Toys "R" Us ANZ Limited **Directors' report** 31 January 2024

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Toys "R" Us ANZ Limited (referred to hereafter as the 'Company') and the entities it controlled at the end of, or during, the half-year ended 31 January 2024.

DIRECTORS

The following persons were directors of Toys "R" Us ANZ Limited during or since the end of the half-year:

Kelly Humphreys - Chair and Independent Non-Executive Director (appointed 5 October 2023 and Chair effective 21 December 2023). Kevin Moore - Independent Non-Executive Director (Chair until 21 December 2023)

John Tripodi - Independent Non-Executive Director

Silvio Salom - Independent Non-Executive Director (resigned on 2 January 2024);

Penny Cox - Chief Executive Officer (and Managing Director from 24 August 2023 to 18 October 2023);

Principal activities

Toys"R"US ANZ Limited is an Australian based listed company with a vision to enrich the lives of people by encouraging exploration, creativity and living life more fully through the enjoyment of toys and hobbies.

Review of operations

The Company focused its past 6-months of operations on delivering on the key pillars of its revised strategic plan outlined to shareholders in August 2023 which were:

Exiting the unsustainable UK market;
Reducing our overheads and right sizing the cost base;
Reducing aged inventory;
Re-building the technology and data stack;
Creating new channels to market; and
Improving measurement of operational KPIs and effectiveness

Operating Results

During the first half of FY2024, the Group achieved Sales Revenues of \$13.8m (\$9.2m from continuing operations, \$4.6m from Lediscontinued operations) as compared to \$22.3 million in the previous comparative period (\$20.2 million from continuing Operations, \$2.1 million from discontinued operations). These sales were a combination of clearing aged inventory, selling down fresh inventory to be replenished, and generating cash for the business (against a provision of \$1.5m for aged inventory made in ₩23). Loss after income tax for the half year ended 31 January 2024 was \$9.5 million (2023: \$9.1 million). As at 31 January 2024, the Group's net liabilities were \$6.7 million (31 July 2023: net assets of \$1.5 million).

Customers & Sales:

- 45,000 New Customers subscribed to the Toys "R" Us database during Q2;
- 88% of Customers during the quarter were New Customers to Toys "R" Us;
- Customer Service Satisfaction score (CSAT) remained above 4.3 (out of 5) throughout Nov/Dec; and
- 98%+ of orders were shipped out on time, even during the very busy Black Friday period. •

Overhead Cost Reduction and Operational Efficiency

The Company will continue to reduce overheads and is beginning to see the benefits flowing from the reduced cost base without revenues being negatively impacted.

Toys "R" Us ANZ Limited **Directors' report** 31 January 2024

Back-end technology upgrades to stabilise, rebuild and improve the sales channel and back-end platforms have resulted in an improved customer experience, more efficient marketing channels and a more stable and efficient order-to-fulfilment process, with a lean fulfilment team.

Profitability continues to be impacted as we work through the process of right-sizing our team, operations and overall cost base. Whilst we have entered into an agreement with TRU Kids Inc. (TRUK) to exit the UK business, with their support, the performance of the UK Business is still included in our consolidated accounts until such time as the entity is wound down.

Other ongoing operational cost-reduction initiatives include:

- sub-leasing of excess space within its premises and transfer of the head-leases on two premises;
- sale of unused assets;
- adding of complementary profitable product lines / product mix to the portfolio to improve profitability and cashflow; and
- assessing opportunities for portfolio expansion to better leverage existing assets, infrastructure and workforce through potential collaborations and/or M&A opportunities.

Private Placements Raised a Combined \$1.4M

- \$658,000 from existing shareholders in August 2023.
- \$550,000 from 2 new strategic and one existing major shareholder in Feb 2024.
- \$200,000 via a private placement in March 2024 to a US-based Investment Fund.

Convertible Loans from Directors and CEO Raised a Combined \$755,000

- \$655,000 was invested in August 2023 by Directors via Convertible Loan facilities which were subsequently converted into equity following shareholder approval at the EGM on the 18^{th of} October 2023;
- \$100,000 was invested by TOY CEO Penny Cox via a Convertible Loan Facility in March 2024Off the back of the resurgence of Toys"R"Us in the US through their Macy's in-store partnerships, our US-based shareholders have led the way in supporting the Australian arm of the brand where US-based investors now own approx. 18.5% of the Company's registered shares.

Up to \$4.2 Additional Funding from Mercer Street Global Fund

Following their initial Placement Investments of \$450,000, plus the provision of an unsecured \$600,000 Loan, US-based Investment Fund Mercer has agreed to provide up to a further \$4.2 million in funding via Convertible Securities subject to the mutual agreement of the parties and subject to shareholder approval being provided.

