EXPLANATORY MEMORANDUM

This Explanatory Memorandum has been prepared for the information of Shareholders of the Company in relation to the business to be conducted at the Company's AGM to be held on 25 January 2024.

The purpose of this Explanatory Memorandum is to provide Shareholders with information that is reasonably required by Shareholders to decide how to vote on the Resolutions.

Subject to the abstentions noted below, the Directors unanimously recommend Shareholders vote in favour of all Resolutions. The Chair of the Meeting intends to vote all available undirected proxies in accordance with the Directors' recommendations.

Resolutions 1, 2, 4(a), 4(b) and 5 are ordinary resolutions, which require a simple majority of votes cast by Shareholders present and entitled to vote on the resolution.

Resolution 3, relating to the Remuneration Report, is advisory and does not bind the Directors or the Company.

Resolution 6 is to be voted on as a special resolution. For a special resolution to be passed, at least 75% of the votes cast by Shareholders present and entitled to vote on the resolution must be in favour of the resolution.

Financial Statements and Reports

The Corporations Act requires that the Annual Financial Report, Directors' Report and Auditor's Report be presented to the Meeting. Apart from the Remuneration Report (which forms part of the Directors' Report) which is required to be voted upon, the Corporations Act does not require a vote of the Shareholders at the Meeting on such reports or statements. However, Shareholders as a whole will be given a reasonable opportunity to raise questions with respect to these reports and statements and the management of FleetPartners at the Meeting.

In addition, and as required under Sections 250RA and 250T of the Corporations Act, a representative of the Company's auditors, KPMG, will be present to answer any questions about the conduct of the audit, the preparation and content of the Auditor's Report, the accounting policies of the Company in relation to the preparation of the financial statements and the independence of the auditor in relation to the conduct of the audit.

The Annual Report, Directors' Report and Auditor's Report are contained in the Company's Annual Report for the period 1 October 2022 to 30 September 2023 which has been sent to Shareholders who requested a copy and is available on the Company's website at www.fleetpartners.com.au

A Shareholder Resolution is not required in respect of this item of business.

Resolution 1

Election of Director – Mark Blackburn

The Board appointed Mr Mark Blackburn as an independent non-executive Director of the Company on 15 November 2023 pursuant to Article 47(b) of the Company's Constitution. In accordance with Article 48(d) of the Constitution, Mr Blackburn retires from office at the conclusion of the AGM and is eligible for election as a Director of the Company. Mr Blackburn has over 23 years' experience as a CFO in both listed and unlisted companies in financial services, manufacturing and mining sectors.

Most recently, Mr Blackburn was CFO of McMillan Shakespeare Limited, an ASX listed market-leading provider of salary packaging, novated leasing, asset management and related financial products and services. He retired from McMillan Shakespeare Limited in December 2020.

Mr Blackburn has a Diploma of Business Studies (Accounting), is a CPA and is a Graduate member of the Australian Institute of Company Directors (GAICD).

Mr Blackburn is currently Non-Executive Director and Chair of Audit for Lifestyle Communities Limited (ASX:LIC) and Non-Executive Director, Chair of Audit, Business Risk and Compliance Committee for Pro-Pac Packaging Limited (ASX:PPG).

Mr Blackburn is a CPA who brings to the Board extensive financial and capital management skills and experience with ASX listed companies, acquisitions and establishing joint ventures. Mr Blackburn also brings to the Board strong industry domain experience particularly in Fleet and Novated leasing as well as Salary Packaging.

For the reasons set out above, the Directors, with Mark Blackburn abstaining, unanimously recommend Shareholders vote in favour of Resolution 1.

Resolution 2**Election of Director – Rob McDonald**

The Board appointed Rob McDonald as an independent non-executive Director of the Company on 15 November 2023 pursuant to Article 47(b) of the Company's Constitution. In accordance with Article 48(d) of the Constitution, Mr McDonald retires from office at the conclusion of the AGM and is eligible for election as a Director of the Company.

