EXPLANATORY NOTES

These Explanatory Notes form part of the Notice of Meeting and provide information to Shareholders about the items of business to be considered at the Annual General Meeting.

The Directors recommend that Shareholders read these Explanatory Notes, together with the Notice of Meeting, in their entirety before deciding how to vote in respect of the Resolutions.

ORDINARY BUSINESS

1. Resolution 1 – Adoption of Remuneration Report

1.1 Introduction

The Corporations Act requires a resolution that the adoption of the Company's Remuneration Report be put to a vote at the Annual General Meeting.

The Remuneration Report describes the Company's remuneration policy for non-executive Directors, executive Directors and other senior executives. The Remuneration Report is set out from page 36 to 43 of the Company's 2023 Annual Report, which can be viewed in the "Investor Centre" section on the Company's website (<https://www.buruenergy.com/site/investor-centre/annual-reports>).

The Chairman will give Shareholders a reasonable opportunity to ask questions about or make comments on the Remuneration Report.

Section 250R(3) of the Corporations Act provides that the vote on the Remuneration Report is advisory only and does not bind the Directors or the Company. However, the Board will take into consideration the outcome of voting on this Resolution when assessing the Company's remuneration policy in the future.

Shareholders should note, however, that if at least 25% of the votes cast on the adoption of the Company's remuneration report at two consecutive annual general meetings are against adopting the Company's remuneration report, and a resolution was not put to the vote at the first of those consecutive annual general meetings under a prior application of the two strikes rule, then Shareholders will have the opportunity to vote on a "spill resolution". If more than 50% of votes cast are in favour of the "spill resolution", the Company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting. All of the directors of the Company who were in office when the Directors' report was approved, other than the Managing Director of the Company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting. Following the Spill Meeting, those persons whose election or re-election as directors of the Company is approved will be the directors of the Company.

At the Company's previous annual general meeting, the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the "spill resolution" is not relevant for this Meeting.

2. Resolution 2 – Election of Mr Malcolm King as a Director

2.1 Introduction

ASX Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting. The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Mr King, who has served as a Director since 22 February 2021, retires as Director in accordance with article 9.3 of the Company's Constitution and, being eligible, offers himself for election as a Director of the Company.

Resolution 2 is an ordinary resolution and, in order to be passed, requires a simple majority of votes cast by Shareholders entitled to vote on the Resolution.

2.2 Experience

Mr King has 35 years of upstream oil and gas experience, mostly with Shell in technical, commercial and executive leadership roles across Asia and Australia. His Shell experience spans the Exploration & Production and Gas & Power businesses, participating in and leading exploration and M&A campaigns, and working extensively in LNG operations, market and business development, and project development. More recently Malcolm headed-up Senex Energy's Commercial and Growth functions for the Cooper Basin oil and Queensland coal seam gas businesses. Malcolm has held nonexecutive board positions for other ASX-listed energy companies and currently provides consulting services to the energy industry.

Mr King has a Bachelor of Applied Science (Geology) degree from the University of Southern Queensland and a Master of Science (Petroleum Geology) from the University of Aberdeen, Scotland. He is a Member of Australian Institute of Company Directors and a graduate of the Australian Institute of Company Directors Director Program.

Mr King has been a Director since 22 February 2021, and is the Chair of the Remuneration and Nomination Committee and a member of the Audit and Risk Committee.

2.3 Technical information required by ASX Listing Rule 14.1A

If Resolution 2 is passed, Mr King will be re-elected to the Board and will continue as a Director of the Company.

In the event that Resolution 2 is not passed, Mr King will not continue in his role as a Director. The Company may seek nominations or otherwise identify suitably qualified candidates to join the Company. As an additional consequence, this may detract from the Board and Company's ability to execute on its strategic vision.

2.4 Board recommendation

The Directors, other than Mr King whose election is the subject of the Resolution, are of the view that the Board has benefitted and will continue to benefit from the skills, knowledge and experience that Mr King brings to the Company and recommend that Shareholders vote in favour of Resolution 2.

3. Resolution 3 – Ratification of prior issue of Placement Shares

3.1 General

On 20 November 2023 (**Placement Date**), the Company issued 43,308,700 Shares pursuant to the placement announced by the Company to the ASX on 14 November 2023 at an issue price of \$0.115 per Share to raise approximately \$5M (before costs) (**Placement**).

A copy of the ASX announcement issued 14 November 2023 is available at the Company's website (<https://www.buruenergy.com/site/investor-centre/asx-announcements>) and the website of ASX (at www.asx.com.au).

The Company issued the Placement Shares on 20 November 2023 utilising its placement capacity pursuant to Listing Rule 7.1. The issue of the Placement Shares did not breach Listing Rule 7.1 at the time of issue.

Resolution 3 seeks Shareholder approval pursuant to Listing Rule 7.4 to ratify the issue of the Shares.

The Company engaged the services of Wilsons Advisory to act as lead manager in respect of the Placement. The Company paid Wilsons Advisory a management fee of up to 2% and placement fee of up to 4% of the Placement total for their services provided in respect to the Placement.

