#### **DIRECTORS' REPORT**

The Directors of Metalicity Limited (the "Company") submit herewith the Consolidated Condensed Half-Year Financial Report of the Company and its subsidiaries (the "Group") for the half-year ended 31 December 2023. In order to comply with the provisions of the *Corporations Act 2001*, the Directors report as follows:

#### Information about the Directors and senior management

The names and particulars of the Directors of the Company during or since the end of the half-year are:

Name	Particulars
Justin Barton	Managing Director and Acting Chairperson
Roger Steinepreis	Non - Executive Director
Steven Wood	Independent Non-Executive Director

The above-named Directors held office during and since the half-year, except as otherwise indicated.

#### **Principal activities**

The Group's principal activity as at the date of the Consolidated Condensed Half-Year Financial Report is mineral exploration and development of the Kookynie and Yundamindra Gold Projects, which the Company has an effective 63.7% joint venture ("JV") interest in through the direct ownership of 51% and ~25.92% indirect interest via Nex Metals Exploration Ltd ("Nex"), and the Queensland based Mt Surprise Project and Georgetown Projects.

On 21 December 2023, the Company announced it had executed formal agreements with Nex regarding the JV and the settlement of all disputes between the parties. On completion of the matters set out in the formal agreements the Company will hold a 80% interest in the JV with Nex retaining the remaining 20%.<sup>1</sup>

#### **Operating results**

The loss after tax for the half-year ended 31 December 2023 was \$305,919 (2022: \$2,101,782).

#### Dividends

No dividends were paid during the half-year and the Directors do not recommend the payment of a dividend.

#### **Overview of operations**

Exploration activities undertaken in the first half of the reporting year predominantly involved exploration around Metalicity's Queensland projects of Mt Surprise and Georgetown. The Company undertook a field program to follow up previous significant results and test a number of exploration targets generated by the geophysical survey data review within the large central corridor of interest/prospectivity at the Mt Surprise Project area<sup>2,3,4</sup>. A significant area of heavily mineralised gossan within EPM28653 was identified 2.5km south along trend from the Copper Cap prospect (Figure 1). Located in the saddle of two prominent hills, this gossanous area over 50m in length and up to 7m wide in places with minor historical excavations present had visual copper minerals (azurite and malachite) similar to Copper Cap.

Additional mineralisation and surface oxidation was observed 300m northeast along trend from the main mineralised gossan, supporting a potential north-south oriented mineralised trend up to 3-4km in length.

A second zone of copper mineralisation was identified approximately 5km to the west of the Copper Cap mineralised trend consisting of a highly silicified east-west oriented vein up to 1.5m wide in sections and had a strike length of over 250m with extensive copper mineralisation (azurite and malachite) (Figure 1). Located along the extent of the vein were some minor historical excavations where very high-grade mineralisation was extracted in small trenches and a shaft up to 4m in depth, 2m wide and 3m long.

Significant results returned from two newly identified targets include (but not limited to)<sup>5</sup>:

245000 mE

- 9.45% Cu, 112g/t Ag, 16.25% Sn
- 9.15% Cu, 382g/t Ag, 8.22% Sn
- 4.27% Cu, 614g/t Ag

Metalicity also conducted preliminary reconnaissance exploration over the extensive ground within EPM 28121 of the Georgetown Project located 50km west of Mt Surprise. EPM28121 covers an area over 90km in length from one end to the other with limited access and substantial vegetation cover making on ground exploration challenging. Metalicity identified several previously mapped pegmatites within close proximity to a larger granite body or within the granite itself at the contact with older Einasliegh Metamorphics

<sup>&</sup>lt;sup>5</sup> Please refer ASX announcement "Significant New Mineralisation Identified at Mt Surprise" dated 20 September 2023

# or metalicity

These pegmatites were mapped and sampled, however none returned with any anomalous results for lithium or other associated mineralisation. Further investigation will be undertaken in the south western areas of EPM 28121 closer to the central mining district of the Georgetown/Forsayth area which will become the focus of future exploration activities for Metalicity.

Work undertaken on the Kookynie and Yundamindra Gold Projects focussed on target generation, strategic planning and submission of necessary approvals for future drilling programs pending results from the Yundamindra plaint and finalisation of the revised JV agreement with Nex.

**Competent Person Statement** 

This report contains references to Exploration Results and targets which have been previously released by the Company. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original announcements and that all material assumptions and technical parameters underpinning the Exploration Results in the original announcements continue to apply and have not materially changed. Information in this report that relates to Exploration Results and targets is based on, and fairly reflects, information compiled by Mr. Stephen Guy, a Competent Person who is a Member of the Australian Institute of Geoscientists. Mr. Guy is a former employee of the Company. Mr. Guy has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined by the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves.

