RESULTS FOR ANNOUNCEMENT TO THE MARKET FOR THE HALF-YEAR ENDED 30 SEPTEMBER 2023 (Previous corresponding period being the half-year ended 30 September 2022).

A. Revenue and Net Profit

	HY Sep 2023 \$'000	Change on prior half-year
Investment revenue from ordinary activities	12,152	Up 15.8. %
Net Profit after tax attributable to members	9,968	Up 16.7 %

Explanation of Results

Ordinary shareholder entitlement to profit should also be considered after the impact of preference share dividends. Accordingly, greater clarity on the Company's operations can be gained from the further dissection of Net Profit as follows:	HY Sep 2023 \$'000	Change on prior half-year
Net Profit after tax attributable to all members	9,968	Up 16.7%
Less Preference Share dividends	(329)	
Net Profit after tax attributable to Ordinary Shares after the impact of Preference Share dividends	9,639	Up 17.3%

B. Dividends

Since the end of the half-year, the Directors of Whitefield Industrials Limited have declared the following dividends:

Dividends	Cents per security
Dividend Per Ordinary Share	10.25
Dividend Per 8% Preference Share	4.00
Six monthly Dividend Per Convertible Resettable Preference Share	131.25
Record date for determining entitlement to the dividends:	28 th November 2023
Payment date:	13 th December 2023
Franking:	Each dividend is fully franked at the 30% rate

Dividend Reinvestment Plan [DRP] and Dividend Substitution Plan [DSP]

The DRP and DSP apply to Ordinary Shares only and will continue to be available for use with this dividend. A discount of 2.5% will be applied to the issue price of shares calculated in accordance with the plan rules for shares issued under these plans for the upcoming dividend.

Shareholder participation in either plan begins with the first dividend payment after receipt of the Application / Nomination form. The form must be received by 5pm on the business day following the record date to be effective for that dividend. Whitefield Industrials Limited will confirm the allotment price calculated in accordance with rules of both plans in a separate release to market following the calculation period.

C. Net Asset Backing per Ordinary Share

	30 Sep 2023	30 Sep 2022	Change %
Net Tangible Assets per share (post-deferred capital gains tax)	\$4.69	\$4.49	Up 4.6%
Net Tangible Assets per share (pre-deferred capital gains tax)	\$5.05	\$4.79	Up 5.6%

Operating Results

Whitefield is pleased to report an increase in Profit after Tax of \$9,967,557 for the half year to 30 September 2023, an increase of 16.7% on the outcome in the equivalent half of the prior year.

After allowing for increases in share capital on issue across the year, this result equated to Earnings per Ordinary Share of 8.3 cents 12.2% higher than the first half earnings of 7.4 cents one year ago.

Dividend growth for the period was widely spread across a majority of the company's investments. Holdings delivering notable growth in their dividend income compared to the prior year included AGL, IAG, Suncorp, QBE, Promedicus, Computershare, Carsales, Wisetech and Macquarie Group.

The investment portfolio recorded a negative quarter of return amounting to (1.0%) as a consequence of the generalised weakness in the Australian share market in the month of September as global bond yields continued to rise.

Portfolio returns over the Company's half year amounted to 0.91% and returns were higher again at 10.6% over a rolling 12 months.

Strongest returns for the half year were visible in the company's holdings in Promedicus, AGL, James Hardie Industries, Carsales, Xero, IAG, Computershare, NextDC, Life360, Telix Pharmaceuticals and Seven Group.

Dividends^a

Whitefield has declared a dividend for the half year of 10.25 cents per Ordinary Share and 131.25 cents per Convertible Resettable Preference Share. The dividends are payable on 13th December 2023 and are fully franked.

The continuing growth in Earnings Per Share generated by the Company's investment holdings will increasingly position the company to consider increases in its own dividends to ordinary shareholders in future years.

^a Investors should recognise that while this dividend outlook represents the Company's expectation at the present time, no dividend is certain until declared and paid. Whitefield shall consider its income, market conditions and other relevant factors prior to finalising and declaring the next dividend.

1 Summary of significant accounting policies

The principal accounting policies adopted in the preparation of these interim financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated. The interim financial statements are for the entity Whitefield Industrials Limited.

(a) Basis of preparation of half-year report

These interim financial statements for the half-year reporting period ended 30 September 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

These interim financial statements do not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 March 2023 and any public announcements made by Whitefield Industrials Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The interim financial statements have been prepared on an accrual basis, and are based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

(b) Adoption of new and revised accounting standards

The Company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting and Standards Board that are relevant to its operations and effective for the current reporting period.

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Company's accounting policies and has no effect on the amounts reported for the current or prior periods. The new and revised Standards and Interpretations has not had a material impact and not resulted in changes to the Company's presentation of, or disclosure in, its interim financial statements.

(c) New accounting standards and interpretations issued but not yet applied by the entity

There are no standards that are not yet effective and that are expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

(d) Investments and other financial assets

Classification

(i) Financial assets at fair value through other comprehensive income

The Company has designated long-term investments as "fair value through other comprehensive income". All gains and losses on long-term investments and tax thereon are presented in other comprehensive income as part of the Statement of Comprehensive Income.

