

18 April 2024

Exploration-focused Investor Webinar

“Exploration: A Deep Dive into Ewoyaa”

Atlantic Lithium Limited (AIM: ALL, ASX: A11, OTCQX: ALLIF, “Atlantic Lithium” or the “Company”), the African-focused lithium exploration and development company targeting to deliver Ghana’s first lithium mine, is pleased to announce that it will host a live online presentation focused solely on the Company’s exploration activities on Tuesday, 23 April 2024 at 9:00 am UK time (6:00 pm Sydney time).

The webinar, which is entitled *“Exploration: A Deep Dive into Ewoyaa”*, will be held on the Investor Meet Company platform and is open to all shareholders, stakeholders, and other interested parties.

Led by Len Kolff (Head of Business Development & Chief Geologist), Iwan Williams (Exploration Manager) and Abdul Razak (Country Manager), the webinar will comprise **i)** an overview of the Company’s exploration methodology and how it made the initial discovery of and has since developed the Ewoyaa Lithium Project in Ghana **ii)** a summary of exploration activities undertaken across the Cape Coast Lithium Portfolio to-date and **iii)** an outline of near-term opportunities at the Project that present potential value drivers for the Company, followed by a Q&A session.

Interested parties can sign up to Investor Meet Company for free and “Add to meet” Atlantic Lithium via the following link to join the webinar: <https://www.investormeetcompany.com/atlantic-lithium-limited/register-investor>.

Those who already follow Atlantic Lithium on the Investor Meet Company platform will be automatically invited.

- Interested parties are encouraged to submit questions pre-event via the “Ask a Question” function located on the Investor Meet Company dashboard up until 9am (UK time) the day before the meeting or at any time during the live presentation.
- Whilst the Company will not be in a position to answer every question it receives, it will address the most prominent within the confines of information already disclosed to the market through regulatory notifications.
- For those unable to attend the webinar, a recording will be published at the earliest opportunity on the Investor Meet Company platform and the Company’s website following the presentation, as well as responses to the Q&A.
- Feedback can also be submitted post the event to ensure the Company can understand the views of all elements of its stakeholder base.

About Atlantic Lithium

www.atlanticlithium.com.au

Atlantic Lithium is an AIM and ASX-listed lithium company advancing its flagship project, the Ewoyaa Lithium Project, a significant lithium spodumene pegmatite discovery in Ghana, through to production to become the country's first lithium-producing mine.

The Definitive Feasibility Study for the Project indicates the production of 3.6Mt of spodumene concentrate over a 12-year mine life, making it one of the largest spodumene concentrate mines in the world.

The Project, which was awarded a Mining Lease in October 2023, is being developed under an earn-in agreement with Piedmont Lithium Inc.

Atlantic Lithium holds a portfolio of lithium projects within 509km² and 774km² of granted and under-application tenure across Ghana and Côte d'Ivoire respectively, which, in addition to the Project, comprises significantly under-explored, highly prospective licences.
