DIRECTORS' REPORT FOR THE HALF-YEAR ENDED 31 DECEMBER 2023

The Directors present their report together with the financial report of the consolidated entity consisting of Farm Pride Foods Limited ('the Company') and the entities it controlled (or the 'Group'), for the half-year ended 31 December 2023 and auditor's report thereon.

Directors

The names of Directors in office at any time during or since the end of the half year are:

George Palatianos Non-executive Director, Chair

Darren Lurie Managing Director
Bruce De Lacy Non-executive Director
Malcolm Ward Non-executive Director

The Directors have been in office since the start of the financial period to the date of this report unless otherwise stated.

Review of operation

Statutory consolidated net profit after tax attributable to the members of Farm Pride Foods Ltd ("Statutory Profit") for the half year ended 31 December 2023 was a loss of \$0.922million (2022: loss \$7.430million). Earnings before interest, tax, depreciation, and amortization (EBITDA) was \$3.669million (2022: loss \$2.813million).

The following table reconciles the statutory profit to EBITDA for the half year ended 31 December 2023:

	31 Dec 2023 \$'000	31 Dec 2022 \$'000
Statutory (loss)	(922)	(7,430)
Add back:		
- Interest (finance costs)	1,494	1,207
- Depreciation and amortisation	3,097	3,410
EBITDA	3,669	(2,813)

Review of operations (continued)

The financial and operational turnaround of the Group continued in the first half of the 2024 financial year.

The Group's net revenue from customers increased 26% to \$48.16 million (2023: \$38.19 million).

Earnings before interest, tax, depreciation and amortisation (EBITDA) was \$3.669 million (2023: \$2.813 million loss), an improvement of approximately \$6.482 million on the previous corresponding period.

The loss after-tax of \$922k represented a similar \$6.508m improvement on the previous corresponding period.

During the period, the focus on improving farming activities, production, grading, and processing efficiencies, across the business continued. Multiple new appointments in farm management were made and the company owned rearing facilities are now consistently producing birds for the Group's laying farms. Ongoing repairs and maintenance are taking place across farms and egg processing facilities to further enhance efficiencies identified.

The Board has confidence in the continued operational turnaround with \$941K allocated to capital improvements during the period vs \$84k in the prior corresponding period and expect this expenditure will continue to drive improved productivity and efficiency across the business.

Cost pressures, like all businesses, remain high including labour, utilities, transport, feed and interest. We have sought to reduce unit costs by increasing efficiencies and obtain price increases to off-set these higher costs.

The Group has entered into a contract of sale for a parcel of surplus non-arable land at Lethbridge, Geelong which will deliver proceeds of \$2.350 million. This sale is expected to complete during the current quarter.

The Board thanks all our customers and suppliers for their continued support and our employees who are working hard to ensure the successful turnaround in the profitability of the Group.

Significant changes in the state of affairs

There have been no significant changes in the Group's state of affairs during the half year other than as detailed above.

NOTES TO THE HALF-YEAR FINANCIAL STATEMENTS 31 DECEMBER 2023

NOTE 1: BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT

The condensed consolidated half-year financial report does not include all the notes of the type usually included in an annual financial report.

It is recommended that this half-year financial report be read in conjunction with the annual financial report for the year ended 30 June 2023 and any public announcements made by Farm Pride Foods Limited (the Company) during the half-year in accordance with any continuous disclosure obligations arising under the *Corporations Act* 2001.

This condensed half-year financial report covers the Company and its controlled entities as a consolidated entity. Farm Pride Foods Limited is a company limited by shares, incorporated and domiciled in Australia. The address of the Company's registered office and principal place of business is 551 Chandler Road, Keysborough, Victoria. The Company is a for-profit entity for the purpose of preparing the financial statements.

The half-year financial report was authorised for issue by the Directors as at the date of the Director's Report.

(a) Basis of preparation

The condensed consolidated half-year financial report has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting*, as appropriate for for-profit entities, and the *Corporations Act 2001*. Compliance with AASB 134, as appropriate for for-profit entities, ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

The half-year financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets as described in the accounting policies.

