FINANCIAL AND OPERATIONS REVIEW

For the financial period ended 30 September 2023

For the financial period ended on 30 September 2023 ("HY2024"), we find ourselves navigating through tumultuous waters, facing unvielding challenges amidst a backdrop of highly volatile market conditions. These formidable obstacles continue to exert their influence on the Group's performance in the face of an ever-evolving global economic landscape.

Throughout the previous financial year ("FY2023"), the global economic terrain bore witness to an unprecedented surge in inflation rates, affecting a multitude of sectors. This surge in inflation, born from a convergence of factors including energy crises, supply chain disruptions, decelerating economic growth, and heightened financial market volatility, reverberated across the globe. Prompted by these developments, central banks, including the Federal Reserve, took swift measures with aggressive interest rate hikes to curb demand and mitigate the escalating pressures of inflation.

Unfortunately, these enduring market challenges have persisted in HY2024, and continue to cast a shadow on our financial performance. In FY2024, our Group reported a revenue of S\$16.3 million, signifying a substantial decrease as compared to the previous corresponding period. This decline can primarily be attributed to the underperformance of our FinEduTech segments, which encountered headwinds emanating from the turbulent market environment. It is noteworthy, however, that there was a reduction in losses due to the extensive restructuring and costmanagement initiatives rolled out Group-wide since January 2023. Nevertheless, cash positions have experienced a significant reduction, primarily resulting from decreased revenue, the impact of the market downturn, shifts in consumer behaviour, and a general increase in marketing costs within our FinEduTech business.

For personal use only

In response to these formidable challenges, we embarked on a comprehensive series of corporate restructuring initiatives since the beginning of 2023. The overarching objective was crystal clear: to streamline our operations, enhance efficiency, and navigate these turbulent waters with unwavering resilience.

Over the past half-decade, our fund management segment has encountered limited growth, accompanied by a gradual waning of investor interest in favour of multi-asset strategies and ETFs. Furthermore, the performance of actively managed funds within this segment fell short of our expectations, compounded by the burden of high expense ratios and challenges in attracting new investments.

Consequently, towards the conclusion of FY2023, we made the tough yet imperative decision to wind down the Fund Management segment, marking the cessation of operations for Hidden Champion Fund and 8IH VCC. This strategic pivot also led to the deregistration of VI Fund Management Pte Ltd from the Monetary Authority of Singapore (MAS). These strategic moves have empowered us to allocate our resources more effectively towards arenas that are better suited to our strategic positioning moving forward.

FINANCIAL AND OPERATIONS REVIEW

For the financial period ended 30 September 2023

Furthermore, we launched a workforce reduction initiative, aimed at optimizing operational efficiency, and this effort has persisted into HY2024, resulting in a total reduction of more than 70% in our global workforce.

In a comprehensive review of our overall business structure, with the twin objectives of enhancing liquidity and paving the way for long-term shareholder value, we proposed and subsequently secured shareholders' approval for a capital reduction and in-specie distribution of 8VI Holdings ("8VI") CHESS Depositary Interests ("CDI") in HY2024. On November 8, 2023, we successfully completed this in-specie distribution of 8VI CDIs to 8IH shareholders. This transformative step marks the conclusion of 8VI's status as a subsidiary of the Group and underscores our resolute dedication and focus on listed securities investment instead.

Looking forward, our focus on listed securities investment with internal funds will take on a strategic approach emphasizing a wellbalanced diversification strategy combining broadly diversified ETFs with high-conviction stock picking. This approach aims to enhance portfolio returns while effectively managing risk. The fusion of ETFs and stock picking offers a dynamic approach to wealth creation, potentially generating excess returns over the broader market.

In these testing times, we remain acutely aware of the profound challenges that lie ahead. However, with unwavering resilience as our guiding force, we are steadfast in our commitment to charting a course through these turbulent waters. Our primary focus remains on preserving and advancing the best interests of our valued shareholders.

DIRECTORS' STATEMENT

For the financial period ended 30 September 2023

In the opinion of the directors,

- (a) to the best of our knowledge, nothing has come to the attention of the Board of Directors of 8I Holdings Limited (the "Company") which may render the accompanying condensed interim consolidated financial information for the six months ended 30 September 2023 to be false or misleading; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

REPORT ON REVIEW OF CONDENSED INTERIM CONSOLIDATED FINANCIAL INFORMATION TO THE MEMBERS OF 8I HOLDINGS LIMITED

Introduction

We have reviewed the accompanying condensed interim consolidated statement of financial position of 81 Holdings Limited and its subsidiaries (the "Group") as of 30 September 2023 and the related condensed interim consolidated statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of this interim financial information in accordance with Financial Reporting Standards in Singapore, Interim Financial Reporting ("FRSs 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with Singapore Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial statements does not give a true and fair view of the consolidated financial position of the Group as at 30 September 2023, and of its consolidated financial performance, its consolidated changes in equity and its consolidated cash flows for the six-month period then ended in accordance with FRSs 34.

2. Basis of preparation and changes in accounting policies

The condensed interim consolidated financial information for the half-year ended 30 September 2023 has been prepared in accordance with FRS 34, Interim Financial Reporting.

The condensed interim consolidated financial information does not include all the notes of the type normally included in annual financial statements. Accordingly, this report is to be read in conjunction with the annual financial statements as at 31 March 2023 and any public announcements made by 81 Holdings Limited during the interim reporting period.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The financial statements are presented in Singapore Dollars (SGD or S\$).

3. Significant accounting judgement and estimates

The preparation of the Group's condensed interim consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Critical judgements in applying the entity's accounting policies

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. 81 Holdings Limited and its Subsidiaries | Interim Report FY2024

12. Fair value of assets and liabilities

(a) Fair value hierarchy

The Group categorised fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- (i) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (ii) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (iii) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the fair value hierarchy as the lowest level input that is significant to the entire measurement.

There were no transfers between levels 1 and 2 during the period.

The fair value of financial instruments traded in active markets (such as fair value through profit and loss and financial assets through other comprehensive income) is based on quoted market prices at the reporting date. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. Where a valuation technique for these instruments is based on significant unobservable inputs, such instruments are classified as Level 3. Level 3 instruments include unquoted equity securities which fair values are measured based on Guideline Public Company Method, a market approach which values the underlying investee based on trading multiples derived from publicly traded companies that are similar to the investee. The steps taken in applying the Guideline Public Company Method include identifying comparable public companies, adjusting the guideline public company multiples for differences in the size and risk of these companies compared to the investee, and then applying the adjusted pricing multiples from the representative companies.

The carrying amount less impairment provision of trade receivables and payables are assumed to approximate their fair values.

13. Segment information

The continuing operations of the Group operates in a single business segment and operates primarily as a unified entity. Management has assessed the business activities and organizational structure and determined that the Group's continuing operations are not comprised of distinct business segments as defined by the relevant accounting standards.

As a result, the Company is not required to disclose segment information in accordance with FRS 8, Operating Segments. The operating decisions are made and performance is evaluated on a consolidated basis. Therefore, no separate segment reporting is presented in these financial statements.

The financial information presented in the consolidated financial statements represents the entire activities of the Group, and the management believes that such presentation provides a comprehensive view of the Company's financial position, results of operations, and cash flows.