3.2 ASX Listing Rules 7.1 and 7.4

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an Eligible Entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%. The Company obtained approval to increase its limit to 25% at the annual general meeting held on 25 May 2023.

The issue of the 43,308,700 Shares does not fit within any of the exceptions to Listing Rule 7.1 and, as it has not yet been approved by Shareholders, effectively uses up part of the Company's capacity under Listing Rule 7.1. This reduces the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12-month period following the issue of the 43,308,700 Shares.

Listing Rule 7.4 allows the shareholders of a listed company to approval an issue of Equity Securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further Equity Securities without shareholder approval under that rule.

Although no decision has been made by the Board to undertake any future issue of Shares, the Company wishes to retain as much flexibility as possible to issue additional Equity Securities into the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Placement Shares.

3.3 Technical Information required by Listing Rule 14.1A

If Resolution 3 is passed, the Placement Shares will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12 month period following the issue date of the Placement Shares.

If Resolution 3 is not passed, the Placement Shares will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of Equity Securities it can issue without Shareholder approval over the 12 month period following the issue date of the Placement Shares.

3.4 Technical Information required by Listing Rule 7.5

In accordance with Listing Rule 7.5, the Company provides the following information:

(a) Names of the persons to whom the Company issued or agreed to issue the Placement Shares or the basis on which those persons were identified or selected

The Placement Shares were issued to a number of existing shareholders as well as new institutional and professional investors who were clients of Wilsons Advisory. The recipients were identified through a bookbuild process, which involved the Company and Wilsons Advisory seeking expressions of interest to participate in the Placement from non-related parties of the Company.

In accordance with paragraph 7.4 of Guidance Note 21, the Company confirms that none of the recipients were:

- related parties of the Company, a member of the Company's key management personnel, a substantial holder in the Company, an adviser to the Company or an associate of any of these parties; and
- issued more than 1% of the issued capital of the Company, other than Birkdale Enterprises Pty Ltd and Chemco Pty Ltd who were issued 13,000,000 and 8,695,653 Placement Shares respectively.

(b) Number and class of Placement Shares the Company issued or agreed to issue

43,308,700 Shares were issued pursuant to Listing Rule 7.1 which were all fully paid ordinary shares in the capital for the Company issued on the same terms and conditions as the Company's existing shares.

(c) The date or dates on which the Placement Shares were or will be issued

The Placement Shares were issued on the Placement Date (i.e. 20 November 2023).

(d) Price or other consideration the Company has received or will receive for the issue

The issue price was \$0.115 per Placement Share under the issue of Shares pursuant to Listing Rule 7.1. The Company has not and will not receive any other consideration for the issue of the Placement Shares.

(e) Purpose of the Placement

The purpose of the Placement was to raise approximately \$5M (before costs), which is to be applied towards the Company's 2024 Canning Basin appraisal drilling program, and for general working capital purposes (including associated costs of the Placement). The Placement Shares were not issued under an agreement.

(f) Voting exclusion statement

A voting exclusion statement for Resolution 3 is included on page 3 of this Notice of Meeting.

3.5 Board recommendation

Although no decision has been made by the Board to undertake any future issue of Shares, the Board considers it prudent for the Company to retain as much flexibility as possible to issue additional Shares into the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. As such, the Board believes that Resolution 3 is in the best interests of the Company and its Shareholders, and unanimously recommends that Shareholders vote in favour of the Resolution 3.

4. Resolution 4 – Re-approval of the Company's Employee Share Option Plan

4.1 Introduction

The ESOP was first approved by Shareholders at the Company's 2010 annual general meeting on 5 November 2010 and was most recently approved at the Company's 2021 annual general meeting on 6 May 2021 (**2021 AGM**).

The Board has decided to seek re-approval for the ESOP.

4.2 Requirement for Shareholder approval

The reasons underpinning Resolution 4 are set out below.

- **15% Threshold:** As previously noted, subject to certain exceptions, ASX Listing Rule 7.1 imposes a limit on the number of Equity Securities (including Options) that a company can issue without shareholder approval. Generally, a company must not, without shareholder approval, issue in any 12 month period, a number of Equity Securities that is more than 15% of the number of fully paid ordinary shares on issue 12 months before the issue.
- **Excluded from placement capacity:** ASX Listing Rule 7.2 sets out a number of exceptions to the 15% threshold imposed by ASX Listing Rule 7.1.

Under ASX Listing Rule 7.2 (Exception 13(b)), ASX Listing Rule 7.1 does not apply to an issue of Equity Securities under an employee incentive scheme (such as the ESOP) if (among other things), within three years before the issue, shareholders have approved the issue of Equity Securities under the relevant scheme as an exception to ASX Listing Rule 7.1.

Resolution 4 seeks approval for the purposes of ASX Listing Rule 7.2 (Exception 13) for the ESOP so that the issue of Options (and Shares on the exercise of those Options) under the ESOP will be excluded from the 15% limit imposed by ASX Listing Rule 7.1 for a period of three years from the date of the approval. If Shareholder approval is obtained under Resolution 4, neither the issue of Options under the ESOP, nor the issue of Shares resulting from the exercise of Options issued under the ESOP, will be counted towards the 15% threshold imposed by ASX Listing Rule 7.1.

