Summary commentary on results

Directors Comments:

GLG's revenue decreased by 3.6% from US\$69.5m to US\$67.0m during the financial period ended 31 December 2023 ("1HFY2024"). This was mainly attributable the loss of a major customer as noted in the second half of 30 June 2023, albeit partially offset by an increase in sales orders from some existing customers in the current period and also to the reduction of sales orders as customers had high inventory levels who were affected by unforeseen logistics delays and price challenges. As a result of the delays in deliveries, the core programs of our key customers dropped significantly as those garments could not be sold during the right season. The decrease was also attributable to fierce market competition which resulted in price reductions and also impacted the ability to retain customers.

The gross profit margin decreased from 21.5% to 13.7% in 1HFY2024 due to the price competition and lack of orders to meet the optimal level of production capacity.

Other income decreased by US\$0.9m from US\$1.1m to US\$0.2m in 1HFY2024 as compared to the previous corresponding financial period due to one-off gain on modification of lease terms of US\$1.0m as a result of renegotiated terms of lease from 5 years to 2 years from major shareholder, Ghim Li Group Pte Ltd in the financial period ended 31 December 2022 ("1HFY2023").

Selling and distribution costs decreased by 32.8% from US\$5.4m to US\$3.6m as compared to the previous corresponding financial period mainly due to decrease in sales, decrease of global freight rates and stabilisation of global supply chains over the period.

Finance costs increased by 7.5% from US\$1.1m to US\$1.2m in 1HFY2024 as compared to the previous corresponding financial period mainly due to the higher interest rates on loans given the current market conditions.

Administrative costs remain consistent from prior period from US\$5.3m to US\$5.4m in 1HY2024 as compared to the previous corresponding financial period.

Other expenses decreased by US\$2.9m from US\$3.9m to US\$1m in the 1HFY2024 as compared to the previous corresponding financial period. The decrease was mainly due to write off of deposits with an outsourced manufacturer of US\$2.0m in relation to the decrease in revenue and thereby reduction of allocated production to the third-party manufacturer resulting in the closure of the third-party manufacturer and US\$1.1m impairment of a claim made against the previous owner of the Group's Cambodian subsidiary's assets and the buyer of raw materials for their outstanding tax obligations as a result of a tax audit for the period from 2017 to 2019. The decrease was offset by the increase in write off of surplus and obsolete fixed assets of US\$0.5m in the 1HFY2024.

GLG's net loss after tax for the half year period 31 December 2023 amounted to US\$2.1m, compared with a loss of US\$0.1m in the corresponding financial period. The increase in net loss after tax was mainly due to lower revenue generated with lower margin in these macro-economic conditions and low utilisation of the production capacities.

Directors Comments: (cont'd)

The group expects the trading conditions experienced in 1HFY2024 to persist into 2HFY2024 and therefore expects a financial loss for financial year ended 30 June 2024 that is higher than the previous financial year ended 30 June 2023, due to the geopolitical uncertainties in the middle-east, on-going conflict in Ukraine, price competition with lower margin, high interest rates and freight rate increase due to the Red Sea crisis.

Balance Sheet position

Inventory decreased by 22.4% from US\$25.5m as at 30 June 2023 to US\$19.8m as at 31 December 2023. This was mainly due to decline in customers' orders which resulted in a reduction of purchases of raw materials and work-in-progress in the factories.

Property, plant and equipment decreased by 5.3% from US\$26.5m as at 30 June 2023 to US\$25.1m as at 31 December 2023 mainly due to the depreciation and one-off write off of surplus and obsolete fixed assets of US\$0.5m in 1HFY2024.

The right-of-use assets decreased by 27.2% from US\$3.7m as at 30 June 2023 to US\$2.7m as at 31 December 2023 mainly due to the amortisation of right-of-use assets.

The intangible assets decreased by 8% from US\$2.9m as at 30 June 2023 to US\$2.7m as at 31 December 2023 mainly due to the amortisation of intangible assets.

Trade and other payables decreased by 36.9% from US\$16.1m as at 30 June 2023 to US\$10.2m as at 31 December 2023, primarily resulting from decrease in advanced purchases of raw materials such as yarn and fabric and settlement of payables. In addition, there was a payment of intercompany balance to Ghim Li Group, parent entity that amounted to US\$2.3m during the period.

Cash Flow

In 1HFY2024, net cash flow from operating activities amounted to US\$2.9m as compared to previous corresponding financial period of US\$22.6m, mainly due to prompt settlement of payables and lower receipt from customers as a result of lower revenue generated in this financial period.

Net cash flows used in investing activities amounted to US\$0.7m as compared to previous corresponding financial period of cash flow from investing activities of US\$0.9m. The movement was mainly due to investment in new machineries in fabric factory to increase the productivity and new order requirements, whilst the cash flow in prior period included a one-off refund of rental deposits as a result of modification of lease terms.

Net cash used in financing activities amounted to US\$4m as compared to previous corresponding financial period of US\$25.3m. This decrease was mainly due to lesser payment in borrowings as a result of lower purchases of inventory and lesser advance purchases of yarn, netted by the increase of repayment to Ghim Li Group by US\$1.3m.

Directors Comments: (cont'd)

Cash Flow (cont'd)

As a result of the above, there was a net decrease of US\$1.8m in cash and cash equivalents from 1HFY2024, from a net cash surplus of US\$19.2m as at 31 December 2022 to a net cash surplus of US\$17.4m as at 31 December 2023.

