Dear Shareholders,

Presentation and Chairman's Address at 2023 Annual General Meeting

Hearts and Minds Investments Limited (ASX:HM1) provides a copy of its Presentation and Chairman's address at the Annual General Meeting to be held today Thursday 30 November 2023.

For and on behalf of the board,

A handwritten signature in blue ink, appearing to read "T. Bloomfield".

Tom Bloomfield
Company Secretary

Hearts and Minds Investment Limited

Chairman's Address at 2023 Annual General Meeting

Good afternoon and welcome to the 5th Annual General Meeting of Hearts and Minds Investments Limited (which I will refer to as HM1 or the Company). My name is Chris Cuffe and I am Chair of the Company.

It is good to be holding our AGM in person again. It is also great to see that many of our shareholders have joined us online. The hybrid meeting allows as many shareholders as possible to participate in the meeting. Shareholders who are online can listen to the live webcast of the meeting, ask questions and submit votes. It is now past 4.00 pm, and I have been informed that there is a quorum present and I declare the meeting open. I am joined today by my fellow Directors and company officers:

Lorraine Berends (also Chair of the Investment Committee), Matthew Grounds, Michael Traill, Guy Fowler, Gary Weiss, Geoff Wilson, David Wright (also Chair of the Conference Fund Manager Selection Committee), Paul Rayson (Chief Executive Officer), Charlie Lanchester (Chief Investment Officer) and our Company Secretary, Tom Bloomfield. Scott Whiddett from our auditors, Pitcher Partners, is also present, and will be available to address any questions relating to the Company's financial statements.

I will now make some general comments about the year under review. Charlie Lanchester will then present his Chief Investment Officer report. We will then consider the financial statements and resolutions to be voted on, followed by questions. A copy of my address and the CIO's presentation have been lodged with the ASX and will be published on the Company's website.

Performance Update

As you will know, HM1 is a listed investment company that was established in 2018 with the combined objective of providing a concentrated securities portfolio of the highest conviction ideas from respected fund managers, whilst also supporting Australian medical research organisations. It was born out of the investment and philanthropic vision of the Sohn Hearts & Minds Investment Leaders Conference.

During the last 18 months we made various changes to the way we manage the portfolio to improve longer term performance. These changes included:

We refined the selection process for Conference Fund Managers to provide greater diversification of fund manager style and sector exposure. We also implemented a pre-conference stock risk filter to avoid an over concentration of single risk factors. These changes were implemented for the current Conference Portfolio.

In November 2022, we appointed two new Core Fund Managers, Munro Partners, and Tribeca Investment Partners to replace Paradise Investment Management at the end of their mandate term. Munro Partners is an investment manager with a core focus on global growth equities. Tribeca Investment Partners manages a suite of specialist strategies across equities, credit, global natural resources and opportunistic mandates. Both Munro and Tribeca have previously been Conference Fund Managers for HM1 and have delivered good returns. Munro Partners' and Tribeca Investment Partners' mandate as a Core Fund Manager to HM1 will be for an initial term of 3 years.

Also in November 2022, we amended the portfolio investment guidelines for the Core Portfolio to provide additional flexibility to access the expertise, style and investment performance of our Core Fund Managers. The change permits HM1 to gain exposure to the highest conviction strategies of our Core Fund Managers, whether via listed or unlisted securities. The change is expected to provide performance and diversification benefits whilst retaining the essence of a high conviction portfolio. An investment in unlisted securities will be by exception only, and only where such investment provides HM1 with a better exposure to a particular Core Fund Manager's expertise, style and investment performance. An investment in an unlisted equity would only be made on the basis that the particular company was profitable and expected to list within 2 years. For clarity, HM1's portfolio exposure will remain predominantly listed equity exposures.

Following these changes, in January 2023 HM1 invested in two unlisted securities, Guzman y Gomez Ltd and Rokt Ltd, that are high conviction investments of TDM Growth Partners, one of our Core Fund Managers. HM1 also made an investment in an unlisted managed fund operated by another Core Fund Manager, Regal Funds Management.

In both these cases, HM1 determined that the investments are appropriate and provide HM1 with a better form of exposure to the expertise, style and investment performance of those Core Fund Managers.

In March 2023, we announced the appointment of Charlie Lanchester as the new Chief Investment Officer for HM1. Charlie is an accomplished fund manager and investor with over 30 years active funds management experience at leading investment organisations. We are delighted to have someone of his experience and calibre to select and manage HM1's suite of Core and Conference Fund Managers and oversee HM1's investment portfolio.

Over the last year the Board has been very focussed on addressing the discount at which the HM1 share price is trading to its net tangible assets (NTA). In light of the share price discount, and following shareholder feedback, the Board decided to modify the dividend policy to increase the frequency of dividend payments to twice yearly. The half-yearly dividend will be paid in April and October of each year.

We believe that the changes we have made to the management of HM1's investment portfolio will lead to a sustained improvement in investment performance. We further believe that this, combined with our modified dividend policy and improved insight and disclosure of our investment portfolio, will narrow the share price discount to NTA over time.

Since the inception of the Company in November 2018, HM1 has generated a compound pre-tax investment return of 7.5% per annum. For the year ended 30 June 2023, HM1 recorded a total comprehensive income after tax of \$63.0 million (2022: total comprehensive loss after tax of \$219.6 million).

Dividends

In April 2023, HM1 paid its third annual dividend to shareholders. A fully franked dividend of 13.5 cents per ordinary share was paid on 13 April 2023. Our dividend reinvestment plan was operational and many shareholders reinvested their dividend in HM1 shares at the prevailing market price.

The Board aims to maintain a policy of paying fully franked dividends to shareholders subject to sufficient cash reserves, available franking credits and prudent business practice.

As noted above we have modified the dividend policy to increase the frequency of dividend payments to twice yearly. The first half-yearly dividend of 7 cents per share was paid in October 2023.

On 30 June 2023, HM1 had a Realised Profits Reserve equating to 67 cents per share and a Franking Account balance equating to 56 cents per share. Subject to the usual caveats, the Board is confident it can maintain its dividend policy for the foreseeable future.

Investment in Medical Research

In line with its philanthropic objective, HM1 provides financial contributions equivalent to 1.5% of NTA per annum to leading Australian medical research organisations, to fund the development of new medicines and treatments and to drive a new generation of medical research in Australia. This is effectively funded by HM1's participating fund managers, its Board of Directors and Committees and many of our service providers all working on a pro bono basis. We sincerely thank everyone for their ongoing involvement and generosity.

During the year ended 30 June 2023, HM1 paid \$10.1 million to its designated medical research organisations and made provision for a further \$5.7 million. These donated monies will be used by the medical research organisations to fund important research into the prevention and treatment of chronic diseases and mental health disorders.

We would like to thank our Fund Managers and service providers for their support of HM1. We also thank you our shareholders for supporting HM1's combined objective of providing a distinct and compelling investment proposition whilst also supporting the advancement of medical research in Australia.