Mr McDonald is an experienced Non-Executive Director based in New Zealand and an experienced Chief Financial Officer. Mr McDonald retired from Air New Zealand in 2017. As CFO, he successfully led the financial function and financial turnaround of an international company during periods of intense adverse market and financial turmoil (GFC and Christchurch earthquake).

Mr McDonald has a Bachelor of Commerce and has attended Harvard Business School, successfully completing a Bachelor of Commerce and Program for Management Development. He is a fellow of Chartered Accountants Australia and New Zealand and a Chartered Member of the Institute of Directors of New Zealand.

Mr McDonald is currently Chair of Contact Energy Limited (ASX/NZX), Non-Executive Director with the Chartered Accountants Australia and New Zealand, Non-Executive Director with Fletcher Building (ASX/NZX) and Councillor with the University of Auckland.

Mr McDonald brings to the Board extensive experience in financial risk management including the development and execution of treasury policies and multibillion dollar funding programmes and structures, as well as a strong understanding of digital issues and concepts. Additionally, given the strength and significance of our operations in New Zealand, the Board believes it is appropriate to have a New Zealand based Director who has a strong business profile in that local market.

For the reasons set out above, the Directors, with Rob McDonald abstaining, unanimously recommend Shareholders vote in favour of Resolution 2.

Resolution 3**Adoption of FY23 Remuneration Report**

Section 250R(2) of the Corporations Act requires that the section of the Directors' Report dealing with the Remuneration of Directors and KMP of the Company be put to the vote of shareholders for adoption by way of a non-binding vote.

Shareholders can view the full Remuneration Report in the Annual Report which is available on the FleetPartners website at www.fleetpartners.com.au.

Broadly, the Remuneration Report details the remuneration policy for the Company and:

- › explains the structure of and rationale behind the Company's remuneration practices and the link between the remuneration of executives and the Company's performance;
- › sets out remuneration details for each Director and for each executive with authority and responsibility for directing the affairs of the Company; and
- › discusses the relationship between the policy and Company performance.

Following consideration of the Remuneration Report, the Chair of the Meeting will give Shareholders as a whole a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report. Section 250R(3) of the Corporations Act provides that the vote on this Resolution is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into account in setting remuneration policy for future years.

The Directors abstain, in the interests of good corporate governance, from making a recommendation in relation to Resolution 3.

Resolutions 4(a) and 4(b): Deferred FY23 STI and FY24 LTI awards for the CEO and Managing Director, Mr Damien Berrell

Background

The Company operates the FleetPartners Group Limited Employee Incentive Plan (**Plan**), under which eligible executives may receive grants of Rights to acquire Shares in the Company, subject to meeting certain conditions.

The Board considers that the grants of Rights under the Plan is an important tool in the Company's remuneration strategy to attract, retain, and motivate employees of the Company and foster business performance that delivers sustainable long-term value creation between Shareholders and executives. The Plan has been designed to:

- a. assist in the motivation, retention and reward of key executives; and
- b. align the interests of participants with the interests of Shareholders of FleetPartners.

Remuneration Package

Set out below are details (including the amount) of Mr Berrell's total remuneration package for FY24:

REMUNERATION COMPONENT	AMOUNT
Fixed remuneration	\$720,531 (including superannuation guarantee).
Short-term incentive	Maximum of 100% of fixed remuneration (\$720,531) delivered as Rights and deferred for a period of 12 months after the initial 12-month performance period.
Long-term incentive	Maximum long-term incentive opportunity of 100% of fixed remuneration (\$720,531), delivered as Rights subject to performance hurdles and continued service over a 3-year performance period.

Further information regarding the remuneration of Mr Berrell is set out in the Company's Remuneration Report which forms part of the 2023 Annual Report.

Resolution 4(a): Grant of Rights for the CEO, in respect of the FY23 STI award

The Company has agreed, subject to obtaining Shareholder approval, which is being sought under Resolution 4(a), to grant up to 220,014 Rights to Mr Damien Berrell in respect of his FY23 STI award, following his successful FY23 performance review and determination of his STI outcome.

