DIRECTORS' REPORT

Your Directors submit their report for Eastern Resources Limited for the half year ended 31 December 2023.

DIRECTORS

The names of the Company's Directors in office during the half year and until the date of this report are as below. Directors were in office for this entire period unless otherwise stated.

Eddie King	Non-Executive Chairman	Appointed 10 July 2017
Myles Fang	Executive Director	Appointed 12 March 2018
Jason Hou	Non-Executive Director	Appointed 27 September 2021
Mark Calderwood	Non-Executive Director	Appointed 12 January 2023

FINANCIAL RESULTS

The net results of operations after applicable income tax expense for the half year was a loss of \$728,267 (2022 \$408,888). There was \$396,289 of exploration and evaluation expenditure written off during the period (2022: nil).

REVIEW AND RESULTS OF OPERATIONS

LEPIDOLITE HILL LITHIUM PROJECT

During the reporting period ("Period"), the Company commenced field work at the Lepidolite Hill lithium Project ("Lepidolite Hill"), which the Company has a 70% interest in and Lithium Australian Ltd ("Lithium Australia") (ASX:LIT) retains a 30% interest.

Further to a review of existing data from Lepidolite Hill, a mapping and sampling work program was designed to enhance the geological understanding of the project, with the aim of defining drill targets. There are two prospective areas of interest; the area between the existing Lepidolite Hill pit and Tantalite Hill pegmatite outcrops, and East of Signal Hill towards the recent spodumene pegmatite discovery by Future Battery Minerals Ltd (ASX: FMB), which is east of the Company's project tenure.

The program targeted the area between the existing Lepidolite Hill pit and Tantalite Hill, and East of Signal Hill towards FBM's spodumene pegmatite discovery which is east of the Project. Historical drilling at Lepidolite Hill has discovered thick and high grade lithium bearing pegmatites at the Project (ref ASX: 7 June 2023). A drill program planned will test the potential for extensions of the LCT lithium pegmatites found at the Project, and to assess the potential for lithium bearing pegmatites adjacent to FBM's Kangaroo Hills Lithium project, where thick spodumene bearing pegmatites were identified (ref ASX: FMB12 September 2023).

Figure 1: Lepidolite Hill Project Tenements and FBM drill holes

For personal use only

DIRECTORS' REPORT

The Company executed a heritage Protection Agreement with the Native Title Party and completed a heritage survey at Lepidolite Hill at the end of November.

With receipt and approval of a Program of Work ("PoW") from the Department of Mines, Industry Regulation and Safety, WA ("DMIRS"), the Company engaged an experienced driller for the maiden drilling program to assess the potential for extensions of the lithium-bearing pegmatites found at Lepidolite Hill. The drilling program commenced in February 2024.

YALGOO WEST PROJECT

During the Period, the Company received assay results from the soil sampling program collected at the Yalgoo West project in May 2023. The results have identified lithium anomalies at the project (ref ASX: 24 July 2023).

The soil sampling program targeted the north segment of the Project where the greenstone belt is situated. A total of 550 soil samples were collected at various spacings between 40m and 160m apart on lines varying from 100m to 400m apart. Soil sampling was used because the outcrops of pegmatites were poor and erratic although the depth to basement rocks is believed to be shallow. As such, the value of the elemental results was as expected, lower than if rock chip samples were taken.

There are four areas where broad, anomalous lithium results were observed. These range in size from 300m by 500m to 1,000m by 1,500m. Soil sample results with over 30ppm Li and anomalous Nb, Rb and Cs are interpreted as a strong indicator of highly fractionated bedrock nearby.

All four anomalies are open on at least one side. Whilst one of the anomalies lies near to a known lithium-bearing prospect, Yalgoo West Lithium, the remaining three do not. At the sampled areas without broad zones of elevated lithium results the presence of elevated lithium on the margins indicate additional sampling will be needed to test for potential extensions.