#### Subsequent events

The Directors are not aware of any matter or circumstance that has arisen since 31 December 2023 which has significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years other than:

- On 9 January 2024, the Company announced that the annual salary of the Company's Managing Director, Justin Barton, has decreased from \$295,000 plus super to \$180,000 plus super, effective 1 December 2023. This reduction continues for a period of 6 months or until the Company completes a capital raising, whichever is earlier and can be extended at the discretion of the Company's Board.
- On 31 January 2024, the Company released its Appendix 5B Cash Flow Report.
- On 31 January 2024, the Company released its Quarterly Activities Report.
- On 1 February 2024, the Company announced it is to commence exploration at the high grade Yundamindra Gold Project following a favourable decision in the Wardens Court.
- On 6 March 2024, the Company announced drilling approvals for the Company's maiden drilling program at Yundamindra had been lodged.

#### **Rounding of amounts**

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the Directors' report and in the Consolidated Condensed Half-Year Financial Report have been rounded to the nearest dollar, or in certain cases, to the nearest thousand dollar (where indicated).

#### Auditor's independence declaration

The auditor's independence declaration is included on page 6 of the half-year report.

Signed in accordance with a resolution of Directors made pursuant to s.306 (3) of the Corporations Act 2001.

On behalf of the Directors

#### AUDITOR'S INDEPENDENCE DECLARATION TO THE DIRECTORS OF METALICITY LIMITED

In relation to the independent auditor's review for the half-year ended 31 December 2023, to the best of my knowledge and belief there have been:

- (i) No contraventions of the auditor independence requirements of the *Corporations Act* 2001; and
- (ii) no contraventions of APES 110 Code of Ethics for Professional Accountants (including Independence Standards).

This declaration is in respect of Metalicity Limited and the entities it controlled during the year.

#### INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF METALICITY LIMITED

#### Conclusion

We have reviewed the half-year financial report of Metalicity Limited (the "Company") and its controlled entities (the "Group"), which comprises the consolidated condensed statement of financial position as at 31 December 2023, the consolidated condensed statement of profit or loss and other comprehensive income, consolidated condensed statement of changes in equity and consolidated condensed statement of the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

(a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and

(b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### **Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Material Uncertainty Related to Going Concern

We draw attention to Note 1b to the half-year financial report which indicates that the Group incurred a comprehensive loss of \$348,131 during the half-year ended 31 December 2023 (31 December 2022: loss of \$1,976,194) and had net cash outflows from operating activities of \$694,895 (31 December 2022: \$982,895), and as of that date, the Group had current assets of \$3,660,262 (30 June 2023: \$2,497,716) and net assets of \$10,099,844 (30 June 2023 \$8,935,400). As at the date of this report there is a material uncertainty that the Group can meet its administrative and other committed expenditure for a period of at least the next 12 months. These conditions, along with other matters as set forth in Note 1b to the half-year financial report, indicate that a material uncertainty exists that may cast significant doubt about the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

#### **Responsibility of the Directors for the Financial Report**

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### METALICITY LIMITED ABN 92 086 839 992

#### INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF METALICITY LIMITED

#### Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### 1. Corporate information and accounting policies

The Consolidated Condensed Half-Year Financial Report of Metalicity Limited (the "Company") and its controlled entities (the "Group") for the half-year ended 31 December 2023 was authorised for issue on 14 March 2024. Metalicity Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange. The nature of the operations and the principal activities of the Group are described in the Directors' Report.

This Consolidated Condensed Half-Year Financial Report is intended to provide users with an update on the latest Annual Financial report of the Group. It is recommended that this Consolidated Condensed Half-Year Financial Report be read in conjunction with the Annual Financial Report for the year ended 30 June 2023, together with any public announcements made during the half-year in accordance with the continuous requirements of the *Corporations Act 2001*.

#### a. Basis of preparation

These general purpose Consolidated Condensed Financial Statements for the half-year ended 31 December 2023 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting* ("AASB 134"). Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

The Consolidated Condensed Financial Statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of certain financial assets.

The Consolidated Condensed Financial Statements have been prepared using the same accounting policies and methods of computation as disclosed in the Group's Annual Financial Report for the financial year ended 30 June 2023 unless otherwise stated in the notes to the Consolidated Condensed Financial Statements.

#### b. Going Concern

The Consolidated Condensed Half-Year Financial Report has been prepared on the going concern basis, which assumes continuity of normal business activities and realisation of assets and settlement of liabilities in the ordinary course of business.

For the half-year ended 31 December 2023, the Group recorded a total comprehensive loss of \$348,131 (31 December 2022: \$1,976,194) and had net cash outflow from operating activities of \$694,895 (31 December 2022: \$982,895). The Consolidated Condensed Statement of Financial Position shows that the Group current assets of \$3,660,262 (30 June 2023: \$1,895,560) and net assets of \$10,099,844 (30 June 2023: \$8,935,400) as at 31 December 2023.

