This Explanatory Memorandum forms part of the Notice of Meeting and is intended to provide Shareholders of the Company with information to assess the merits of the proposed resolutions.

The Directors recommend that Shareholders read the Explanatory Memorandum in full before making any decision in relation to the resolutions.

Resolution 1

Adoption of Remuneration Report

In accordance with Section 250R(2) of the Corporations Act 2001, the Shareholders are to vote on the Remuneration Report which is contained in the Directors Report of the Annual Report.

The Company's remuneration framework continues to drive performance for the Company and Shareholders. The framework has been updated during the 2023 financial year following further engagement with independent advisors and Shareholders to continue to bring it into alignment with best practice for an ASX 100 company and to further complement the Company's high-performance culture.

Our remuneration framework provides a tight relationship between performance and remuneration and has driven strong growth for the Company. In FY23, we undertook independent benchmarking for KMP remuneration. We will continue to benchmark to ensure we remain competitive and can attract and retain talented executives with the specialised skills and expertise required.

The Remuneration Report is designed to provide the linkage between our strategic initiatives, remuneration principles and remuneration framework, and how these, in turn, drive shareholder returns.

Continuing Executive KMP remuneration continues to be clearly aligned with shareholder value creation:

- Total continuing Executive KMP remuneration grew by

5% between 2022 and 2023 (excluding retention LTI). Remuneration growth is relative to and less than the Company's 16% growth in statutory Net Profit Before Tax (NPBT).

- Short Term Incentive (STI) outcomes across our continuing Executive KMP were up 15% directly reflecting 15% growth in Executive Net Profit Before Tax (NPBT).
- Deferred STI earned was up 16% in line with average growth in Executive NPBT over the last three years.
- The Long-Term Incentive (LTI) plan, based on earnings per share (EPS) growth (17.1%) and total shareholder return relative to listed technology companies (rTSR) (88.6%), resulted in 100% of 'at risk' LTI vesting for our Continuing Executive KMP. This result reflects the strong performance over the 3-year vesting period, with challenging LTI targets set by the Board achieved, ensuring superior performance and long-term shareholder wealth creation.
- Our 3-year rolling TSR is 97% and annual TSR is 48%, showing clear alignment between the performance of the Company and executive remuneration.

Executive and Director changes

Mr Ed Chung, our CEO for the past 6 years, was appointed to the Board as Managing Director on 15 August 2023. Mr Paul Jobbins resigned as CFO and company secretary on 17 July 2023. Mr Cale Bennett commenced as CFO on 1 August 2023.

Mr Ron McLean retired from the Board at the end of the 2023 AGM on 22 February 2023.

a) KMP remuneration

There has been no change to the KMP remuneration framework. Fixed base salary increases were limited to 1.5%, including the super guarantee rate increase. Actual short-term incentive and deferred STI increased in line with Executive NPBT. Long-term incentives were increased by 1%, with the opportunity as a percentage of salary remained unchanged. Increases in salary and LTI were less than inflation. For FY23, Fixed remuneration comprised no more than 29% of KMP remuneration.

b) Directors' fees

Shareholders resolved to increase the fee pool to \$2,000,000 at the FY22 Annual General Meeting. The increase was the first increase since the Director Fee Pool was set at \$1,500,000 four years earlier. The increased pool resulted from independent benchmarking, Board renewal, including an experienced non-executive Chair, and recognition of the increased workload and management of complexity and growth for the non-executive Chair and Directors. Further details are described in section 7 of the Remuneration Report.

The Remuneration Report (included in the Company's Annual Report) is also available on the Company's website (www.TechnologyOneCorp.com) under the Investor Relations section.

Note: Voting Exclusions apply to this Resolution as specified later in this Notice of Annual General Meeting and in the Shareholder Voting Form.

The Directors recommend that Shareholders vote FOR this resolution as the Company's remuneration framework continues to drive the Company's performance in the shareholders' best interest.

Resolution 2

Re-election of Peter Ball,

Non-Executive Director

In accordance with the requirements of the Constitution, Mr Ball retires by rotation as a Director and is seeking re-election.

Rule 16.1 of the Company's constitution requires that at each Annual General Meeting, one-third of the Directors (other than a Managing Director) must retire and can stand for re-election (or if their number is not a multiple of three, then the number to retire from office can be either rounded up or down to a whole number based on the discretion of the Chairman).

In accordance with Listing Rule 14.4 and rule 16.1 of the Company's Constitution, Mr Ball retires by rotation and, being eligible, offers himself for re-election as a Director at this Annual General Meeting.

Mr Ball is a Chartered Accountant who has enjoyed a long career in the professional services sector spanning nearly 40 years, initially in audit both nationally and internationally, with the last 30 years in management consulting. Mr Ball was a Partner with KPMG for some 25 years providing a range of professional services and advice to both public and private sector organisations. He has also held senior roles with KPMG including the national leader of KPMG's Strategic Planning and Economic Development service line and more recently as national partner responsible for the finance and operations for KPMG's Government Advisory Practice.

