Notes to the Consolidated Financial Statements for the Period Ended 31 December 2023

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with the Corporations Act 2001 and Australian Accounting Standard AASB 134 "Interim Financial Reporting". Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The financial statements are presented in Australian dollars.

The financial report was authorised for issue on 7 March 2024 by the directors of the Company.

Litchfield Resources Limited (the "Company") is a public company, incorporated and domiciled in Australia.

These half year financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Company as the full financial statements. Accordingly, these half year financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2023.

The same accounting policies and methods of computation have generally been followed in these half-year financial statements as compared with the most recent annual financial statements except for the adoption of new and amended standards as set out below.

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results. Information about significant judgements, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expense is provided below.

Going Concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As disclosed in the financial statements, the Company recorded a net loss of \$243,692, net operating cash outflows of \$104,076 and cash outflows on exploration of \$87,705 for the period ended 31 December 2023. As at 31 December 2023 the Group had cash of \$165,474.

The ability of the Group to continue as a going concern is principally dependent upon the following conditions:

- the ability of the Group to successfully raise capital, as and when necessary;
- the ability to complete successful exploration and subsequent exploitation of the areas of interest;
- reducing its working capital expenditure; and
- the ability of the Group to sell non-core assets.

As such the board and management are actively pursuing an initial public offering (IPO) which is planned to be completed on or before 15 March 2024 and which Directors consider sufficient to meet working capital requirements for at least the next 24 months. The offer has now closed and the Company is working through the pre-admission process.

Whilst Directors are confident that the IPO can be completed in the timeframe set out above, the IPO is not yet completed and remains subject to regulatory approvals. In the event that the Company is unable to complete its IPO as planned, the Company may not currently have sufficient funds available to meet anticipated working capital requirements. In such a circumstance, Directors will need to seek to

raise additional capital through equity raisings or, private debt or do both.

The directors believe that the going concern basis of preparation is appropriate due to the following reasons:

- proven ability of the Group to raise the necessary funding or settle debts via the issuance of shares as evidenced by raising over \$312,860 in the past six months; and
- proven ability of the Company's directors and management to raise funding for various exploration companies over many years.
- The directors expect to complete the IPO and ASX listing process noted above.

Should the Group be unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial report. This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts or classification of liabilities and appropriate disclosures that may be necessary should the Group be unable to continue as a going concern.

NOTE 2: EXPLORATION AND EVALUATION ASSETS

	31 Dec 2023 \$	30 June 2023 \$
Exploration and evaluation expenditure carried forward in respect of areas of interest are:

Capitalised exploration expenditure	87,705	153,148
Exploration assets written-off	-	-
Total exploration and evaluation phase – at cost:	285,513	197,808

Recoverability of the carrying amount of exploration assets is dependent on the successful development and commercial exploitation of projects, or alternatively, through the sale of the areas of interest.

NOTE 3: CONTRIBUTED EQUITY

Ordinary shareholders are entitled to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amount paid on the shares held. Every ordinary shareholder present at a meeting in person or by proxy is entitled to one vote on a show of hands or by poll. Ordinary shares have no par value.

Notes for the above table are:

- (a) On 17 August 2023, there was a conversion of shares for a larger number resulting in 1,000 shares converting into 8,000,000 shares, an increase of 7,999,000 shares.
- (b) On 29 November 2023, 2,403,846 shares were issued to investors at a price \$0.13 per share, raising a total of \$312,500.
- (c) On 9 February 2023, 200 shares were issued to investors at a price of \$1,000 per share, raising a total of \$200,000.
- (d) On 9 February 2023, there was a share consolidation resulting in the reduction of 200 shares.

Notes to the above table are:

- (1) During the half-year ended 31 December 2023, 1,408,000 options were granted to the Managing Director. The options vested on grant date and expire on 25 October 2026. The fair value of options granted was 6.07 cents per options. The fair value at grant date was determined by an independent valuator using a Black-Scholes option pricing model that takes into account the share price at the grant date, exercise price, expected volatility, option life, expected dividends, the risk-free rate, the impact of dilution, and the fact that the options are not tradable. The inputs used for the Black-Scholes options pricing model for the options granted were:
- Grante date: 25 October 2023
 - Share price at grant date: 13 cents
 - Exercise price: 30 cents
 - Expected volatility: 100%
 - Expected dividend yield: nil%
 - Risk free rate: 3.83%

NOTE 5: COMMITMENTS

(a) Exploration Commitments

The Company has certain obligations to expend minimum amounts on exploration in tenement areas, or obligations to complete defined exploration programs (with budgets submitted). These obligations may be varied from time to time and are expected to be fulfilled in the normal course of operations of the Company. The following commitments exist at reporting date but have not been brought to account. If the relevant option to acquire a mineral tenement is relinquished the expenditure commitment also ceases. The Company has the option to negotiate new terms or relinquish the tenements and also to meet expenditure requirements by joint venture or farm-in arrangements.

In order to keep the tenement in good order, the minimum expenditure requirement is not significant.

(b) Lease Commitments

The Company has no lease commitments.

(c) Capital Commitments

The Company has no capital commitments.

NOTE 6: SUBSEQUENT EVENTS

In January 2024, the Company lodged a prospectus with ASIC, seeking to raise 4,500,000 to 5,500,000 and then be admitted to the ASX. The Company has successfully raised \$5,000,000 (before costs) and is in the process of completing the pre-admission process with the ASX, which the Company expects to complete on or about 15 March 2024.

Other than the above, there are no other matters or circumstances that have arisen since the end of the year which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

Directors' Declaration

The directors of the Company declare that:

The financial statements and notes are in accordance with the Corporations Act 2001 and:

- (a) comply with Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
- (b) give a true and fair view of the Company's financial position as at 31 December 2023 and of the performance for the half-year ended 31 December 2023.

In the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is signed in accordance with a resolution of the Directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF LITCHFIELD MINERALS LIMITED

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Litchfield Minerals Limited (the Company), which comprises the statement of financial position as at 31 December 2023, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the half-year then ended, notes comprising a summary of material accounting policies and other explanatory information and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Company is not in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the Company's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF LITCHFIELD MINERALS LIMITED (CONTINUED)

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial report is not in accordance with the *Corporations Act 2001* including:

- i. giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