Based on the Board's assessment of the CEO's performance review, an FY23 STI outcome of 90% of the CEO's target STI was determined. The CEO's FY23 STI award is being made in the form of Rights which vest and become exercisable after a 12 month deferral period subject to the CEO's continued employment. The Rights will remain exercisable for a period of 2 years following vesting, after which time any unexercised vested Rights will lapse.

If Shareholders approve Resolution 4(a), the Company will proceed with the issue of Rights to Mr Berrell with respect to his FY23 STI award, on the terms and conditions as set out in this Notice.

If Shareholders do not approve the resolution, the proposed issue of Rights to Mr Berrell with respect to his FY23 STI award will not proceed. However, to ensure FleetPartners can attract and retain the right talent and align Mr Berrell's interests with those of Shareholders, the Board considers it is important for FleetPartners to offer incentives to its executives that are in line with market practice. Accordingly, the Board would need to consider alternative remuneration arrangements.

Considerations in determining the number of Rights under the FY23 STI award

The number of Rights to be granted has been calculated by dividing the value of Mr Berrell's FY23 STI outcome (100% of which is deferred into equity), being \$609,438 (90% of Mr Berrell's maximum STI outcome pro-rated to reflect positions held in FY23) by \$2.77 being the volume-weighted average price (VWAP) of a Share over the 5 trading days following the announcement of the Company's FY23 full-year results.

Vesting Conditions

The Rights will vest subject to the CEO's continued service over the 12 month deferral period. Following vesting, Rights will be exercisable from the date of vesting for approximately two years. Any Rights that have not been exercised by the third anniversary of the grant date will expire.

Further information

Further information with respect to the terms of the CEO's FY23 STI award, including a summary of the material terms of the Plan, is set out in Attachment B to this Notice.

Resolution 4(b): Grant of Rights for the CEO, in respect of the FY24 LTI

Resolution 4(b) seeks approval for the grant of up to 260,119 Rights to Mr Damien Berrell, in respect of the long-term variable component of his remuneration package for FY24.

If Shareholders approve Resolution 4(b), the Company will proceed with the issue of Rights to Mr Berrell with respect to his FY24 LTI award, on the terms and conditions as set out in this Notice.

If Shareholders do not approve the resolution, the proposed issue of Rights to Mr Berrell with respect to his FY24 LTI award will not proceed. However, to ensure FleetPartners can attract and retain the right talent and align Mr Berrell's interests with those of Shareholders, the Board considers it is important for FleetPartners to offer incentives to its executives that are in line with market practice. Accordingly, the Board would need to consider alternative remuneration arrangements.

Considerations in determining the number of Rights under the FY24 LTI award

The number of Rights to be granted has been calculated by dividing the value of Mr Berrell's long-term incentive opportunity, being 100% of Mr Berrell's fixed remuneration (\$720,531), by \$2.77 being the VWAP of a Share over the 5 trading days following the announcement of the Company's FY23 full-year results.

Vesting Conditions

The Rights will vest to the extent that the Board determines the vesting conditions are satisfied when tested following the end of the performance period (anticipated to occur in or around November 2026).

The Rights will vest following a three year performance period, subject to performance metrics and continued employment. Following vesting, Rights will be exercisable from the date of vesting for approximately two years. Any Rights that have not been exercised by the fifth anniversary of the grant date will expire.

Vesting of Rights is subject to meeting an Earnings per Share (EPS) hurdle (75%) and a Return on Assets (ROA) hurdle (25%).

The EPS Hurdle (75%)

Broadly, cash EPS measures the earnings generated by the Company attributable to each Share on issue adjusted for certain accounting and non-recurring items.

The percentage of Rights that vest, if any, will be determined based on the Company's growth in cash EPS over the Performance Period by reference to the "base year" cash EPS. For the FY24 LTI award, the base year will be FY23.

The growth in cash EPS achieved over the three-year performance period (stated as a percentage) will determine the proportion of the Rights that vest for the EPS Hurdle.

