(Formerly known as IOU Pay Limited) ABN 11 091 192 871

Ovanti Limited (Formerly known as IOU Pay Limited) Chairman's letter 31 December 2023

Dear Shareholders.

It has again been a busy half year for your company, where as a board we continue to actively progress against our 4 stated strategic pillars – those being;

- **Funding**. To ensure the business is appropriately funded
- Control. To review, implement controls and "right-size" the business operations in Malaysia
- **Recover**. To vigorously pursue any alleged misappropriation of shareholder funds prior to the appointment of the current board
- **Reinstatement**. Undertake all activities required to ensure compliance with regulatory obligations and moreover the ultimate requotatation of the company's shares on the ASX

Aside from the various activities involved in execution of the above, as outlined in various parts of this report, the board has also been bolstered over the period by the very welcome additions of Mr Daler Faizev and Mr Joshua Quinn. Mr Faizev has extensive corporate experience and also represents the very significant commitment and financial contribution made by one of the company's largest shareholders, Finran. Mr Quinn brings to the board extensive knowledge in accounting and finance as well as general business experience. I welcome them both warmly.

Over the past six months the company, ably assisted by its corporate advisor Clee Capital, have raised \$2,530,000 in additional capital to fund and support its ongoing activities. I would like to thank Clee Capital for their continued support while also thanking existing shareholders who have participated in these raisings. I also welcome those new shareholders who have come to the company by way of these capital raisings and thank you for your support.

During the period significant progress was made towards the ultimate re-quotation of the company's securities on the ASX.

An Extraordinary General Meeting of shareholders was held to, amongst other things, remove the company's existing auditor and successufully replace them with Connect National Audit. This gave rise to the company preparing and lodging its audited Annual Financial Statements for the period ending 30 June 2023. Much work was also done in the preparation of lodgement of historic Quarterly Activity Reports and associated Appendix 4C's for the March, June and September quarters.

Along with this, in late December notice was given of an Annual General Meeting of Shareholders set for the 24th of January 2024.

These activities have allowed the company, in the latter part of the half, to actively engage with the ASX in relation to the reductation of its shares. Discussions are ongoing and we look forward to the prospect of requotation as early as possible in 2024.

During the half year, the board resolved to appoint Herbert Smith Freehills, an internationally recognised law firm with deep experience in litigation to spearhead the company's recovery efforts. This also came with a recommendation by Herbert Smith Freehills to appoint Cecil Abraham & Partners to represent the company on the ground in Malaysia. Significant work in the half year has been undertaken by both firms to synthesise information and prepare files and cases against those individuals and companies suspected of misappropriating or mishandling company funds.

In Malaysia our iSentirc business continues to perform well and most recently the business has undertaken a strategy to aggressively pursue collaborations with large corporations to enhance and expand its fintech solutions to provide a more robust offering. These offerings include the introduction of new and innovative services such as Electronic Direct Mail (EDM)and WhatsApp which are expected to enhance and diversify the iSentric revenue streams.

On behalf of your board, we would like to thank you for your continued loyalty and support of the company. We have come a long way since the company was passed back to directors on the 23<sup>rd</sup> of May but there is still much to be done. As a board we look forward to updating you as we continue to progress our four strategic pillars in 2024 and continue to redefine important goals and milestones as we achieve the current ones and set new ones along the way.

Personally, I would like to extend my gratitude to my fellow board members as well as all IOU Pay staff and consultants for their hard work and dedication in a very demanding period for the company.

Kind regards,

David Halliday

Chairman Ovanti Limited.

The directors have also implemented a cost-reduction program across all operations to ensure the cost base is commensurate with operations. In addition, non-performing businesses have been put into run-off, resulting in capital being prioritised to ongoing operations and recovery activities.

- The board are aware of certain claims and allegations relating to the possible misappropriation of the Company's funds. After detailed investigations, interviews and various meetings with relevant individuals, lawyers and consultants, the Ovanti board have agreed to a framework, outlined by our advisors, to purse and potentially recover funds on behalf of shareholders. The directors remain vigilant in ensuring that any expected recovery costs still allow for an acceptable overall return to shareholders based on the probability and likelihood of recovery against those costs.
- The directors are also intending to seek reinstatement on the ASX. Resumption in trading in the Company's shares will also open opportunities to sourcing additional funding if required from capital markets.
- Clee Capital, the Company's corporate advisor for capital raising, has reiterated its letter of comfort whereby it has agreed to provide up to AUD \$3,000,000 of additional funding on commercial terms.

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

In the event that consolidated entity is unsuccessful in implementing the above-stated initiatives, a material uncertainty exists, that may cast significant doubt on the consolidated entity's ability to continue as a going concern and its ability to recover assets and discharge liabilities in normal course of business and at the amounts shown in the financial report.

- At the Company's 2023 Annual General Meeting held 24 January 2024 (2023 AGM), shareholders ratified the prior issue of 138,900,000 shares, thereby refreshing the Company's 15% placement capacity under ASX Listing Rule 7.1.

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

In the event that consolidated entity is unsuccessful in implementing the above-stated initiatives, a material uncertainty exists, that may cast significant doubt on the consolidated entity's ability to continue as a going concern and its ability to recover assets and discharge liabilities in normal course of business and at the amounts shown in the financial report.
