ASX ANNOUNCEMENT (ASX:BLY)**About Boart Longyear**

Established in 1890, Boart Longyear is in its 134th year as the world's leading provider of drilling services, orebody-knowledge technology, and innovative, safe and productivity-driven drilling equipment. With its main focus in mining and exploration activities spanning a wide range of commodities, including copper, gold, nickel, zinc, uranium, and other metals and minerals, the Company also holds a substantial presence in the energy, oil sands exploration, and environmental sectors.

The Global Drilling Services division operates for a diverse mining customer base with drilling methods including diamond coring exploration, reverse circulation, large diameter rotary, mine dewatering, water supply drilling, pump services, production, and sonic drilling services.

The Global Products division offers sophisticated research and development and holds hundreds of patented designs to manufacture, market, and service reliable drill rigs, innovative drill string products, rugged performance tooling, durable drilling consumables, and quality parts for customers worldwide.

Veracio, a wholly owned Boart Longyear subsidiary, offers mining clients a range of solutions that improve, automate, and digitally transform their orebody sciences by championing a modern approach through a diverse product portfolio by fusing science and technology together with digital accessibility. Veracio leverages AI and advanced analytics to accelerate real-time decision making and significantly lower the cost of mineral exploration.