The ROA Hurdle (25%)

ROA measures the profitability of the Company in relation to its total assets and for the purposes of this measure is calculated based on adjusted NPATA divided by Assets Under Management or Finance.

The percentage of Rights that vest, if any, will be determined based on the Company's ROA in the final year of the Performance Period.

The ROA achieved in the final year of the Performance Period (stated as a percentage) will determine the proportion of the Rights that vest for the 25% ROA Hurdle.

Any Rights that do not vest following testing of the vesting conditions will lapse.

The Rights will vest as follows:

GROWTH IN THE COMPANY'S CASH EPS FROM FY23 – FY26	COMPANY'S ROA IN FY26	% OF RIGHTS THAT VEST IN THE RELEVANT TRANCHE
Below 5% compound annual growth	Below 2.9% ROA	Nil
At 5% compound annual growth	At 2.9% ROA	50%
Between 5% and 6.5% compound annual growth	Between 2.9% and 3% ROA	Straight line vesting between 50% and 100%
At or above 6.5% compound annual growth	At or above 3.0% ROA	100%

The Vesting Conditions set out above and/or the vesting schedule may be adjusted in certain appropriate circumstances, including for matters outside of management's influence and the impact of any material acquisitions or corporate activity during the Performance Period, to ensure there is no material advantage or disadvantage that would materially affect the achievement of the Vesting Conditions.

No re-testing

Rights are not eligible for re-testing. Any Rights that do not vest following the end of the performance period will lapse immediately.

Further information

Further information with respect to the terms of the CEO's FY24 LTI award, including a summary of the material terms of the Plan, is set out in Attachment B to this Notice.

The Directors (with Damien Berrell abstaining) recommend that Shareholders vote in favour of Resolutions 4(a) and 4(b).

Resolution 5**Approval to exceed 10/12 buy-back limit****Background and reasons for the buy-back**

As initially announced in the Company's 1H21 results, the combination of a strengthened debt position, a better liquidity profile and a stronger overall performance has enabled FleetPartners to accelerate its capital management strategy.

FleetPartners is a beneficiary of the Australian Federal Government's temporary full expensing policy. It therefore does not expect to make Australian tax instalments for the foreseeable future. Accordingly, FleetPartners will not accrue franking credits, nor does it have distributable franking credits today. As a result, FleetPartners has concluded that an on-market buy-back is the most efficient form of capital distribution to Shareholders and has accordingly not chosen other ways of returning excess capital to Shareholders.

Against this background, and since the Company announced the inaugural share buy-back on 6 May 2021, the Company has bought back a total of \$166 million in Shares up to 30 September 2023.

Owing to the ongoing organic capital generation of the Company, it announced its intention to target a share buy-back capital pay-out ratio (CPR) of 55-65% of NPATA going forward.

Reason for requiring Shareholder approval

Under the Corporations Act, the Company is limited to buying back up to 10% of the smallest number of shares on issue at any time in any 12-month period (10/12 Limit).

As the Board and Management continue to believe that a return of capital to Shareholders is best achieved through an on-market share buy-back and cancellation, this Resolution is proposed to give the Company the flexibility to buy back further Shares beyond the 10/12 Limit over the 12-month period following the end of the AGM.

If Resolution 5 is passed, the Company will be authorised to buy back up to 38 million shares in the Company in the 12-month period following the approval of Resolution 5. This would represent approximately 15% of the Company's 253 million shares on issue as at 13 November 2023 (being the last practicable day prior to the finalisation of this Notice of Meeting).

Terms and offer price

The usual rules for settlement of transactions which occur on market on the ASX will apply in respect of the shares acquired under the buy-back. Shares which are bought back will be cancelled immediately upon settlement of the trade.

The buy-back will commence on 28 January 2024 and remains open until the limit set out in this Resolution is reached, or the Board determines otherwise.

The price to be paid by the Company for shares purchased under the buy-back will be the then- prevailing market price of the shares on the ASX. In accordance with ASX Listing Rule 7.33, the Company may only buy back shares at a price which is not more than 5% above the volume-weighted average market price for the shares, calculated over the last five days on which sales in the shares were recorded before the day on which the purchase under the buy-back was made.