TRUK Loan Facility

The Company's loan facility with its Licensor (TRUK) as at 31 January 2024 totalled USD\$1.8M. As TRUK continues to fund incremental operating expenditure and working capital for the UK through to the transfer of the license to another party, this loan facility represented an AUD\$2.8M liability on the Balance Sheet of TOY.

Under the Exit Agreements the Company will transfer ownership of all UK business assets to TRUK in settlement of its US\$1.8 million outstanding loan balance, which TRUK provided to support the transition of the UK business. TRUK has agreed to release the Group from all remaining liabilities and obligations.

Significant changes in the state of affairs

Apart from the developments outlined above, there were no significant changes in the state of affairs of the group during the financial half-year ended 31 January 2024.

Matters subsequent to the end of the financial half-year

The following events occurred post the end of the financial half-year:

- 5 February 2024 Agreement with TRUK to facilitate a smooth exit from its UK business and Licence.
- 5 February 2024 Amended Facility Agreement with the major finance partner with variations to reduce facility limited to \$13M, set Interest Rate at 11.5%, release security in alignment to UK exit, make a lump sum payment of \$3M by 31 May 2024, and change of the exercise price of 18M warrants to \$0.011 per share.
- 20 February 2024 Private Placement of 84,615,385 new fully paid ordinary shares at \$0.0065 per share raising \$550,000 before cost. 2,307,692 new fully paid ordinary shares were also issued to an advisor of the raise.
- 20 March 2024 Agreement to acquire RIOT Arts and Crafts for \$300K in cash and 35M shares at \$0.01 per share (\$350,000).

Toys "R" Us ANZ Limited Directors' report 31 January 2024

- 20 March 2024 –Agreement with Mercer Street Global Opportunity Fund II LP for up to \$5M in funding via, \$200,000
 Private Placement at \$0.0112, \$600,000 Unsecured Loan, and \$700,000 Convertible Loan subject to shareholder approval.
 Up to a further \$3.5M will be provided subject to shareholder agreement and mutual agreement between the parties.
- On 20 March 2024 Unsecured convertible loan agreement with CEO Penny Cox to provide \$100,000 of funding to the Company which, subject to shareholder approval, will convert into new shares in TOY at \$0.0094 per share.

No other matter or circumstance has arisen since 31 January 2024 that has significantly affected, or may significantly affect the group's operations, the results of those operations, or the group's state of affairs in future financial years.

Note 1. Material accounting policy information

These general-purpose financial statements for the interim half-year reporting period ended 31 January 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 July 2023 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

Going concern basis of accounting

The financial report has been prepared on the going concern basis which contemplates the continuity of normal business activities Tand the realisation of assets and the discharge of liabilities in the normal course of business.

As disclosed in the financial report, the Group has incurred a net loss after income tax of \$9.5 million and has cash outflows from operating activities of \$4.1 million for half-year ended 31 January 2024, and as of that date, the group's current liabilities exceeded ts current assets by \$6.6 million and group's total liabilities exceeded its total assets by \$6.7 million.

These factors indicate a material uncertainty which may cast significant doubt as to whether the Group will continue as a going concern and therefore whether it will realize its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. \mathbf{G}

The Directors believe that there are reasonable grounds to believe that the Group will be able to continue as a going concern, after

The Group holds cash and cash equivalents of \$1.1 million as at 31 January 2024;

In February 2024 the Group successfully raised \$0.5 million in capital from existing and new investors and intends to raise additional

In February 2024 the Group finalised agreements to transfer ownership of all UK business assets to TRUK in settlement of its US\$1.8

 The Directors believe that there are real possideration of the following factors: The Group holds cash and cash equilation in February 2024 the Group success capital in the next 6-12 months; In February 2024 the Group finalis million outstanding loan balance. In March 2024 the Company reach managed by C/M Capital Partner facility of \$0.6 million and convert In March 2024 CEO, Penny Cox, signification for the budget and cashflow for ecastication of the following factors: In March 2024 the Company reached an agreement with Mercer Street Global Opportunity Fund II LP, a US-based investment fund managed by C/M Capital Partners LP, for up to \$5 million of funding (comprising of subscription to equity of \$0.2 million, loan facility of \$0.6 million and convertible securities funding of up to \$4.2 million).

In March 2024 CEO, Penny Cox, signed an unsecured convertible loan agreement to provide \$100,000 of funding to the Company.

The budget and cashflow forecast prepared by the Group for the twelve-month period from the date of signing the financial statements, which are based on the directors' estimates and assumptions about certain economic factors, and the operating and trading performance of the Group, support the Directors' assertion, and suggest that the Group has cash and other financial resources sufficient to support its operations for the relevant period.