If Shareholder approval is not obtained under Resolution 4, then the Company would need to consider alternatives for the Company's remuneration framework. In the absence of such Shareholder approval, the issue of Options under the ESOP can still occur, but those Options will be counted as part of the 15% limit which would otherwise apply during the 12 month period.

The approval of Resolution 4 will provide the Company with the maximum flexibility to incentivise employees and to undertake equity raisings, or equity funded acquisitions, without the need for Shareholder approval for the purposes of ASX Listing Rule 7.1.

Shareholder approval is required before any executive Director or Related Party of the Company can participate in the ESOP. Non-Executive Directors are not eligible to participate in the ESOP.

4.3 Information required by ASX Listing Rule 7.2

In accordance with ASX Listing Rule 7.2 (Exception 13(b)) the Company provides the following information:

- **Key terms of ESOP:** A summary of the terms of the ESOP are set out in Schedule 2 to this Notice. A copy of the full terms of the ESOP can be obtained by contacting the Company Secretary.

There have been no material changes to the style or design of the ESOP since it was last approved by Shareholders at the 2021 AGM.

- **Options issued since 2021 AGM:** 1,000,000 Options have been issued under the ESOP since the plan was last approved by Shareholders at the 2021 AGM. Relevant details in relation to those Options are set out in the table below.

Tranche	Number of Options issued	Issue date	Exercise price	Expiry date
1	1,000,000	21/04/2023	\$0.23	31/12/2025

- **Maximum number of Options proposed to be issued:** The maximum number of Options proposed to be issued under the ESOP (if approval is obtained under Resolution 4) is 32,000,000. This figure is not an indication of the actual amount of Options that may be issued under the ESOP, but is rather a "ceiling" for the purposes of ASX Listing Rule 7.2 (Exception 13(b)).
- **Voting exclusion statement:** Refer to the voting exclusion statement on page 4 of this Notice.

4.4 Termination Benefits

Shareholder approval is also being sought under section 200E of the Corporations Act to permit the Company to give certain termination benefits to a person in connection with that person ceasing to be an officer of, or ceasing to hold a managerial or executive office in, the Company or a subsidiary of the Company. Specifically, the benefits for which approval is sought are benefits that may result from the Company or Board exercising discretions conferred on it under the ESOP. In particular, under the ESOP, an Option will lapse if the relevant Participant ceases to be an employee of the Company or an Associated Company (other than as a result of the Participant's death or permanent disablement), unless the Board determines otherwise from time to time.

The Board's current intention is to exercise this discretion only in limited circumstances, such as, but not limited to, where the person leaves employment or office without fault on their part, such as being medically unfit to continue working.

4.5 Sections 200B and 200E of the Corporations Act

Subject to certain exceptions, section 200B of the Corporations Act prohibits the giving of certain benefits to individuals who hold a managerial or executive office on leaving their employment with the Company or any of its related bodies corporate, or who have held a managerial or executive office in the prior three years, without member approval under section 200E of the Corporations Act.

Accordingly, advance Shareholder approval is being sought, for the purposes of section 200E of the Corporations Act, to provide the benefits which may otherwise be prohibited under section 200B, so as to obtain certainty about the Company's ability to maintain its existing remuneration arrangements.

4.6 Some further information in relation to the ESOP

Subject to the "ceiling" above, the number of Options to be issued under the ESOP will be determined by the Directors from time to time. However, the maximum number of securities which may be issued to employees under the ESOP (and any other employee incentive plans operated by the Company) in a 5 year period is limited to 5% of the issued Shares in the Company (calculated at the date of the invitation under the ESOP), subject to a range of exclusions, including securities issued under a disclosure document, to certain senior executives or to persons outside of Australia.

Under the terms of the ESOP, the Directors have the discretion to determine the exercise price of the Options. However, unless the Board determines otherwise, the exercise price must not be less than 150% of the average market price per Share (weighted by reference to volume) sold in the ordinary course of trading on ASX during the 30 trading days prior to the date of the invitation under the ESOP. The Board intends to grant Options under the ESOP with an exercise price determined on this basis.

The Directors have discretion to determine the expiry date of the Options. However, unless the Board determines otherwise, the expiry date of Options granted under the ESOP will be the date that is 24 months after the end of the calendar year in which the invitation for the Option under the ESOP is made.

If the employee ceases to be employed by the Company, Options held in respect of that employee will lapse unless they are exercised within 30 days of cessation of employment, unless the Board otherwise determines.

If the Options are exercised, this will have a diluting effect on the percentage interest of existing Shareholders' holdings. If the Options issued under the ESOP are exercised and the prevailing Share price is higher than the exercise price, the value of Shares may be diluted.

4.7 Board recommendation

The Directors recommend that Shareholders vote in favour of Resolution 4 to approve the ESOP.

5. Resolution 5 – Reinstatement of Proportional Takeover Provisions

5.1 Introduction

Articles 5.9 to 5.13 of the Constitution (referred to in this Notice as the **Proportional Takeover Provisions**) provide that the Company is prohibited from registering a transfer of Shares resulting from a proportional takeover bid unless a resolution to approve the bid is passed (or deemed to have been passed) by holders of Shares in the relevant bid class. The Proportional Takeover Provisions have been extracted in full in Schedule 3 to this Notice.