Recognition and derecognition

Purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

1 Summary of significant accounting policies (continued)

(d) Investments and other financial assets (continued)

Determination of Fair Value

AASB 13 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

The Company uses the last sale price as the most representative basis of measuring fair value under AASB 13.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset.

Subsequent changes in fair value are recognised through the investment portfolio revaluation reserve after deducting a provision for the potential deferred capital gains tax liability as these investments are long-term holdings of equity investments.

When an investment is disposed, the cumulative gain or loss, net of tax thereon, is transferred from the investment portfolio reserve/asset revaluation reserve to the realised gains/losses reserve.

(e) Income tax

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantially enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

1 Summary of significant accounting policies (continued)

(f) Other financial liabilities

Convertible Resetable Preference Shares are classified as a compound financial instrument consisting of a financial liability and an equity for accounting purposes under Australian Accounting Standard AASB132 *Financial Instruments: Presentation*. The liability is initially recognised at fair value less transaction costs. After initial recognition, the liability is carried at amortised cost using the effective interest method.

In accordance with this Standard, a financial expense on the liability is brought to account which includes the amortisation of any difference between the original proceeds net of transaction costs and the settlement value of the obligation. Dividends on Convertible Resetable Preference Shares are recognised as an allocation of retained profit, and a provision for the dividend is brought to account in each period.

As the next reset date is 30 November 2024, the Convertible Resetable Preference Share liability has been shown as non-current.

2 Segment information

The Company has only one reportable segment. The Company is engaged solely in investment activities conducted in Australia, deriving revenue from dividend income, interest income and from trust distribution income.

Convertible Resetable Preference Shares (CRPS) are non-cumulative, convertible, resettable, preference shares in the capital of Whitefield Industrials Limited. The key terms of the CRPS are:

CRPS Face Value: \$100 per CRPS

Dividend Rate: Effective 1 December 2021, the CRPS are entitled to a non-cumulative fixed dividend of 3.75% x (1-Tax Rate) per annum which is expected to be fully franked. The Dividend Rate may be increased or decreased on the relevant reset dates, the next of which is 30 November 2024. The Dividend Rate that applied prior to 30 November 2021 was 5.75% x (1- Tax Rate) per annum.

Dividend payment: Dividends are non-cumulative and only payable where the directors determine that a dividend is payable and only to the extent permitted by law.

4 Other financial liabilities (continued)

Dividend ranking: The CRPS will rank in priority to the Company's fully paid ordinary shares (Ordinary Shares) in respect of the payment of the dividends on the CRPS but will rank behind the Company's 8% Preference Shares.

Resetting: On each reset date, the Company can reset the dividend rate payable on the CRPS, the discount which applies on the conversion of the CRPS into Ordinary Shares and determine when resets are to take place in the future. The next reset date will be 30 November 2024.

Conversion: The Company can convert CRPS into Ordinary Shares on any reset date and on the occurrence of certain events. The CRPS holders can request the Company to convert the CRPS into Ordinary Shares on any reset date and on the occurrence of certain holder trigger events. However, the Company can override a conversion request received from a CRPS holder and instead redeem the CRPS. On conversion, each CRPS will convert into a number of Ordinary Shares calculated generally by reference to the volume weighted average sale price of Ordinary Shares on ASX for the ten days prior to conversion and applying the conversion discount, subject to certain adjustments.

Redemption: The Company can redeem the CRPS on any reset date and on the occurrence of certain trigger events. CRPS holders cannot seek to have the CRPS redeemed. Redemption is for the face value of the CRPS which will be \$100.

Voting rights: CRPS holders are only entitled to vote on certain limited matters such as a proposal affects the rights of CRPS holders or for the disposal of the whole of the property, business and undertaking of Whitefield Industrials Limited. However, this restriction on voting does not apply when a dividend is not paid in full on the CRPS or during a winding up of the Company.

Return of capital: The face value of the CRPS are due but unpaid dividends on them will rank upon a winding-up of the Company after the 8% Preference Shares and in priority to Ordinary Shares. The CRPS have no right to participate in surplus assets or profits of the Company on a winding-up other than as set out above.

Whitefield Industrials Limited
Directors' Declaration
For the half-year ended 30 September 2023

In accordance with a resolution of the directors of Whitefield Industrials Limited, the directors of the Company declare that:

- (a) the interim financial statements and notes set out on pages 3 to 12 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the entity's financial position as at 30 September 2023 and of its performance for the half-year ended on that date.
- (b) In the directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

The Directors have been given the declarations by the managing director and chief financial officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of Directors.

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF
WHITEFIELD INDUSTRIALS LIMITED
ABN 50 000 012 895**

Conclusion

We have reviewed the half-year financial report of Whitefield Industrials Limited, which comprises the statement of financial position as at 30 September 2023, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year then ended, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Whitefield Industrials Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Whitefield Industrials Limited financial position as at 30 September 2023 and of its performance for the half year ended on that date; and
- (b) complying with Accounting Standard AASB 134: *Interim Financial Reporting and the Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of Whitefield Industrials Limited in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of Whitefield Industrials Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of Whitefield Industrials Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 30 September 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