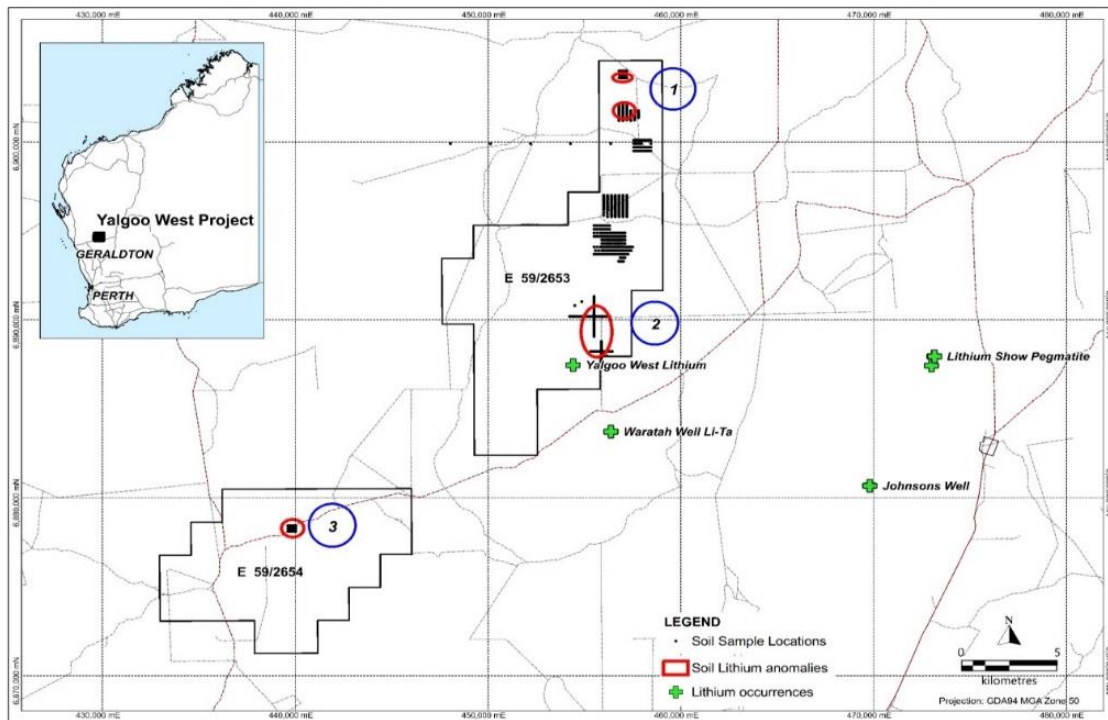

Figure 2: Soil Sample Locations and Anomalies

DIRECTORS' REPORT

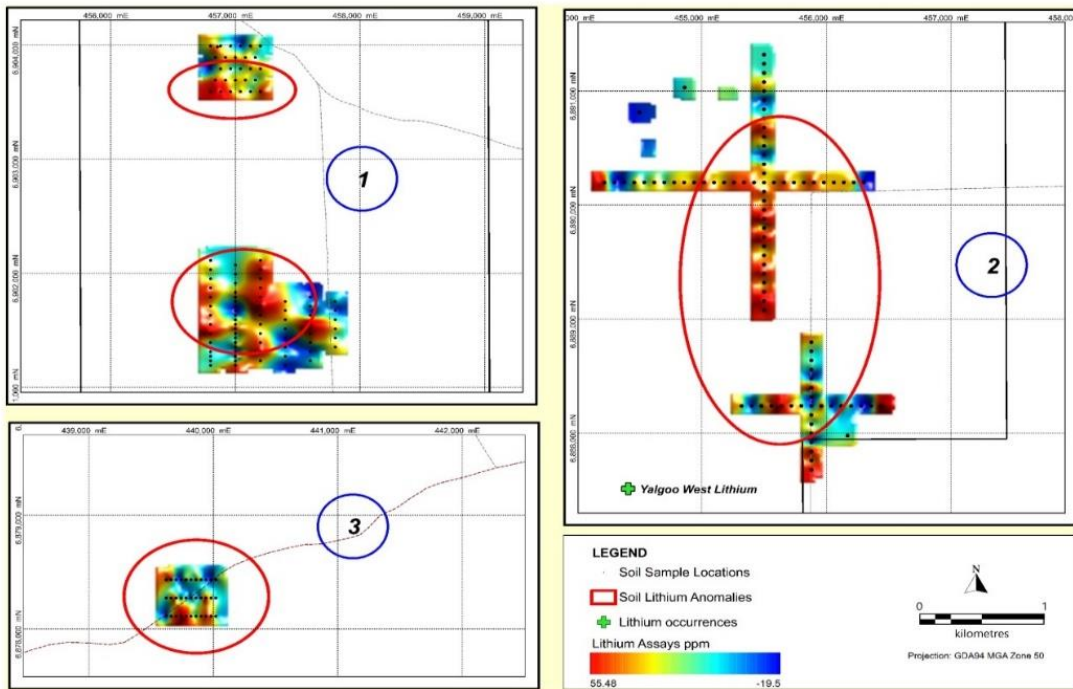

Figure 3: Soil Lithium Anomalies at Yalgoo West Project

TAYLOR LOOKOUT PROJECT

In September 2023, the Company completed field work to assess the tenement for pegmatite-hosted Lithium-Caesium-Tantalum (LCT) mineralization. Rock chip samples were collected and transferred to a Perth laboratory for analysis.

