REVIEW OF OPERATIONS

Throughout the six-month period to 31 December 2023, Evion continued to progress development activities across all projects in India, Madagascar and Australia. These key development and highlights, including key updates since 31 December 2023 are as follows:

Panthera Expandable Graphite Joint Venture ("the JV"), India

- During the six month to 31 December 2023, significant progress was made in the effort to prepare for production at the Expandable Graphite JV site, which is scheduled to commence over the next month. A more advanced effluent treatment plant has been installed to achieve cost efficiency. As part of the full scale qualification process, a range of potential feed stock material has been sourced and tested at Metachem's processing facility in Pune and the JV's expandable graphite products were deemed suitable for a variety of potential uses.
- Just after the end of first half of the 2024 reporting period, Evion announced that commissioning activities have continued to an advanced level with substantial infrastructure completed to date.
- More recently, the JV directors met in Dubai with parties representing the buyers of the JV's expandable graphite. These meetings focused on the establishment of fixed price terms for the first year of production at price levels that are within the JV's budget guidelines, production planning to maximise revenue and marketing of the JV's products in Australia and other parts of the world.
- Orders to acquire substantial volumes of graphite concentrate for the remainder of the calendar year 2024 will be concluded in the short term.
- Executives from Evion will be on site in March to review initial production and will provide regular updates to the market.

Maniry Graphite Project, Madagascar

- Following the publication of the Company's Definitive Feasibility Study ("DFS") in November 2022, Evion submitted the Environmental & Social Impact Assessment ("ESIA") to Office National pour l'Environnement ("ONE") and the ONE's technical review of the ESIA study was completed with positive feedback received.
- The Evion Executive team is presently working towards completing the Resettlement Action Plan ("RAP") with the local stakeholders. Once the RAP is finalised, the ONE will arrange the required site visit.
- The Company continues to engage with the local community around Maniry and seek feedback from stakeholders. A series of meetings will be held with the designated Madagascar Mines Minister and his team and leading officials from the World Bank in the calendar year 2024.
- The Company continues to refine the project design to further improve the initial DFS capital designs and to progress its exploration and resource growth and development activities at the Maniry Graphite Project.

REVIEW OF OPERATIONS (CONTINUED)

Donnelly River Project, Australia

- During the option period, Core will keep the relevant Donnelly River Project tenements in good standing and meet the minimum tenement expenditure requirements.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2023

These condensed consolidated financial statements and notes represent those of Evion Group NL and its subsidiaries (the "Group"). Evion Group NL is a no liability company, incorporated and domiciled in Australia.

The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards. The condensed consolidated financial statements for the period ended 31 December 2023 were approved and authorised for issue by the Board of Directors on 8 March 2024.

1. BASIS OF PREPARATION

This condensed consolidated half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

This condensed consolidated half-year financial report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report. It is therefore recommended that this condensed consolidated half-year financial report be read in combination with the annual consolidated financial statements of the Group for the year ended 30 June 2023, together with any public announcements made during the half-year.

The accounting policies and methods of computation adopted in the preparation of this half-year financial report are consistent with those adopted and disclosed in the Company's 2023 annual financial report for the year ended 30 June 2023.

Adoption of new and revised Accounting Standards

The Group has adopted all new and revised Standards and Interpretations issued by Australian Accounting Standards Board that are relevant to its operations and effective for the current reporting period.

Key accounting estimates, judgements and assumptions

The key accounting estimates, judgements and assumptions applied in the preparation of the half-year financial report were consistent with those applied in the Company's last annual financial statements for the year ended 30 June 2023.

Going concern

The condensed consolidated half-year financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business. The Group generated a loss for the period of \$1,424,131 (half-year ended 31 December 2022: loss of \$2,823,513) and net cash outflows from operating activities of \$1,180,893 (half-year ended 31 December 2022: \$1,429,495). As at 31 December 2023, the Group had a cash balance of \$2,945,698 (30 June 2023: \$4,303,402).

The ability of the Group to continue as a going concern is principally dependent upon the ability of the Company to secure funds by raising capital from equity markets and managing cashflow in line with the available funds. These conditions indicate a material uncertainty that may cast significant doubt about the ability of the Company to continue as a going concern.

The Directors are satisfied that the going concern basis of preparation of the condensed consolidated half-year financial report is appropriate due to:

- The Company has a history of successful capital raising to date and the Directors are confident of the Company's ability to raise additional funds as and when they are required; and
- The Directors have prepared a cash flow forecast which indicates that the Group will have sufficient cash flows to meet all commitments and working capital requirements for a period of 12 months from the date of this report.

Based on the reasons above, the Directors believe it is appropriate that the condensed consolidated half-year financial report be prepared on a going concern basis.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the half-year ended 31 December 2023

1. BASIS OF PREPARATION (continued)

Going concern (continued)

Should the Group be unable to continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Company be unable to continue as a going concern and meet its debts as and when they fall due.

2. SEGMENT INFORMATION

Management has determined the operating segments based on the reports reviewed by the Board of Directors that are used to make strategic decisions. The Board has identified that the Group has three reportable segments which are exploration activities relating to minerals within Australia and the Republic of Madagascar, a joint venture operation in India and activities relating to pre-feasibility study of battery anode materials plant.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF EVION GROUP NL

Conclusion

We have reviewed the accompanying half-year financial report of Evion Group NL ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Evion Group NL and Controlled Entities does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the Evion Group NL financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report, which indicates that the Consolidated Entity incurred a net loss of \$1,424,131 during the half year ended 31 December 2023. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Evion Group NL are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
