

29 January 2024

Investor Webinar

Atlantic Lithium Limited (AIM: ALL, ASX: A11, OTCQX: ALLIF, "Atlantic Lithium" or the "Company"), the African-focussed lithium exploration and development company targeting to deliver Ghana's first lithium mine, is pleased to announce that it will host a live online investor presentation on Thursday, 1 February 2024 at 9:00 am UK time (8:00 pm Sydney time).

The webinar will provide an update on the Company's latest corporate and Project developments, followed by a Q&A session. The webinar will be held on the Investor Meet Company platform and is open to all existing and potential investors.

Investors can sign up to Investor Meet Company for free and "Add to meet" Atlantic Lithium via the following link: <https://www.investormeetcompany.com/atlantic-lithium-limited/register-investor>

Investors who already follow Atlantic Lithium on the Investor Meet Company platform will be automatically invited.

- Investors are encouraged to submit questions pre-event via the "Ask a Question" function located on the Investor Meet Company dashboard up until 9am (UK time) the day before the meeting or at any time during the live presentation.
- Whilst the Company will not be in a position to answer every question it receives, it will address the most prominent within the confines of information already disclosed to the market through regulatory notifications.
- For those unable to attend the webinar, a recording will be published at the earliest opportunity on the Investor Meet Company platform following the presentation, as well as responses to the Q&A.
- Investor feedback can also be submitted directly to management post the event to ensure the Company can understand the views of all elements of its shareholder base.

About Atlantic Lithium

www.atlanticlithium.com.au

Atlantic Lithium is an AIM and ASX-listed lithium company advancing a portfolio of lithium projects in Ghana and Côte d'Ivoire through to production.

The Company's flagship project, the Ewoyaa Project in Ghana, is a significant lithium spodumene pegmatite discovery on track to become Ghana's first lithium-producing mine.

The Definitive Feasibility Study for the Project indicates the production of 3.6Mt of spodumene concentrate over a 12-year mine life, making it one of the top 10 largest spodumene concentrate mines in the world.

The Project, which was awarded a Mining Lease in October 2023, is being developed under a funding agreement with Piedmont Lithium Inc.

Atlantic Lithium holds 509km² and 774km² of tenure across Ghana and Côte d'Ivoire respectively, comprising significantly under-explored, highly prospective licences.