TRIGG HILL LITHIUM PROJECT

During the Period, the Company conducted a review of the exploration program which focused on assessing previous data from the project. Further to the review a PoW was lodged and subsequently approved by the DMIRS.

LAKE JOHNSTON PROJECT

No exploration activities were conducted at the Lake Johnston project during this Period.

NOWA NOWA IRON PROJECT

During the Period, the Company continued to work on the Environmental Effects Assessment (“EES”) approval process, which is an all-inclusive permitting approach including all planning and operating licence requirements for the development and operation of the Nowa Nowa Iron project.

The following assessments have currently been undertaken: Aboriginal Cultural Heritage Impact assessment, Ecology Impact assessment, Traffic Impact assessment and a Groundwater Impact assessment.

The iron ore price continues to perform strongly and whilst any development decision at Nowa Nowa is some way off, a strengthening underlying iron ore price is anticipated to support more robust commercialisation or monetisation alternatives.

NOWA NOWA COPPER PROJECT

In September 2023, the application for the renewal of the Nowa Nowa Copper Project EL 006183 was approved by the Department of Energy, Environment and Climate Action of Victoria.

No exploration work was carried out during the Period.

For personal use only

DIRECTORS' REPORT

CURLEW MINE

During the Period, the Company terminated the Amended and Restated Option Agreement and Deed of Assignment and Assumption executed in January 2023 with Amery Holdings Pty Ltd and Curlew Mine Pty Ltd ("DoAA") to acquire 50% ownership of the Tenement, including 100% interests of all mineral rights except beryl minerals in the Tenement. Termination of the DoAA was due to the Completion Conditions not being met and satisfied in the agreed timeframe.

CORPORATE

NEW PROJECTS SEARCH AND ACQUISITION

The Company has actively reviewed opportunities to acquire an advanced exploration or near-development project in this Period. A number of projects have been evaluated, and the Company has been in commercial discussion with various parties.

PRINCIPAL ACTIVITIES

The principal activity of the Company is the exploration of iron ore, lithium and base metal resources and the development of those resources into economic, cash flow generating mines.

DIVIDENDS

No dividends were paid or proposed during the period.

SUBSEQUENT EVENTS AFTER THE BALANCE DATE

- In February 2024, reverse circulation drilling commenced at the Lepidolite Hill Lithium Project. The drilling program is designed to assess the potential for extensions of the lithium-bearing pegmatites found at the Project, and to target the area between the existing Lepidolite Hill pit and Tantalite Hill, and East of Signal Hill towards FBM's spodumene-bearing pegmatite at the east of the Project.
- In view of the low overall tenor of results from the field work carried out at Taylor Lookout in September 2023, the company have decided to withdraw from the earn-in under the Heads of Agreement between Legacy and EFE dated on 25 February 2022.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the Auditor's Independence Declaration to the Directors as required under section 307C of the *Corporations Act 2001* is set out on page 16.

Signed in accordance with a resolution of the directors.

Eddie King
Chairman

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

1. CORPORATE INFORMATION

The financial report of Eastern Resources Limited (the “Company”) and its wholly owned subsidiaries (the “Group”) for the half year ended 31 December 2023 was authorised for issue in accordance with a resolution of the directors on 4 March 2024. Eastern Resources Limited is a company incorporated in Australia and limited by shares which are publicly traded on the Australian Securities Exchange using the ASX code EFE.

The nature of the operations and principal activities of the Group are described in the Directors’ Report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Half Year Financial Report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Group as the full financial report.

The Half Year Financial Report should be read in conjunction with the Annual Financial Report of Eastern Resources as at 30 June 2023.

It is also recommended that the Half Year Financial Report be considered together with any public announcements made by Eastern Resources during the half year ended 31 December 2023 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001.

Basis of preparation

The Half Year Financial Report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, applicable Accounting Standards, including AASB 134 Interim Financial Reporting and other mandatory professional reporting requirements. The Half Year Financial Report has been prepared on a historical cost basis.

For the purpose of preparing the Half Year Financial Report, the half year has been treated as a discrete reporting period.

Significant accounting policies

The half year consolidated financial statements have been prepared using the same accounting policies as used in the annual financial statements for the year ended 30 June 2023.

Management has reviewed and assessed the new accounting standards effective 1 July 2023 and determined that they have not had a material impact on the Half Year Financial Report of the Group.