To provide an indication of the recent market prices, the closing price of the Company's shares on 13 November 2023 was \$2.70. The table below sets out the highest and lowest market sale prices for shares on the ASX during the previous three months:

MONTH	LOW	HIGH
October 2023	\$2.35	\$2.76
September 2023	\$2.72	\$3.06
August 2023	\$2.54	\$2.97

Directors' interests

As at the date of this Notice of Meeting, the following Directors have an interest in the buy-back program, as they hold shares in the Company:

DIRECTOR	NUMBER
Gail Pemberton	450,221
Russell Shields	335,647
Trevor Allen	214,846
Cathy Yuncken	27,500
Fiona Trafford-Walker	25,834

Financial effect of the buy-back

As the buy-back would result in the cancellation of shares, it would have the effect of reducing the Company's share capital.

Extending the buy-back is not expected to:

- › pose any significant disadvantage to Shareholders;
- › materially prejudice the Company's ability to pay its creditors; or
- › result in a material change in the control of or liquidity in the Company's shares.

The buy-back will be funded with the Company's excess cash reserves and debt facilities. FleetPartners intends to proceed with buy-backs beyond the 10/12 Limit under this approval only if there is no alternative use of capital that would otherwise generate a superior return on capital, including for example, organic growth beyond internal forecasts or acquisition opportunities.

As stated above, the Company does not currently have any distributable franking credits. The buy-back is therefore not expected to impact on the level of franking credits to be expended.

Advantages and disadvantages of the buy-back

The potential advantages of the buy-back include the following:

- › the buy-back is an efficient form of capital distribution to Shareholders; and
- › by reducing the number of shares on issue, the buy-back is likely to be accretive to overall earnings per share.

The potential disadvantages of the buy-back include the following:

- › the buy-back will reduce the Company's available cash, which may adversely impact its ability to generate return on capital, including for example, organic growth beyond internal forecasts or acquisition opportunities; and
- › the buy-back will result in a reduction in the number of shares on issue, which may decrease liquidity of the Company's shares on the ASX.

Additional information for Shareholders

- › A copy of the Company's latest audited financial statements is available in the FY23 Annual Report.
- › Information about the Company's current share price and any additional information required by the ASX's Listing Rules are available on the Company's website at: www.fleetpartners.com.au.

The Directors unanimously recommend that Shareholders vote in favour of this Resolution 5.

Resolution 6

Renewal of Proportional Takeover Provisions

Articles 80 and 81 of the Constitution provide that the Company must not register a transfer of shares which would give effect to a contract resulting from the acceptance of an offer made under a proportional takeover bid unless Shareholders, in a general meeting, approve the offer. Under the Corporations Act and Article 80(b) of the Constitution, Articles 80 and 81 cease to have effect at the end of three years from when they were adopted or on the date that they were last renewed.

The proposed Resolution seeks to renew the provision of Articles 80 and 81 of the Constitution for three years from the date of approval of the proposed Resolution.

The Corporations Act requires that the following information be provided to Shareholders when they are considering the renewal of proportional takeover provisions in a constitution.

What is a proportional takeover bid?

In a proportional takeover bid, the bidder offers to buy a proportion only of each Shareholder's shares in the target company.

Why are the proportional takeover approval provisions required?

A proportional takeover bid means that control of a company may pass without Shareholders having the chance to sell all of their shares to the bidder. In addition, this means the bidder may take control of a company without paying an adequate amount for gaining control.

In order to deal with this possibility, the Corporations Act permits a company, in certain circumstances to provide in its constitution that if a proportional takeover bid is made for shares in the company, Shareholders must vote at a general meeting on whether to accept or reject the offer.

The majority decision of Shareholders present and voting at the meeting will be binding on all Shareholders.

The Directors consider that Shareholders should be able to vote on whether a proportional takeover bid ought to proceed given such a bid might otherwise allow control of the Company to change without Shareholders being given the opportunity to dispose of all of their shares for a satisfactory control premium. The Directors also believe that the right to vote on a proportional takeover bid may avoid Shareholders feeling pressure to accept the bid even if they do not want it to succeed.