Mr Ball's work involves providing strategic, economic, commercial and business improvement advice to enable organisations to make fully informed business decisions. During his management consulting career Mr Ball has worked across several industries including tourism and leisure, gaming and wagering, arts and sports, and state and local government.

Mr Ball has an entrepreneurial spirit and has been involved with several

start-ups across a range of sectors including property, education, gaming and the pharmaceutical sector. He is also actively involved in the community/not-for-profit sector, having been a Director of Alzheimer's Queensland for over 10 years.

Mr Ball is also Chair of the Audit & Risk Committee and a member of the Remuneration Committee.

The Directors (with Mr Ball abstaining) recommend that Shareholders vote FOR this Resolution.

Resolution 3

Re-election of Sharon Doyle,

Non-Executive Director

In accordance with the requirements of the Constitution, Ms Doyle retires by rotation as a Director and is seeking re-election.

Rule 16.1 of the Company's constitution requires that at each Annual General Meeting, one-third of the Directors (other than a Managing Director) must retire and can stand for re-election (or if their number is not a multiple of three, then the number to retire from office can be either rounded up or down to a whole number based on the discretion of the Chairman).

In accordance with Listing Rule 14.4 and rule 16.1 of the Company's Constitution, Ms Doyle retires by rotation and, being eligible, offers herself for re-election as a Director at this Annual General Meeting.

Ms Doyle is the Executive Chair and majority owner of corporate advisory firm, InterFinancial Corporate Finance Limited. She has successfully navigated technology companies through the challenges of steep global growth curves, with a strong understanding of the dynamics in Software as a Service (SaaS).

Ms Doyle's leadership of InterFinancial has seen her develop a core practice providing strategic advice for technology and other IP-rich, high-growth companies. She also has extensive international experience managing merger, acquisition and private equity processes across the technology industry.

Ms Doyle was previously Vice President at Mincom, one of Australia's most successful enterprise software companies.

Ms Doyle is a Non-Executive Director at Auto & General. She holds a Bachelor of Laws (Hons) and Bachelor of Information Technology (Dist.) from the Queensland University of Technology, as well as a Graduate Diploma of Business Administration from the University of Queensland. She is a Fellow of the Australian Institute of Company Directors.

Ms Doyle is also a member of the Audit & Risk Committee and Nomination & Governance Committee.

The Directors (with Ms Doyle abstaining) recommend that Shareholders vote FOR this Resolution.

Resolution 4

Grant of FY24 LTI Options to the Managing Director

Approval is requested under ASX Listing Rule 10.14, and for all purposes, to enable the Company to grant equity securities (in the form of options) to Mr Ed Chung, the CEO (as a director of the Company) under and subject to the TechnologyOne Omnibus Incentive Plan and on the terms set out below (FY24 LTI Options). The grant of options to the CEO is part of his long-term incentive (LTI) grant and forms part of his overall remuneration.

If shareholder approval is obtained, the options will be granted to the CEO within five (5) business days of the Company's AGM.

If shareholder approval is not obtained, then the options will not be issued and, subject to the achievement of the performance conditions described in these explanatory notes, the CEO will receive a cash payment upon release of the FY26 financial statements, in November 2026, following the completion of the three (3) year performance period, equivalent in value to the LTI options he would have received had shareholder approval been obtained.

The purpose of the LTI is designed to reward participants for the long-term growth of the Company. They are granted to executive KMP on the first business day in October each year, with grants to any executive directors subject to shareholder approval.

The Omnibus Incentive Plan rules permit the Company to satisfy its obligation to deliver shares under options or performance rights through an employee share trust.

Each option entitles the CEO to receive the issue or transfer of one ordinary share in the capital of the Company, subject to vesting conditions having been satisfied (the vesting conditions are provided in the following table). Until those performance hurdles are achieved and the options are exercised, the CEO has no legal or beneficial interest in TechnologyOne shares as a result of the grant of options, no entitlement to receive dividends and no voting rights in relation to the options. Options are non-transferable, except in limited circumstances or with the consent of the Board. Subject to compliance with the TechnologyOne Securities Trading Policy, shares allocated to the CEO on exercise of any options will not be subject to any further trading restrictions.

The Company uses options as part of the LTI structure because they create long-term alignment between the interests of the Company's executives and ordinary shareholders but do not provide the executives with the full benefits of share ownership (such as dividend and voting rights) unless and until the options and performance rights vest and are exercised (as applicable). Options and performance rights are also used to incentivise the Company's executive team towards long-term sustainable growth of the business.

The 327,891 options will be granted for nil consideration with an exercise price of A\$15.57 payable on the exercise of each option, being the weighted average price of ordinary shares in the Company traded on the ASX during the ten (10) business day period prior to 1 October 2023 (being the start of the FY24 year).

Benchmarking of CEO's Remuneration Package

Our remuneration framework has been and continues to be integral to our success. It provides a tight relationship between performance and remuneration and has driven strong growth for the Company.