Fair value measurement

The carrying amounts of the Group’s assets and liabilities are a reasonable approximation of their fair values with the exception of deferred exploration and evaluation expenditure.

Basis of consolidation

The half year consolidated financial statements comprise the financial statements of Eastern Resources Limited and its wholly owned subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. All inter-company balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full. The subsidiaries are consolidated from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred out of the Group.

Going concern

The financial report has been prepared on the going concern basis which the Group ability to pay its debts as and when they become due and payable for at least the next 12 months from the date of issuing the financial report.

The Group incurred a net loss after tax from operations of \$728,267 for the six months period to 31 December 2023 (2022: \$408,888). The Group had operating cash outflows of \$320,782 (2022: \$370,650). The Group’s net cash outflow from investing activities was \$567,467 (2022: \$1,240,536).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

From a cash flow forecast for the next 12 months prepared by management, the Directors believe the Group will have sufficient working capital to meet its project development and administrative expenditure as and when they are due, and therefore, the financial report has been prepared on the going concern basis.

3. FINANCIAL REPORT BY SEGMENT

The operating segment identified by management is as follows:

Exploration projects funded directly by Eastern Resources Limited (“Exploration”)

Regarding the Exploration Segment, the Chief Operating Decision Maker (the Board of directors) receives information on the exploration expenditure incurred. This information is disclosed in Note 6 of the Half Year Financial Report. No segment revenues are disclosed as each exploration tenement is not at a stage where revenues have been earned. Furthermore, no segment costs are disclosed as all segment expenditure is capitalised, with the exception of expenditure written off which is disclosed in Note 6 of this Half Year Financial Report.

Financial information about each of these tenements is reported to the Board on an ongoing basis.

Corporate office activities are not allocated to operating segments as they are not considered part of the core operations of any segment and comprise of the following:

- Interest revenue
- Corporate costs
- Depreciation and amortisation of non-project specific property, plant and equipment

The Group’s accounting policies for reporting segments are consistent with the policies disclosed in Note 2.

4. REVENUE

	31 December 2023 \$	31 December 2022 \$
Interest received	93,003	-
	93,003	-

5. CASH AND CASH EQUIVALENTS

Expenditure written off during the period	(396,289)	-
Balance at the end of the period	7,192,359	7,190,147

7. CONTINGENT ASSETS AND LIABILITIES

The Company has provided a guarantee totalling \$20,000 (30 June 2023: \$20,000) in respect of an exploration tenement in Victoria. This guarantee in respect of exploration tenements is secured against a deposit with a banking institution. The Company does not expect to incur any material liability in respect of the guarantees.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

11. EVENTS AFTER THE BALANCE SHEET DATE

There were, at the date of this report, no other matters or circumstances which have arisen since 31 December 2023 that have significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years other than the following:

- In February 2024, reverse circulation drilling commenced at the Lepidolite Hill Lithium Project. The drilling program is designed to assess the potential for extensions of the lithium-bearing pegmatites found at the Project, and to target the area between the existing Lepidolite Hill pit and Tantalite Hill, and East of Signal Hill towards FBM's spodumene-bearing pegmatite at the east of the Project.
- In view of the low overall tenor of results from the field work carried out at Taylor Lookout in September 2023, the company have decided to withdraw from the earn-in under the Heads of Agreement between Legacy and EFE dated on 25 February 2022.

For personal use only

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Eastern Resources Limited, I state that:

In the opinion of the Directors:

- (a) The financial statements and notes of the consolidated entity are in accordance with the *Corporations Act 2001*, including:
 - (i) Giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half year ended on that date; and
 - (ii) Complying with Australian Accounting Standards AASB 134 "Interim Financial Reporting" and the Corporations Regulations 2001; and
- (b) There are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

On behalf of the Board

Eddie King
Chairman

4 March 2024

Independent Auditor's Review Report

To the members of Eastern Resources Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Eastern Resources Limited and controlled entities (the consolidated entity), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising material accounting policy information and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of Eastern Resources Limited (the company) are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*. As the auditor of Eastern Resources Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all material matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Eastern Resources Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Eastern Resources Limited and controlled entities is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting and Corporations Regulations 2001*.

4 March 2024

Auditor's Independence Declaration under Section 307C of the Corporations Act 2001 to the Directors of Eastern Resources Limited and Controlled Entities

I declare that, to the best of my knowledge and belief during the half year ended 31 December 2022 there have been:

- a. no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the review; and
- b. no contraventions of any applicable code of professional conduct in relation to the review.