It is a requirement of section 648G of the Corporations Act that proportional takeover bid approval rules apply for a maximum period of three years unless renewed. This requirement is also reflected in article 5.14 of the Constitution.

The Proportional Takeover Provisions were last renewed at the 2021 AGM. This means that the Proportional Takeover Provisions will currently cease to have effect on 6 May 2024 (being, the date of the third anniversary of the 2021 AGM). The Directors consider that it is in the best interests of Shareholders to have a proportional takeover rule in the Constitution and Shareholders are asked to consider Resolution 5 to reinstate the Proportional Takeover Provisions on identical terms. If Resolution 5 is approved by Shareholders, the Proportional

Takeover Provisions will have effect on identical terms as the existing Proportional Takeover Provisions until 30 May 2027.

5.2 Information required by the Corporations Act

The Corporations Act requires certain information to be included in a notice of meeting where a company seeks the approval of its shareholders to renew its proportional takeover provisions. This information is set out below.

Proportional takeover bid

A proportional takeover bid is a takeover bid that is sent to all shareholders in a class, offering to purchase only a specified proportion of each shareholder's shares. If a shareholder accepts, the shareholder disposes of that specified portion and retains the balance.

The Corporations Act allows a company to provide in its constitution that if a proportional takeover bid is made shareholders must vote on whether to accept or reject the proportional takeover bid and that decision will be binding on all shareholders. This provision allows shareholders to decide collectively whether a proportional takeover bid is acceptable in principle.

Effects of the Proportional Takeover Provisions

The effect of the Proportional Takeover Provisions is as follows:

- If a bidder makes a proportional takeover bid for any class of Shares in the Company, the Board must ensure that a resolution to approve the proportional takeover bid is voted upon by holders of Shares in the relevant bid class. The vote is decided on a simple majority. The bidder and its associates are excluded from voting on that approving resolution.
- The vote on the approving resolution must take place more than 14 days before the last day of the bid period.
- If the approving resolution is rejected before the deadline, the bid cannot proceed and any transfers giving effect to takeover contracts for the bid will not be registered.
- If the approving resolution is not voted on, the bid will be deemed to have been approved.
- If the approving resolution is passed (or deemed to have been passed), the transfers must be registered (subject to other provisions of the Corporations Act and the Constitution).
- The Proportional Takeover Provisions do not apply to full takeover bids.

Reasons for the Proportional Takeover Provisions

A proportional takeover bid may result in control of the Company changing without Shareholders having an opportunity to dispose of all their Shares. By making a partial bid, a bidder can obtain practical control of the Company by acquiring less than a majority interest. Shareholders are exposed to the risk of not being able to exit their investment in the Company by selling their entire shareholding and consequently being left as a minority Shareholder in the Company. The bidder may be able to acquire control of the Company without payment of an adequate control premium.

The Board believes that the Proportional Takeover Provisions are desirable to give Shareholders protection from these risks. They give effect to a protection that the Corporations Act provisions are intended to provide.

The Proportional Takeover Provisions allow Shareholders to decide if a proportional takeover bid is acceptable in principle, and may assist in ensuring that any proportional takeover bid is appropriately priced.

To assess the merits of the Proportional Takeover Provisions, Shareholders should make a judgement as to what events are likely to occur in relation to the Company during the three year life of those provisions.

Review of Proportional Takeover Provisions

The Corporations Act requires these Explanatory Notes to discuss retrospectively the advantages and disadvantages for Directors and Shareholders of the Proportional Takeover Provisions which are proposed to be renewed.

While the Proportional Takeover Provisions have been in effect, there have been no takeover bids for the Company, either proportional or otherwise, and therefore the Proportional Takeover Provisions have not been activated. Consequently there are no practical examples against which to review the advantages or disadvantages of the Proportional Takeover Provisions for the Directors and Shareholders of the Company. The Directors are not aware of any potential takeover bid which was discouraged by the Proportional Takeover Provisions.

Potential advantages and disadvantages

In addition to the retrospective discussion of the provisions proposed to be renewed, the Corporations Act also requires these Explanatory Notes to discuss the potential future advantages and disadvantages of the Proportional Takeover Provisions for both Directors and Shareholders of the Company.

The Directors consider that the Proportional Takeover Provisions have no potential advantages or disadvantages for any of them, and that they would remain free to make a recommendation on whether or not an offer under a proportional takeover bid should be accepted.

The Board notes that it could be argued that the Proportional Takeover Provisions are an advantage to the Directors as a takeover defence mechanism that could be exploited to entrench the incumbent Board. However, the Board believes that argument ignores the basic object of the Proportional Takeover Provisions which are to empower the Shareholders, not the Directors.

The potential advantages of the Proportional Takeover Provisions for Shareholders include the following:

- Shareholders will have the right to decide by majority vote whether an offer under a proportional takeover bid should proceed;
- the provisions may assist Shareholders and protect them from being locked in as a minority;
- they increase the bargaining power of Shareholders and may assist in ensuring that any proportional takeover bid is adequately priced; and
- each individual Shareholder may better assess the likely outcome of the proportional takeover bid by knowing the view of the majority of Shareholders and assist in deciding whether to accept or reject an offer under a proportional takeover bid.