In FY23, the board undertook a benchmarking exercise using an independent external consultant to ensure we remain competitive and can attract and retain talented executives with the specialised skills and expertise required.

This analysis revealed that Ed's remuneration package had fallen well below his peers, which were defined as twenty technology companies in the ASX200. Given he has demonstrated full capability to do the job, the Board have approved a total remuneration increase, including an incentive opportunity, to bring Ed's remuneration from the 20th percentile to near the median of comparable peers. This results in an increase in Ed Chung's total target remuneration from \$2,322,206 in FY23 to approximately \$3,534,534 for FY24.

The CEO's remuneration positioning was assessed through independent, external benchmarking. Consistent with TechnologyOne's remuneration framework, Ed's remuneration mix was already overweight with at-risk components compared to his peers on the ASX100. This increase, predominately in the form of long-term incentives, provides further alignment with shareholders and responds to needs to better balance the emphasis between short-term and long-term results.

CEO's total remuneration package for FY24

The CEO's total remuneration package for FY24 includes:

Fixed remuneration - \$857,438

Short-term incentive - 0.78% of FY24 Executive Net Profit Before Tax¹

Deferred short-term incentive - 25% of the FY24 STI

Long-term incentive - \$1,167,292

The directors (with Ed Chung abstaining) consider that the CEO's

remuneration package (including the proposed grant of the FY24 LTI Options) is reasonable and appropriate having regard to the circumstances of the Company and Ed Chung's responsibilities, performance and tenure as CEO and Managing Director.

Ed Chung was appointed CEO in May 2017 after more than 10 years in senior executive roles at TechnologyOne, including one and half years as the Company's Chief Operations Officer. From 2014, Ed headed up TechnologyOne's products and solutions division, including R&D where he led the team that transitioned the business into a fully SaaS-based organisation. Prior to that he led the finance and corporate services division and developed the commercial frameworks to drive the Company's expansion. With the appointment of the Company's first non-executive Chair in June 2022, more importance and responsibility are placed on Ed's role as the most senior executive in the company.

The structure of the proposed FY24 CEO LTI Options (refer to table 1 below) is consistent with the remuneration framework provided in the FY23 Remuneration Report.

¹ Executive Net Profit Before Tax is calculated based on Company profit before tax and before the Executive STI is deducted.

The LTI Plan is designed to provide participants with the incentive to deliver substantial consistent growth in shareholder value.

Expiry Date	Five (5) years from the release of the Technology One Limited FY26 audited Financial Statements																
Award vehicle	Each LTI entitles the KMP the right to purchase one TechnologyOne share in the future at an agreed strike price, subject to meeting specified performance targets. The KMP has a choice between Options or Equity Performance Rights (EPRs).																
Performance period	For LTI grants issued during FY20 and onwards, performance is measured at the end of a three-year performance period only (i.e. no annually tested LTI measures). The EPS test performed will be average annual growth over the three-year performance period. This is consistent with best practice and further aligns our LTI Plan with the creation of long-term shareholder wealth. The number of options and/or rights in the grant are split into tranches based on the weighting of each performance measure. The relevant tranche vests at the end of the three-year period in accordance with the vesting schedule provided below. For accounting purposes, the expense is recognised in accordance with AASB 2 Share Based Payments over the three-year period.																
Performance measures	Performance measures for the LTI grants are: <ul style="list-style-type: none"> • 75% of the options / rights vest based on EPS Growth. HOW TO COMPLETE THIS SHAREHOLDER PROXY FORM

YOUR NAME AND ADDRESS

This is your name and address as it appears on the Company's share register. If this information is incorrect, please make the correction on the form. Shareholders sponsored by a broker should advise their broker of any changes. **Please note: you cannot change ownership of your shares using this form.**

APPOINTMENT OF PROXY

If you wish to appoint the Chairman of the Meeting as your proxy, mark the box in Step 1. If you wish to appoint someone other than the Chairman of the Meeting as your proxy, please write the name of that individual or body corporate in Step 1. A proxy need not be a shareholder of the Company.

DEFAULT TO CHAIRMAN OF THE MEETING

Any directed proxies that are not voted on a poll at the Meeting will default to the Chairman of the Meeting, who is required to vote those proxies as directed. Any undirected proxies that default to the Chairman of the Meeting will be voted according to the instructions set out in this Proxy Form, including where the Resolutions are connected directly or indirectly with the remuneration of KMP.

VOTES ON ITEMS OF BUSINESS – PROXY APPOINTMENT

You may direct your proxy how to vote by placing a mark in one of the boxes opposite each item of business. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the items of business, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.

APPOINTMENT OF A SECOND PROXY

You are entitled to appoint up to two persons as proxies to attend the Meeting and vote on a poll. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by telephoning the Company's share registry or you may copy this form and return them both together.

To appoint a second proxy you must:

- on each of the first Proxy Form and the second Proxy Form state the percentage of your voting rights or number of shares applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded; and
- return both forms together.