The benefit of the provision is that Shareholders are able to decide collectively whether the proportional offer is acceptable in principle, and it may ensure that any partial offer is appropriately priced.

If the offer does proceed, individual Shareholders can then make a separate decision as to whether they wish to accept the bid for their shares.

What is the effect of the proportional takeover approval provisions?

If a proportional takeover bid is made, the Directors must ensure that Shareholder vote on a resolution to approve the bid more than 14 days before the last day of the bid period. The vote is decided on a simple majority.

Each person who held bid class securities as at the end of the day on which the first offer under the bid was made is entitled to vote, but the bidder and its associates are not allowed to vote (and if they do vote, their votes must not be counted).

If the resolution is not passed, transfers which would have resulted from the acceptance of a bid will not be registered and the bid will be taken to have been withdrawn. Any contracts formed by acceptances will be rescinded. If the bid is approved (or taken to have been approved), the transfers must be registered provided they comply with the Corporations Act and the Company's Constitution.

If the resolution is not voted on before the 14 day deadline specified in the Corporations Act, the bid will be taken to have been approved.

The proportional takeover approval provisions do not apply to full takeover bids and would only apply for 3 years from the date of their renewal pursuant to Resolution 6 (if passed). The provisions may again be renewed or reinserted upon expiry of that three-year period, but only by way of a special resolution passed by Shareholders.

No present acquisition proposals

At the date this Notice of Meeting was prepared, no Director is aware of a proposal by a person to acquire, or to increase the extent of, a substantial interest in the Company.

Potential advantages and disadvantages

While the renewal of Articles 80 and 81 will allow the Board to ascertain Shareholders' views on a proportional takeover bid, the Directors consider that the proportional takeover approval provisions have no potential advantages or disadvantages for Directors. They remain free to make a recommendation on whether an offer under a proportional takeover bid should be accepted.

The potential advantages of the proportional takeover approval provisions for Shareholders include:

- › the provisions give all Shareholders (other than the offeror and its associates) an opportunity to study the terms of a proportional takeover proposal to determine whether it is in their best interests that it proceed and, on that basis, enables Shareholders to decide whether or not to accept the offer;
- › the provisions may discourage the making of a proportional takeover bid which may be considered to be opportunistic and may prevent control of the Company passing without the payment of an appropriate control premium;
- › the provisions may assist Shareholders in not being locked into a minority interest in the Company;
- › the provisions may increase Shareholders' bargaining power and may assist in ensuring that any future proportional takeover offer is structured so as to be attractive to a majority of independent Shareholders; and
- › knowing the view of the majority of Shareholders may assist each individual Shareholder in assessing the likely outcome of the proportional takeover scheme bid and whether to approve or reject that bid.

The potential disadvantages for Shareholders include:

- › proportional takeover bids for shares in the Company may be discouraged and may reduce any speculative element in the market price of the Company's shares arising from a takeover offer being made;
- › Shareholders may lose an opportunity of selling some of their shares at a premium;
- › the chance of a proportional takeover bid being successful may be reduced due to the delay, cost and uncertainty in convening a general meeting; and
- › the renewal of Articles 80 and 81 may also be considered an additional restriction on the ability of Shareholders to deal freely with their shares.

While the proportional takeover approval provisions have been in effect, there have been no full or proportional takeover bids for the Company. Therefore, there has been no example against which to review the advantages or disadvantages of the provisions for the Directors and the Shareholders, respectively, during this period.

The Board considers that the potential advantages for Shareholders of the proportional takeover approval provisions outweigh the potential disadvantages. In particular, Shareholders as a whole are able to decide whether or not a proportional takeover bid is successful.

The Directors unanimously recommend that Shareholders vote in favour of Special Resolution 6 for the approval of the renewal of the proportional takeover provision in Articles 80 and 81 of the Constitution of FleetPartners Group Limited.
