The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of DXN Limited (referred to hereafter as the 'Company' or 'parent entity' or 'DXN') and the entities it controlled at the end of, or during, the half-year ended 31 December 2023.

Directors

The following persons were directors of DXN Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Peter McGrath
Tim Hannon
Brendan Power

Principal activities

DXN's Data centre manufacturing division engineers, constructs and commissions data centre solutions globally. The Group's data centre infrastructure has a wide range of applications, which includes edge data centres and telecommunications applications (satellite, and cable landing stations). The Group's prefabricated construction method reduces the on-site labour and time to deploy and improves quality. Solutions by DXN's Data centre manufacturing division are ideal for rapid deployments in both urban and remote locations.

DXN's Data centre operations division provide space, power, cooling, and physical security for clients to house their computer servers and related storage and networking equipment. During the reporting period, the Company has data operations in Sydney, Darwin and Tasmania. The data centre operations in Darwin (Secure Data Centre) are classified as 'discontinued operations' – see note 7 for further details.

Dividends

There were no dividends paid, recommended or declared during the current or previous financial half-year.

Review of operations

The loss for the Group after providing for income tax amounted to \$838,392 (31 December 2022: \$2,241,444 loss).

H1FY24 sales to customers increased by 18.6% over H1FY23 due principally to the modular manufacturing division with new modular contracts signed during the reporting period.

In FY23 DXN undertook a number of cost reduction initiatives which will be further realised during FY24.

DXN continued momentum in modular manufacturing sales in H1FY24, namely:

- On 22 September 2023, DXN announced it has executed a contract for a cable landing station with the Government of Timor Leste for the design, build and supply of a DXN cable landing station with total contract value of USD\$1.4m (A\$2.1m)
- On 22 November 2023, DXN announced the receipt of a notification of an award to build modular cable landing station to a consortium of government-owned enterprises. The award is expected to generate revenues of approximately A\$5.5m and is subject to successful completion of contract negotiations; and
- On 28 December 2023, DXN announced it has executed a contract for design, supply and delivery of a modular data centre contract with Stanmore SMC Pty Ltd for A\$1.9m.

Earnings before interest, taxation, depreciation and amortisation ('EBITDA') is a financial measure which is not prescribed by Australian Accounting Standards ('AAS') and represents the profit under AAS adjusted for specific items. The directors consider EBITDA to reflect the core earnings of the Group. The Group's reconciliation of EBITDA to statutory net loss after tax for the current and previous financial year is as follows:

	H1FY24 \$	H1FY23 \$	Change \$	Change %
Sales to customers	4,542,676	3,811,296	731,380	19%

Data centre manufacturing

During the reporting period DXN continued to design, build and deploy orders for major Tier 1 customers such as Anglo American and Pilbara Minerals. DXN also commenced design and prefabrication for the Timor Leste Cable Landing station and commenced design work for Flow Digital Infrastructure's order.

DXN's modular manufacturing division performance improved during the reporting period realising benefits of the restructure, cost savings and optimisation implemented across the delivery process of the business.

The continued growth of subsea cables within the Asia and Pacific region underpinned by continuous investment of the Commonwealth Government of Australia together with our international trading partners means that the growth in subsea market and cable landing station investment will continue to grow. Further exponential increases in automation in the resources sector and new applications of technology linked Edge Data Centres, all feed the greater demand for DXN's prefabricated modular data centres for customers.

Data centre operations

On 22 November 2023, DXN announced it successfully negotiated to exit from its Sydney data centre lease, thereby saving the company \$1.4m in cash costs per year in lease liabilities over the remaining nine years of the lease.

DXN's TAS01 Hobart Data Centre and SDC Darwin continue to perform as expected. DXN continues to grow these data centres with additional services and customers to meet Edge data centre demand growth.

Significant changes in the state of affairs

On 21 August 2023, the Company issued 2,025,000 fully paid ordinary shares at \$0.003 per share in lieu of fees payable to a corporate advisor as approved by the Board.

On 22 November 2023, DXN announced:

- signing binding commitments for equity placements to raise A\$2.1m to facilitate the exit from the Sydney lease, repay some existing liabilities, and provide working capital for growth of its modular data centre division; and
- updates on ongoing cost savings initiatives, reporting that operating cost overheads were reduced by \$1.7m in FY23, with a further \$0.8m per annum targeted in FY24.

The \$2.1m placement was made in two tranches to existing shareholders and new investors and was executed at 0.2cps (\$0.002 per share). Tranche 1 of the placement for the issue of 430m ordinary shares was made within the Company's ASX Listing Rule 7.1 and 7.1A placement capacity and shares were allotted on 5 December 2023 raising an initial \$860,000 (before costs).

There were no other significant changes in the state of affairs of the Group during the financial half-year.

Matters subsequent to the end of the financial half-year

On 22 January 2024, the Company held a general meeting of shareholders where shareholders ratified an issue of 430m ordinary shares issued under Tranche 1 of the placement; and approved an issue of 545m ordinary shares under Tranche 2 of the placement; and approved an issue of 75m shares to Directors participating under the Tranche 2 capital raise, and approved an issue of 70m options to directors; and approved a consolidation of capital on the basis of every 15 ordinary shares being consolidated into 1 ordinary share in DXN. The consolidation of share capital was completed on 12 February 2024.

In the month of February 2024, DXN accepted purchase orders for the sale of existing SYD01 infrastructure assets for A\$700,000.

No other matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

Signed in accordance with a resolution of the Board of Directors.

Note 1. General information

The financial statements cover DXN Limited and the entities it controlled (together referred to as the 'Group') at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is DXN Limited's functional and presentation currency.

