## Q3 FY24 Quarterly Activities Report

**Melbourne, Australia** – Alcidion Group Limited ('Alcidion' or the 'Company') today releases its Appendix 4C for the quarter ended 31 March 2024 (Q3 FY24).

### Highlights:

- Q3 new TCV sales of \$6.0M with \$2.9M revenue expected to be recognised in FY24
  - Signed \$3.4M three-year contract extension with Dartford and Gravesham NHS Trust for use of Miya Precision and associated modules
  - Signed new three-year contract with Tameside and Glossop Integrated Care NHS Foundation Trust for use of Miya Precision's Observations and Assessment module (formerly Patienttrack)
- Sold and renewal revenue for FY24 of \$37.4M at end of Q3, 2% increase on pcp
  - \$132M of sold and renewal revenue over the next 5 years, excluding FY24 (FY25-FY29)
- Q3 cash receipts of \$10.2M with an operating cash outflow of (\$1.3M)
  - Includes \$1.0M one-off redundancy costs; underlying operating cash outflow of (\$0.3M)
  - Q3 ending debtor balance of \$12.9M (Q2'24: \$7.3M)
- Completed further cost saving initiatives in Q3 with annualised savings of ~\$4.0M
  - Combined with other cost savings already realised in H1 this represents ~\$6.4M of annualised cost savings
  - Q4 will be the first full quarter to benefit from all cost savings being realised
- Cash balance of \$6.5M and no debt as of 31 March 2024
- Expecting positive cashflow for Q4 and H2

Alcidion Group Managing Director Kate Quirke said, "Continuing to build referencability and market presence is a key part of Alcidion's sales strategy with customers and it's therefore pleasing to sign a new Trust in Tameside and Glossop Integrated Care NHS during the quarter. We are deploying our Miya Precision Observations and Assessments module across the Trust to assist clinicians with the capture of data at the bedside to improve to real-time deployment of patient care. This is the second trust in this ICS to adopt this module, with Stockport having used our Observations and Assessments module for many years."

"This new Trust adds to our recent contract extension at Dartford and Gravesham NHS Trust extending an existing 5-year relationship for a further 3 years. Dartford and Gravesham were the first to implement Miya Precision in the UK as part of their digital advancement strategy and we look forward to working with them to build upon their digital strategy over the coming years."

“In Q3 we implemented the cost saving initiatives announced in our H1’24 results which will deliver annualised cost savings of approximately \$6.4m. We will see the benefit of these costs savings in Q4. At the end of Q3 our FY24 contracted revenue is \$37.4M, which we expect to continue to build upon in Q4, noting any material contracts that may be signed late in the quarter may not result in significant revenue recognised in this financial year but will continue to strengthen our future revenue profile.”

## Financial Update

Alcidion generated Q3 new sales of \$6.0M with approximately \$2.9M expected to be recognised as revenue in FY24. Q3 new sales comprised 87% recurring product revenue and 13% non-recurring services (primarily product implementation) revenue.

Cash receipts from customers in Q3 was \$10.2M with operating cash outflow of (\$1.3M). This result includes one-off redundancy and restructuring cash costs of \$1.0M. Underlying Q3 operating cash outflow was (\$0.3M).

As noted in item 6 of the Company’s 4C, payments made to related parties and their associates totalled \$0.24M for the quarter. These payments relate to Director’s remuneration and payments to WE Communications.

## Outlook

At the end of Q3 Alcidion had \$37.4M of contracted and scheduled renewal revenue to be recognised over the course of FY24, approximately 2% up on pcp.

Q4 is historically the highest quarter for cash receipts and Alcidion expects this trend to continue given Q3 ending debtor balance of \$12.9M (pcp: \$7.3M) coupled with a strong contracted Q4 invoicing profile.

In addition, Q4 will realise the full benefit from cost saving initiatives implemented in Q3, which is expected to reduce the Q4 cost base by approximately \$1.0m (\$4.0m annualised). Combined with cost savings applied in H1, the total annualised cost saving is \$6.4M.

The cash balance was \$6.5M with no debt as of 31 March 2024. Alcidion continues to engage with new and existing customers against a backdrop of increasing referencability, with the recent new NHS Trust win further building on the profile. The Company has approximately \$132M of contract and renewal revenue from FY25 to FY29 able to be recognised which represents significant long-term value.

In addition, Alcidion is progressing with several large EPR tenders, collectively with TCV of \$200m+. Based on current timelines a preferred vendor should be known on most of them by the end of the 2024 calendar year.

Alcidion is confident of a cash flow positive result for the second half, generated from customer receipts and operational savings, ensuring we are in a strong position with adequate funds as we enter the new financial year.
