# **Directors' Report**

### For the six months ended 31 December 2023

The directors present their report together with the consolidated interim financial statements of the Carnaby Resources Limited (the "Company" or "Carnaby") Group, being the Company and its subsidiaries, for the six months ended 31 December 2023 (the "period") and the auditor's review report thereon.

### Directors

The directors of the Company at any time during or since the end of the period are as set out below. Directors were in office for the entire period unless otherwise stated.

Mr Peter Bowler	Independent Non-Executive Director, Chairman
Mr Robert Watkins	Managing Director
Mr Greg Barrett	Non-Executive Director
Mr Paul Payne	Independent Non-Executive Director

### **Financial performance**

The Group's net loss after tax attributable to the shareholders for the half year to 31 December 2023 was \$8,185,924 (31 December 2022 loss: \$5,083,851). The Group's net assets decreased by \$7,680,038 (31 December 2022 decreased: \$4,895,399). The Group's cash position as at 31 December 2023 was \$17,889,243 (31 December 2022: \$12,210,063).

### Corporate

During the period, the Company announced the signing of a Farm-in and Joint Venture Agreement with Rio Tinto Exploration Pty Ltd (RTX), a subsidiary of Rio Tinto Limited (ASX: RIO), which adds a high-quality advanced exploration target and greatly expands the land position of the Greater Duchess Copper Gold Project (see ASX release 2 August 2023). The Company can achieve a 51% joint venture interest in the Devoncourt Project by sole funding A\$5,000,000 of exploration by 1 August 2028 in accordance with the following conditions:

- 1. The Company to make an up-front payment of A\$100,000 to RTX. This was completed during the period via the issue of 92,000 fully paid ordinary shares in the Company (see ASX release 13 September 2023).
- 2. As part of the expenditure commitment, the Company must complete a minimum of 4,000m of diamond core and/or reverse circulation (RC) drilling.
- 3. The Company undertakes a minimum expenditure commitment of A\$500,000 including 2,000m of diamond core and/or RC drilling by 1 August 2025 before it can withdraw from the agreement.

The agreement contains the ability for Carnaby to earn an additional 29% interest in the Project through the completion of further exploration milestones.

The Company signed a Tenement Sale Agreement for the Tick Hill Mining Leases ML7094, ML7096 & ML7097 (together the **MLs**). As part of the agreement, Carnaby will transfer the title of the MLs to private group Tick Hill Mining Pty Ltd (**THM**) for a 5% net smelter return royalty on all gold extracted from the existing Tick Hill Ore Reserves, which include the Tick Hill Open Pit, Tailings Dam and ROM Stockpile Ore Reserves (see ASX release 5 June 2020, also see the updated Reserves and Resource Statement contained in the 2023 Annual Report released 19 September 2023). Importantly, the Company will *retain all mineral exploration rights over the areas outside of the existing Tick Hill JORC 2012 Mineral Resource Estimate.* Completion of the agreement is expected in Q1 CY24 and is subject to normal conditions precedent for a transaction of this nature.

### **Review of operations**

During the period, continued exploration at the Company's Greater Duchess Copper Gold Project in Queensland culminated in the release of the Company's maiden interim Mineral Resource Estimate (**MRE**) which encompasses multiple deposits from across the project, corner stoned by the significant discoveries at the Mount Hope, Nil Desperandum and Lady Fanny prospects (see ASX release 27 October 2023). All three discoveries remain strongly open down plunge and will continue to grow with ongoing drilling throughout 2024.

# **Directors' Report**

An initial drilling program at the Devoncourt Project is currently in progress and regional exploration targets will also be investigated in 2024, where numerous additional prospects remain untested over the Company's greater than 1,921km<sup>2</sup> of continuous regional tenure.

### **Greater Duchess Copper Gold Project, QLD**

The Greater Duchess Copper Gold Project lies approximately 70 km southeast of Mount Isa, Queensland on a land holding of approximately 1,921 km<sup>2</sup>. The Project's footprint encompasses multiple undeveloped copper rich Iron Oxide Copper Gold (IOCG) targets over a 100 km corridor and as well as the Devoncourt Farm-in Project.

The release of the MRE during the period marked a significant milestone in the Company's activities at the Greater Duchess Project. The following table summarises the Greater Duchess MRE:

Note – Rounding discrepancies may occur.