DXN Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business are:

A description of the nature of the Group's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 27 February 2024.

Note 2. Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements are condensed financial statements that do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The accounts have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business. The Group incurred a loss of \$838,392 (31 December 2022: loss of \$2,241,444) for the period ended 31 December 2023 and operating cash outflow of \$2,557,712 (31 December 2022: cash outflow of \$951,566).

The ability of the Group to continue to pay its debts as and when they fall due is dependent upon the Group refinancing debt facilities, securing the sale of assets, successfully raising additional share capital and generating ongoing revenue from new and existing DC module contract and data centre operations.

The directors are of the view that there is sufficient working capital in the Group to pay its debts as and when they fall due on the basis that DXN continues to generate ongoing revenues at current levels.

Note 2. Material accounting policy information (continued)

The directors believe it is appropriate to prepare these accounts on a going concern basis because:

- DXN has signed a Deed of Surrender for the Sydney Date Centre lease with exit scheduled mid-March, thereby saving approximately A\$1.4m in cash costs per year in lease liabilities over the remaining nine years of the lease;
 - DXN has successfully raised A\$2.1m to facilitate the exit from the Sydney lease, repay some existing liabilities, and provide working capital for growth for its modular data centre division;
 - DXN received a notification of award to build a modular cable landing station for a consortium of government-owned enterprises. This is a significant win for the Company with an expected total contract value of approximately A\$5.5m, subject to successful completion of contract negotiations, which is progressing well;
 - a developing pipeline of DC manufacturing contracts that generate revenues over a 12-24 month period;
 - increased revenue in DC manufacturing contracts in 1H FY24 when compared with 1H FY23;
 - the sale of Data Centre operations assets (in part or full), provides the opportunity to repay existing debt facilities and recapitalise the modular manufacturing business;
 - an increase in Data Centre revenues by introducing additional cloud products and customers for Darwin;
 - the Flow EGSCA agreement provides for ongoing revenues from continuous consultancy and services provided under the contract;
 - a further containment of certain operating expenditure such as reducing contractor and administrative costs, as required; and
- the continued strong support of the Group's key financier.

The financial statements have been prepared on the basis that the Group can meet its commitments as and when they fall due and can therefore continue normal business activities, and the realisation of assets and liabilities in the ordinary course of business.

Should the Group be unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the Group not continue as a going concern.

Note 3. Operating segments

Identification of reportable operating segments

The Group is organised into two operating segments: Data centre manufacturing and Data centre operations. These operating segments are based on the internal reports that are reviewed and used by the Chief Executive Officer ('CEO') and the Group's Executive Leadership Team (who are identified as the Chief Operating Decision Maker ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The information reported to the CODM on a monthly basis is the segment profit that represents the profit earned by each segment without allocation of the share of central administration costs including directors' salaries, finance income, non-operating gains and losses in respect of financial instruments and finance costs, and income tax expense.

Operating segment information

Major customers

The Group has a number of customers to which it provides services and products.

Data centre manufacturing

The Group supplied a number of customers, of which during the half-year ended 31 December 2023 one accounted for 40% of manufacturing revenue (31 December 2022: main customer was 55%). The next most significant contributed 20% (31 December 2022: 28%).

Data centre operations

The Group supplied various external customers during the half year ended 31 December 2023, one of which accounted for 73% (31 December 2022; 74%) of the total data centre operations revenue.

The data centre operations of Secure Data Centre in Darwin have been disclosed in this report as 'Discontinued operations' – see note 7, however are included in operating segments.

There were no intersegment sales during the reporting periods.

The Company completed the consolidation of share capital (1 for every 15 ordinary shares held) on 12 February 2024. Refer to note 28.

The weighted average number of ordinary shares are calculated based on the number of ordinary shares that would have been in existence had the share consolidation occurred on 1 July 2022.

At 31 December 2023 and 31 December 2022, options, warrants and performance rights over ordinary shares were excluded from the calculation of the weighted average number of ordinary shares used in calculating diluted earnings per share due to being anti-dilutive, as the Group reported a loss for the period.

\$4,000,000 secured facility with Pure Asset Management Pty Ltd ('Pure') was to finance working capital and acquisitions. The interest rate on this facility (including line fee) is 11.25% per annum.

This facility is due to mature on 14 October 2025 and is secured by a General Security Agreement over the assets of the Company.

During the period, DXN capitalised a further \$325,000 to the facility in relation to 2 sets of quarterly interest payments.

This amount was subsequently paid back after the reporting period, in January 2024, and the secured facility is now back at \$4,000,000.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF DXN LIMITED**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of DXN Limited (the Company) and its controlled entities (the Consolidated Entity or Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of comprehensive income, consolidated statement of changes in equity, the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of material accounting policies and other explanatory information and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the company is not in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Emphasis of Matter - Material Uncertainty Related to Going Concern

Without modification to our opinion expressed above, we draw attention to Note 2 "Going Concern" of the financial statements which states that the financial statements have been prepared on a going concern basis. Should the company be unable to achieve the funding and operational outcomes described in Note 2 and continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts other than as stated in the financial report.

Responsibility of the Directors for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF DXN LIMITED (CONTINUED)**

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial report is not in accordance with the *Corporations Act 2001* including:

- i. giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

AUDITOR'S INDEPENDENCE DECLARATION
UNDER SECTION 307C OF THE CORPORATIONS ACT 2001
TO THE DIRECTORS OF DXN LIMITED

I declare that, to the best of my knowledge and belief, during the year ended 31 December 2023, there have been:

- a) no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the review, and
- b) no contraventions of any applicable code of professional conduct in relation to the review.
