REVIEW AND RESULTS OF OPERATIONS

Eneco is pleased to provide a review for the first half ending December 2023. Eneco continues to manufacture at 6 bottled water factories across Australia and 1 plastic business in Melbourne.

Revenue by Cash Generating Units (CGU) compared to the same period last year are as follows:

<u>Cash Generating Units</u>	<u>Revenue</u>		<u>Variance</u>
	<u>July – Dec 23</u>	<u>July – Dec 22</u>	
	<i>\$'000</i>	<i>\$'000</i>	
Western Australia (WA)	2,311	1,928	20%
New South Wales (NSW)	1,688	1,414	19%
Victoria (VIC)	960	747	29%
Northern Territory (NT)	38	851	-96%
Queensland (QLD)	<u>1,444</u>	<u>1,273</u>	13%
Refresh Waters	6,441	6,213	4%
Refresh Plastics	<u>1,367</u>	<u>1,309</u>	4%
Total	<u>7,808</u>	<u>7,522</u>	4%

Group revenue grew by 4% compared to the same period prior year. All states reflected growth for the half year, with the exception of the Northern Territory, which has been exited by the group. Excluding the Northern Territory variance, the Group delivered a 16.5% revenue improvement on the same period prior year.

In August 2023, the Group paid \$1,790,000 to CSA in settlement of clean-up costs related to the Plastics factory fire in Melbourne in February 2023. The Group received a second insurance payout of \$1,000,000 in December 2023 which improved the cash balance and the cash flow for the half-year. There are still unsettled insurance claims, and the Group will update as and when they are settled. At the reporting date, the group has insurance claims of \$1.355M pending.

Refresh Waters

As expected, the water business has reflected strong growth in sales throughout Q2 on the back of increased summer demand.

Excluding the Northern Territory year on year results, the water result is 19.4% better than prior year sales and reflects the renewed focus in this area.

Each production state delivered greater than double digit growth for the first half year which we see as an encouraging result.

With excellent growth being above 20% in WA, Victoria and NSW at 19% we can see the strength of this sales period. The Melbourne facility was relocated during this period resulting in some disruption to production and additional costs to the business during the period as part of the relocation and re-establishment after the 2023 fire.

The costs associated with the relocation of Melbourne water production and its plastics business as well as the continued high inflation have impacted the bottom-line result.

The Board remains focused on delivering a profitable result to the market and is determined to seek additional ways to deliver this through potential acquisitions and production capacity improvements.

Refresh Plastics

Despite significant disruption, the plastics business achieved a 4% sales growth compared to the same period last year. Unfortunately, since the loss of our production capability the business is now confronted with a different operating cost model which appears to be challenging.

The team is focused on delivering a sustainable profit from this business and will continue to assess all options in this area which the Group is now actively addressing.

Our primary focus is to ensure sustainable profit for the plastics business in 2024.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
ENECO REFRESH LIMITED**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Eneco Refresh Limited (the Company) and its controlled entities (collectively, "Group"), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Eneco Refresh Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the Company on 28 February 2024.

Responsibility of the Directors for the Financial Report

The directors of Eneco Refresh Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