Except as disclosed in Note 1(b), the accounting policies applied in this half-year financial report are consistent with those of the annual financial report for the year ended 30 June 2023.

(b) Summary of the significant accounting policies

The Group has applied all new and revised Australian Accounting Standards that apply to reporting periods beginning on or after 1 July 2023. The application of the new accounting standards did not have a material impact on the financial statements.

(c) Going concern

The financial report has been prepared on the basis that the Group is a going concern, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

As outlined in the Director's report, significant improvements have been made across the business since the previous corresponding period resulting in improvements of \$4.622 million in operating cash flows, \$9.975 million in revenue, \$6.482 million in EBITDA and \$6.508 million in net profit for the half-year ended 31 December 2023 (half-year).

During the half-year the Group incurred a net loss after tax of \$0.922 million (2022: loss \$7.430 million). Net cash flow from operating activities was an inflow of \$2.007 million (2022: cash outflow \$2.615 million). As at 31 December 2023 current assets of \$29.208 million were exceeded by current liabilities of \$38.298 million by \$9.090 million (June 2023: current assets of \$27.392 million exceeded current liabilities of \$19.696 million by \$7.696 million). As outlined in Note 5 the Group's long term secured loan and working capital loan facilities expire in August 2024 and have not yet been renewed therefore they have been classified as current liabilities. A further loan from interests associated with Mr George Palatianos of \$1.250 million was received prior to the end of the period expiring at the end of June 2024. The directors have reasonable expectations that these facilities will be re-financed before their expiry dates. In addition, proceeds of \$2.350 million from the sale of the surplus land at Lethbridge are expected in the current quarter.

In determining the basis for preparation of the financial report, the directors have assessed the financial performance, future operating plans, financial forecasts and existing financial position. The directors believe there are reasonable grounds to expect the Group will be able to continue as a going concern for at least 12 months from the date of issue of the financial report, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business. It is acknowledged however that there are uncertainties associated with the forecast assumptions including the ability to maintain and grow revenues, contain, and further reduce costs.

On this basis no adjustments have been made to the financial report relating to the recoverability and classification of the carrying amount of assets or the amount and classification of liabilities that might be necessary should the Group not continue as a going concern. Accordingly, the financial report has been prepared on a going concern basis. Given the circumstances detailed above, as well as the potential impacts of changing supply and demand conditions affecting the Australian egg and grain industry more broadly, there exists uncertainty that could cast doubt on the ability of the Group to continue as a going concern and therefore, whether it will be able to realise its assets and extinguish its liabilities in the normal course of business, and at the amounts stated in the financial report.

(d) Segment reporting

Management has determined the operating segments based on the reports reviewed by the Board of Directors (the chief operating decision maker as defined under AASB 8) that are used to make strategic and operating decisions. The Board of Directors considers the business primarily from a geographic perspective. On this basis the Group has identified one reportable segment, Australia. The Group does not operate in any other geographic segment.

(e) Restatement of prior year statement of cash flow

In December 2022, the Group originally recognised a trade payable for insurance premium funding and the payments associated with the insurance premium funding as cash outflows from operating activities. In December 2023, it was identified that the liability should have been recognised in borrowings and the associated cashflows should have been presented as cash outflows from financing activities. The comparative figures for the six months to 31 December 2022 have been restated as follows:

	Half-y	ear
	31 Dec 2022	31 Dec 2022
		Restated
Cash flow from operating activities	\$'000	\$'000
Receipts from customers	39,496	39,496

Cash and cash equivalents at beginning of the half-year	2,150	2,150
Cash and cash equivalents at end of the half-year	1,688	1,688

In summary, this resulted in a reduction in net cash outflows from operating activities of \$1.15 million and an increase in net cash outflows from financing activities of \$1.15 million.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF FARM PRIDE FOODS LIMITED

Conclusion

We have reviewed the half-year financial report of Farm Pride Foods Ltd ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty relating to Going Concern

We draw attention to Note 1(c) in the financial report, which indicates that the Group incurred a net loss of \$0.922m during the half year ended 31 December 2023 and, as of that date, the Group's current liabilities exceeded its total assets by \$9.090m. These events or conditions, along with other matters as set forth in Note 1(c), indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