Note – Mount Hope is 100% CNB, Nil Desperandum, Mount Birnie and Duchess are 82.5% CNB, Lady Fanny is 82.5-100% CNB

Reference 1: The CuEq calculation is CuEq=Cu% + (Au\_ppm \* 0.7) and is based on September 2023 spot prices of US\$8,500/t for copper and US\$1,950/oz for gold, exchange rate of 0.67 and recovery of 95% copper and 90% gold as demonstrated in preliminary metallurgical test work carried out in 2023.

The maiden interim MRE will form the base load inventory from which a Scoping Study is currently being conducted. The main goal of the Scoping Study is to evaluate all potential future mine development and process route options. This includes a standalone development scenario to utilising third party processing facilities in the region as a low Capex start up option. The Greater Duchess Project is centrally located in a mining friendly jurisdiction and is surrounded by third party processing facilities and world class infrastructure including rail, road, gas pipeline and a highly experienced and mine ready workforce with abundant contract mining and haulage operators in the Mount Isa region.

# **Directors' Report**

In parallel to this work, during the period the Company also commenced metallurgical test work with the help of the team at Glencore International AG's (Glencore) Mount Isa copper mill and concentrator, to assess the amenability of potential ore from Greater Duchess. This test work and engagement with Glencore is ongoing (see ASX release 4 December 2023).

The Scoping Study will almost certainly flow through immediately into a Prefeasibility Study in early 2024.

Subsequent to the release of the MRE, continued exploration drilling at Mount Hope continued to expand the footprint of the Chalcus lode mineralisation outside of the mineral resource limits. Significant results include (see ASX release 17 November & 2 February 2024):

- MHDD190W5
  - Chalcus Lode 87m (TW~29m) @ 2.3% Cu, 0.5 g/t Au from 550m
- MHDD192W2 Assays:

Chalcus Lode	71m (TW~28m) @ 1.6% Cu, 0.5g/t Au from 654m
Including	42m (TW~17m) @ 2.3% Cu, 0.7g/t Au from 659m

Including 21m (TW~8m) @ 3.1% Cu, 1.1g/t Au from 662m

As part of the Devoncourt Farm-in Project, the Company's maiden drilling program commenced towards the end of the period at the Wimberu Prospect, targeting large scale magmatic hydrothermal breccia hosted IOCG mineralisation. A total of seven angled RC pre collars have been completed and all will be extended with diamond tails in early CY 2024.

### Yilgarn Margin Projects, WA

### Malmac Project

No work was conducted at the Malmac Project during the period however, the Company plans to progress early-stage exploration results with further low-cost soil sampling, mapping and rock chip sampling and will consider using geophysics to further refine drill targets during the 2024 field season.

The Malmac project lies on the northern margin of the Earaheedy Basin and comprises a package of rocks variously termed the 'Troy Creek Beds' or 'Troy Creek Schist'. The Troy Creek package has been affiliated with the Bryah Group (host to the DeGrussa, Monty and Horseshoe Lights Cu-Au massive sulphide deposits), Yerrida Group (host to the epithermal-style Thaduna Copper Deposit) and the Earaheedy Group (host to the recent Chinook Zn-Pb discovery by Rumble Resources Limited).

### Throssel Project

First pass soil sampling has been completed across the tenement with results outlining several coherent low order gold anomalies of interest which require follow up.

### Pilbara Projects, WA

Due to the ranking of priority projects in Queensland, no on ground field work was completed at the Company's Pilbara Projects during the period. The Company has been awarded a government Exploration Incentive Scheme (EIS) grant for the Pardoo and Mount Grant Projects and will complete a first pass drilling program in 2024. For more details on exploration conducted at the Pilbara Projects to date, refer to the Group's 2023 Annual Report.

### Subsequent events

There are no events subsequent to the period to be reported.

### Lead auditor's independence declaration

The Lead auditor's independence declaration is set out on page 19 and forms part of the directors' report for the six months ended 31 December 2023.

This report is made with a resolution of the directors:

Rob Watkins Managing Director Dated at Perth, this 7<sup>th</sup> day of March 2024

### **Competent Persons Statement**

The Information in this report that relates to the Greater Duchess Mineral Resource is based on information compiled by Mr Paul Payne, a Competent Person who is a Fellow of the Australasian Institute of Mining and Metallurgy. Mr Payne is a full-time employee of Payne Geological Services and is a Director and shareholder of Carnaby Resources Limited. Mr Payne has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Payne consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this document that relates to the Tick Hill Deposit Mineral Resources is based upon information compiled by Mr Paul Tan. Mr Tan is a full-time employee and security holder of the Company and a Member of the AusIMM. Mr Tan has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which is undertaken to qualify as a Competent Person as defined in the December 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves" (JORC Code). Mr Tan consents to the inclusion in the report of the matters based upon the information in the form and context in which it appears.