The Directors are confident that the Group will be able to continue as a going concern and meet its current liabilities as and when they fall due for a period of at least 12 months from the date of signing this Consolidated Condensed Half-Year Financial Report. In arriving at this position, the Directors have taken into consideration the following:

- The Directors have assessed the cashflow requirements for the 12-month period from the date of approval of the Consolidated Condensed Half-Year Financial Report and the impact on the Group and believe there will be sufficient funds to meet the Group's working capital requirements;
- In the event that the funding of an amount required to meet the future budgeted operational and investing activities of the Group is unavailable, the Directors have the ability to reduce or defer operational and other expenditures to preserve liquidity while still meeting minimum obligations pending successful capital raising; and
- The Directors have a proven track record of the ability to raise capital to fund the Group's strategy.

### 1. Corporate information and significant accounting policies (continued)

#### b. Going Concern (continued)

Should the Group not achieve the matters set out above there is significant uncertainty whether the Group will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of operations and at the amounts stated in the Consolidated Condensed Half-Year Financial Report. The Consolidated Condensed Half-Year Financial Report does not include any adjustment relating to the recoverability or classification of recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

#### c. New or amended Accounting Standards and Interpretations adopted

The Group has considered the implications of new or amended Accounting Standards and Interpretations which have become applicable for the current annual financial reporting period beginning on or after 1 July 2023. It has been determined by the Group that there is no impact, material or otherwise, of the new or amended Accounting Standards and Interpretations and therefore no changes to Group accounting policies.

#### d. New Accounting Standards and Interpretations not yet mandatory or early adopted

The Australian Accounting Standard Board (the "AASB") has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Group. The Group has decided not to early adopt any of these new and amended pronouncements. The Group is currently in the process of assessing the following new and amended Accounting Standards and Interpretations:

### AASB 2020-1: Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current

AASB 2020-1 amends AASB 101 Presentation of Financial Statements to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current.

A liability will be classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. Meaning of settlement of a liability is also clarified.

AASB 2020-1 mandatorily applies to annual reporting periods beginning on or after 1 January 2024 (as amended by AASB 2022-6 and AASB 2020-6) and will first be applied by the Group in the financial year commencing 1 July 2024.

#### 2. Revenue from continuing operations

#### 13. Commitments

In order to maintain an interest in the mining and exploration tenements in which the Group is involved, the Group is committed to meet the conditions under which the tenements were granted and the obligations of any joint venture agreements. The timing and amount of exploration expenditure commitments and obligations of the Group are subject to the minimum expenditure commitments required as per the Mining Act, as amended, and may vary significantly from the forecast based upon the results of the work performed which will determine the prospectivity of the relevant area of interest. These obligations are provided for in the Consolidated Condensed Half-Year Financial Report and are payable.

Outstanding exploration commitments, including the Company's 51% direct interest in the Kookynie and Yundamindra Joint Venture tenements, are as follows (other than detailed below, no estimate has been given of expenditure commitments beyond 12 months as this is dependent on the Directors' ongoing assessment of operations and, in certain circumstances, Native Title negotiations):

#### 13.Commitments (continued)

#### 14. Fair Value Measurement

#### Fair value hierarchy

The following tables detail the Group's assets and liabilities, measured or disclosed at fair value, using a three-level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the assets or liability

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Consolidated – 31 December 2023				
Assets				
Financial assets at fair value through profit or loss	2,740,971	-	-	2,740,971
Total assets	2,740,971	-	-	2,740,971
	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Consolidated – 30 June 2023				
Assets Financial assets at fair value through profit or loss	1,735,948	-	_	1,735,948
Total assets	1,735,948	-	-	1,735,948

There were no transfers between levels during the half-year.

The carrying amounts of trade and other receivables, trade and other payables, are assumed to approximate their fair value due to their short-term nature.

#### 15. Subsequent events

The Directors are not aware of any matter or circumstance that has arisen since 31 December 2023 which has significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years other than:

- On 9 January 2024, the Company announced that the annual salary of the Company's Managing Director, Justin Barton, has decreased from \$295,000 plus super to \$180,000 plus super, effective 1 December 2023. This reduction continues for a period of 6 months or until the Company completes a capital raising, whichever is earlier and can be extended at the discretion of the Company's Board.
- On 31 January 2024, the Company released its Appendix 5B Cash Flow Report.
- On 31 January 2024, the Company released its Quarterly Activities Report.
- On 1 February 2024, the Company announced it is to commence exploration at the high grade Yundamindra Gold Project following a favourable decision in the Wardens Court.
- On 6 March 2024, the Company announced drilling approvals for the Company's maiden drilling program at Yundamindra had been lodged.

#### 16. Segment Information

#### Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

The Group has two geographic segments being Australia and Canada and operates in one industry being the exploration of minerals. The Canadian operation has been discontinued and is reflected in Note 8.
