

1 March 2024

ACROW EXPANDS INDUSTRIAL SERVICES WITH THE ACQUISITION OF BENCHMARK SCAFFOLDING

Key Highlights

- Acrow acquires Benchmark Scaffolding, effective 1 March 2024
- Highly complementary, leading Queensland operator, providing complex industrial services access solutions
- Consideration of \$9.0 million, with the potential of further earn outs based on improved EBITDA results in the first two full years of trading.
- Acquisition multiple of 3.8x, in line with previous acquisition multiples - funded by combination of cash, debt & equity
- FY24 EBITDA guidance range upgrade by \$1 million to \$73 -76 million

Acrow Limited (ASX: ACF) ("Acrow" or "the Company"), is pleased to announce the successful acquisition of Benchmark Scaffolding, a leading provider of access solutions based in Townsville, operating throughout North Queensland with a growing presence in South East Queensland, via its Yatala branch. The acquisition is effective 1 March 2024.

Similar to the recently acquired MI Scaffold, Benchmark Scaffolding is renowned for its quality services, specialising in providing scaffolding solutions for complex applications in the industrial, mining, and infrastructure sectors. The business has built a strong reputation amongst its customer base, which includes several long-term relationships.

The operations of Benchmark Scaffolding are highly complementary to the Acrow Industrial Services business and especially to MI Scaffold with both business utilising Layher Scaffolding equipment .

The consideration for Benchmark Scaffolding totals \$9.0 million. This includes:

- an upfront cash payment of \$6.4 million;
- the issuance of equity valued at \$2.0 million¹; and
- two deferred payments of \$300,000 each, payable in 12 and 24 months.

In addition, there is potential for earn-outs, totalling approximately \$1.0 million (un-capped), contingent upon the future EBITDA performance of the business, and payable over two years. The acquisition will be funded by a combination of cash, debt, and equity.

Benchmark Scaffolding generates annualised revenue of approximately \$9 million and EBITDA of \$2.4 million. Based on the consideration (pre-potential earnouts), this represents a multiple of around 3.8x EV/EBITDA, in line with recent Acrow acquisitions.

As a result of the acquisition, Acrow has upgraded its FY24 EBITDA guidance by \$1 million to \$73 million - \$76 million.

Commenting on the announcement, CEO, Steven Boland said: "We are very pleased to have completed the acquisition of Benchmark Scaffolding. Similar to the recently acquired MI Scaffold business, Benchmark has a longstanding reputation as a quality service provider in the industrial, mining, and infrastructure sectors. The business is extremely complementary to MI Scaffold, and further enhances Acrow's position not just in the Central/North Queensland region, but nationally."

ASX Announcement

"Furthermore, it strongly enhances Acrow's strategic goal of growing a national Industrial Services presence, generating profitable and stable annuity-style earnings, to complement our market-leading national formwork hire and sales business. I'm pleased to welcome the team at Benchmark to the Acrow family and look forward to a successful future for this business as part of our team."

This release was approved by the Acrow Board of Directors.