The potential disadvantages for Shareholders include the following:

- proportional takeover bids for Shares in the Company may be discouraged;
- Shareholders may lose an opportunity to sell some of their Shares at a premium;

-
- individual Shareholders may consider that the Proportional Takeover Provisions would restrict their ability to deal with their Shares as they see fit; and
 - the likelihood of a proportional takeover bid succeeding may be reduced.

Knowledge of any acquisition proposals

As at the date of this Notice, no Director is aware of a proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company.

All Directors (except Joanne Williams) are also Shareholders of the Company and, therefore, those Directors have the same interest in Resolution 5 as all Shareholders. Details of the respective shareholdings of the Directors are set out in the Company's 2023 Annual Report.

5.3 Board Recommendation

The Board considers that it is in the interest of Shareholders for the Company to have a proportional takeover bid approval article, and therefore unanimously recommends that Shareholders vote to adopt the renewed Proportional Takeovers Provisions.

6. Resolution 6 – Approval of 10% Additional Placement Capacity

6.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek shareholder approval at its annual general meeting to allow it to issue Equity Securities up to an additional 10% of its issued capital.

Accordingly, the effect of Resolution 6, if passed, will be to allow the Company to issue, during the period ending on the date that is 12 months after the Meeting or on the date of the Company's next Annual General Meeting (whichever is the earlier), up to the number of Equity Securities that is broadly equivalent to 10% of the number of Shares that are on issue (**Additional Placement Capacity**), in addition to the 15% permitted under ASX Listing Rule 7.1 and without subsequent Shareholder approval.

If Shareholders approve Resolution 6, the total number of Equity Securities the Company may issue pursuant to the Additional Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out in section 6.2 below).

As at the date of this Notice, the Company has 671,345,082 Shares on issue. The Company currently has the capacity to issue 100,701,762 Equity Securities under ASX Listing Rule 7.1. If Resolution 6 is passed, the Company will have the capacity to issue a further 67,134,508 Equity Securities under ASX Listing Rule 7.1A (based on the number of Shares on issue as at the date of this Notice).

If Resolution 6 is not passed, the Company will not be able to access the Additional Placement Capacity to issue Equity Securities without Shareholder approval provided for in ASX Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in ASX Listing Rule 7.1.

Resolution 6 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 6 for it to be passed.

Set out below is more background information on ASX Listing Rule 7.1A and the specific disclosures required by ASX Listing Rule 7.3A.

6.2 ASX Listing Rule 7.1A

ASX Listing Rule 7.1A enables an Eligible Entity to seek Shareholder approval by special resolution at its annual general meeting to have the Additional Placement Capacity.

An entity will be an "**Eligible Entity**" if, as at the date of the relevant annual general meeting, the relevant entity:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation equal to or less than \$300 million.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of approximately \$80 million.¹

Pursuant to the Additional Placement Capacity, the Company may only issue Equity Securities belonging to an existing quoted class of the Company's Equity Securities. As at the date of this Notice, the only class of the Company's Equity Securities that are quoted on ASX are Shares (ASX: BRU).

The exact number of Equity Securities that the Company may issue under an approval under ASX Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

A is the number of Shares on issue at commencement of the relevant period:

(A) **plus** the number of Shares issued in the relevant period under an exception in ASX Listing Rule 7.2 other than exception 9, 16 or 17;

(B) **plus** the number of Shares issued in the relevant period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:

(aa) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or

(bb) the issue of, or agreement to issue, the convertible securities was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or 7.4;

(C) **plus** the number of Shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:

(aa) the agreement was entered into before the commencement of the relevant period; or

(bb) the agreement or issue was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or 7.4;

(D) **plus** the number of any other Shares issued in the relevant period with approval under ASX Listing Rule 7.1 or 7.4;

(E) **plus** the number of partly paid shares that became Shares in the relevant period; and

¹ The Company's market capitalisation was determined by reference to the Company's closing share price on 19 April 2024 (being the last practicable trading date prior to the date of this Notice).

(F) **less** the number of Shares cancelled in the relevant period.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by holders of Shares under ASX Listing Rule 7.4.

Relevant period means the 12 month period immediately preceding the date of the issue or agreement.

6.3 Information required by ASX Listing Rule 7.3A

In accordance with ASX Listing Rule 7.3A, the Company provides the following information:

(a) Minimum price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the securities are to be issued is agreed; or
- (ii) if the securities are not issued within 10 trading days of the above date, the date on which the securities are issued.

(b) Date of issue

Equity Securities may be issued under the Additional Placement Capacity during the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under ASX Listing Rule 7.1A ceases to be valid),

(Additional Placement Capacity Period).

(c) Risk of voting dilution

If Equity Securities are issued pursuant to the Additional Placement Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- the market price for Equity Securities may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (i.e. the date of the Meeting, if Resolution 6 is passed); and
- Equity Securities may be issued under the Additional Placement Capacity at a discount to the market price for those securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The table below shows the potential dilution of existing Shareholders calculated in accordance with the formula in ASX Listing Rule 7.1A.2 (assuming that Resolution 6 is passed by Shareholders), on the basis of the current market price of Shares and the current number of Shares on issue as at the date of this Notice.

