On-market share buy-back program

The objective of the buy-back is capital management. Any buy-back or series of such transactions will be funded from the Company's existing financial resources where the Directors consider that it is in the interest of all existing shareholders to do so.

Extension of on-market share buy-back

On 2 August 2023, the Company announced the extension of the on-market share buy-back for a further period of up to 12 months.

Additional capacity for on-market share buy-back

As part of the Company's 2023 Annual General Meeting (**AGM**) in November 2023, the Company sought and received approval from its shareholders to undertake an on-market buy-back of up to 82,607,530 shares in the Company over the 12-month period commencing from the AGM date. This represents approximately 25% of the shares the Company had on issue as at 19 October 2023.

7. Financial instruments measured at fair value

The Company measures and recognises its investments as 'financial assets and liabilities at fair value through profit or loss' on a recurring basis.

AASB 13: Fair Value Measurement requires the disclosure of fair value information using a fair value hierarchy reflecting the significance of the inputs in making the measurements. The fair value hierarchy consists of the following levels:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Included within Level 1 of the hierarchy are listed investments. The fair values of these financial assets and liabilities have been based on the closing quoted last prices at the end of the reporting period, excluding transaction costs.

NOTES TO THE FINANCIAL STATEMENTS (continued)

7. Financial instruments measured at fair value (continued)

Included within Level 2 of the hierarchy are the Company's investments in unlisted companies. The fair value of these investments has been based on the last traded prices of any material parcels of the company's stock.

The following table presents the Company's 'financial assets and liabilities measured and recognised at fair value' at the reporting date. The carrying amounts of all financial instruments are reasonable approximations of the respective instrument's fair value.

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
At 31 December 2023				
Financial assets (securities owned long)	658,211,031	2,453,330	–	660,664,361
Financial liabilities (securities sold short)	(141,847,105)	(2,002,107)	–	(143,849,212)
	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
At 30 June 2023				
Financial assets (securities held long)	689,347,576	2,526,569	–	691,874,145
Financial liabilities (securities sold short)	(176,773,908)	–	–	(176,773,908)

The company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There were no transfers between levels for recurring fair value measurements during the half-year ended 31 December 2023 (30 June 2023: nil).

8. Contingencies

There are no contingent liabilities or contingent assets at 31 December 2023 (30 June 2023: nil).

9. Subsequent events

The Company determined a fully franked dividend of 5.0 cents per share, which will be paid on 18 March 2024.

The Company is not aware of any other matter or circumstance since the end of the financial period not otherwise dealt with in this report, that has, or may, significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in subsequent financial periods.

**Independent Auditor's Review Report
To the Members of VGI Partners Global Investments Limited
ABN 91 619 660 721**

Report on the Half-Year Financial Report**Conclusion**

We have reviewed the half-year financial report of VGI Partners Global Investments Limited ("the Company") which comprises the statement of financial position as at 31 December 2023, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the Directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of VGI Partners Global Investments Limited does not comply with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Company's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the Directors of the Company, would be in the same terms if given to the Directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