The information in this document that relates to exploration results and the Tailings Dam Mineral Resources is based upon information compiled by Mr Robert Watkins. Mr Watkins is a Director and security holder of the Company and a Member of the AusIMM. Mr Watkins has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which is undertaken to qualify as a Competent Person as defined in the December 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves" (JORC Code). Mr Watkins consents to the inclusion in the report of the matters based upon the information in the form and context in which it appears.

# Notes to the consolidated interim financial statements

### 1. Reporting entity

Carnaby Resources Limited (the "Company") is a for profit company limited by shares and incorporated in Australia, whose shares are publicly traded on the Australian Securities Exchange.

The consolidated interim financial statements of the Company as at and for the period from 1 July 2023 to 31 December 2023 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities"). The nature of the operations and principal activities of the Group are as described in the Directors' Report.

### 2. Statement of compliance

The consolidated interim financial statements are a general-purpose financial report which has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The consolidated interim financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the consolidated annual report of the Group as at and for the year ended 30 June 2023 and public announcements made by the Group during the half year in accordance with continuous disclosure requirements arising under the Australian Securities Exchange Listing Rules and the Corporations Act.

The consolidated interim financial statements were approved by the Board of Directors on 7 March 2024.

### 3. Basis of preparation

#### a) Accounting policies

The accounting policies applied by the Group in these consolidated interim financial statements are the same as those applied by the Group in its consolidated annual financial report as at and for the year ended 30 June 2023.

#### b) New standards and interpretations not yet adopted

Certain new accounting standards, amendments to accounting standards and interpretations have been published that are not mandatory for 31 December 2023 reporting periods and have not been early adopted by the group. These standards, amendments or interpretations are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

### 4. Segments

### **Operating segments**

The Group identifies its operating segments based on the internal reports that are reviewed and used by the Managing Director (chief operating decision maker) in assessing performance and determining the allocation of resources.

The Group operates in one segment being 'Australian mineral exploration' which is the Group's strategic business unit.

#### **Geographical segments**

In presenting information on the basis of geographical segments, segment revenue is based on the geographical location of activities earning revenue. Segment assets are based on the geographical location of assets. The Group conducts all its activities within Australia and accordingly has assessed its sole geographical segment to be Australia.

### 5. Cash and cash equivalents

	Dec 2023 \$	June 2023 \$
Bank balances	17,889,243	26,925,556
Cash and cash equivalents in the statement of cash flows	17,889,243	26,925,556

### 6. Restricted cash

	Dec 2023	June 2023
	\$	\$
Restricted cash	488,536	376,574
Current	15,000	15,000
Non current	473,536	361,574
Balance at the end of the period	488,536	376,574

Restricted cash comprises cash held in term deposits issued in the Company's name which have been used to provide security for:

- a \$15,000 credit card facility.
- a \$18,574 in cash held in a term deposit issued in the Company's name which has been used to provide security in relation to a leased property, and
- a \$454,962 bank guarantee facility (the Facility). The Facility allows the Company to issue bank guarantees in satisfaction of its Queensland state government environmental surety obligations. As of 30 August 2023, the estimated rehabilitation cost (ERC) was revised by Queensland government, so the facility changed from \$323,000 to \$434,962.
  - \$434,962 of the facility relates to obligations arising from the Tick Hill Mining Leases (ML7094, ML7096 and ML7097).
  - \$20,000 of the facility relates to obligations arising from the Mount Hope Mining Lease (ML90240) acquired during the period.

### 7. Exploration and evaluation assets

# Independent Auditor's Review Report

To the Members of Carnaby Resources Limited

#### Report on the half year financial report

#### Conclusion

We have reviewed the accompanying half year financial report of Carnaby Resources Limited and its subsidiaries (the Group), which comprises the interim consolidated statement of financial position as at 31 December 2023, and the interim consolidated statement of profit or loss and other comprehensive income, interim consolidated statement of changes in equity and interim consolidated statement of cash flows for the half year ended on that date, a summary of significant accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Carnaby Resources Limited does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half year ended on that date; and
- b complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### **Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES *110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
