings solely virtually and deal with non-marketable parcels. If Resolution 5 is not passed, then the Constitution will remain unchanged and the Company will not have the capacity to hold solely virtual meetings, or deal with non-marketable parcels, amongst other matters noted above.

Prior to the meeting, a copy of the Constitution, with the proposed amendments will be available for inspection at the Company's registered office during regular business hours, and uploaded to the Company's website at www.byronenergy.com.au.

Directors' recommendation

The directors recommend that shareholders entitled to vote, vote in favour of resolution 5.