Accordingly, the Directors believe that the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Group does not continue as a going concern.

New or amended Accounting Standards and Interpretations adopted

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Goodwill and other indefinite life intangible assets

The Group tests annually, or when impairment indicators are identified, whether goodwill and other intangible assets have suffered any impairment in accordance with the accounting policy. The recoverable amount of the cash generating units has been determined based on either relief from royalty models or the present value of the expected cash flows. These calculations require the use of assumptions. A significant change to these assumptions as reflected in note 9 may affect the recoverable amount of the cash generating units.

The Group defines its cash generating units (CGU) as the smallest identifiable group of assets that generates cash inflows. Under this interpretation, for the purpose of impairment of goodwill, the Group has identified two CGUs, being the business to consumer (B2C) and business-to-business (B2B) CGUs. This goodwill was assessed for indicators of impairment and no indicators were present.

Recoverability of inventory

The Group regularly assesses whether the net realisable value (NRV) of its inventories is reasonable in light of changing market Conditions. Whilst the Group has provided to recognise the best estimate for the amount for which its inventory will be realised, the Conditions and may differ from the amounts provided.

(Ihtangible assets and goodwill

Antangible assets are amortised, based on the useful life assessed by management, as follows:

Software	3 years
<u>Customer database</u>	5 years
Patents	20 years
Trademarks	3-5 years
Licensed distribution agreements	1-20 years

Whilst the current useful lives are management's best estimate, a periodic review is undertaken to ensure these remain appropriate.

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Note 3. Operating segments

Identification of reportable operating segments

Based on the internal reports reviewed by the Board of Directors and key management personnel (who are identified as the Chief Operating Decision Makers ('CODM')) to make strategic and operating decisions, assess business performance and in determining the allocation of resources, management has determined that the group has i two operating segments, being Business to Consumer (B2C) and Business to Business (B2B).

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

Note 3. Operating segments (continued)

The information reported to the CODM is on a monthly basis.

Information about products and services

The principal products of each of these operating segments are follows:

- B2C direct-to-consumer sale of consumer products (toys, hobby and baby goods); and
- B2B wholesaling* and distribution of IT products.
- Corporate relates to the corporate running costs of the Group
- *includes the results from the erstwhile Funtastic business (discontinued operations)

Intersegment transactions were made at market rates and are eliminated on consolidation. All intersegment balances are eliminated on consolidation. There were no intersegment transactions during the year or account balances at 31 January 2024.

The directors have assessed that there are no major customers.

Note 19. Share-based payments

(a) Expenses recognised

An expense of \$54,000 (2023: \$228,000) has been recognised in the profit and loss in relation to share-based payments granted.

(b) Share options and share appreciation rights

Note 19. Share-based payments (continued)

An employee incentive plan has been established by the Group and approved by shareholders at a general meeting whereby the Group may, at the discretion of the Remuneration and Nomination Committee, grant options and rights over ordinary shares in the company to directors and employees. The grant of options and rights forms a part of the Company's long term incentive objectives to encourage directors and employees to have a greater involvement in the achievement of the Company's objectives. Options and rights provide an incentive to strive to that end by participating in the future growth and prosperity of the Company through share ownership. The options and rights are issued for nil consideration and are only subject to a vesting condition relating to the participant's continued employment with the Company. The options and rights must be exercised before their expiry date, or they will lapse. On the exercise of an option, the holder must pay to the Company the relevant exercise price multiplied by the number of options being exercised by the holder. The Company will issue the holder with a share for each option or right that the participant validly exercises.

INDEPENDENT AUDITOR'S REVIEW REPORT To the Members of Toys"R"Us ANZ Limited

Report on the Half-Year Financial Report

Conclusion

For personal use only

We have reviewed the accompanying half-year financial report of Toys"R"Us ANZ Limited ("the Company") and its controlled entities (together referred to as "the Group") which comprises the consolidated statement of financial position as at 31 January 2024, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the Corporations Act 2001 including:

- giving a true and fair view of the Group's financial position as at 31 January 2024 and of its performance (a) for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity ('ASRE 2410'). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Toys"R"Us ANZ Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the interim financial report, which indicates that the Group incurred a loss of \$9.55 million and had net cash outflows from operating activities of \$4.12 million during the half year ended 31 January 2024. Also, as at 31 January 2024, the Group's current liabilities exceeded its current assets by \$6.62 million and Group's total liabilities exceeded its total assets by \$6.75 million. As stated in Note 1, these events and conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of Toys"R"US ANZ Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 January 2024 and of its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