The Board is of the view that the Scenarios 2 and 3 are unlikely to arise, however, certain aspects of these scenarios are specifically required to be set out by the ASX Listing Rules and are therefore included as per those rules. Accordingly, the assumptions below are hypothetical and should not be viewed as an indication as to future issue prices, the performance of the Company's Share price or the number of Shares on issue.

The table assumes differing numbers of Shares on issue (i.e. variable "A" in the above formula) and issue prices for Shares over three scenarios, but in each scenario it is assumed that the Company issues the maximum number of Shares available under the Additional Placement Capacity. For example:

- Variable A differs across each scenario. Scenario 1 assumes there is no change to the number of Shares on issue. Scenarios 2 and 3 then assume an increase of 50% and 100% (respectively) to the number of Shares on issue. There may be an increase in the number of Shares on issue as a result of issues that do not require Shareholder approval (for example, a pro rata entitlement offer).
- Within each scenario, three different issue prices for the Shares are assumed. One of the issue prices is the closing Share price on 19 April 2024 (being the last practicable trading day prior to the date of this Notice). The other two issue prices then assume a 50% decrease to that closing Share price and a 100% increase to that closing Share price.

Number of Shares on issue ("A" in ASX Listing Rule 7.1A.2)	Dilution			
	Issue price per Share	\$0.060 50% decrease in issue price	\$0.1200 Issue Price (i.e. closing price as at 19 April 2024)	\$0.2400 100% increase in issue price
Scenario 1 671,345,082 Current variable "A"	Shares issued – 10% voting dilution	67,134,508	67,134,508	67,134,508
	Funds raised	\$4,028,070	\$8,056,140	\$16,112,281
Scenario 2 1,007,017,623 50% increase in variable "A"	Shares issued – 10% voting dilution	100,701,762	100,701,762	100,701,762
	Funds raised	\$6,042,105	\$12,084,211	\$24,168,422
Scenario 3 1,342,690,164 100% increase in variable "A"	Shares issued – 10% voting dilution	134,269,016	134,269,016	134,269,016
	Funds raised	\$8,056,140	\$16,112,281	\$32,224,563

The scenario-analysis in the above table has been prepared on the basis of the following assumptions:

- (i) There are currently 671,345,082 Shares on issue as at the date of this Notice of Meeting.
- (ii) The issue price set out in the fourth column above is the closing price of the Shares on ASX on 19 April 2024 (being the last practicable trading date prior to the date of this Notice).
- (iii) The Company issues the maximum possible number of Shares under the Additional Placement Capacity.
- (iv) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (v) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional Placement Capacity, based on that Shareholder's holding at the date of the Meeting.
- (vi) Other than as indicated in the table, the Company does not issue any additional Shares during the Additional Placement Capacity Period.
- (vii) The table shows only the effect of issues of Shares under ASX Listing Rule 7.1A, not under the existing 15% placement capacity under ASX Listing Rule 7.1.
- (viii) No Options are exercised during the Additional Placement Capacity Period and before the date of the issue of the Shares.
- (ix) The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.

(d) Purpose of issue under Additional Placement Capacity

The issue under ASX Listing Rule 7.1A can only be made for cash consideration. The purpose of any issue would be set out for Shareholders at the time of such an issue. However, in general terms, the Company could issue Equity Securities under the Additional Placement Capacity to raise cash to fund the Company's forward appraisal and development work programs, further exploration work programs, for general working capital expenses, or acquiring new assets (including any expenses associated with such an acquisition).

(e) Allocation policy under the Additional Placement Capacity

The identity of placees for the issue of Equity Securities under the Additional Placement Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

Accordingly, the recipients of any Equity Securities to be issued under the Additional Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the Additional Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;

-
- (ii) alternative methods for raising funds available to the Company at the time, including, but not limited to, a pro-rata entitlement offer or other offer where existing Shareholders may participate;
 - (iii) the effect of the issue of the Equity Securities on the control of the Company;
 - (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
 - (v) prevailing market conditions; and
 - (vi) advice from corporate, financial and broking advisers (if applicable).

(f) Previous approval under ASX Listing Rule 7.1A

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 25 May 2023 (**Previous Approval**).

During the 12 month period preceding the date of the Annual General Meeting to which this Notice of Meeting relates, being on and from 29 May 2023 to 29 May 2024, the Company has not issued any Equity Securities under the Previous Approval.

(g) Proposed issue of Equity Securities under ASX Listing Rule 7.1A

At the date of this Notice, the Company is not proposing to make an issue of Equity Securities under ASX Listing Rule 7.1A. As such, no voting exclusion statement is required for Resolution 6.

(h) Compliance with ASX Listing Rule 7.1A.4

When the Company issues Equity Securities pursuant to the Additional Placement Capacity, it must:

- (i) state in its announcement of the proposed issue under ASX Listing Rule 3.10.3 or in its application for quotation of the securities under ASX Listing Rule 2.7 that the securities are being issued under ASX Listing Rule 7.1A; and
- (ii) give to ASX a list of names of the persons to whom the Company issued the Equity Securities and the number of Equity Securities issued to each, in accordance with ASX Listing Rule 7.1A.4.

