REVIEW OF OPERATIONS

Wide Open Agriculture (WOA) made significant progress on its plant based protein strategy, purchasing the assets of Prolupin GmbH in Germany in October 2023 for \$4.2 million. These assets, including the production facility, patents and inventory, gave the Company access to commercial scale production of lupin protein with a highly experienced team of engineers and operators. WOA has now produced commercial scale amounts of its proprietary lupin protein, Buntine Protein® and is expanding its sales network with distribution agreements in multiple countries signed in the period.

In the period WOA reported record revenue of \$5.7 million for H1 FY24, representing an increase of 4% over H1 FY23. The Dirty Clean Food brand has continued to grow domestically and internationally, with a growing base of consumers, retailers, chefs and distributors all aligned to the core mission of Wide Open Agriculture and its range of regenerative produce. These results were achieved despite a challenging macroeconomic environment, including high inflation and interest rate increases in the period. The growth in the period is a testament to the team's efforts in the period.

PLANT-BASED PROTEIN

The Company advanced the development of Buntine Protein® during the period, and now has two facilities operational; a pilot plant in Kewdale, WA, which is being used to develop the Company's IP around lupin protein, and a commercial scale facility in Grimmen, Germany. The facility in Germany is fully operational and producing Buntine Protein® in line with specifications. The global sampling programme continued in the period,

DIRECTOR'S REPORT

with conversations ongoing with multiple parties who have received samples and are testing the products in various applications as part of their R&D programmes.

The aim is to create leads for deeper and more strategic partnerships with large food companies globally.

These partnerships include the MOU signed with Saputo Dairy Australia in the period, which has the potential to unlock large scale production facilities in Victoria, Australia.

DIRTY CLEAN FOOD

Dirty Clean Food's regenerative food platform experienced growth during H1 FY24 despite the macroeconomic environment that impacted consumer price sensitivity. Revenue from the Digital channel was \$2.2 million, 12% up on H1 FY23 driven by maintaining total orders and focussing on increasing average order value. Foodservice/Wholesale revenues were \$2.2 million, 16% down on HY FY23 as consumers were impacted by high inflation and economic uncertainty.

The Retail distribution channel revenue was \$1.2m, up 52% versus H1 FY23. Growth accelerated through an increase in Retail outlets and expanded range of products. The focus continues to be on maintaining sales in a challenging environment whilst also improving operational efficiency.

PRINCIPAL ACTIVITIES

The principal activities of the Group during the financial half-year were the market development of Buntine Protein®, including research and development, product development, and manufacturing activities, as well as exploring strategic options for Dirty Clean Food.

AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration for the half year ended 31 December 2023 has been received and can be found on page 19 required under section 307C of Corporations Act 2001.

Signed for and on behalf of the board in accordance with a resolution of the directors, pursuant to section 306(3)(a) of Corporations Act 2001.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE 6 MONTHS ENDED 31 DECEMBER 2023

1 Statement of Significant Accounting Policies

The financial statements cover Wide Open Agriculture Limited and its subsidiaries as a consolidated entity (Group). Wide Open Agriculture Limited is a company limited by shares, incorporated and domiciled in Australia.

a. Material Accounting Policy Information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Accounting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

b. Going Concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the Group incurred a loss of \$4,992,683 and had net cash outflows from operating activities of \$3,386,396 for the half-year ended 31 December 2023.

The directors believe that there are reasonable grounds to believe that the Group will continue as a going concern, after consideration of the following factors:

WIDE OPEN AGRICULTURE LIMITED
ABN 86 604 913 822

NOTES TO THE FINANCIAL STATEMENTS
FOR THE 6 MONTHS ENDED 31 DECEMBER 2023

- The ability to raise further funding in the capital or debt markets;
- The ability to further reduce expenditure to extend the length of time that current cash resources will fund ongoing operations; and
- The ability to sell or dispose assets to bring in additional funding.

Accordingly, the Directors believe that the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

Should the Group not achieve the matters set out above there exists a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and therefore, the Group may be unable to realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. The financial report does not include any adjustment relating to the recoverability or classification of recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

c. Operating Segments

The Group was organised into two operating segments during the half year ended 31 December 2023 based on the differences in products and services provided and geographical locations of each. The first operating segment involves sales and marketing of fresh produce operating in the Agricultural industry in Australia. The second operating segment is the production of lupin protein in Germany. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

There was only one reporting segment for the half year ended 31 December 2022.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF WIDE OPEN AGRICULTURE LIMITED

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Wide Open Agriculture Limited (the Company) which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Wide Open Agriculture Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Wide Open Agriculture Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial statements, which indicates that the consolidated entity incurred a net loss of \$4,992,683 and net operating cash outflows of \$3,386,396 for the half-year ended 31 December 2023. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the consolidated entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' Responsibility for the Half-Year Financial Report

The directors of Wide Open Agriculture Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