We believe the balance cash position and forecast cash flow from continuing operations of GLG remains adequate to meet our working capital, capital expenditures, debt servicing and other funding requirements.

DECLARATION OF INDEPENDENCE BY STEPHEN MAY TO THE DIRECTORS OF GLG CORP LTD

As lead auditor for the review of GLG Corp Ltd for the half-year ended 31 December 2023, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
2. No contraventions of any applicable code of professional conduct in relation to the review.

This declaration is in respect of GLG Corp Ltd and the entities it controlled during the period.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of GLG Corp Ltd

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of GLG Corp Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2023 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Directors' declaration

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

Notes to the consolidated financial statements

1. Significant accounting policies

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in United States dollars, unless otherwise noted.

The consolidated entity satisfies the requirements of ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 issued by the Australian Securities and Investments Commission in relation to rounding of amounts in the directors' report and the financial statements to the nearest thousand dollars, unless otherwise indicated. Amounts have been rounded off in the directors' report and financial statements in accordance with that Legislative Instrument.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the GLG's 2023 annual financial report for the financial year ended 30 June 2023, except for the impact of the new and revised Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

Comparative figures

Comparative figures have been adjusted to conform to changes in presentation for the current financial period where required.

Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed at each reporting date and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

Fair value measurement (cont'd)

Fair value hierarchy

The following details the consolidated entity's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

Assets and liabilities measured at fair value include:

- Freehold and leasehold land and buildings - Level 3 – refer to Note 8 for further details

There were no transfers between levels during the period.

Valuations of land and buildings and investment properties

Freehold and leasehold land and building, along with investment properties have been valued based on similar assets, location and market conditions at fair value on an annual basis.

New accounting standards and interpretations

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half-year.

Any new, revised or amending accounting standards or interpretations that are not yet mandatory have not been early adopted.

2. Segment information

Identification of reportable operating segments

The consolidated entity is organised into two operating segments: fabric and garments. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The directors' review EBIT (earnings before interest and tax). The accounting policies adopted for internal reporting to the directors are consistent with those adopted in the financial statements.

The information reported to the directors is on at least a monthly basis.

Types of products and services

The principal products and services of each of these operating segments are as follows:

Fabric manufacturing	the manufacture and wholesaling of fabric
Garment	the manufacturing and wholesaling of garments

Intersegment transactions

Intersegment transactions were made at market rates. The garment retailing operating segment purchases fabric from the fabric manufacturing operating segment. Intersegment transactions are eliminated on consolidation.

Impairment of claim from tax settlement (ii)	-	1,097
General expenses	9	308
Other	415	517
	967	3,947

- (i) The Impairment of deposits from outsourced manufacturer was due to the write off of deposits with an outsourced manufacturer in relation to the decrease in revenue and thereby reduction of allocated production to the third-party manufacturer resulting in the closure of the third party manufacturer.
- (ii) During the period ended 31 December 2022, a tax audit was conducted in respect of the Cambodian subsidiary for the period from 2017 to 2019 which resulted in a final notice of assessment of US\$0.2m which was paid and disclosed as tax expenses. In addition, an amount of US\$1.1m was paid in order to finalise and settle the tax audit for tax exposures for those years prior to the Group's acquisition of the Cambodian subsidiary's assets. In accordance with the warranty clause under the Sale and Purchase Agreement and the Sales Agreement, these amounts incurred during those periods were claimable from the seller. Whilst the amounts were considered able to be claimed from the seller, they were impaired in the half year ended 31 December 2022 due to the time that has lapsed and the uncertainty of recovery.

4. Trade and other receivables

Trade receivables are net trade receivables. The reconciliation between gross and net receivables is set out below:

As at	31 December 2023	30 June 2023

GLIT Holdings and related entities (i)	2,700	2,700
Total trade and other receivables	30,357	30,403

The average credit period on sales of goods and rendering of services is 75 days. No interest is charged on the trade receivables outstanding balance.

Before accepting any new customers, GLG uses an internal system to assess the potential customer's credit quality and defines credit limits by customers. Limits and scoring attributed to customers are reviewed twice a year. 99.9% (1HY2023: 99.9%) of the trade receivables that are neither past due nor impaired have the best credit scoring attributable under the external credit scoring system used by GLG.

(i) Receivable from GLIT Holdings that are expected to be settled in the next 12 months by netting off from the logistic revenue charged by GLIT Holdings is classified as current, whilst the remaining balance that are expected to be settled in more than a year is classified as non-current.

8. Non-current assets – property, plant and machinery

Assets measured at fair value include:

- Freehold and leasehold land and buildings - Level 3
- Freehold and leasehold land and buildings of the Company were revalued on 30 June 2023 by One Asia Property Consultants (KL) Sdn. Bhd, an external, independent and registered valuer. The comparison method was adopted in arriving at the market value of the freehold and leasehold land and buildings. In estimating the fair value of the properties, the highest and best use of the properties is their current use. There has been no change to the valuation technique as compared with previous financial year and revaluations are done on an annual basis.

Freehold and leasehold land and buildings at valuation are categorised as Level 3 fair value, which has been generally derived using the sales comparison approach. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input to this valuation approach is price per square foot of comparable properties.