6.4 Board recommendation

Although as at the date of this Notice, no decision has been made by the Board to undertake any issue of securities under ASX Listing Rule 7.1A, the Board considers it prudent for the Company to have the opportunity to take advantage of the flexibility to be able to issue additional securities provided under ASX Listing Rule 7.1A. The Board believes that Resolution 6 is in the best interests of the Company and its Shareholders and unanimously recommends that Shareholders vote in favour of the Resolution.

However, unless the Board determines otherwise, the expiry date of Options granted under the ESOP will be the date that is 24 months after the end of the calendar year in which the invitation for the Option under the ESOP is made.</p>
New issues	<p>Holders may only participate in new issues of securities to holders of Shares in respect of an Option if that Option has been exercised, and Shares issued or transferred in respect of that Option, before the record date for determining entitlements to the new issue.</p>
Adjustments to Options	<p>The ESOP contains provisions providing for adjustments to unexercised Options granted under the ESOP, including if during the relevant option period the Company:</p> <ul style="list-style-type: none"> (f) makes a pro rata issue (other than a bonus issue) to holders of Shares, in which case the Options will be adjusted in accordance with a formula consistent with that set out in ASX Listing Rule 6.22.2; (g) makes a pro rata bonus issue to holders of Shares other than an issue in lieu or in satisfaction of dividends by way of dividend reinvestment, in which case the number of Shares over each Option is exercisable will be increased by the number of Shares that would have been issued to the holder if the Option had been exercised before the record date for determining entitlements to that bonus issue; (h) subdivides or consolidates its Shares, in which case the Options will be subdivided or consolidated (as the case may be) in the same ratio as the Shares and the exercise price will be amended in inverse proportion to that ratio; (i) makes a return of capital, in which case the number of Options will remain the same, and the exercise price of each Option will be reduced by the same amount as the amount returned in relation to each Share (or in relation to a number of Shares equal to the number of Shares to be issued on exercise of the Option if that number is not one); (j) makes a cancellation of any paid up capital that is lost or not represented by available assets, in which case the number of Options and the exercise price of each Option will remain unaltered;

- (k) reduces its issued share capital on a pro rata basis, in which case the number of Options will be reduced in the same ratio as the Shares and the exercise price of each Option will be amended in inverse proportion to that ratio; or
- (l) reorganises its issued share capital in any way, in which case the number of Options or the exercise price, or both, will be reorganised so that the holder will not receive a benefit that holders of Shares do not receive.

Notwithstanding the above, an adjustment to the Options will not be made unless it is consistent with the ASX Listing Rules. The Company may also amend the terms of any Option, or the rights of any holder under the ESOP, to comply with the ASX Listing Rules applying at the time to any reorganisation of capital of the Company.

Exercising Options

The registered holder of an Option (**Holder**) may exercise the Option before the end of the option period specified in the invitation by giving to the Company a notice specifying that it exercises the Option (**Option Exercise Notice**) and accompanied by:

- (m) the option certificate issued by the Company for the Option; and
- (n) unless the Board has determined (in its absolute discretion) that the cashless exercise provisions apply, payment of the full amount of the exercise price to the Company in cleared funds.

The Holder must either exercise all the Options that the Holder is then entitled to exercise or exercise a number of Options that the Holder is then entitled to exercise such that the Company will issue at least 1,000 Shares.

Cashless exercise

The Board may determine, in its sole and absolute discretion, that a Holder will not be required to provide payment of the full amount of the exercise price to the Company for the number of Options (as specified in the Option Exercise Notice) but that on exercise of the Options, the Company will issue the number of Shares equal in value to the difference between the Market Value of the Shares and the Exercise Price otherwise payable in relation to the Options (with the number of Shares rounded down).

"Market Value of the Shares" means the average market price of the Shares (weighted by reference to volume) sold in the ordinary course of trading on ASX during the five trading days before the date on which the Holder exercises its Options.

Ranking of Shares

Each Share issued on exercise of an Option ranks equally in every way with those then issued fully paid Shares whose holders are entitled to participate in full in any dividend.

Listing

Options will not be quoted on ASX. However, application will be made to ASX for official quotation of the Shares allotted pursuant to the exercise of Options if the Company's Shares are quoted on ASX at that time.

Transferability	<p>Under the ESOP, Options are only transferrable:</p> <ul style="list-style-type: none"> (o) to a permitted nominee of the relevant Participant (as defined in the ESOP), unless the Board determines otherwise; (p) to a person whose voting power in the Company increases from less than 50% to 50% or more, or a body corporate where a court has sanctioned a compromise or arrangement pursuant to which that body corporate is to be amalgamated with the Company; or (q) with the prior written consent of the Board.
Administration of the ESOP	<p>The Board will manage and administer the ESOP for the Company. The Board may delegate management and administration of the ESOP to a committee as the Board thinks fit.</p>
Lapse of Options	<p>Any Option granted will lapse:</p> <ul style="list-style-type: none"> (r) on exercise of the Option; (s) if the Option has not been exercised by the end of the option period as specified in the invitation to apply for that Option; (t) unless the Board determines otherwise from time to time, if the relevant Participant ceases to be an employee of the Company or an Associated Company (other than as a result of the Participant's death or permanent disablement) and the Option is not exercised within 30 days after that time; (u) if in the opinion of the Board, the relevant Participant: <ul style="list-style-type: none"> (i) has committed an act which amounts or would amount to dishonest or fraudulent misconduct, wilful breach of duty or negligence in the performance of the Participant's duties to the Company or an Associated Company; or (ii) is convicted of a criminal offence or is guilty of any other wilful or recklessly indifferent conduct that in the opinion of the Board tends to injure the reputation or business of the Company or an Associated Company, <p style="margin-left: 40px;">and the Board determines that the Option lapses; or</p> (v) if the Company commences to be wound up.
Amendment	<p>The Board may, at any time, amend any or all of the provisions of the ESOP and such amendments may operate retrospectively.</p> <p>The amendments, however, must not materially reduce the rights of any Participant, unless the amendment is introduced primarily:</p> <ul style="list-style-type: none"> (w) for the purpose of complying with legislation; (x) to correct any manifest error or mistake; (y) for the purpose of enabling any body corporate of the Company or Associated Company or the Participants generally to receive a more favourable taxation treatment in relation to the ESOP; or (z) to enable the ESOP or any body corporate of the Company or Associated Company to comply with the Corporations Act, the Listing Rules, the Constitution or relevant instruments of relief granted by the Australian Securities and Investments Commission.

Expiry date

The Board will determine when the ESOP is to end. The Board may suspend the operation of the ESOP for a fixed period or indefinitely.

Schedule 3 – Proportional Takeover Provisions

5.9 Resolution required for proportional takeover provisions

Despite articles 5.1, 5.2 and 5.3, if offers are made under a proportional takeover bid for securities of the Company in accordance with the Corporations Act:

- (a) articles 5.9 to 5.13 apply;
- (b) the registration of a transfer giving effect to a takeover contract resulting from acceptance of an offer made under the takeover bid is prohibited unless and until a resolution (an "approving resolution") to approve the bid is passed or taken to be passed in accordance with article 5.12 or article 5.13; and
- (c) the Directors must ensure that an approving resolution is voted on in accordance with article 5.10 to 5.11 before the fourteenth day before the last day of the bid period.

5.10 Procedure for resolution

The Directors may determine whether the approving resolution is voted on:

- (a) at a meeting of persons entitled to vote on the resolution convened and conducted, subject to the provisions of article 5.11, as if it were a general meeting of the Company convened and conducted in accordance with this Constitution and the Corporations Act with such modifications as the Directors determine the circumstances require; or
- (b) by means of a postal ballot conducted in accordance with the following procedure:
 - (i) a notice of postal ballot and ballot paper must be sent to all persons entitled to vote on the resolution not less than 14 days before the date specified in the notice for closing of the postal ballot, or such lesser period as the Directors determine the circumstances require;
 - (ii) the non-receipt of a notice of postal ballot or ballot paper by, or the accidental omission to give a notice of postal ballot or ballot paper to, a person entitled to receive them does not invalidate the postal ballot or any resolution passed under the postal ballot;
 - (iii) the notice of postal ballot must contain the text of the resolution and the date for closing of the ballot and may contain any other information the Directors consider appropriate;
 - (iv) each ballot paper must specify the name of the person entitled to vote;
 - (v) a postal ballot is only valid if the ballot paper is duly completed and:
 - (A) if the person entitled to vote is an individual, signed by the individual or a duly authorised attorney; or
 - (B) if the person entitled to vote is a corporation, executed under seal or as permitted by the Corporations Act or under the hand of a duly authorised officer or duly authorised attorney;
 - (vi) a postal ballot is only valid if the ballot paper and the power of attorney or other authority, if any, under which the ballot paper is signed or a copy of that power or authority certified as a true copy of statutory declaration is or are received by the Company before the close of business on the date specified in the notice of postal ballot for closing of the postal ballot as the Registered Officer or share registry of the Company or at such other place as is specified for that purpose in the notice of postal ballot; and

-
- (vii) a person may revoke a postal ballot vote by notice in writing which to be effective must be received by the Company before the close of business on the date for closing of the postal ballot.

5.11 Persons entitled to vote

The only persons entitled to vote on the approving resolution are those persons who, as at the end of the day on which the first offer under the bid was made, held bid class securities. Each person who is entitled to vote is entitled to one vote for each bid class security held by that person at that time.

Neither the bidder nor any associate of the bidder is entitled to vote on the resolution.

5.12 Resolution passed or rejected

If the resolution is voted on in accordance with articles 5.9 to 5.11 then it is to be taken to have been passed if the proportion that the number of votes in favour of the resolution bears to the total number of votes on the resolution is greater than one-half, and otherwise is to be taken to have been rejected.

5.13 Resolution taken as passed

If a resolution to approve the bid has not been voted on as at the end of the day before the fourteenth day before the last day of the offer period, then a resolution to approve the bid is taken to have been passed in accordance with articles 5.10 to 5.12.
